NEW ORLEANS MOB

Had the City Terrorized Several Hours.

LAW AND ORDER PREVAILED

As a Result of the Riot One Negro Is Dend and Over a Score of Persons Were Injured.

NEW ORLEANS, July 26.—In the rioting of last night and today one negro was beaten to death, six were so badly wounded that their lives are despaired of, and about a score of people, white and black, male and female, have been more or less seriously wounded. Disorderly nots, following the disturbances of last night, were committed throughout th city today, and resulted in the swearing-in by the Mayor of 500 special policemen and ordering out of the state militia upon orders of Governor Heard, who responded promptly to the appeal of Mayor Capdeville for assistance is suppressing the existing lawlessn and in preventing the recurrence of the vicience of last night. Throughout the Gay attacks have been made by irresponsible whites upon the black element, and the negroes selven nightfall had been completely chased

The effect of the disorders has been to put a practical stop to business in the wholesale districts and the river front, wholesale districts and the river from, and this means a serious crippling of the trade of the port. The business elements rallied in force, and hundreds of white men responded to the appeal of the Mayor for assistance in preserving order.
Colonel Wood, who commanded the First Louisiana Regiment in the Spanish War, was date-i in command of the special police. The police have been prac-tically helpiers throughout the disturb-ance. The force copeasts of 300 mca, in-cluding clerks and operators, and this is

manifestly a force inadequate to preserve the peace in a city of 250,000 people. But, aside from this, was the indignation among the members of the department over the killing of Captain Day and Patrolman Lamb by the negro, Robert Charles. Further, there is a strong re-sentment on the part of the working copie against stoumship agents and con reactors, because of the employment of negro labor to the exclusion of whites on public works and on the levee front. Mayor Capdeville was at Ocean Springs

last night when the mobs swept over the city, but when he arrived at his office today he came with full determina-tion to take hold of the situation with a firm hand. He found awaiting him a relegation of the leading merchants of the city, who said the interests of the community and its commercial welfare demanded prompt and vigorous action At the same time, Lieutenant-Governor Estopenal, who had witnessed a series of ourrages upon negroes on Canal street, joined the conference at the hotel. He at once advised a conference with Governor Heard at Baton Rouge. The longdistance telephone was used, and the Governor said he would order out all available troops. Without delay he sent messages to Colonel Hogdon, command-ing the First Brigade, and had him immediately order out the Washington Ar-tillery, the Louisiana Field Artillery and the First Regiment. At twilight there 1500 men in the armories

At the same time the Mayor, in a proc-lamation, appealed for 590 special police. Before 4 o'clock P. M., 400 representative citizens had been sworn in. The Mayor firew upon the leading hardware and amestablishments of the city, and he specials were heavily armed and then distributed over the city.

Hoodlums prowled the streets through

out the day, and whenever they spled a negro, assaulted him. In some cases cit-lzens rallied the police, and, with their assistance, beat off the hoodiums. One of the most flugrant instances of coward-ice shown was that of a man who slipped into the morgue, and, pointing his pistol through a window, made an attempt to shoot one of the female negro prisoners in the parish prison.

one of the mobs gathered at the Spanish Fort Railway, when a large number of negro laborers daily leave for their work at Chaimette. They saw a crowd of darkles approaching and started to chasthem. Louis Lapuyard got in their way and received a bullet in the leg. Later in the forenoon a negro emptled his pistol nto a down-town House and wounded a

At 11 o'clock a mob marched through La Fayette Square, which is opposite the City Hall, and, discovering some negroes in the park, jumped on and beat them until they made their escape. An hour afterward a white man saw a negro named Ross at the corner of La Fayette and Dryade street, and fired his gun at him. Those on the street fied in every direction, and the negro made his escape. Shortly after I o'clock, Josephine Wild, a child, while seated in front of her home, caught a stray bullet in the face. Two hours later Nordo Fratallo and Tony ael. Italians, got into a dispute as to whether the mob was right or wrong in running down and whipping the negroes. One had a knife and the other a one of the most sensational incidents

day was the discovery of two negroes wounded almost to death in a box car on the levee front, near the corner of Josephine street. The poor fel-lows were desperately hurt, and only one was conscious. He was so fright-ened that he declined to give any account of the shooting. Both were removed to the Charity Hospital, where it was found that both had been stabbed close to the heart. One was Nathan Brown and the other Charles Washington.

