

CITY NEWS IN BRIEF

Amusements Tonight. CORDBAY'S THEATER (Washington st.)—"The Real Widow Brown."

IN DEFENSE OF SHERIFF FRASER.—The ridiculous charge that Sheriff Fraser stole \$1000 of the bicycle tax money, is still being industriously circulated. The statement of the receipts and disbursements several times published shows that Mr. Fraser did not receive one cent of these collections for himself, either as compensation for his services or in any manner whatever.

MOTHELFISH WAITS.—Superintendent Walpole, of the City Board of Charities, yesterday found three children, supposed to be Italian, roaming the streets, the eldest a boy of 8 or 10 years, ostensibly trying to sell matches, and having a boy and girl of about 4 summers each in his charge. When the older boy went into a store to sell matches, the little boy would creep up to the door on his knees and look in, as if he were a cripple, having evidently been trained to do this to create sympathy. They said they had no mother, and that their father had a cage of birds to tell fortunes with. They came here lately from Los Angeles. The little ones were ragged, but appeared to have been well fed, and were happy. They said they lived out in Marquam's Gulch. They were taken charge of by Mr. Walpole, and turned over to the care of Mr. Gardiner, superintendent of the Board and Girls' Aid Society. If the father does not take care of them they will be taken from him, and be cared for by the society.

FRESH BASEBALL GAME.—The Multnomah baseball team defeated Mount Angel Wednesday afternoon by a score of 7 to 3. In one of the brilliant games of the season. The former tried Harkins, a youngster from the High School, in the box, with satisfactory results. The feature of the game was Jodie Zan's beautiful home run at the first time to the bat. Watkins' clean work in center-field was noticeable. Anale, however, did the good work and captained the Portland boys well. The students and the faculty, particularly Father Dominick, the principal, did everything in their power to give the visitors a good time. The dinner was a sumptuous repast, and the refreshments after the game were much appreciated. The Mount Angel people think they can beat the Multnomah, and are preparing to meet them and they will probably be given the opportunity at an early date.

FRESH INVOICE OF STAMPS.—Collector of Internal Revenue D. M. Dunne has just received some \$200 worth of stamps from the department. Among these is a lot of \$1 documentary stamps, which are red, while formerly the color of these stamps was green. No reason is given for this promotion of the red above the green, and the \$1 stamps are now the same color as the 2-cent stamps. It was found that the green stamps were difficult to cancel with pen and ink, so that the letters and figures were legible, and perhaps the change has been made on this account. Stamp collectors will now have to put up another dollar for a new \$1 stamp in order to make their collections complete.

SOCIAL CLUB ORGANIZED.—At a meeting called at the Perkins Hotel last evening by the members of the four different camps of the Modern Woodmen of America, a social club was organized, to be known as the Modern Woodmen of America Social Club. George D. Smith, of Evergreen Camp, East Portland, was elected chairman; W. E. Seney, of Oregon Fir Camp, secretary; J. Jacobs, of Oregon Fir Camp, treasurer. The principal object of the club is to furnish entertainments. The first event will be a railroad excursion to Honneville, Sunday, June 10. In conjunction with this the club will entertain an excursion from The Dalles.

BANKRUPT SALE.—Sealed bids for bicycles and supplies, electrical goods, machine shop, tools, etc., of the Columbia Electrical & Repair Company, bankrupt, Astoria, Or., will be received by the undersigned trustee at Astoria up to 2 o'clock P. M. June 9, 1900. Further particulars, inspection of inventory and property may be had on application. Bids must be accompanied by 10 per cent of the amount thereof in cash or certified check. Sale subject to approval of Bankruptcy Court. C. R. Thomson, trustee, Astoria, Or. Hauer & Green, attorneys, Chamber of Commerce, Portland.

STILL ALARM.—Hose 1 and chemical 1 had a telephone call yesterday at 1:45 P. M. to the Cambridge building, where a fire had started in a fourth-story kitchen. Some clothes lying on a table had ignited and were in a fair way to develop into quite a conflagration when the smoke issuing from the room attracted the attention of other occupants of the building. The firemen burst open the door on finding it locked and the fire was put out by the time \$10 damage had been done. The tenants of the burning quarters were absent at the time.

