WILL LAST THREE DAYS

FOURTH OF JULY CELEBRATION TO SURPASS FORMER EFFORTS.

Finance Committee Meets and Formulates Plans—Mass Meeting for Thursday Night.

The coming Fourth of July celebration in Portland promises to eclipse previous efforts. If the men who are interested in the matter are able to carry out their plans, it will be an occasion worth attending, and all Oregon will doubtless come to town.

An enthusiastic meeting of the finance committee was held last night in the City Hall, with General O. Summers in the chair. The meeting was well attended, notwithstanding the political excitement in the city.

Those who have been engaged in the canvass made reports showing that the people will subscribe liberally. There was some complaint that the larger concerns were not as liberal as the committee had expected, and the chairman ordered the canvass to continue until Thursday night, when final reports will be made at a mass meeting, which will be held in room 500, Chamber of Commerce building.

Those who feel an interest in the coming Fourth of July celebration are urged to be present at that meeting, and take part in the proceedings. All of the committees will be named.

Spirited remarks were made at the meeting last night by L. N. Fleischer, Julius Meier, George W. Caldwell, Louis Dammasch, J. D. Mann, E. House, S. Solomon, L. S. Searles, L. H. Clarke, J. M. Gilbert, and A. D. Rockefeller.

Many interesting features were suggested by these speakers, and more enthusiasm prevailed than at any former meeting.

General Summers made several suggestions, which will be carried out. It was decided to begin the celebration July 7, and keep it up until the 14th. Everything will take place on the streets. The fireworks and illuminations promise to surpass anything seen here in years.

It is the aim of the finance committee to use care in the expenditure of money. All purchases will be made at home, and no individual member of the committee will be permitted to disburse funds or make contracts without the sanction of the entire committee.

It is the purpose of the committee to make the street parade of the Fourth a feature of the occasion. Many new things are to be provided for this. The Elks have been invited, and have accepted the invitation to co-operate in the parade arrangement.

Sold Back, Jr., was added to the finance committee at the meeting last night.

GOOD BILLIARD TOURNAMENT

Many Exciting Contests Played at Commercial Club.

The tournament games at the Commercial Club are progressing quite rapidly. Monday, May 28, W. H. Hurlbut played P. H. Trumbull. These two are in the first class, in fact being the only first-class billiard-players in the tournament. C. O. Waite should have been in this class, as there was no one to pair him with. It was found necessary to place him in the second class, several handicaps. The game was won by Trumbull by a score of 100 to 95. Hurlbut gained a first, until he was about 20 points ahead of Trumbull, who then made a run of 11, thereby making the score somewhat closer, and it remained so until it reached 55 to 58 in favor of Hurlbut, and Hurlbut's next shot. He had the two object balls against the end cushion, and could easily have made his five points necessary to win, but, believing it was best to be as cautious as possible, endeavored to make one of the object balls strike the cushion and return to a still better position, but fumbled and failed in his object balls as well as count, leaving the balls in good position for Trumbull, who made a run of seven and out, thereby making the finish of this game very exciting.

Thursday, Henry Higgins defeated Dr. J. H. Davis by a score of 75 to 58. Higgins gained at first, and had a considerable lead, but towards the end of the game Davis materially reduced his lead. They played 7 points, being in the second class.

Saturday, Julius Hellbron was to play J. G. Redlock, but the latter not appearing, the game was given to Dr. C. H. Wheeler and T. H. Potter. Wheeler was the winner, Mr. Potter being on hand, Dr. Wheeler not appearing.

Monday, June 4, C. O. Waite played D. D. Olyphant. Mr. Waite is a very fine player, and capable of good-sized runs, but beyond Mr. Olyphant's capacity. Nevertheless, Mr. Olyphant played a fine, steady game; in fact, surprised the spectators by making 67 points to Waite's 75. As the committee had given Olyphant the benefit of a 35 handicap, this made his score 102.

Mr. Trumbull now leads in the first class, and in the second Potter and Durlup will play Saturday, June 9, and Higgins vs. Hellbron Monday, June 11. Mr. Olyphant being a b. plays the winner of the Higgins-Hellbron game, June 14.

In the pool tournament E. E. McMichael defeated M. Blumauer, on May 29, by a score of 100 to 81, making a very pretty game, which was closely watched by a large audience. This put Mr. McMichael

ahead for the second try-out with G. A. Heidinger, which was played June 2, resulting in a victory for Heidinger by a score of 15 to 7. Heidinger was an excellent trim, in one frame putting down the entire 15 balls. It was simply impossible to defeat him, or, in fact, keep up with his game.

On Monday, May 28, Dr. C. H. Wheeler defeated J. H. O'Bryan by a score of 75 to 50. On the same evening, Dr. J. H. Davis defeated H. W. Goddard by a score of 75 to 50. Tuesday, May 29, C. Klump defeated Mark Levy by a score of 50 to 31. Thursday, May 31, Ben Neustadter defeated Mark T. Kady by a score of 50 to 31, and on the same day R. J. A. O'Reilly won over Dr. Sanford Whitting with a score of 70 to 41.

