ST, LOUIS, June 4.-Every power-house and car shed of the Transit Commy is being guarded tonight by Sheriff Pohlmann's posse comitatus. In all. about 90 men are on duty. A force of from 50 to 60 men has been stationed at each power-house, and will remain on duty throughout the night. At 7 o'clock tomorrow morning an equal number of men will relieve those on duty tonight, and will remain on guard until 7 o'clock temorrow, night, when the night guard will again take charge. This mode of procedure will continue until the strike is settled. Nothing could be learned as to what was done during today's conference toward settling the strike.

It is always a dangerous under-taking. No matter how perfect they seem to be, glasses that are select-ed from an ascorted stock are not what you ought to wear. Nine folks out of ten have eyes that are unequal in scrength. Stock specta-cles are always made with both lenses alke. In nine out of ten who need glasses two or more sets of nerves and muscles are affected Ready-made lenses can only re-lieve one muscle of the eye. The others are subject to the same strain and effort as before. Have your glasses made to order for you, and your eyes will be kept in a normal and healthy condition.

RESULTS MIXED

Goodycar Rubber Company Close Fight at Election in Portland.

The Legislative Delegation Will Be Split.

ROWE IN THE LEAD FOR MAYOR

Moody Carries County by 5000-M Donell for Assessor, Brooke

At the election yesterday, results in Portland and Multnomah County were mixed. Incomplete returns from 54 precincts in Portland and complete and incomplete returns from 20 of the 26 country cts appear to show that the "Citizens" Legislative ticket has won a partial victory. Two, and perhaps three, of the four candidates for Senator are probably elected, and the results are uncertain as to the remaining. For the Lower House there is an exceedingly close contest. Out of 3000 votes counted, no conclusion can be reached, except that indications appear to favor a split delegation. Mr. Inman is doubtless elected Senator, and both Mr. Mays and Dr. Smith are in the lead of the Republican candidates. Mr. Chamber-lain leads Mr. Sewall for District Attorney, and if his present lead is not brought down, will be elected.

Mr. Moody for Congress has carried the county by a majority of about 5000, and Mr. Wolverton, for Supreme Judge, will have in the neighborhood of 4000 plurality and probably more.

Judge Sears and Judge George are doubtless re-elected. On the county ticket, Republicans were generally successful. Mr. Frazier is leading for Sheriff by a narrow margin. Mr. Brooke has appar ently beaten Mr. Hoyt for Treasurer, and Captain McDonell will in all likelihood be the next Assessor. Kennedy for Clerk of the Circuit Court, Holmes for Clerk of the County Court, Beach for Recorder, and Huriburt for Surveyor have large majorities. Mack and Showers are elect-

In the city there is a remarkably close controversy between Rowe, Storey and Wells for Mayor, with the chances favoring Rowe. Chase has probably been elected City Engineer. The rest of the city Republican ticket is safe.

The constitutional amendments all seem to be benten in this county. Woman's suffrage has been snowed under by a condderable vote.

The total vote in the city was 13,592, a falling off of about 20 per cent from the registration, which was 15,300. The total rote of the county will be about 15,500 the registration being 18.754. Up to midright last night about 2000 votes had been

counted. The results so far as known contained in the following summaries:	are

COUNTY TICKETS MUCH MIXED

Republican Candidates for State Offices and Congressmen Elected-Legislature Believed to Be Safe.

Returns received up to 3 o'clock this morning give very little definite information. They indicate, however, that the state is safely Republican. The vote polled fell considerably short of the registration, and for the most part the election was very quiet. Local issues interfered materially with a full expression of party sentiment. Wolverton is re-elected Judge of the Supreme Court, and Balley is reelected Dairy and Food Commis Moody is safe for Congressman in the Second District, and probably Tongue in the First, with slightly reduced plurality. The Legislature will be Republican, but probably less heavily so than the last one. Fusionists were successful in electing part of the county officers in several counties. The great length of the tiexet, and the fact that very few "straight" ballots were cast, made the work of tallying very slow, and in a large number of precincts the count will not be completed until well into

Baker County.

BAKER CITY, Or., June 5 .- The election passed off quietly in Baker City yester-day. Crowds thronged the streets during the day, and a number of farmers were in town, also miners from the near-by mining districts. The crowds were orderly, however, and not a single arrest

was made.

