

A HOSPITAL SCANDAL

ENGLAND SURPRISED BY DISCLOSURES FROM SOUTH AFRICA.

Alleged Malfeasance in the Medical Department of Lord Roberts' Army.

LONDON, June 24. A. M.—General Buller had a shrewd idea of the... The Boer outposts northeast of Pretoria are busy. The telegraph wires between Standerton and Newcastle were cut Sunday, and Sir Redvers Buller had to report to the British Government...

RENEWED BOER ACTIVITY.

LONDON, June 27.—Telegrams from South Africa indicate that the renewed Boer activity is in proportion with Lord Roberts' quiescence, so the completion of the Commander-in-Chief's enveloping movement, supposed to be in progress, is anxiously awaited. The news this morning supports the belief that the Boers succeeded in piercing General Buller's lines and proceeded southward.

Boers in Middelburg Hills.

LONDON, June 27.—The Laurence Marques correspondent of the Times, telegraphing yesterday, says: "According to Transvaal advices, the Boers are entrenched in considerable numbers in the Middelburg Hills. The Irish, Holland and Italian corps are coming uncontrolled. They are meeting stores and farms. Bar gold is a drug in the local market, owing to a suspicion that it is of an inferior quality. A large quantity of stolen goods, which has been smuggled out of the Transvaal."

Sarel Eloff at St. Helena.

JAMESTOWN, St. Helena, June 27.—Sarel Eloff, President Kruger's grandson, who was captured at Mafeking, landed here today with 15 officers and 30 men, mostly foreigners. The prisoners were immediately sent to Deadwood, the prison camp. Most of the Boers at Deadwood are in good health, and thus far there has been but one death from enteric fever.

THE NUMBER LIMITED.

Fewer Women May Attend Wesleyan University. MIDDLETOWN, Conn., June 27.—The trustees of Wesleyan University have adopted regulations by which women students are limited to a number never exceeding 30 per cent of the whole number of students; barred from all privileges that may interfere in any way with their educational interests and development; barred from receiving degrees at commencement with male students; barred from holding class exercises in conjunction with male students; limited to a separate place in the catalogue.

NEWS MAY BE EXAGGERATED

There is a Better Feeling in England.—NEW YORK, June 27.—A dispatch to the Tribune from London, dated June 27, says: "The optimists, who have been in the background for a week, have turned out in force at the House of Commons and the political clubs, and are talking cheerfully about the situation. So marked was the reaction from depression last night that men of influence did not hesitate to say they believed that the public had been deceived by sensational newspaper reports and Chinese lies, and that as soon as communications were reopened it would be known that the foreigners had not been murdered at Tien Tsin; that Admiral Seymour's force had been blocked, but not cut to pieces, and that the legations had not been attacked."

Handling California Fruit Crop.

SAN JOSE, Cal., June 27.—The California Packers' Company has finally arranged with the California Fruit Association for handling the coming crop. The fixing of prices is left to the directors of the association. There will be no bonus on foreign exports.

Perry Health Will Not Resign.

NEW YORK, June 27.—Fletcher Heath, president of the Seventh National Bank, and former Assistant Postmaster-General Heath, denied the report today that the latter had any intention of resigning his position in Washington.

Ready for Service in China.

NEW YORK, June 27.—The cruiser Atlanta at the navy yard, is now about ready for service. It was rumored at the yard that the Atlanta and the Kentucky would be sent to European waters and possibly to China.

Rev. D. N. J. Dowling.

CHICAGO, June 27.—Rev. D. N. J. Dowling, vicar-general of the archdiocese of Chicago, died here today of heart disease. He was pastor of St. Bridget's Catholic Church.

THAMES REGATTA TODAY

YALE AND HARVARD EIGHTS WILL BATTLE FOR SUPREMACY.

Columbia, Cornell, Pennsylvania and Wisconsin Will Race at Fenchwick Regatta Saturday.

NEW LONDON, Conn., June 27.—Once more the representative crews of Yale and Harvard stand on the banks of the Thames ready to do battle for rowing supremacy. Naturally, with Harvard's captain, Higginson, who was the stroke and the best oar, out of the boat with an injured ankle, there is some doubt as to Yale's chances. The utmost confidence in the ability of the New Haven crew to pull out a victory tomorrow in the big four-mile race between the "varsity" eights. Still, there is a grim determination at Red Top, the Harvard quarters, to do or die, and there are not a few tonight who believe that this doggedness will win the race.

