TALK OF THE WAR.

Will Meet Today and Petition Li

Hung Chang to Suppress the

speaking of the matter yesterday, said:

as white people, and making war on the government, which all law-abiding China-

men want to see upheld? There is not

a Chinaman in Portland, and probably not one in America who has any use for

the Boxers, and we all hope that Li Hung Chang, who is a really great man, will be

able to put down the trouble. He is the

only man in China who can do it.
"When Li Hung Chang was in this

country several years ago, a number of

this country do well. This war is a very

naturally interested in seeing it stopped.

not speak their language, and have noth

ing in common with them. What we want to see is the restoration of peace, and

the better we shall be pleased."

Many other Chinese merchants along

Second street were asked what they thought of the Boxers, and replied unan-

more Boxers killed in restoring it

the white people in China.

Trouble.

HATE THE BOXERS

will not be met with this season.

that the "old woman," as they call her, has little power or influence. Li Hung Chang is held in the highest respect, and the Chinese of Portland look to him as the Moses who will lead the government out of the wilderness. PORTLAND CHINESE MERCHANTS

ORDERS FOR THE CRUISE.

Not Known Yet Whether the Philadelphia Will Come to Portland.

Nothing definite developed yesterday as to whether the cruiser Philadelphia would come to Portland to receive the Naval Reserve July 21 or would stop at Astoria. Leading members of the Chinese colony are not in the least afraid that the Boxer The matter is now in the hands of the Chamber of Commerce, as President Tay-lor said if the cruiser drew no more outrages will cause public sentiment in Portland to turn against them. The Chiwater than when at Astoria that body would insist on having her brought to Portland. Vessels drawing 23 feet are ese of Portland are all Cantonese, having come from the neighborhood of Canpassing up and down the river, and he saw no reason why the Philadelphia, if she drew only 22 feet, should not come also. The Navy Department will be heard from in the matter probably today. Lieutenant-Commander Davis is active to the pushing preparation. Vesteday Adton, and they are as fervent haters of Boxers as are the Chinese soldiers ose comrades have been butchered by these fanatical outlaws. They say that in Canton and its vicinity the foreigners are and always have been safe. Li Hung ly pushing preparations. Yesterday Adng, the foremost man in the empire jutant-General Gantenbein ordered the cruise and instructed the men in their equipment and what they would be expected to carry with them. The date for embarkation fixed in the order is: "Headquarters.—The First and the Third Divisions will embark a Develop a Content of the c is a Cantonese, and his friendliness to the foreigners is well known. The Boxers are principally from the neighborhood of Tien Tsin, and are a different sort from the natives of Canton, speaking a language which the Cantonese do not understand, visions will embark at Portland July 21, at 7 o'clock A. M., and the Second Division at Astoria the same day." and having manners and customs of an entirely different character.

A meeting of prominent Chinese mer-hants, among whom are Seid Back, Moy ding and personal articles. Each petty Bok Hin, Lee Me Gun, Leong Chin, Chin officer and scaman will be required to Quong, Chin Dong and Louis Gin, will be provide himself with a uniform and mess held this morning, for the purpose of declaring their sympathy with the foreigners who have been murdered by the Box-ing suit white hat watch one cake of soap, tollet articles, white working suit white hat ers who have been murdered by the Boxers, and addressing a petition to Li Hung
Chang, requesting that he take active
measures to suppress the trouble and
bring the Boxes to suppress the trouble and
tall the boxes and lashing, to contall the boxes and lashing, to contain two blankets and overcoat. The uniform is the regulation blue, consisting of dark blue shirt, jersey, neckerchief, bring the Boxers to justice. Seld Back, think this trouble originated with

