

SAVING MAILED MEN

General Grant Reports Capture of the Stronghold.

NO AMERICAN CASUALTIES

Important Tagal Leaders Have Been Caught—Desire of Filipinos for Education.

MANILA, June 12.—General Grant, who led reinforcements with artillery against the insurgents in the mountains of San Miguel, reports the capture of the rebel stronghold after four hours' fighting. The rebels were scattered and the Americans are pursuing them. General Grant's column had no casualties.

EAGER TO LEARN.

Otis Says It Will Be Easy to Educate the Filipinos.

WASHINGTON, June 12.—During General Otis' afternoon at the War Department, in conference with the heads of the various departments in regard to the condition and needs of these departments in the Philippines, he had many questions to answer in his intercourse with his friends respecting present and future conditions in the Philippines, and of these he talked quite freely.

He made one statement in particular which came as a distinct surprise, in view of the fact that he has spent a year and a half in fighting the Filipinos, and he declared that these same Filipinos were without question the very best of any of the Asiatic races living on the Pacific coast and second. He paid a high tribute to their quickness, saying that young and old were alike anxious to learn from the Americans, and quick to do so if given an opportunity.

The demand for books in the American plan was insatiable. It had not been possible to secure a sufficient supply of Spanish-American text-books, the market having been dominated by the Spanish.

When the book-hungry Filipinos were told this, they begged for American school books, and declared that their children could learn from them even without the Spanish in the text-books.

General Otis was positively of the opinion that the American forces in the Philippines at present were sufficient for all needs. Of course, he said, the American Army's present army could not furnish a guard to protect every Filipino household from the Ladrone; to do that would require a force of not less than 200,000 men, and even then the task would occupy many years.

As a matter of fact, he said, Spain had spent several centuries in the effort to stamp out the Ladrone in the Philippines, and there was no reason to believe that those brigands are so many more numerous now than they were during the Spanish occupation, when their hands were nominally at peace with Spain.

General Otis was confident, however, that conditions would steadily improve, and that with little else these former troops, and even their children, would be able to take care of themselves.

More Filipino Leaders Taken Prisoners by the Americans.

WASHINGTON, June 12.—General MacArthur at Manila cabled the War Department today as follows:

"Report captures of General Ribera near Mexico and Cavista at Alcala, both important; the latter is a very important leader of guerrillas in Pangasinan province, Luzon."

General Corbin attaches considerable importance to these captures. In his opinion, they are more nearly in the nature of surrenders than captures, and indicate the principal leaders of the movement are abandoning the cause and are coming to Manila to accept American supremacy.

Philippine Hemp Trade.

WASHINGTON, June 12.—The War Department has received an extract from a report of Major-General Otis, showing that from February 10 to April 23 of this year there had been received at the port of Manila 22,000 bales of hemp and 100 additional quantities were coming in at the latter date as rapidly as coasting vessels could be secured to transport it.

The receipts this year, according to the report, promise to be as large as those of any preceding. The report characterized the statement that the insurgent authorities threaten to kill any of the natives found carrying hemp, as a circular for the purpose of keeping up the prevailing high prices.

Otis at West Point.

WEST POINT, N. Y., June 12.—Major-General Otis and his aids arrived here today. He was received at the steamboat landing by a battalion of cadets under command of Colonel Hein, and escorted to the superintendent's quarters.

ELEVEN ARMORED SHIPS.

Navy Nearly Ready to Receive Bids for New War Vessels.

NEW YORK, June 12.—A special to the Tribune from Washington says:

The Navy is to build warships aggregating over \$100,000,000 in cost as soon as the builders are prepared to undertake this great programme, which calls for 11 armored ships, practically doubling the present American sea power in this class, and for three highly improved Olympia type of cruisers.

The five battleships for whose hulls and machinery contracts have been awarded \$18,000,000 are ready for the builders to bid upon tomorrow. Plans for the six great armored cruisers, more powerful than any ship at present in service and to cost for hulls and machinery alone over \$5,000,000 each, are well advanced and should be finally approved next month.

The general features of the enlarged Olympia type were determined last Fall before Congress appropriated \$2,800,000 for the hull and machinery of each of them and there is no reason why their keels should not be laid this Summer.

The Navy Department is also preparing the specifications and advertisements for 2,000 tons of the highest quality Krupp armor, which is expected to cost between \$1,000,000 and \$1,500,000. The complete construction programme at this time amounts to \$1,500,000 each, which includes five battleships at \$3,000,000 each, six cruisers at \$4,500,000 each, and three

Improved Olympia at \$2,800,000 each.

The battleships known as the Pennsylvania class are to be nearly 5,000 tons displacement, or over 200 tons heavier than the Oregon, more than 100 feet longer and with at least three knots higher speed. The six cruisers of the California class of 14,000 tons, 23 knots speed and 18 knots steaming radius will be unmatched in the world. They will be 3,000 tons larger than the Brooklyn and at least three times as powerful for fighting.

All these vessels will be armor coated from the extreme bow to stern and will be the most formidable ships yet laid down in any dockyard. The three projected cruisers of about 10,000 tons displacement will be just about twice the Olympia's size, but will preserve the excellent characteristics of that vessel, which have proved her to be about the most useful type of cruiser now in service. These three new vessels which are to be named for cities, will have coal capacity for steaming three times as far as the Atlantic and their maintained speed will be 22 knots.