At 2 o'clock an unknown white man coming along Julia street, near the corner of Baronne street, saw a negro, and without any provocation began to fire at him. The negro escaped, it is believed, without

Sheriff Klock, in charge of the parish prison, saw both the Mayor and the of Police today. There is confined in the prison Leonard Pierson, who was the man with Charles when the latter shot and dangerously wounded Patrolman Mora before he killed Captain Day and Patrolman Lamb. The mobs that have been going the rounds of the city have anxious to get Pierson if possible ynch him. The Sheriff assured both and lynch him. em that he had the jail so well protected that it would require the use of dynamite to reach the culprits.

Mayor Capdeville and his assistants made arrangements this afternoon for transportation facilities, which would assist in the quick dispatch, both of the military and of the special police from one section of the city to another. All crolley lines sent representatives to the Mayor to say that they would pla special cars at his disposal throughout the Mayor that their wagons would be ready to respond to any call

which might be made upon them.

Late this afternoon, Mayor Capdeville issued a proclamation, which had an excellent effect. It called upon all citizens not enrolled in the special police to go to their homes and places of business and remain there. They were warned also and advised not to assemble or idle about The police were ordered to disperse all crowds, and to arrest all obstreperous and disorderly persons. As a result of the proclamation tonight few people were found on the streets. In order to prevent the miscellaneous distribution of arms, the Mayor ordered the in the day, for the better preservation of the public peace, issued orders to the po-lice to close up every saloon in the city. At the various exchanges today the wish was expressed that the Associated Press might make it public to the world that the present emeute was one sincerely

deprecated, and having the support of none of the conservative elements of the community. The local business houses are much opposed to the importation here of large numbers of negroes to work on the levees or the public works, but while they are of this opinion, they are very much opposed to violent methods in dealing with the negro population. Only the worst elements have participated in the disorders here, and the assurance is given that those responsible for these disorder will be punished, if they can be appre

At midnight the city was quieter than it usually is at night. There is a report of the capture of Charles, the slayer of Captain Day, near the city. If possible, he will be protected and given a trial in court the authorities having determine not to permit a lynching, no matter how much force is required to prevent it.

CALIFORNIA OIL LANDS. Fifty Townships Exempted From Entry Under Agricultural Law.

WASHINGTON, July 26.-Commissi Hermann, of the General Land Office, her decided to continue for a reasonable time the suspension of about 50 whole townships in Los Angeles, San Francisco and Visalia land districts in California, from disposition under the agricultural law, on representations that they contain valua-ble oil deposits. A thorough inquiry into the true character of the lands is now in progress. Petitions and sworn protests ave been posted with the General Land Office, setting out that vast areas of non-agricultural lands in California have every indication of containing valuable de posits of oil. The Land Office last Peb usry ordered the suspension of these townships, in view of the controversy over their value as oil lands. PURSUIT OF THE BOERS

TRANSVAAL CAMPAIGN TAKES AN UNEXPECTED TURN.

Lord Roberts Is Striking for the Gateways of the Lydenburg District.

NEW YORK, July 26.—A dispatch to the fribune from London says: The campaign in South Africa has taken

an unexpected turn. Lord Roberts' army has advanced to Bronkhorst Spruit, about half way between Pretoria and Middle-burg. He is leaving Pretoria and Johannesburg under a strong guard, and acting on the theory that the Boers profit by his halts and lose whenever his columns are in motion. The Boers have attempted to thwart his plans by raids west and north of Pretoria, and to hold him back by hanging on his flanks, just as they did when he set out from Bloemfontein to Pretoria.