"I think this trouble originated with the Russians or some other of the powers who sought territory in China and egged the Boxers on. They probably did not forasse the extent of the trouble they were raising, for no one but the Chinese the or subsistence and appliances for cookwere raising, for no one but the Chinese ing and serving the rations. Each divisknew of the immense number of members the Boxer society has. But I believe it office of the Lieutenant-Commander by mas some meddling of outside nations that got the trouble started. The old Downger Empress has not much power, which is shown by her helplessness in the course. Nohe will be parmitted to decide after that date. Each division approximate trouble now that it is started. suppressing trouble now that it is started will be allowed one civilian cook, at the Kwang Hsu, the real emperor, ought to rate of \$1.50 a day, who will be probe on the throne, but he has been devided with a regulation uniform and throned by some political jugglery, and white suit. All assistant cooks or helpers does not seem to be able to get the reins of power back in his hands.

"The Boxers are sharp enough to see in the mixed-up state of affairs their opportunity, and what they are after is power. tunity, and what they are after is power. They want to get hold of the government, ing made on that basis. The officers of the three divisions in Oregon are: First Division, Lieutenant D. W. Stevens, com-manding: Ensign H. M. Montgomery and to have a country to run and to become Their motive is not alone the Ensign N. M. Sloan; Second Division, Lieutenant P. A. Trullinger, commanding expulsion of foreigners, but they hate the foreigners, and are making their hatred and Ensign William N. Janes: Third Di-vision, Lieutenant W. T. Bird, command-ing, and Lieutenant H. W. Ormandy, Enof them the ground for their attack on "Of course, the Chinamen here are not sign Ned Smith and Ensign William N. in sympathy with the Boxers. res to be sent there in a few days, the meantime measurements are be-

survey for The Dalles & Celilo canal and ocks, and he has his party, consisting

capids to be sent in for consideration

with the boat railway scheme when it

Captain Harts has also selected Frank

Gilham to take charge of the survey of the Snake River from Lewiston to Rip-

aria, and he has been provided with the necessary boats, camp outfit and a party of about a dozen men. The object of the

survey is to prepare a general plan for the improvement of this part of the river, the work heretofore having been done in

a desultory manner, no general plan ever having been prepared. Captain Harts will

have both these parties in the field within

TOUR OF INSPECTION.

Assistant Secretary of the Treasury

Takes a Look at Portland.

First Assistant Secretary of the Treas

ary O. L. Spaulding came to Portland yes-

terday and remained until 11:20 P. M.

with the single purpose of visiting the Pacific districts, but has made a tour of

them incidentally to his Alaska trip. He said that no special significance attached to his inspection of that distant territory,

where so much has been said and writter regarding the customs service and admin

"Oh, no, nothing in particular," said he, when questioned "Alaska is thousands

of miles from Washington, and it is diffi-cult for us in the National capital to ap-

preciate all the conditions environing

uestions arising there unless we make personal acquaintanceship. I am going

to Alaska to make a general inspection

Assistant Secretary Spaulding came through California, where he spent a

short time looking into the work of the Treasury Department there. When he ar-rived in Portland he was taken in charge

by Collector of Customs Patterson, Gen-eral Summers, Appraiser, Colonel Dunne,

Collector of Internal Revenue and other

the day Senators McBride and Simon and

ex-Senator Mitchell were visited, with all of whom the Assistant Secretary is well

acquainted. He also briefly inspected the different departments under his jurisdic-

tion, and pronounced everything in ex-

cellent condition. The new Custom-house was critically observed from without and

within. This building seemed to please the Assistant Secretary very much, and

he joined in the general regret that it did

not contain sufficient floor space to ac-commodate all the Federal offices in Port-

land. From his remarks, it appeared he heartily indorsed the effort made some time ago to increase the space of the

vantage of Mr. Spaulding's presence here to urge upon him the necessity for having

a ten inspector here. Some 2000 cases of ten now being unloaded from the Brae-mar are billed to towns in Utah, Dakota

Accepted Call to Portland.

