Many Changes in City and County Administration.

MEN FOR BOARD OF PUBLIC WORKS

Mayor Appoints W. F. Burrell, A. H. Breyman, R. Williams and A. L. Mills-Other Officers.

When Mayor Rowe assumed the duties of his office yesterday he announced the appointment of four members of the Board of Public Works, a Police Commissioner and two Fire Commissioners.

On the Board of Public Works are: Walter F. Burrell, capitalist. A. L. Mills, banker. A. H. Breyman, capitalist. Richard Williams, lawyer.

C. N. Rankin has succeeded James E. Hunt as Police Commissioner, Commis-sioner Filedner was reappointed, and T. A. Davey was appointed to fill Mr. Rowe's place on the commission.

There is yet a member of the Board of Public Works to appoint, and it is likely that a Democrat will be given the position. The Mayor has also the appointment of a Health Commissioner, City Physician, Plumbing Inspector and Superintendent of the Street Cleaning Department but as these officers must meet with the approval of the Council before their appointment is confirmed, it is likely that he will wait a few days and confer with the members of that body. Of the new members of the Board of Public Works, all are well-known men. Walter F. Burrell is manager, of the Burrell estate, and has large property north estate, and has large properly interests in Portland and throughout the Northwest. He is a conservative business man, young and energetic, and his appointment has given much satisfaction to the hustness was recovered.

Thomas A. Davey, who has been appointed a member of the Board of Fire Commissioners by Mayor Rowe, lives in the Eighth ward on the East Side. Mr. Davey came to Portland from Ohio 22 years ago, and has since been engaged in contracting and building. His friends are pleased that he has been selected as a member of the Board of Fire Commissioners, for they consider him a man of sound judgment, who will look after the affairs of that important department of the city government with the same care that he has always exercised in all usiness matters.

Charles N. Rankin, whom the Mayor Charles N. Kankin, whom the Mayor has appointed Police Commissioner to succeed J. B. Hunt, for a period of six years, is a resident of the Ninth ward, on the East Side. He has lived in Portland for the past 18 years, and has been route agent for The Oregonian on the East Side all this time. Mr. Rankin served one term in the old City Council of East Portland, and there displayed those qualities that early gave him a standing qualities that early gave him a standing

In the Auditor's Office. Auditor Devlin quietly took charge of his office yesterday. There was only one new face in the office, that of Captain H. U. Welch, who succeeded Mr. Devlin as assessment and record clerk. Chief Deputy Grutze still smiles over the long counter, and the other deputies were busy yesterday with their regular duties, all apparently willing to serve the puball apparently willing to serve the pub-lic another two years.

Cameron Takes the Bench. Yesterday was Judge George J. Cameron's first day on the bench at the Municion a first day on the bench at the Municipal Court. The first announcement he made was that Sam L. Mason. Jr., would continue as clerk of the Court. Then the Judge proceeded to work, and the usual drunks and vagrants who came usual drunks and vagrants who came before the Court received little mercy, and the fines amounted to over \$40. H. Gramell and H. Holt, two longshoremen, arrested for disorderly fighting by Officer Hawley, were fined \$10 ench. J. Fraser, another longshoreman, was fined \$10 for the same offense. R. W. Witt, for disorderly conduct and carrying concealed weapons, received a fine of \$10 and a \$0 days' sentence. and a 00 days' sentence.

New Poor Farm Superintendent. The new Board of County Commissioners, comprising J. G. Mack, William Showers, and W. B. Steele, the latter being a hold-over, held their first meeting yesterday afternoon, and deposed John B. Strowbridge, Superintendent of the Poor Farm, and electing in his stead Fred W. Hanson, a well-known resident of the Hanson, a well-known resident of the East Side. The appointment will go into effect July 31.

No Further Changes. There will be no further changes by the mmissioners at the present time. W. Pope remains as County Auditor, and L. D. Cole as his deputy. Dr. Harry F. McKay is retained as County Physician, and George Pawcett remains as bailiff in the Commissioners' office. The County Commissioners control the appointments of the bailers. Commissioners control the appointments of the bridge employes, junitors, and road supervisors. The following persons were appointed road supervisors in the various road districts in February, 1900, to serve for one year, as provided by the statute and there can be no change in these places until the year expires:

Mack Outlines Reforms. County Commissioner J. G. Mack in speaking of the policy of the new body, said: . "While I do not wish to criticise the ac-

tion of any of my predecessors, I will state that it will be the aim of the new board in the first place, to reduce taxes, and in the second place in the purchasing of supplies to receive bids whenever it is practicable, and to let the contract to the lowest responsible bidder. I think that there is no question but that the other members of the board acquiesce in these views. We called in Mr. Chamberiain, the District Attorney, to have him examine the bonds of the different county officials. All legal papers that come before the board will be passed upon by him."

The next meeting of the County Commissioners will be held Thursday morn-

Other Offices.

County Treasurer T. Scott Brooke has appointed John Russell as his only deputy in place of John M. Lewis. The latter has held the resulting for in place of John M. Lewis. The latter has held the position for quite a number of years, and his efficiency is unquestioned, but Mr. Brooke chose to have a man of his own. The County Republican Central Committee made no suggestion as to this office, for the reason that as the Treasurer is responsible for the safe custody of the many lates. ody of the moneys in his charge he would not care to have someone else pick his assistane. Constable Thomas McNamee has named Louis Wagner as his assistant.

He would then give no information concerning the shooting. The ball entered the left chest over the heart, lodging in the abdominal cavity. He was removed to the hospital. The young man was in falling health, and had recently returned from California whither he had gone in the hope that he might receive benefit from that climate. July Fleet Will Be Larger Than Usual-Philadelphia in the River -Marine Notes.

The Portland grain fleet for the season of 1900-1 will be headed by the British ship Wendur, which cleared yesterday for Queenstown or Falmouth for orders, with 106,508 bushels of wheat, valued at \$52,000. The Wendur was cleared by the Portland Flouring Mills Company, which last week cleared the Mahel pany, which last week cleared the Mabel Rickmers, the last ship of the 1889-1800 feet. The July fleet ordinarily is of very small proportions, and even last season, which on the whole was quite satis-factory, there were but two ships. This year there will be at least half a dosen ships in the July feet, and possibly more. The Marechal Villiers is following the Wendur at the Elevator dock, and will probably finish by the end of the week, while the Lizzie Bell, which has been
