The rule which he followed in all these cases was to approve the death sentence upon guer-rilins who had attacked other Filipinos for supporting the Americana, and to reduce to long imprisonment the penalty against these who had ambushed Ameri-can soldiers.

It was stated by one of the highest officials of the Army that the scale of preparations is of a magnitude which would both in-terest and surprise the public. But, he added, the information would be of even greater interest and service to any for-eign foe which the United States may be called upon to face within the next be called upon to face within the next few weeks or months, and for that reason there is no purpose to make public the full preparations making to meet what-ever insue arrives. All that the officials will say is that both the Army and the Navy, if occasion arises, will give a good account of themselves.

# ATTITUDE OF THE POWERS.

### Entirely Humane and Pacific-Chinese Were Underestimated.

The ac-tion of the Consuls in asking for the de-parture of the six Chinese cruisers was objected to by the senior naval officer, who informed them that he had at his immed a Graze unforted to commel them disposal a force sufficient to compel them to leave if they objected to the presence of the fleet. The Chinese cruisers are heavier armed than the vessels of the al-

The powers are said to have fatally unestimated the numbers, desperation and armament of the Chinese, who for three years have been accumulating ri-fies at the rate of 20,000 a month. The question here is what are the powers go-ing to do. Japan is preparing to trans-ship this week 10,000 additional troops;

WASHINGTON, June 24.-The represen-tation which Mr. Griscom made to the Ports respecting payment of the Ameri-can indemnity claims was written here, and consists of a strong presentation of the second payment of payment for the the case and an urgent request for an early payment of the claims. It was not an ultimatum, since it contained no al-ternative proposition as to our course in case payment is not made. The last presentation is in accordance with the de-termination of the United States Government to press these claims to a settlement.

#### The Porte Is Surprised.

CONSTANTINOPLE, June 24. - Lloyd Griscom, United States Charge d'Affaires, today presented a fresh note to the Otto-man Government, insisting upon an immediate reply to the demand of the United Sintes for a settlement of the indemnity in connection with the losses of Americang at the time of the Armenian massacres. Although vigorously phrased, the note is not an ultimatum. It is said, however, to be a disagreeable surprise to the Porte, testifying as it does the intention of the United States Government to pursue this matter of indemnity to the end.