He has again pushed shead, and is striking for the gateways to the Lyden-burg district, leaving Lord Methuen and General Baden-Powell to suppress the raiders in the western district and Col-onel Broadwood to pursue General Dewet across the Vanl. It is not clear whether General De-wet has made a fresh haul of 200 pris-

oners belonging to the Welsh Fustiters near Rooderval, or whether this incident is an amended form of the previous account of the capture of 100 Highlanders. The situation is most confusing and veterans are shaking their heads over it, but apparently Lord Roberts has decided

to make careful inquiry into the merits of each case, so far as can be done with the light of the records on file. When possible the statements will be

taken of any witnesses, be they prisoners or others, cognizant of the facts.

The report of the board is to be rendred as soon as possible and in the recommendations special consideration is recommendations special consucrations to be given to the conduct of prisoners since confinement, and to cases of young men convicted of purely military offenses. Jerry Simpson Fared Badly at Fort Scott.

FORT SCOTT, Kan., July %-Ex-Con gressman Jerry Simpson was hooted here tonight by a crowd of hoodlums while attempting to deliver a political address in the amphitheater at the race track. A crowd of probably 200 roughs went to the meeting to create a disturbance. One of the leaders, a big negro, jumped upon the platform, and when the ex-Congressman attempted to push him off the negro fought, and they both went to the floor. Others of the mob rushed in and Mr. Simpson was in danger of rough treat-ment until Mayor Goodlander and a crowd of professional and business men took a nd and beat off the roughs. Several of the latter were arrested, but the mob later overpowered the police and released the prisoners. Mr. Simpson's speech was

Lord Roberts' Report.

LONDON, July 26.-Lord Roberts re-ports to the War Office, under date of Balmoral, July 25, as follows: "We marched here yesterday without seeing the enemy. The Boers, on July 24, engaged French and Hutton six miles south of Balmoral. While Anderson's Mounted Infantry attacked the Boers' right, French made a turning movement around their left. Seeing their retreat threatened, the Boers broke and fled. French and Hutton followed, and proposed cross Oliphant's River today, Nasuwpoort. Our casualties were one

Lord Roberts reports to the War Office that General Archibald Hunter's command was heavily engaged July 24 and July 25 in the hills south of Bethlehem. The Boers were strongly intrenched and fought stubbornly throughout the 24th, and compelled the British to retire from some of their positions, with about 55 casualties. Joliet Man's Journey Through Chicago Drainage Canal.

CHICAGO, July M -- Drawn into the maelstrom of the great windage basin of the drainage canal at Lockport, carried 30 feet beneath the surface of the whirlpool; rising again, only to be caught by the current that was pouring hundreds of thousands of cubic feet of water into the valley below, and huried through the great sluicegate opening and carried 200 feet through the foaming rapids of the open channel, to be finally rescued alive and in a fair way to recovery, was the experience of Peter Smith, of Jollet. Michael Ryan, who is superintending the work at the controlling works, and his assistant, John Herman, escaped the same perilous journey by a narrow mar-

The whirlpool in the windage basin has been caused by the raising of the hear-trap dam and the opening of the sluice gates, through which it was originally ntended that the greater portion of the 380,000 cubic feet of water should flow every minute. The bear trap had been raised above the surface of the basin in order that the big force of men working on the falsework of the proposed suspension bridge could proceed with the oper ations without endangering their lives. Smith, Ryan and Herman were in boat crossing over the basin, and had their back to the whiripool. Suddenly the boat was sucked into the maelstrom. Her man and Ryan sprang into the water and wam to the shore, but Smith was thrown by the force of the whirling boat into whirlpool, disappearing from sight

SCHEME OF REFORMERS

PLANNING A BIG REVOLUTION IN CHINA.

Radical Element Will Unite With the Foreigners in Placing the Deposed Emperor on the Throne.