HENDERSON, Ky., July 17.—The Rev. Dr. Dalton, pastor of the Cumberland Presbyterian Church here, has accepted a call to Portland, Or. Dr. Sanford's Liver Invigorator. The best Liver Medicine, A Vegetable Cure for Liver like Billousness, Indigestion, Constipation,

warded unless the duty is paid here, and there are also shipments for Portland dealers, all of which must be inspected before the duties can be paid. Other car-goes of tea will be arriving here, and it is very desirable that there should be an

Pirst Meeting Devoted to Instructing

The Board of Public Works held its The project of Captain Langfitt, United States Engineers, for the repair of the jetty at the mouth of the Columbia for which the recent Congress made an appropriation of \$550,000, has been approved by the Chief of Engineers and Secretary of War, and has been returned to Captain Harts, who has charge of Captain Langfitt's office during his absence in Alaska. first regular meeting yesterday, Messrs. Mills, Breyman, Williams, Burrell and City Engineer Chase being present. Mr. Chase was destrous of being excused from taking a seat as a member of the board, being of opinion that he could better serve the interests of the public as a servant of that body. It was, however, decided by the hisyor and the loard that the charter required him to serve as a member of the board, by section 173 of the charter. Section 171, however, re-quires the Mayor to appoint five members of the Board of Public Works, and diayor Rowe will appoint another member as soon as he finds the right kind of a man.

> with fire.
>
> The board decided to hold its meeting in the ante-room of the Mayor's office, where there are mahogany chairs and a mahogany table, and-although not all young-being somewhat diffident, they concluded to hold a secret session, so re-porters were excluded. A synopsis of the business done was furnished by Aud-

itor Deviln, who acted as clerk.

Superintendent of Street Cleaning and Sprinkling W. A. Hart and Foreman Ferguson, of the city barn, were called before the board and had what is expected of them explained to them. They are to keep the streets cleaned and sprinkled, and will be allowed to select their own employes and will be held re-sponsible for them. If the result is not satisfactory, there will be trouble for

to how affairs in the city barn are to be conducted and the method to be adopted in purchasing feed and other supplies for the future. He was directed to pre-pare estimates of the supplies required for six months, and proposals will be asked for for furnishing them, to be delivered in such quantities and at such times as may be desirable. Of late all such supplies have been bought in open

The remainder of the session was spent discussing the matter of repairing bridges and streets; how such repairs can best be carried out and the best method of providing funds for the expense thereof. In accordance with a request made at the first informal meeting of the board, it was furnished with complete lists of all the employes in various city depart-ments under their control, viz., the City Engineer's department, park department, crematory, street cleaning and sprinkling

troop, a match race for one-quarter of a mile was called between "Casey Cronin" and "Boney Fortune," rigden respectively by Walt Cronin and Ed Fortune. "Casey" led to within 20 feet of the goal, when "Roney," with a burst of speed that would have astonished the most circum-stantial liar of the French Revolution. pushed ahead and won by half a neck. The next race was a half-mile dash. Entries: Black Bess; ridden by Captain T. K. Muir; Satan, ridden by Lieutenant J. T. Shelton; Mephisto, ridden by Trooper Deahy, and Bell of the West, ridden by Deany, and bell of the west, ridgen by Dr. Brooks. Mephisto won, Bell of the West being an easy second. The quarter of a mile free-for-all was won by Sumpter Sport, ridden by Dr.

The one-mile hurdle was then run, and the Sumpter Sport, ridden by Dr. Brooks, leaped the hurdles like a jackrabbit, and again won the money, with the Brown Yurkilly a clear record

The horses were shipped on last even-ing's train to Baker City, where they will be overtaken by the men on today's pas-senger train and returned to Sumpter.

### STRIKERS ARE STILL OUT

THEY REFUSE AN OFFER OF COM-PROMISE.

Declined to Go to Work for 30 Cents an Hour and 45 Cents an Hour Overtime.