Saturday, June 2, the game of W. J. Cernusca vs. Carl H. Jackson was to have been played, but Mr. Jackson at the beginning of the tournament asked the committee to excuse him from playing, as he inserted his name simply to give the tournament a "boost," therefore this game was given to Mr. Cernusca.

Monday, June 4, the second try-out of the winners of the first two games, viz., Dr. Wheeler and Dr. Davis, was played, both men scoring the same, Dr. Wheeler a score of 75 to 54.

June 2, W. A. Cleland played W. C. Puffer, winning with a score of 75 to 54, which included a 30 handicap against Mr. Puffer. Mr. Puffer plays a very fine game and could have won if both men were scratch. The heavy handicap did not dismay him, and he won the first two frames with quite a lead to his credit, but in the break in the third frame he scattered the balls, giving Mr. Cleland the opportunity to tie.

The next games to be played will be between Dr. Davis and Mr. Cleland, the last of the second class, June 8, and of the third-class players, E. C. Klump and Ben Neustadter, June 8; also O'Reilly vs. Cernusca, June 7.

Mr. Trumbull, who leads the first class in the billiard tournament, and Mr. Heidinger, who is the leader in the second class, will play at the last one of the class, although, of course, it is hard to say what the winners of the second class and third class will do in the final as they will be handicapped so as to be on an equal footing as possible with the first-class men.

WITH MACABEE SCOUTS.

Officer Tells of His Experiences in Luzon.

A letter has been received in this city from Lieutenant John P. Hanson, of the Thirty-third Regiment, in the Philippines. Lieutenant Hanson, who is a native of Vancouver, Wash., went to the Philippines as a private with the First Washington Regiment, and after the muster-out of the Volunteers was made a Second Lieutenant in the Thirty-fifth Regiment. Lieutenant Hanson, in writing of his experience in the campaign since November, says: "We arrived here in November, and were immediately ordered to join Lawton in his northern campaign, but at a town called Arayat we were stalled for over a month. During that time we were Battalion Quartermaster, and ran into Macabebes scouts, making several 'kicks' with these men and, in fact, continually on the go. When after a company of insurgents near a place called Capot I had the misfortune to run into a Remington bullet, which struck me in the thigh, so now I am rusticated in the Reserve Hospital, and expect either to get a leave of absence and return to the United States soon or go back to my regiment."

REPAIR SHOPS BUSY.

They Have Plenty of Work Mending Broken Wheels.

Portland bicycle repair shops are now busy as they can be, as this is the height of the bicycle season, and the wheels will break down occasionally. Extra men are being employed at nearly all the shops, and in many places they work until 10 o'clock at night, as every rider wants his wheel repaired right away. The prices for bicycle repairing have not advanced, however, and even members of the Bicycle Board of Trade do not charge the card limit, as posted up in their places of business. A member of the combine said yesterday that the organization had not been effected for the purpose of raising prices, but to guard against bad bills, and to make collections easier.

REDUCED RATES EAST.

June 12 and 13, the Union Pacific will sell round-trip tickets to Philadelphia, good until August 31 returning, for \$38.50. Choice of routes. City ticket office, 131 Third street.

PRUNEGROWERS MEETING

NORTHWEST ASSOCIATION NOW IN SESSION HERE.

Seventy-Five Per Cent of Present Crop Controlled by This Organization.

The directors of the Cured Fruit Association of the Pacific Northwest held their first annual meeting in the office of Secretary H. S. Dorsch, Washington street, yesterday. The meeting was attended by the following directors: President William Galloway, of McMinnville; J. P. McMinn, of Walla Walla; C. R. Smead, of Blalock; F. L. Wheeler, of North Yakima; J. H. Fletcher, C. T. Shaw and H. C. Borawick, of Vancouver; H. A. Weeks and C. E. Stewart, of Medford; Charles Long, of Silverton, and W. K. Newell, of Dilly. This constituted the full board of directors, lacking one.

Many matters of interest to the prunegrowers of the Northwest were discussed. It was decided to make a number of recommendations to the stockholders of the Chamber of Commerce building.

Another recommendation was that a slip bearing the name and number of the packer be placed in each box of fruit, thus enabling a buyer to trace any bad package back to the original owner, even though the goods had been inspected and passed by the inspectors.

It was also declared to be the desire of the growers to fix a minimum price on Oregon, or Italian prunes, or on French prunes, when not in season, so that every grower can sell his own fruit if he so desires, but must do it through the association, and all collections must be made through that organization. This is to enable those who have large customers whom they have been supplying heretofore to continue to do so without any change of methods.

The further recommendation that warehouses be established in the

PRUNEGROWERS MEETING

NORTHWEST ASSOCIATION NOW IN SESSION HERE.

General Crop About Walla Walla Will Be Above the Average.

J. P. McMinn and W. D. Smith, two prominent fruit-growers and fruit-shippers of Walla Walla, arrived in Portland yesterday to attend the meeting of the Cured Fruit Association. Mr. Smith bears the distinction of being the first prune-dryer in the history of the industry at the mouth of the Columbia. For months they have been urging the Oregon delegation in Washington to insist upon the appropriation being made.