HONOLULU, July 20 .- Leung Chi Tso, the Chinese reformer, under his Japanese name of Kashimabaia, left July 17 on the steamship Nippon Maru for Yokohama, accompanied by Sun Choong, of this city. The reformer received three cable messages which had been sent from the Orient to San Francisco and forwarded here by the Nippon Maru. They urged

him to come at once.

It is now asserted by reliable Chinese authority that as soon as Leung Chi Tso arrives in the Orient and the leaders of the reform movement have conferred with the alifed forces, one of the biggest revolutions in the history of mankind will burst forth. There will be 1,000,000 young civilization welded with the powers of Europe, America and Japan, against the untutofed hosts of the Empress Dowager. It is now asserted that Li Hung Chang is heart and soul with the reformers, and is exerting every effort to establish the new era. Moreover, it is added that onof the cablegrams received by Leung Chi Tso Tuesday was from the old diplomat. Another came from Kang Yu Wel, at Singapore. They told Leung that the time had come, and that he should return to

the Orient at once. The scheme seems to be to get an understanding with the allied powers that the Emperor, Kwang Hsu, will be restored to power upon suppression of the Boxer movement. With this agreement the signal will be given and the reformers throughout the Empire will arise as one man and march with the allies against the Boxers and the forces of the impress Dowager. The reformers are confident of the outcome. They believe that in a very short time peace will reign again. Everything depends upon the acceptance of their proposition by the pow-

LI IN AN ARSENAL. The Viceroy Belleves It Better to

Be on the Safe Side. LONDON, July M .- Telegrams from Shanghai report that Li Hung Chang has taken up his abode at the arsenal, as a measure of precaution. It is not stated whether he feared attack by Chinese or

attempts of the powers to curtail his liberties. Apparently the foreign Consuls at Shanghai have informed the Viceroy that unless he obtained definite dis-patches from Pekin within five days they would conclude the Ministers had been murdered, and act accordingly.

While the latest impression delivered from the array of conflicting telegrams is that a portion of the foreign colony at

Pekin may have escaped slaughter, until a recent date, the general consensus of the best informed opinion of Europe eems to continue to favor the acceptance of the worst news, and prompt thereon, the contention being that the only possibility of definitely ascertaining the truth is by the allied commanders inquiring at Pekin. Judging from the news from Tien Tsin, however, recording divisions among the Admirals there, the prospects for a speedy advance seems to be endangered, unless the government speedily agree upon a supreme leader. Reports are current that a number of missionaries, American or English, have been murdered in Shanst. One of the dispatches from Shanghat published here

Admiral Remey has just been on a visit to Tien Tsin, where he went to make an examination into the conditions existing there, and presumably to gather what information he could as to the future intentions of the ailies. For this reason it was expected he would be able to give some information of the probable the forward movement on Pekin would begin. According to the naval authorities, Admiral Remey's dispatch gave no information of the present strength of the foreign troops now ready to begin the campaign. The estimates furnished two weeks ago by Admiral Kempff for the China campaign contemplate an army of 60,000 men for the march to Pekin and 20,000 to guard the bases of supplies at Taku and Tien Tsin and keep open the lines of communication. Nothing like this number of men are yet in the field. "No cablegram from China today," was the response of Mr. Wu, the Chinese Minister, to inquiries made to him tonight for news. He is anxiously looking for a reply to the latest dispatch sent through him to Mr. Conger from Secretary Hay but hardly expects one for several days.

Trouble Now in Hainan

NEW YORK, July 26.-A special to the Journal and Advertiser from Hong Kong Consul-General Wildman has been formed that the Chinese Governor of the Island of Hainan has served notice on the Consuls that he is unable to protect the foreigners any longer. The American missions have appealed to Consul Wildman to send a warship to Hot How to bring away the foreigners. It is believed that three men, three women and three children, belonging to the American Presbyterian Board's mission at Nodos, Hainan, have been murdered by Chinese Imperial troops. IN LINE WITH GERMANY. Foreign Office in Berlin Agrees With

McKinley's Attitude.

