The fakers, with badges, buttons and souvenirs, made their appearance in scattering flights today, and decorations are beginning to appear aporadically. The great mass of delegates are not expected to arrive until Saturday or Sunday.

National Committee Meeting. The most interesting event in the Na-The most interesting event in the National committee meeting today was the seating of the Warmouth delegates from Louisians, after a very spirited contest occupying nearly all day. This is an over-throw for the Federal officeholders of Louisians, 10 of whom were on the delegation headed by Wimberly, the Collector of the Port of New Orleans. Although Wimberly is a member of the National committee, and made the strongest possible presentation of the case, the committee, by a vote of 25 to 18, declared for his epponent. Among the men thus declared epponent. Among the men thus declared unseated is William Pitt Kellogg, ex-Governor and at one time United States Senator from Louisiana, who has been a Senator from Louisiana, who has been a delegate to every Republican convention since 1880. Warmouth and his friends, who were successful today, represent the sugar-planting interest of Louisiana, and the claim was made before the National committee that recognition of this faction would make it possible to elect three Republican members to Coursess from the mbers to Congress from the

Mr. Payne, who is chairman of the subcommittee ways the Delaware case may no Payne, who is chairman of the subcommittee, says the Delaware case may go over until Sunday before final settlement. Chairman Hanna is the center of interest, and is much sought after for interviews, in the hope that he will give some indication of his choice for the Vice-Presidency. He is still noncommittal, and while, he has been quoted in several papers, his statements are of a general character. Senator Hanna has been seldom in the committee-room, and apparently avoids taking part in the deliberations of the committee, so far as the contests are the committee, so far as the contests are concerned. Mr. Fessender, of Vermont, presided over the committee all day, even during the brief periods when Senato Hanna was present.

There seems to be a disposition to make a distinction between the use of troops and marines under existing conditions. It is assumed that the presence of marines on Chinese goli indicates that the landing is purely temporary, and is much less apt to raise grave international issues, either with China or the other powers repre-sented at Taku. COLOMBIAN REVOLT.

Complete Overthrow of Rebels Santander.

NEW YORK, June 14.-Official advices were received in this city from Carthagena and Bogota, giving details of the revolution in Colombia. The complete and utter overthrow of the rebels in Santander has been confirmed, in which place, after a hard-contested hartle, lasting 21 days, the government forces remained complete masers of the field. The casualties were 1809 dead, belonging to the enemy, 2000 wounded and 1800 prisoners of war, besides implements of war in large quantities, which were taken from the enemy. Among the prisoners taken was General

Vasayas Santos, a prominent Liberal lead-er, who was put aboard the steamship Alice and is now on his way to the prison at Boca Chica, on an island in the Bay of Carthagena. The revolutionist General, Avelino Rosas, was captured at Cartago, and the rebellion seems to be virtually at an end.

On the night of May 19 a great fire took place in Bogota, and the City Hall was completely destroyed, 35 persons perishing. The loss is estimated at \$4,000,000 gold. Rebels Severely Beaten.

WASHINGTON, June 14.—Dr. Curve Marquez, Charge d'Affairs of the Colombian legation, today received from Panama official bulletins giving details of the recent bloody engagements between the government troops and the revolutionists. One of the bulletins is signed by the General in command of the Gov troops, and reads:

"I consider the revolution ended. The enemy's army, after the fight, numbered only 4000 men, and I think they cannot secure reinforcements. They have oxhausted all their supply of 1,200,000 cartridges. Their loss is 1000 dead, including 10 chiefs :ri many subordinate officers. They have 1500 wounded. These figures are furnaled me by the prisoners, some of them persons of 'mportance."

The fight occurred near Bucaramanga, in the district of Palonegro and Lebrijava, and the General forwarded his report from Palonegro, showing that the government forces occupied the field after the fight. The Government losses are not stated.
