

JERSEY DEMOCRATS

Will Send an Uninstructed Delegation to Kansas City.

STATE CONVENTION AT TRENTON

Chairman in His Speech Paid Little Attention to Silver—Planks of the Platform.

TRENTON, N. J., May 31.—There were over 1000 delegates present at the Democratic State Convention today, called to elect delegates to the National convention. The convention was characterized by enthusiasm and a Bryan sentiment, so far as expressions went, although the convention refused, with less than 100 votes, to instruct the delegates to Kansas City to vote for Bryan.

C. M. Zullick, ex-Governor of Arizona, now a resident of Monmouth County, was chairman of the convention. In his speech he touched only slightly on the financial question, and referred to trusts and militarism as the issues of the hour. "Every epoch in our National history furnished men equal to the necessity of the hour," he said, "and he that liberty of the people is menaced by imperialism, militarism and trusts, the country will find in the wise, patriotic statesman, William J. Bryan, a safe, true son of the people."

It was 3 o'clock when the committee on resolutions was ready to report. The committee by a vote of 1000 to 500, recommending an uninstructed delegation to Kansas City. The proposition which was voted down came from a Bryan supporter from Hunterdon County, who had been elected by the platform committee declared "for that bimetalist that has been advocated and supported by the Democratic party from its inception to the present time." The resolutions declare for more stringent legislation, state and National, including a Constitutional amendment, if necessary, to regulate trusts, denounce imperialism; denounce Porto Rican annexation; declare for independence of the Philippines; insist that our pledges to Cuba be kept; and denounce the Cuban frauds; favor the construction of the Nicaragua canal by the Government, and its control by the United States; extend sympathy to the Boers; oppose any foreign alliance, and reorganize W. J. Bryan as the popular Tribune of the people above all fearless, honest and worthy to receive at their hands the highest political honor." The resolutions were adopted by a vote of 923 to 8.

INSTRUCTED DELEGATION.

New York's Vote in the Democratic Convention Will Go to Bryan.

NEW YORK, May 31.—The Herald says: William J. Bryan will be practically nominated for President when the Democratic convention of the state convenes at Chicago next Tuesday. There will be no opposition north the name to override all precedents of the organization and place the National delegation with the choice of under instruction to support the Nebraska candidate in Kansas City. All plans for opposing Bryan in the National convention were founded upon the hostility of the New York delegates, and with this removed, the convention will be assured to him in advance.

Conferences held by the opponents of the plan to instruct the delegates showed that a majority of the state delegates was against them, and they gave up. With the Tammany vote and the delegates from the interior of the state who have been instructed for Bryan, his friends claimed 272 of the 425 delegates in favor of instructions.

Brooklyn, which has held out against instructions and which through its representatives in Congress is doing its best to help him, Mr. Hill drove away from the Hoffman House early in the afternoon and was absent until dinner time. Upon his return, he was asked whether he meant Mr. McLaughlin's name and he refused to say.

In Brooklyn the statement was made unequivocally by machine leaders that the Democratic Party of the borough would join Tammany in voting for instructions for Bryan. They pointed out that a fight would certainly end in defeat and that Kings County could not afford to antagonize Tammany in its support of Bryan.

OTIS AND DAVIS

Former to Be Major-General, Latter Brigadier-General.

NEW YORK, May 31.—A special to the Herald from Washington says: President McKinley and Secretary Root are confronted with the problem of selecting two half-brothers equally deserving to fill vacant positions in the grade of Major-General of Volunteers and Brigadier-General in the regular service. In anticipation of the vacancy which will be caused by the resignation of Major-General Merritt, the President has nominated Major-General Otis, who holds volunteer rank, to be a Major-General in the regular establishment. The resignation by General Otis of his volunteer commission will make a vacancy in the grade of Brigadier-General in the regular army. The President's choice for the volunteer officers will probably be Brigadier-General R. P. Hughes, who commands the Department of the Visayas, unless he is selected for Brigadier-General in the regular army.