BERLIN, July 26.-The German Foreign Office, which has received no additional news from China today, points out that the conditions for mediation demanded by President McKinley, published in Ber-lin this morning, place the United States in substantially the same position as Ger-many and France. Nevertheless, the Ger-man press continues to assert that the Washington Government is trying to part company with the powers. The Freissin-nige Zeitung remarks: "All the powers, with one exception, refuse to be deceived longer by Chinese double dealing. That exception is the United States, which formally abandoned the concert of the pow-

Another circumstance which has made a bad impression here is the refusal of the American and British Admi. is to vote to give Russia control over the rail-road to Tien Tsin. The Berliner Tageblatt says that such refusal is a proof of dissension among the powers, and can only encourage the Chinese. The Kreuz Zeitung, which repeats its pessimistic views concerning the harmonious action of the powers, asserts that the present difficulties in the way of a united advance upon Pekin are even greater than the military difficulties. The Vorwaerts contrasts President McKinley's answer to the Chinese note with Count von Bulov praising McKinley's as a masterpie saying that "the American President plays upon China's sympathy without in the slightest degree committing himself. While he states conditions clearly and energetically, he avoids every threat and rude rattling of the saber. McKinley is

really a man of fine parts." Count von Bulow, before going to Bre-merhaven, had an interview with the Russian Ambassador and subsequently with the American. The American and British Consuls have recommended their respective people to send their families to Shanghai. Nevertheless there are no symptoms that serious disturbances are impending. The Viceroy has taken all necessary measures to protect foreigners and to reassure Chinese.

FIGHTING IN PEKIN CEASED. Again It Is Said the Ministers Will Be Sent to Tien Tsin. TOKIO, Tuesday, July 24.—A message which arrived from Shanghai yesterday

makes the following assertions:
"Yuan Shi Kai, Governor of Shan Tung has received a letter from Pekin, dated July 18, declaring that a legation courier was captured by the Chinese guards July 13 and that thereupon General Yung La petitioned the throne to employ the cour ler as a messenger to communicate with the Ministers. against the internationals.

Mr. Ye, the Corean Charge here, took to the State Department this morning a dispatch from his government denying positively the published stories that the Boxer movement had extended to or that any Chinese Boxers had crossed the Corean frontier. The news was well received, for it is believed that Russia will thus be enabled to spare many more troops from her Siberian army, for use in the international force.

Minister Wu came down and asked for half an hour with Acting Secretary Hill, but he declared he had nothing from home, though he was confident of imhome, though he was confident of im-portant developments in the immediate future. The Chinese Minister expressed to Secretary Hill his continued hope that the Ministers in Pekin were still safe, and said he believed he would be able to deliver to the department a message from Minister Conger that would make that hope certain

Rockhill Knows Yuan.

Special Commissioner Rockhill will eave Washington Saturday, with Mrs. Rockhill, for San Francisco, stopping a day or two at Chicago en route. This will enable him to reach San Francisco in time to take the Japanese liner Maru, which sails for Yokohama and Nagasaki on August 3. It will not be necessary for him again to see President McKinley, as he already has the fullest in-structions from the President. Mr. Rockhill today appeared to believe that his task has been made more diffi-cult by the developments of the past day or two, particularly the drifting of China into a regularly established state of war with the powers. He is charg about accepting, without full confirmation, any advices as to the situation at Pekin that pass through the hands of the notorious Viceroy at Shan Tung, Yuan Shih Kai, who is well known to him. Yuan was the Chinese Government's representative in Corea in the period just preceding the Chinese-Jananese War, and it is said that he was the one official

directly responsible for that war.

The Chinese Minister at London is understood to be one of the most intimate of Li Hung Chang's peculiar Chinese circle. He was personally attached to the great Viceroy's household, as was also Mr. Wu, the present Minister to Washington, and it is assumed that the ascendency of Li Hung Chang in the Chinese councils at this time will mean the free employment of these two agents in the effort to re-establish amicable relations between the Chinese Government and the powers.