A few days ago Senator McBride was asked by telegram to notify the President of the Chamber of Commerce who had charge of this matter in Washington. He wired back that Joseph G. Cannon was chairman of the House conference on sundry civil appropriations.

This telegram was read at the regular weekly meeting of the trustees of the Chamber of Commerce yesterday. It was stated in this connection that it was understood that Mr. Cannon would not object to this appropriation going through, provided it was agreeable to Mr. Burton, in charge of the river and harbor appropriation bill.

After considerable discussion, it was decided by the trustees to wire both Chairman Cannon and Chairman Burton. Accordingly, a telegram was sent to each of them, stating that the people of the Columbia River Valley were exceedingly anxious that the appropriation go through.

This is to be backed up by similar telegrams from Astoria, Seaside, The Dalles and Walla Walla, and the trustees of the Portland Chamber hope to have a favorable report from Washington within a day or two.

They declare that if the \$300,000 needed for repairs on the jetty is not forthcoming this year, it will be a great loss, as the jetty will almost go to pieces, thus making it necessary to do the work all over again.

COMING ATTRACTIONS.

Nat C. Goodwin Coming.

Nat C. Goodwin and Maxine Elliott will be seen at the Marquis Grand next Tuesday and Wednesday evenings. The sale of seats will begin Saturday morning. They will present for the first time here a new play, entitled, "When We Were Young," written by the late H. V. Esmond. In New York, where Mr. Goodwin and Miss Elliott filled a long engagement at the Knickerbocker Theater, the press and public were unanimous in pronouncing it the best play of the season. The piece is a distinct departure from the usual style of playwrights. The story is simple, and the value of the play in its buoyancy, freshness and sincerity, and the humor of the situations, character and dialogue. It is said to abound in sentiment. Mr. Goodwin and Miss Elliott are credited with success of exceptional artistic value. Mr. Goodwin plays an old bachelor, devoted to the well-being of his dead friend's son, and oblivious to the love of a young girl who is his ward. The opportunities afforded Miss Elliott are telling, and the manner in which she has connected herself in what is undoubtedly her best role entitles her to equally share the honors. Prominent among the players in Mr. Goodwin's support are: Estelle Mciner, Haskins, Gertrude Glenn, Catherine Mills, Nell O'Brien, Frank Gilmore, Harry Woodruff, Clarence Handyside, Thomas Oberle and L. E. Woodthorpe.

THE TRAVELING PUBLIC.

Passengers going East over the O. R. & N. and its connections are entitled to, and receive, all the benefits arising from first-class equipment, perfect tracks and varied and oftentimes sublime and wonderful scenery. The new cars, which have been placed in service, are receiving favorable comment from the traveling public. The library-composite and the dining car especially are attracting considerable attention.

Information regarding these trains, as well as rates to all points, may be had by applying to V. A. Schilling, 36 Third street, corner Oak.

Daily Treasury Statement. WASHINGTON, June 5.—Today's statement of the Treasury balances shows: Available cash balance, \$145,963,681; Gold, \$20,171,582.

MEIER & FRANK CO.

MUST REPAIR THE JETTY

OREGON CITIES DEMAND IMPROVEMENTS AT MOUTH OF RIVER.

Trustees of Chamber of Commerce Want Uncle Sam to Ship Direct From Portland.

Members of the Portland Chamber of Commerce are alarmed lest Congress should adjourn without providing funds for repairs on the jetty at the mouth of the Columbia. For months they have been urging the Oregon delegation in Washington to insist upon the appropriation being made.

A few days ago Senator McBride was asked by telegram to notify the President of the Chamber of Commerce who had charge of this matter in Washington. He wired back that Joseph G. Cannon was chairman of the House conference on sundry civil appropriations.

This telegram was read at the regular weekly meeting of the trustees of the Chamber of Commerce yesterday. It was stated in this connection that it was understood that Mr. Cannon would not object to this appropriation going through, provided it was agreeable to Mr. Burton, in charge of the river and harbor appropriation bill.

After considerable discussion, it was decided by the trustees to wire both Chairman Cannon and Chairman Burton. Accordingly, a telegram was sent to each of them, stating that the people of the Columbia River Valley were exceedingly anxious that the appropriation go through.

This is to be backed up by similar telegrams from Astoria, Seaside, The Dalles and Walla Walla, and the trustees of the Portland Chamber hope to have a favorable report from Washington within a day or two.

They declare that if the \$300,000 needed for repairs on the jetty is not forthcoming this year, it will be a great loss, as the jetty will almost go to pieces, thus making it necessary to do the work all over again.

Goods Shipped via Seattle.

A letter was read at the meeting of the trustees yesterday from a Portland merchant stating that the goods bought in Portland by the Government for Alaska were being sent to Seattle for shipment.

Some thought that perhaps this was because the Government had a transport going up at that time from the Sound. Others thought it was done for other reasons. The Oregon delegation in Congress was wired the particulars in the cases. These gentlemen were requested to insist upon Uncle Sam sailing his Portland purchases direct, as boats were going from here to Alaska at stated periods.

The trustees think that by thus calling attention to this matter they will not only return the business into Portland steamboat companies, but will save the Government freight from here to the Sound.