A club known as the Chicago Coursing Club was formed and large matches held on holidays.

NEW ARMOR NEEDED.

NEW YORK, May 31.—A special to the Herald from Washington says: Consideration is being given by naval ordnance experts to the invention of some armor plate which will overcome the superiority imparted to an armor-plating projectile by a soft steel cap. As the United States has led all other nations in the adoption of the soft-steel cap, there is an urgent need for haste in providing American men-of-war with additional protection. The authorities understand, however, that the success of American experiments with the cap will lead other nations to adopt the invention, and it is therefore desirable that some plan should be determined upon to overcome the superiority of the shell.

TO THE UNITED STATES.

THERE WAS RESISTANCE

BOERS FOUGHT HARD BEFORE THEY GAVE UP JOHANNESBURG.

Blocked the Road South of the Rand, But Were Dislodged by Ian Hamilton's Columns.

LONDON, May 31.—The War Office has received from Lord Roberts a dispatch, dated Germestown, May 29, 9 P. M., saying: "The burst of the fighting yesterday fell upon Ian Hamilton's column. I have sent him as already mentioned, to work around to the west of Johannesburg in support of French's cavalry, which was directed to go north near the road leading to Pretoria. I have not heard from French yet, but Hamilton, in a report which has just reached me, states that the range of popular sympathies, whereas, a fortnight ago, London was shouting itself hoarse over the deliverance of a few miles south of the Rand. They had two heavy guns and several field guns and pom-poms. Hamilton forthwith attacked.

LET THERE BE NO CHANGE IN THE CONSTITUTION

Vote "NO" on the Proposed Amendments; They Are Not in the Line of Sound Public Policy.

155. Municipal Indebtedness Amendment: An Invitation to Public Extravagance.

Keep the counties of the state on a cash basis. The present \$5000 Constitutional provision was designed to enforce economy and prudence in disbursing public moneys. Do not let down the bars and open wide the opportunities and temptations for unnecessary outlays of county funds.

157. Judicial Amendment: An Increase of the Public Payroll.

If it is necessary to relieve the Supreme Court, it should be done by decrease of the number of appealable causes. The remedy lies with the Legislature.

159. Irrigation Amendment: An Invasion of Private Property Rights.

The power to exercise the right of eminent domain is conferred upon any person who wishes to appropriate a stream or other water supply on any pretext that it is necessary for "the development of the natural resources of the state." The dangers of such an extension of corporate and personal authority over the lands and property of another are obvious.

163. Female Suffrage Amendment: A Gift to All Women, Desired by Few Women.

Extension of the franchise will not benefit the state, nor improve the condition of women. They have no wrongs as a sex that legislation or the ballot are needful to correct; no rights that society and the state are not willing fully to protect. No necessity exists for Oregon to take rank in this species of "progress" with Idaho, Utah, Colorado and Wyoming. No other states, although often importuned, have granted woman suffrage. A similar amendment in this state was defeated in 1884 by nearly three to one.

READY FOR BUSINESS

PREPARATIONS COMPLETE FOR FIRST DISTRICT CENSUS.

Supervisor Winn Telegraphs the Fact to the Director—How the Enumerators Will Work.

ALBANY, Or., May 31.—Under instructions, Supervisor Winn of the district telegraphed the Director of the Census at Washington that everything was ready for the beginning of the work of taking the census of 1900. This was to be done by every supervisor in the United States, so that the department at Washington would know for certain the exact condition of affairs in this district every one of the preliminary details in preparation for the work has been carefully attended to. Every enumerator has his outfit complete, with full instructions, given with a certificate on a booklet, complete and correct enumeration of the population and industries of the district. In Albany, for instance, the enumerators of the two divisions will start at a certain point and complete every block in order in such a way as to leave no possibility of an omission of a single name in the city, with the attendant statistics. It is believed that such a corps of enumerators has been selected as to insure a census of this district that will be creditable to it.

Toward the end of the year the students began to roll in an immense number of diplomas, which are peculiarly this true in the line of debates.