Mr. Cohen will address the congregation Sunday morning, June 3, at 10 o'clock. The public is cordially invited to be present and listen to Mr. Cohen's address. All will be welcome. Rev. Mox A. Leven will officiate.

PIONEER WOMEN ATTENTION.—An adjourned meeting of the Ladies' Auxiliary of the Pioneer Association will be held at Hotel Portland this afternoon at 2:30, to consider plans for the banquet to be given on June 15. The small attendance at the two previous meetings has made it impossible to perfect arrangements, therefore a large attendance of all who are interested in the matter of hospitality to the pioneers are earnestly requested to be present.

CONFIRMATION AT BETH ISRAEL.—Temple Beth Israel will hold its regular Sabbath services this evening and Saturday morning. Sabbath services will take place at 7:30 Sunday night, and at 8:30 Sunday morning. Confirmation services will be held at 10:15 A. M., at which time Rabbi J. Bloch will officiate.

INCORPORATION.—Articles of incorporation of the Union Printing Company were filed in the County Clerk's office yesterday. The incorporators are: L. D. McAdie, George H. Cook, E. A. Baldwin, capital stock, \$15,000.

DEATH OF A PIONEER WOMAN.—Neddy Catherine Castro, a pioneer of 31, died at Chinook, Wash., May 25, and was quietly buried in the little cemetery of that village without ostentation or display. Mrs. Castro formerly lived in Portland, where she is related to several residents and has a wide circle of friends, especially in the First Congregational Church. Her maiden name was Clinger. Her birthplace was Hartshurg, Pa., but in early childhood she moved with her parents to Fort Wayne, Ind., where she grew to maturity and married James Castro. The couple crossed the plains with the early flow of immigrants to the great Northwest in the '40s and early '50s, arriving at Portland in 1854. The husband died in Portland 10 years later. Mrs. Castro finally moved down to the village of Chinook, on the Washington shore of the Columbia, near the mouth of the mighty river, where she died May 25, and was buried the following day in the little cemetery of that village. Rev. W. J. Rule officiated at the ceremonies. Mrs. Castro leaves two children to mourn her loss. Walter Castro, the son, lives at 22 Grand avenue, in Portland, and the daughter, Mrs. S. R. Coleman, lives in Chinook, where the aged pioneer died.

STRUCKEN WITH HEART DISEASE.—Mrs. Myra E. McNeill, of 726 Gantenbein avenue, dropped off her bicycle yesterday evening about 6 o'clock, and expired before assistance could reach her. She was in company with Mrs. Hoke and Mrs. Rose, two women neighbors, taking a spin on the Macadam road, at the time. All three were riding toward town. She was

WORK ON YAKIMILL LOCK.—Work has been resumed on the dam at the locks on the Yakimill River, but a rise in the river the first of the week checked operations for a time. The lock walls and gates have gone through the winter without the least damage. The work of protecting the bank of the river above and below the end of the dam is being first attended to. Piling will be driven along the bank for some distance above the dam, and plank sheeting will be laid below low-water mark, and a revetment of stones and brush above this. Below the dam a rock and brush revetment will be built. When this is done the piling will drive plus across the river for the temporary dam, and below this the permanent dam will be constructed. The work will without doubt be completed by the time water begins to move this fall.

MOORE BUTCHES PARIS.—The County Commissioners having completed the bicycle paths along the Base Line road to a point some 15 miles east of the city, have instructed Supervisor Kelly to begin constructing a path on West avenue to connect the paths on the Base Line road with the path on the Section Line road, a distance of a mile. Supervisor Kelly, with a force of men, will commence work on West avenue this morning, and expects to have the path completed in about a week. As the path can only be built on one side of the avenue, it will be a wide one, and where narrow hills have been made across gulches a plank path will be built. West avenue intersects the Section Line road

SHARELY WORDED INQUIRY.—The waiting room connected with the Mayor's private office in the City Hall is visited by many persons these days, and as the Mayor is seldom in there to do a good deal of waiting. A very legible placard has been placed on one side of the room, bearing the inscription: "Keep your feet out of these chairs." As the chairs are very handsome ones, of highly polished mahogany, there can be no fault found with the placard, but it may cause a loss of several votes to the Mayor.

