"Commandant Kraus has surrendered Johannesburg to Lord Roberts. By to-night's train from Pretoria arrived a few Greeks, who say they were told to leave Pretoris Tuesday. They affirm that the train in which they left was shelled by the British, and that half of the train was cut off, the remainder steaming away. This incident probably occurred at Elans-fontale Jurnetice Basenesse from Dro fontein Junction. Passengers from Pre-toria assert that the town is utterly de-moralized. There is a mad rush for the coast. Five trainloads of fugitives are expected here tonight."

Trouble With Portugal.

4 A. M .- The Lourence Marques corre-spondents think that the border trouble between the Transvaal and Portugal may come to a head at any moment. Kornati Bridge is strongly defended. Yesterday the Portuguese authorities were preparing to reals a possible engagement. A mule battery was sent to the frontier. The Lourenco Marques correspondent of the Times says.

The native continued to paddle toward the ship, and when he came aboard was found to be wounded. Captain McGowan spoke The Imperial Railway Directory is endeavoring to fasten the blame for the damage at Fang Tai on the foreign em-ployes, principally the British, whom they to be wounded. Captain McGowan spoke of the affair as an accident, and said he reported to the military authorithes, and supposed that if any action was necessary it would be taken by them. Captain Mc-Gowan said he did not give orders to overhaul the cance, for the reason that his men were at their midday meal, and he did not wish to disturb them. He con-idered it necessary to fine the receiver as say should not have left their posts. The foreigners, however, did not leave until they saw Lu Kow Chiao station, five miles

Democratic Committeeman Objects to Kansas City Hotel Rates. NASHVILLE, May 30 .- Hon. James A. Head, Democratic National committee-man from Tennessee, tonight wrote Chair-man Jones, requesting a called meeting

of the committee. His avowed purpose is of the committee. The above purpose is the selection of some place other than Kansas Cily for the National convention of 1900, and the reason is the exorbitant rates quoted by hotels of Kansas City. The best offer the Tennemee delegation has been able to secure is \$5 per day each for odging, with the understanding that four days at least be paid for, and \$50 per day for a parlor or reception-room under the same conditions. that every man opposed to Goebel and the Democratic party could not have any consideration at the hands of the party, and might as well understand that Goebelism was to be continued to the end. This was found to be a very had position of the Democracy of Kentucky. The men who opposed Goebel challenged and an-nounced very positively that if that was the game, the Democrats might as well bid good-bye to the hope of carrying Ken-tucky, as they would unite with the Re-publicans in order to wipe it out. Attacks Upon Army and Navy.

Attness upon army and the Demo-craile party and the Populass, and, in fact, all of those who call themselves "anti-imperialists," have the United States Army arrayed against them; not only the Army, but the Navy as well. For some unknown reason these people have tried to make capital for themselves out of the fighting in the Philippines, and have tried to discredit everything that the Army and Navy officers have said about the desirability of the United States

retaining the islands. Almost without ex-ception, it has been found that nearly every Army and Navy officer that has

seen in the Philippines, and many of those that did not bear commands, but who have Inst did not bear commande, but who have had intelligence enough to study the con-ditions in the Philipppines, are generally in favor of retaining them, and do not helleve in giving up to Aguinaldo and his allies, who attempted to slay without quar-ter the people of Manila, including the United States Arms stationed them if United States Army stationed there. If the Democrats think that they will gain votes by these attacks on the Army and Navy they are apt to be mistaken. The time has never been when the people of the United States were not willing to back the Army and Navy which was defending the country.

Return of Silver Republicans.

There has been a great deal of shifting during the campaign so far as it has progressed, and there is some doubt as to ust what changes have been made. It is believed, however, that there has been a general return of the Silver Republicans to the old Republican party, and that but few of them have severed their connection with the party for all time. Those who do not come back are generally the men who cannot be considered as available for any office in the government of the Republicane, and for that reason they will remain Silver Republicans and will finally either drift into the Populist or Democratic party; as these parties are now constituted, it does not make much differ-

ice which. The passage of the Indian War pension The passage of the Indian War pension bill is an assured fact, so fas as any-thing can be certain that has not trans-pired. It has been reported favorably by the House pension committee, and so amended that it will meet with no ob-jections. It was decided by the commit-tee that it would not be safe to allow it to come up this term, as all the Con-greemen have to stand for election this Summer and while it would had a fact Summer and, while it would help a few, it would greatly injure others, who would be tempted at this stage to offer amendments which might kill the bill; hence it was agreed that it should come up in December and pass.