There was a large gathering of the dockmen who walked out of the grain docks Monday for an increase of wages, last night in Schrantz' Hall, on Heim street, Lower Albina, to consider the communication received from the superintendents of the docks. Yesterday afternoon at 3 o'clock the superintendents met at the office of W. K. Scott, at the Creamic Dock and remained in confer-Cocarie Dock and remained in conference till about 6 o'clock. They decided that they would offer the men 30 cents an hour, and 45 cents for all overtime, the former schedule being 50 cents an hour and 40 cents for overtime. This decision At the meeting Milt Forney was elected chairman, and he made a short statement of the object of the gathering. Then came the reading of the communication offering the former rate of 30 cents an accuracy with 45 cents for overtime. A long our, with 45 cents for overtime. A long and wide discussion followed, in which the different phases of the subject were discussed. It was finally voted that the proposition be not accepted, but that all should stand for the original demand of 40 cents per hour for regular time and 50 cents for all overtime. It was moved and carried that a committee, composed of one-man from the crew that had worked in each dock, be appointed to wait on the superintendents this morning and inform them of their action. This will take place at about 10 o'clock this morning. There was manifested a determin out for what has been asked for.

A Statement. One of the strikers desired to make a statement concerning the situation last evening. He said

We have decided that we will not go back unless we get what we have asked. We think that what we have asked is fair and just, when the kind of work is taken into consideration. In the past we have done everything to accommodate the dock-owners. There have been times when we have worked 40 hours, with only 10 hours' rest to accommodate them. Sometimes there will be a single car at a dock. We unload it in half an hour. That means 15 cents for each man. Per-haps we get no more work for the week. Some weeks we get only a few dollars. Mr. Brush's statement that men can make from 22 40 to 22 per day is misleading and unfounded. If we could get \$3 per day, there would be no trouble. Again, it takes a much longer time than three weeks to make a good truckman. It takes about two years to make a good work-man. In a big dock, where all the wheat is sent through the cleaner, only just enough men are employed to attend to enough men are employed to attend to the business, and if there is a single man who cannot keep his part up, there is delay all around. Every man must be able to know his place and do it. So a truckman cannot be classed as an un-skilled workman. Again, it was 10 days fuesday before we received any answer to our communication regarding the adfuced from 40 to 30 cents, we were given much less time. We were told that we would work for 30 cents after about two days' time. We will stay out unless we get what we asked for. That is the whole situation in a nutshell."

The meeting that was held in Schrantz'

Hall adjourned till next Tuesday night, when it will be open only to those who have signed the roll or who intend to sign it.

IN THE WATER COMMITTEE Petition to Absorb Part of the Albina Plant-Other Petitions.

Several minor matters came before the water committee at the regular monthly meeting yesterday afternoon. Members present were George W. Bates, C. Carson, C. A. Dolph, C. H. Hill, E. Haseltine, S. E. Josephi, William Ladd, C. H. Baffety and H. W. Scott. J. E. Haseltine, S. E. M. Ladd, C. H. Baffety and H. W. Scott. Mr. Dolph was chosen temporary chairman, in the absence of Chairman Corbett. The finance report for the past submitted by Superintendent month submitted by Superintendent Dodge showed total receipts for that period to be \$25,674 15; expense of operation and repairs, 12776 52, leaving a bal-ance paid to the Treasurer of \$22,87 63. According to instructions issued at a previous meeting, the superintendent reported that the claim of the Bullen Bridge Company had been settled satis-factorily to all persons concerned. The petition for a continuation of the water main on East Twenty-eighth street was discussed and then laid on the table, as a main cannot be laid there until the street is improved, owing to the cuts and fills made in this work. This street will be graded probably about September 1. when the committee will take the matter

up again.