AT THE FREDERICKSBURG. High Order of the Attractions Playing at This House.

The management of the Fredericksburg evidently appreciates the fact that the Portland public is discriminating in its taste to a degree that augurs well for an attraction holding the boards of any of the local playhouses which is not up to standard. The amusement-loving people here look for in any of the traveling companies booked for an engagement in a metropolitan city. The star attractions at the Fredericksburg this week eclipse all past efforts of the management in the way of securing the highest priced artists for this house. Everything at the Fredericksburg is good from the orchestra under the leadership of the most accomplished musician in Portland, to the stellar attraction on the stage itself. This week there is Ida Howell, who has made a big hit with her popular songs. The singing of Ivanhoé, taking the house by storm. The Marco Bros. the human knots, are the cleverest in their line in the world. The opera stars, the Gordon Sisters, are nightly pleasing large audiences. Several choice organs, including a number of chapel styles, at "moving-quick" prices. One square piano, \$20; \$6 down, \$3 a month. And a couple of grand pianos, just the thing for music studios, etc. Please bear in mind that the end is in sight. If you wish to take advantage of these specially low removal-sale prices, you will have to attend to this either today or early tomorrow morning. After that you'll not find us on First street. 107 is the old number, next to Ladd & Tilton's bank. Kellers Piano House.

A PROMINENT BUSINESS MAN TALKS ABOUT DR. WELLS FOR MAYOR.

As election approaches political speculation is on the increase, and the contest for the Mayoralty is attracting unusual attention. A prominent business man, who has had experience in many campaigns, said yesterday, when seen in regard to this contest: "Unless all signs fall, Dr. Wells will be elected by a handsome plurality. There are two strong reasons which lead to this belief. In the first place, the Democratic Convention has placed before us a man whose character cannot be assailed, and who is eminently fitted by training and contact for 30 years with the people in following his profession, for the duties of this high office. The doctor is a politician to give us the most satisfactory administration, and this fact is going to have considerable influence when a man comes to cast his vote. In the second place, there are two Republican candidates in the field, and they will divide the Republican vote between them. Say there will be 14,500 votes cast, which I believe is the estimate of both party leaders. Rowe will get a majority of the Republican vote; Storey about 3500. Dr. Wells has the solid Democratic vote, which will come to about 5000. I know that about 1000 regular Republicans have assured the doctor of their support. His personal following is unusually large. These, together with a small number of the disaffected Republicans will readily make his vote between 6500 and 7000, giving Rowe between 9000 and 6000. Of course, every sensible man knows that the contest is between Rowe and Dr. Wells, and on election day I predict a large slump of the disaffected Republican vote in favor of the doctor. The conditions unmistakably point to his election as a foregone conclusion."

taken immediately into the house of Charles Hermander near the corner of Curry street, and shortly afterward the remains were removed to Holman's undertaking parlors. Heart trouble is thought to have been the cause of the death, but this will be determined at the inquest this afternoon. Mrs. McNeill was about 35 years of age, and the wife of A. C. McNeill, checker of the Northern Pacific Railroad.

MUCH FRUIT IN MARKET.—The market is supplied with a great variety of fruit now, but many varieties are not very tempting. Oregon strawberries are probably the best, but there are several classes for any time that is out of season, but this will be determined at the inquest this afternoon. Mrs. McNeill was about 35 years of age, and the wife of A. C. McNeill, checker of the Northern Pacific Railroad.

UNIVERSALIST CONVENTION.—The annual meeting of the convention of Universalist Churches of Oregon will be held in the Universalist Church, corner of East Eighth and East Couch streets, Rev. H. H. D., will be in attendance at the convention.
