ON A SINGLE ISSUE: Prohibition Platform Covers Only Liquor Traffic. M'KINLEY SEVERELY SCORED.

First Day of National Convention Cleared Up All Business Except Nominations. CONVENTION HALL, CHICAGO, June 27.—The Prohibition party will make its National campaign this year clear and plain on a single issue, all other issues being subordinated to this question.

Second—We reaffirm as true, indisputable, the declaration of Hon. William Windom, when Secretary of the Treasury, in the Cabinet of President Arthur, that, "considered socially, financially, politically or morally, the liquor traffic is or ought to be the overwhelming issue in American politics."

Third—We charge upon President McKinley, who was elected to his office by appeals to Christian sentiment and patriotism, almost unprecedented, and by a combination of military and naval force seen in this country, that by his conspicuous example as a wine-drinker at public banquets and a wine-sipping home in the White House, he has done much to encourage the liquor business, to demoralize the temperance habits of young men and to bring Christian practices and requirements into disrepute than any other President this Republic has had.

At the evening session of the convention the platform was read by Secretary Hopkins, of the resolutions committee, as follows: "The National Prohibition party is represented at Chicago, June 27 and 28, 1900, acknowledging Almighty God as the supreme cause of all just government, realizing that this Republic was founded upon Christian principles, and as confided only as it embodies justice and righteousness, and asserting that all authority should rest on the just government governed to this end, wisely prohibiting what is wrong and permitting only what is right, hereby records and proclaims: "First—We accept and assert the definition given by Edmund Burke that a party is a body of men joined together for the purpose of promoting by their joint endeavor the national interest upon some particular principle on which they are all agreed."

LONDON, June 28, 1:20 A. M.—The composite force of 200 men which raised the investment of Tien Tsin and put it on to help Admiral Seymour has probably saved him, but the news has not yet reached Che Foo. The last steamer arriving at Che Foo from Taku brought

GENERAL ADNA R. CHAFFEE.

WHO WILL COMMAND THE AMERICAN LAND FORCES IN CHINA. This message, dated Tien Tsin, Monday, June 25: "The Russian General in command of the relief force had decided, in view of Saturday's heavy fighting and marching, that one day's rest for the troops was essential, and that the advance should not be resumed until today. Meanwhile came Admiral Seymour's telegram that he was the founder of the Boxers. The dispatch received by the Foreign Office stating that the foreign legations were required to leave Peking within a specified time is interpreted in some quarters as tantamount to giving the Ministers their passports and to a declaration of war; but as China does nothing like other countries, the official opinion is that there is nothing to do but await the course of events, and to see what the Ministers themselves say when they are rescued.

SEYMOUR'S EXPEDITION RELIEVED. CHE FOO, June 28, via Shanghai, noon.—Admiral Seymour's expedition has been relieved, having failed to connect with the British force at Peking. Russian Colonel Schelle, commanding the combined forces of 100 men, is supposed to be proceeding to Peking. Admiral Seymour's expedition is returning to Tien Tsin. It is estimated that from 40,000 to 60,000 Chinese troops are before Peking. Boxers from all sections are swarming there.