The petition for a main on Irving street, between Twenty-third and Twen-ty-fourth, was also denied. It appeared that all the houses in this district except one were being supplied with water by means of service pipes, and the commit-tee thought this one also could get con-nection in the same manner and thus avoid the necessity of extending the

A long report was made on the petition | the work. The revetment is made neces-

for a main on Belmont street. Action on it was postponed until such time as the street shall be replanked, when a main will doubtiess be laid the entire length of the street. Great difficulties would be encountered by the committee and unnecessary expense incurred if an ef-fort were made at the present time. The petition of residents about First

and Gibbs streets for increased pressure for additional fire protection seemed to have little reason back of it requiring action. Tests showed the pressure to be from #9 to 66 pounds in the three mains immediately adjacent, which is us high as the pressure of any other districts near, and the elevation of the place was too great to increase the pressure without material changes.

A petition from the residents adjacent to Twenty-fourth street, between Thurman street and the St. Heiens road, was presented to the committee asking for a four-inch main on X and Reed streets, between Twenty - third and Twenty-fourth streets. In this it was stated that there were two houses on X street with out water, and about a dozen on Reed street between the streets named that were supplied by a three-quarter inch service pipe, which would be too small when these houses were connected with the sewer now being constructed on X and Reed streets from Twenty-fourth street to Johnson Creek. The petitioners also stated that the city had authorized the City Engineer to proceed to make estimates for the grading and im-provement of these streets. The petition was referred to the engineer of the com-

Another petition was presented from residents on East Thirtieth street ask-ing for the extension of the four-inch main on that street from its present terminus 600 feet south of Hawthorne ave-nue to that avenue and thence eastward to East Twenty-eighth street. This was also referred to the engineer for a re-

Payment for the right of way through a quarter section of land 15 miles east of the city was asked by an old man named Wihlon. The claimant only asked the usual price paid for right of way for the Bull Run pipe line through other tracts adjacent to his. The matter was referred to the City Attorney.

A petition was presented from Albina, signed by 53 residents on Tillamook, Thompson and Hancock streets, asking that the committee would purchase a part of the Albina Water Company's mains and pipes and connect their dis-trict with the Bull Run system. It was decided that when the committee has decided that when the committee has funds and water to spare the matter of purchasing the entire Albina plant will be taken up, just as was done regarding the East Portland and the Portland and Willamette Heights systems. It was also suggested that it would be unreasonable to suppose that the Albina Water Com-pany would be willing to sell its plant piecemeal. The engineer reported that he found the pressure along these streets, if the desired connection were made, would be nearly 40 per cent less than would be nearly appeared that the pressure now maintained in the mains of the Albina company, which supplies its mains by means of a pump. Where water is supplied by gravity the pres Revetting the bank of the Sandy River at the point where the Bull Run pipe line and the Clackamas County bridges cross was referred to the construction commit-

tee with authority to advertise for bids

committee would co-operate Clackamas County officials in

PORTLAND, OR. sary by the great floods in the Sandy last

Winter, due to the unusual rains.

The construction committee reported

progress in the work of tunneling back

of reservoirs 3 and 4 in the City Park. One tunnel has been commenced in reser-

voir No. 4 and is working up the level

of the slide, as indicated by tests made by the engineers. Work has also been commenced in what is known as sheft

"SAPHO" MATINEE. To Be Given at the Metropolitan

"Sapho" is drawing very large houses and those desirous of seeing this noted play will find it necessary to get their seats some days ahead. The company works splendidly in the piece, and it is a question whether the play could have been presented here by such another all-

around good company.

Miss George Elliot for her thankless part of Fanny Le Grand (Sapho) is receiving curtain call after curtain call, and in her many scenes with Jean she

comes out triumphantly.

There will be a matinee today. Arrangements have been made whereby the com pany will stage "Sapho" again on next Sunday night. If the attendance increases at the rate it is now doing the Metropolitan will not hold the audiences that are flocking to see this famous

Conversations Overheard.

Chicago News.

Mr. McKinley—Theodore, please be less consterous. See how quiet and dignified Mr. Stevenson is. Mr. Bryan-Adlai, liven up a little, can't you? Just notice how Teddy there whoops it up.

Persons suffering from sick headache, diszinces, nauses, constipation, pain in the side, are asked to try one vial of Carter's lattle Liver Pills.