Paris Pigeon Shoot.

PARIS, June 27.—The finals in the pigeon shoot at the Cercle des Bois de Boulogne for the exposition grand prize, which began Monday, came off yesterday, the competition having narrowed down to 28. The results were as follows: Leon Lurion, 21 out of 21; Maurice Faure, 20 out of 21; second, D. McIntosh and C. Robinson, each 18 out of 21, tied for third place. M. de Lunden was the only Belgian shot. In the first round, E. Spalding was among those who missed. "Tod" Sloan, Wadsworth and Rogers dropped out in the next two rounds, when only four competitors remained. The shooting was a fair one, and the prizes were divided among the 28, 40 francs, to which the others agreed.

Columbia Coach Confident.

POUGHKEEPSIE, N. Y., June 27.—Edward Hanson, coach of the Columbia crew, today boldly asserted that he stood ready to wager that Columbia's "varsity" crew would win in the coming boat race. The crew has been under his tutelage only a few weeks, and in that time he has changed the rigging of the boat, taught the men a new stroke and given them new positions in the boat. Columbia has, moreover, improved greatly, and the higher running of the shell has given the "varsity" boat more speed and made it steadier.

THE NATIONAL LEAGUE.

Killen Proved an Easy Mark for Pittsburg. PITTSBURGH, June 27.—Killen was an easy mark throughout the game, while the Cubs had a decided improvement over last year's "varsity." It is faster without any checking, and the men seem to have the last qualities, which they lacked to a degree last year. O'Dea's aggregation of Westerners are pulling a prettier stroke than last year, but it is a question whether it is as fast. The stroke is a trifle shorter than the one McClellan taught last year. O'Dea believes the boat is stronger and faster because of its greater steadiness, and thinks his crew will win.

Case of Mayhem.

A serious encounter took place near Hurlbur a few days ago between Charles J. Littlepage and James Ponder, two men who were engaged in a quarrel. Littlepage challenged Ponder to a fight to settle an old feud and that during the melee he succeeded in biting Ponder on the nose. Ponder, who was taken to the hospital, is now in excellent condition to the Clackamas County line. The roads leading to Corbett and Latourell are also better than they were a few days ago. Ponder leaves them unfinished for the present. County Commissioner Steele has been over the district, and intimates that the rock crusher may be located there next week, but he said he would like to see the road before he makes any decision.

Officially Established.

The postoffice at Swetshere has been officially recognized by the Postoffice Department at last, and is being supplied with mail from Terry by the new line to Hurlbur. It is located at E. T. Williams' place, just 10 miles east of Portland. James Combs is Postmaster. Considerable delayed mail, which had been detained at Portland, has been sent to its destination. The patrons of the Hurlbur office have also a petition of the department asking for a daily service, instead of triweekly as at present. The petition was signed by 70 heads of families, and the petition is being circulated at Gage, and one will be gotten up at other points along the line. There is a good prospect of the service being established in a short time.

Disfranchisement in New York.

NEW YORK, June 27.—The Board of Health has decided thoroughly to disinfect the Chinese quarters in Manhattan, Brooklyn and Coney Island as a measure of protection against plague. The board estimates today that approximately \$30,000 for the work, which will be begun immediately.

GREAT OP PORT

BALMY SUMMER THE SEASON FOR TREATING DISEASE.

Dr. Copeland's Earnest Advice to All Chronic Invalids Is to Take Advantage of Favorable Climatic Conditions for the Medical Attention They Require.

Of the hundreds of cases of asthma, lung troubles, rheumatism and catarrhal diseases treated and cured at the Copeland Institute during the past seven years, under the inexpensive system now so popular with the community, statistics prove that the average time occupied in a cure, with patients beginning during the summer months, is from one-third to one-half less than with those beginning a course during the rigors of winter.

There are maladies that it requires time to master. Asthma requires time. Seated lung troubles require time. Crippling rheumatism requires time, the rot and poison of catarrh require time. According to Dr. Copeland's idea, the intelligence and the humanity exercised in delivering an invalid from the agony and dejection of disease by a course of direct, masterly and telling treatment, when climatic conditions may be depended upon to aid nature and science, is much shorter than when science unaided must bring about the cure.

Dr. Copeland's great ambition is to cure disease in a far briefer period of time than was usually considered necessary. Discharging ears and deafness. HOME TREATMENT. Doctor Copeland requests all who are suffering from chronic ailments to consult with him. He has cured many cases of deafness, ear discharge, and other ailments.