The largest vote ever polled in the county was cast, that of Baker City being beyond all expectations. A great many who neglected to register had their votes sworn in, and the total vote exceeds the number on the registration books. The pripripal fight between both parties was made on the candidates for Sheriff and Clerk. Both men are popular, and their hosts of friends worked incessantly in their behalf. The indications are, from the meager returns in at midnight, that the meager returns in at midnight, that MANSFIELD, O. June 4—Mrs. John Sherman died at midnight, aged 72 years. She was Miss Margaret Cecilia Stewart, of only child of the late Judge Stewart, of this city. She was married to Mr. Sherman December 31, 1848. There are no children. She was horn here and will be corrier however is doubtful, and may go Republicans, by small majorities. It is also conceded that W. E. noon, while others will not be in before the following day. The vote on the equal suffrage amendment is light, but it is be-lieved to be overwhelmingly defeated in the county.

BAKER CITY, Or., June 4.—The Democrate have probably elected the Representative, Commissioner, Recorder, Assessor and School Superintendent. The Republicans the Sheriff, Clerk, Treasurer, Surveyor and County Coroner, Sam White, Dem, for District Attorney, is running ahead of the ticket. Smith, for Congress, to 26 about Fight, bundred votes are ie 50 ahead. Eight hundred votes are

Clatsop County.

ASTORIA, June 4.—The Republican state ticket has a large majority in Clat-sop County. We elect at least one Rep-resentative. Treesurer, Sheriff, Assessor, County Clerk, Surveyor, Harrison Allen, for District Attorney, and Moody have large majorities. F. J. CARNEY, Chairman Republican County Committee.

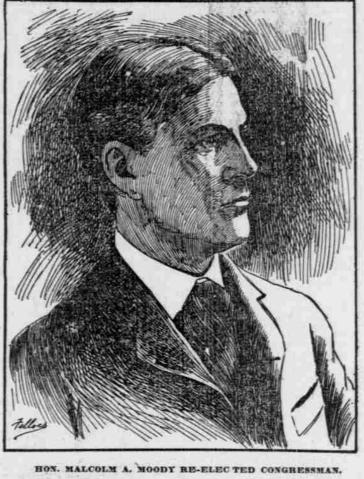

ASTORIA, June 4.-Indications at 10 P. M. are that the vote was divided between Republicans and the Fusion forces. The election of Hahn (C'tizen) for the Legis-lature is conceded by the Republican lead-ers. At this hour it looks as if Linville, the Republican incumbent, for Sheriff, was the Republican incumbent, for Sheriff, was elected by a safe piurality, and Lyman (Citizens) for County Superintendent of Schools by less than 50 votes. The election of Republican candidates for County Clerk, Assessor and Surveyor is conceded beyond question. Moody for Congress may get 300 piurality, but it is doubtful. The county campaign was badly split up by factional and local issues for the Reby factional and local issues for the Re

ASTORIA, June 4.—It rained in tor-rents all day. The returns are slow. Moody and the state ticket are elected by a majority of about 500. Harrison Allen gets 500 plurality for District Attorney.
In county officers, the Republicans elect
the Sheriff. County Clerk, Treasurer, Asmessor, Surveyor; other offices are in
doubt. The Legislative ticket is in doubt, and is probably divided. Woman suffrage was ignored.

ASTORIA, June 4.-Election returns re ceived up to midnight indicate that for Congressman Malcolm A. Moody will receive a majority of 760 in this county. For the Legislature, the election of John Hahn (Citizens) is conceded. The vote for J. E. Young (Republican) and B. F. Allen (Citizens) is very close, with eral doubtful precincts to hear from.

ASTORIA, Or., June 5-It is the con-sensus of opinion among political lead-ers of both parties that Clatsop County

Lord Roberts' immense army is all em-ployed north of Johannesburg, except one brigade, which is at Johannesburg, and that six columns are converging on Pretoria. A undated news agency message from Pretoria, via Lourenco Marques,

No resistance will be offered. The city will be surrendered by the Burgomaster as soon as formal demand is made."
This message purports to come in cipher. President Kruger commands the telegraph

eastward from Pretoria, and telegraphic news from Pretoria to Lourenco Marques has ceased, but the messengers of newspaper correspondents continue to pass to and fro on the railway. The latest to arrive at Lourence Marques bring events at the Boer capital down to a late hour Friday night. At that time, according to these sources of information, the Boer leaders had quite recovered from the panic, and had determined to defend the

"Pretoria is full of strange burghers. but most of the commandos are laagered outside. A great war cruncil of Generals has just concluded its deliberations. The decision as to the future military course has not been made known. Louis Boiha and Delarey sat in the council."