The Secretary of the Navy has also been directed by the last naval appropriation act to contract for five Holland submarine boats to cost \$13,000 each, and to be built within a year.

THE STORY OF ARMENIA.

Christian Converts and Foreigners at the Mercy of Mobs.

NEW YORK, June 12.—London has been severely temporarily from communication with two centers of the most interesting news—Pekin and Peking—London.

The Boers, like the Boers, have cut the wires and Tien Tsin and Taku have not known with precision what was happening in Peking, where the Imperial Government is concentrating its regular troops for offering resistance to the rebels and compelling the fanatical mobs for their patriotism and public spirit in killing foreigners and burning their property.

The force of over 3000 marines which left Tien Tsin on Sunday and yesterday, is believed to have reached the capital in safety. The presence of this force was urgently needed, for the Dowager Empress has dropped all pretenses and is in open sympathy with the enemies of the missionaries and foreigners, and all the mission property at Peking is menaced with the fate of the American station at Peking, which has been destroyed and the native Christians murdered by the soldiers commissioned to protect them.

In the treaty of Armenia repeated in Peking. All Christian converts and foreigners at the capital are at the mercy of the mobs, as well as the regular soldiers, unless they are able to show some foreign interest in China. The United States Government is accepting its responsibility for the lives and property of Americans.

Reports that Russian troops have crossed the frontier, and that 6000 men from the garrison at Port Arthur are preparing to go to Peking under an arrangement made with the European powers, are not fully confirmed, but the crisis is so momentous that jealousies of the suspicious European capitals may be overcome and the nearest foreign army be dispatched to Peking to avert a catastrophe of massacre and rapine.

Why McCalla Went Ashore.

NEW YORK, June 12.—Nothing is known as yet of the reasons which impelled Captain McCalla to go ashore at Tien Tsin, possibly, instead of placing the vessel in the hands of the Imperial Government, or a subordinate officer, who can protect them. A reassuring feature of the situation is apparent in the heartiness with which the great powers are co-operating in determining an effort to protect foreign interests in China. The United States Government is accepting its responsibility for the lives and property of Americans.

When the boys appeared at the ring-side to fight in, they stepped on the scale fully clothed. McGovern failed to move the beam, but when White's turn came it was found that he was half a pound overweight. McGovern made no objection, but as they were ready to enter the ring the electric lighting apparatus gave out and for a full hour the building was in total darkness. Johnny White officiated as referee.

In the opening round Terry immediately assumed the aggressive, and was the first to land a blow. White was twice knocked down and tried to get up, but Terry blocked and White went to a clinch and was cautioned for holding. Terry broke and Terry was forcing him about the ring, when the electric lights again went out after two minutes of fighting. After about 10 minutes the lights were again lighted, and they were at it again. Terry pushed White and left him to take White sink to the floor. Terry assisted him to his feet and again landed the same blow, and followed with both hands to the body just as the bell rang.

Terry went after him like a bull in the second round, and White was twice knocked down. Terry hit him again with a left hand. He was up again, and went down again with a right on the body and head. He got to his feet again only to go down. Three times more White was knocked down, and Terry battered him with right and left to the body and head. After the seventh knock-down Johnny White counted the bell but Terry rushed him and Terry was declared the winner.

FEATHER-WEIGHT FIGHTS

McGOVERN KNOCKED OUT WHITE IN THREE ROUNDS.

Dixon and Younger Fought a Fast Six-Round Draw—National League Scores.

NEW YORK, June 12.—Terry McGovern fully lived up to his title of feather-weight champion at the Seaside Athletic Club tonight by knocking out Tommy White, the clever Chicago man, in three rounds. The little champion never showed better form, and gave his opponent no rest from the sound of the gong in the opening round until the referee had counted off the fatal 30 seconds. He took the stiff jabs which White handed out to him with a smile, and forced Tommy about the ring with terrific drives to the body and head. After the first round White's

Redwood second, Corolla third; time, 1:33.4. Six furlongs—Master Mariner won, R. G. Ryan second, Panamint third; time, 1:17.8.

Races at Gravesend. NEW YORK, June 12.—At Gravesend today the track was fast. Favorites won in all the events. The results were: Mile and three-quarters, the Kensington burble—Beulah won, Dr. Eichberg second, Geo. Griggs third; time, 2:14-1-5. Mile and an eighth—James won, Sarum second, Orantes third; time, 1:54-2-5. Five furlongs, the Hanover—Eake won, Lion Prince second, Carl Kaaser third; time, 1:31-4-5. Mile and a sixteenth, selling—Dan Rice won, Post Haas second, Percussor third; time, 1:19-1-5. About six furlongs—Kamara won, May Hempstead second, Cleora third; time, 1:19-2-5.

Races at St. Louis. ST. LOUIS, June 12.—The Fair Grounds track was fast today. The results were:

Ernest G. Lockhart, 1st; Mrs. S. M. Reed, 2d; Miss McKenny, 3d; J. U. Kimball, 4th; P. Kelly, 5th; G. W. Allen, 6th; H. H. Blauvelt, 7th; F. J. Tourville, 8th; Mrs. C. W. Fulton, 9th; Miss Badolet, 10th; W. J. Clifton, 11th; E. J. Burns, 12th; J. U. Kimball, 13th; G. W. Allen, 14th; H. H. Blauvelt, 15th; F. J. Tourville, 16th; Mrs. C. W.
