A SPLIT IN MONTANA

TWO STATE CONVENTIONS RELD BY THE DEMOCRATS.

Daly Faction Making Their Fight on W. A. Clerk-Conventions in Other States.

BUTTE, Mont. June 20.-There will be contesting delegations claiming admission from Montana at the Democratic National

Convention in Kansas City.

The Democratic State Convention was The Democratic State Convention was called to meet here at noon. An hour before that time the state central committee met to make arrangements. The chairman of the committee, William M. Cockrill, is recognized as a Daly man. The friends of Senator Clark on the committee, including those who held proxies, were in the majority. Nelli, of Helem, a member of the com-mittee, took the proxics and proposed to depose the chairman. The scene in the room at this time was very wild. A num-ber of Deputy Sheriffs, under the lead-erable of Under Sheriff Murphy, pushed through into the room and attempted to eject the Clark people. For a while it looked like an incipient riot. The Clark people stood their ground, and finally withdrew, leaving the committee to attend to its business. When this had been done. Chairman Cockrill was deposed by she vote of the committee, and Nelli was

elected in his place.

Meanwhile, the delegates and hundreds of speciators had assembled at the Auditorium, which Cockelli had selected as the place of meeting. They found the doors barred and the place in charge of a num-ber of Deputy Sheriffs and policemen, act-ing under the direction of the Daly peo-After waiting vainly for an hour, were informed that the convention id not be called to order until \$

The convention was called to order there shortly after &, and the Hor. E. C. Day, one of the men who voted for Clark, was made temporary chairman. He made a short speech, stating that this was the first real Demooratic convention that he had seen in Montana for years. After the appointment of the usual committees, the conven

MINNEAPOLIS, June 20. - The Demo-MINNEAPOLIS, June 20. — The Demo-cratic state convention today was one of the largest and most harmonious held by the party in this state for years. Charles A. Towne, of Duluth, Populist candidate for Vice-President, was given the hearti-est kind of indorsement, and the delegates to Kansas City were instructed to support him by their votes and by every e means. On the floor of the cor vention this resolution was adopted with-

out a discenting vote.

The platform reaffirms allegiance to the doctrine of free silver conage, at the existing legal ratio. On this plank there was some dissension in committee, one or two members suggesting it might be bet-ter to have a financial plank. The resolu-tions further declare against trusts, and demand that trust articles be placed upon the free list; express sympathy with the Boers; independence for Cuba; repeal of war taxes; favor postal savings banks; favor an income tax, the election of United States Senators by direct vote of the people, and the system of the initia-tive and refered to. tive and referendum. State Convention Wrangling Over Expansion Question.

AUSTIN, Tex., June 20 .- Contrary to expectation, the Democratic state conven-tion, which met here at noon today, did not adjourn tonight nor have delegates been named to the National convention at Kansas City. Instead of transacting its business with promptness, the convention was early thrown into an arti-expansion fight, which waged all afternoon and to-night. The fight was precipitated by an effort on the part of Congressman Balley to have the convention indorse his anti-expansion views. Mr. Bailey's political opponents and those favorable to Senator Chilton, his late opponent for the United States Senate, vigorously fought such insement, and as a result, the convention has been in a wrangle all day. Mr. Balley's opponents submitted a minority report to the convention, favoring expansion as against anti-expansion, and the debate will, in all probability, protract the deliberations of the convention over There are a number of aspigants for the position of the Kansas City delegation, and the result of slates that being made tonight may give the anti-Balley followers more strength than they could otherwise secure. A large majority of the convention is opposed to im-

JACKSONVILLE, Pla., June 20 .- The Democratic state convention today adopt-ed a platform, the main features of which are indorsement of William J. Bryan for President, denunciation of trusts, demand for repent of the war tax, 26 to 1 ratio of comage, Governmental control of corpor-ztions, especially railroads, direct vote for United States Senators, graduated income tax, and reduction of tariff to a revenue basis. On the question of removal of the state government a plank in the platform calls for a primary election November 1900, to decide whether a Constitution election November 19, ment shall be submitted to the electors of the state

Irish Ex-Convicts, Fitzharris and Mullet, Are Ordered Deported.

WASHINGTON, June 20.—Assistant Secretary Taylor today rendered a declaim adverse to the appeal of Jamin Fitzharris and Joseph Mullet, from the decision of the immigration officials at New York, who held them for deportation on the ground that, having been convicted of felony in connection with the murder of Lord Cavendish and Thomas Henry Brice, in Phoenix Park, Dublin, in 1852, they cannot be permitted to land in this country under our immigration laws. In concluding his opinion on which the decision is based, the Solicitor

of the Treasury enys:
"I do not think the helnous crime in which Fitsharris and Mullet participated, and for which they were found guilty, can be justly dignified as a political of-fense and, therefore, discriminated from the ordinary crime of assassination and murder, and I must advice you that, after careful consideration of this case, my

backed his suggestion with a motion.

The motion raised a storm of protests.

Delegates from all the Southern States were on their feet demanding recognition. Delegate McCall, of Tennesse, mounted a chair, and amid the plaudits of his as-sociates demanded the right to be heard before any action was taken upon the

Quay amendment.

John R. Lynch, a colored delegate from Mississippi stood on his chair and recurred recognition for a substitute to the Quay amendment. This recited that in any state where the right to vote was abridged because of race, color or pre-vious condition of servitude the repre-eentation in Congress should be reduced in proportion to the extent of the dis-franchisement. A point of order was promptly made that the substitute was not germane, and Chairman Lodge sus-tained the point.

At this point the convention threatened to get into a parliamentary tangle over the adoption of the rules and proposed amendments. Mr. Quay's motion finally prevailed that rules I and 12 with his amendment, go over till tomorrow, after which the other rules were agreed to without dissent.

Reading of the Platform. With this out of the way, Senator Fan-banks, of Indiana, chairman of the committee on resolutions, was recognized. The Indiana Senator received a flattering reception as he mourted the platform. but when he began to read the declarabut when he began to rend the declara-tion of principles scores of delegants and alternates got up and began filing out of the hall. The confusion became so great that Senator Fulrbanks was unable to proceed, and Senator Lodge was com-pelled to come forward and call for order. "This is a matter of the most vital im-portance," said he. "It is the enuncia-

tion of the principles upon which the Re-publican party is to stand." This appeal had some effect. Many of the delegates returned to their seats, but the thousands who remained to hear Senator Fairbanks grew restless, and many left the hall.

While the hum of conversation continued, interest in the document manifest-ly increased as the reading proceeded. Senator Fairbanks made a strenuous effort to make himself heard. Senator Depew, wanting a bite to eat, went in search of it. As he worked his way through the throngs which surrounded the delegates on all sides, he was recog-pized and greeted by a storm of cheers. So distinct was the interruption that

Senator Fairbanks concluded the reading of the platform at 2:50. He moved that the platform be adopted, and on that motion demanded the previous question. The demand was seconded by Semitor

the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on ire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted.

This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease.

While Bezema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin.

External applications of washes, lotions and salves sometimes mitigate the itching and soothe that inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this.

S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-scated blood and a troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-inforces and invigorates skin troubles.