Another dispatch brought to Lourence Marqis by messenger and dated at Pre-toria Friday at midnight, says:

'The war council assumes the powers of the government. Its members declare that the capital may still be successfully defended. One Commander declared: With the help of God, the hour will come when Great Britain will acknowledge the independence of the two republics. A tre-mendous change will yet come over the situation. General Delarcy said that Pretoria would be defended to the utmost, adding: There is every chance that we will yet beat the enemy out of the counwill yet beat the enemy out of the country. President Kruger is somewhere to the eastward, but is in constant wire communication with the leaders here. There is, however, a deep feeling of anger against him on account of what is now called his unnecessary flight, and because he and the officials took all the gold and left their subordinates unpaid. The latest phase of public opinion is a marvelous

revival of courage. From Lourenco 1 m Lourenco Marques comes a dis-dated June 4, shying: 'It is known that some great British movement is in progress outside of Pre-toris. The mysterious movements of President Kruger's secretary and physi-cian, particularly their visit to the Dutch warship Friesland, which is in the harbor

here, has aroused suspicions that import-ant personages are expected."

The news from the minor theaters is less cryptic. The Boer operations to break Lord Roberts communications have been completely baffled, and the Boers are in danger of being surrounded by the British forces at Ficksburg, Senekal, Heilbron and Lindley. General Eundle, instead of throwing himself against the Boers in-trenched at Bedulphberg, moved toward Ficksburg and established communication with General Brabant. The Boers marched parallel with Rundle, intending to seize a parallel with Rundle, intending to seize a strong position on the Fleksburg road, but General Rundle got there first. The 1503 Boers who were in this movement are now reported to be going elsewhere. The correspondents with General Rundle continue to point out the hardness of the fight of last Tuesday, but they believe it will be the last real resistance. Colonel Lloyd was thrice wounded. Drummer Haynes, while aiding Colonel Lloyd, was shot in the hand, which was resting near the Colonel's hand, which was resting near the Col-

NEELY'S STEALINGS. Cuban Frauds Amount to Something Like Half a Million.

HAVANA, June 4-Acting Director of Posts Bristow today inquired as to the amount of postal funds taken by C. F. W. Neely in May, 1895, and ascertained that it was \$31,312 %. Neely's monthly average was about \$17.000. His system of bookkeeping was simplicity itself. Ap-parently he merely divided the amounts eceived, taking one-half for himself and accounting for the other.

This morning the examination of Estes G. Bathbone, ex-Director of Posts, was

G. Hathbone, ex-Director of Posts, was continued. It instead more than four hours. The most startling fact developed was that May 26 of last year Mr. Rathbone ordered Special Agents Leatherer and Sullivan to examine his accounts. They found a shortage, but it was not thought that anything had gone wrong. They reported, however, that there was no check upon the Russian of Pinanae. check upon the Bureau of Finance no check upon the Bureau of Finance, and they recommended that certain blank forms be made, which would answer the purpose, such as all postmasters use when making their reports to the department monthly. Mr. Maynard, then chief agent, indorsed the recommendation and forwarded it to Mr. Rathbone. The latter approved it and sent it to Anditor Regyes who initialed it confirm Auditor Reeves, who initialed it and for-warded it to Neely. After he had in-itialed it, instead of putting the scheme into operation, he quietly pigeon-holed it, and it did not see the light until May 15 of this year, when the plan was put into effect. Mr. Bristow says he is almost sure that

the extent of the steal will amount to something between \$50,000 and \$100,000, but that this will not touch the item of sur-charge stamps, which is \$111,000. As to how many of these were burned and how Powell is still at Mafeking. General Hunter's column is marching unopposed into the Transvani beyond Lichtenburg.

A new phase of the Anglo-Dutch conflict is opening in Cape Colony. The leaders of the Afrikanderbund propose, it is asserted, to block business in the Cape Parliament until the British Government acts on the resolutions adopted by the people's congress at Graaf Reinert, declaring that the chief immediate cause of the war was the unwarranted and intolerable interference of the ministry in London in
