RUSE WILL NOT WORK

China's Offer Rejected by the United States.

THE CAMPAIGN WILL GO ON

Return of Foreign Ministers Will Not Cause a Suspension of Military Operations.

WASHINGTON, July 27.—Secretary Hay signalized his return to Washington this morning by the announcement that under no circumstances will the Government ac-cept the Chinese offer to turn over the foreign Ministers to the internationals at Tien Tain in consideration of a suspension of the campaign against Pekin. The State Department claims to be pur-

suing an entirely consistent course in this decision. The officials point out that all of the bitter criticism in the European papers directed against the United States policy is based upon a total misunderstanding of the fundamental principles which have governed the actions of the department. At no time, it is said, has the State Department allowed the belief that the foreign Ministers at Pekin were alive to interfere in the slightest degree with the prosecution of its military plans for reaching Pekin. On the contrary, the news that the Ministers were alive was accepted by the State Department, not as conveying absolute ver-ity, but as an additional reason for hasng the relief column forward to Pekin. It was the department's contention that, even though a degree of improbability surunded the Chinese news as to the state rounded the Chinese news as to the state
of affairs in Pekin, yet every consideration of humanity and policy demanded
that it should be given careful consideration, and that it should be acted upon as if
true, provided that action went to relief of foreign Ministers, and did not operate to prevent the consummation of any of the objects laid down in Secretary Hay's identical note. The department is absolutely satisfied that its attitude was perfectly correct and that even European ities will in time admit that fact.

Secretary Hay's decision to decline the last Chinese position was based upon his determination to adhere strictly to the conditions laid down in the reply to the Chinese Emperor's appeal. The State De-partment required that the Minister at Pekin be put in communication with the Government and, the most significant condition of all, that the Chinese authorities dition of all, that the Chinese authorities co-operate with the relief expedition for the liberation of the Legations. Until these two things are done, the State Department absolutely refuses to be led into any arrangement looking to the mitigation of the punishment of the Chinese Government, such as the abandonment of the constitution to Polytic. the expedition to Pekin.

It is not known at present just how this last propestion reached the State Department. It is inferred that it came from several sources, but all are believed to be traceable to Li Hung Chang. Mr. Goodnow, who is Consul-General at Shanghai, is the nearest United States official to LL and has acquitted himself so well up to this point that the State Department does not hesitate to make use of him as a diplomatic agent Therefore it may be interesting for the foreign contingent at Shanghal, who have ined against Mr. Goodnow's Intercourse with Li Hung Chang, to know that the Consul-General is acting in strict accordance with the instructions of the State Department. Secretary Hay has cabled him to put himself in communication with Earl Li and to avail as far fluence in securing the objects plainty stated in the identical note. It does not follow that the United States is bound to second without question are

Mr. Goodnow is a shrewd man, and the Department of State feels itself able, using him as an intermediary, to give proper weight to anything coming from well-defined objects and it is not to be deterred from so doing by any criticisms that it is thereby disturbing the solidarof the powers in their dealings with Chinese Government.

Special Cabinet Meeting.

A special Cabinet meeting was held in Secretary Hay's office at 11 o'clock this morning. The Secretary of State, fresh from his personal intercourse with the President, was in a position to advise his colleagues of Administration's purpose, and the Hesides Secretary Hay there were pres ent Secretary Gage, Postmaster-General Smith and Secretary Root. When the Cabinet conference adjourned it was stated that no further definite plans concerning the action of this Government had been prepared. The meeting was a general interchange of opinions and views. Secretary Hey laid before the members the latest information he has re-ceived, including a dispatch from Consul-General Goodnow at Shanghal.

The movement of the troops from Ties would depend upon the arrival and mobilization of troops of other na-tious new on the way to Taku. He said it would be impossible for the United States force, small as it is, to go alone. It is further stated that all the United States troops that could posthe United States troops that could pos-stilly be spared had been ordered to China. This Government resumably is still accepting in good faith the presen-tations made by Minister Wu. Our of-ficials figure that two days must ret clapse before an answer can be received from Minister Conger (presuming he is still alive), to the last code message sent him. In the meantime they are directing every energy to getting all the men they can into China to co-operate with the aillied forces in the forward movement. This Government has not been notified

of the selection of a commander for the aliled forces in China, and it is thought the selection has not yet been made, General Chaffee has orders to do all in his power to facilitate the selection of a head for the expedition. It may be stated that whatever the pre-erences of this Government might be, we will cheerfully acquiesce in the selection of any one of the foreign commanders on the ground. The chief unxiety of this country is to have a start made for Pekin as soon as practicable. In case the commanders on the ground cannot agree among them-selves, the question will have to be re-ferred back to their respective govern-ments. This would be regarded here as a deplorable delay. If the question is thrown back on the various governments; the United States is in the frame of mind to interject some very plain and forceful language into the controversy, which would probably more than ever convince the foreign Chancellors of the business-

like brand of American diplomacy.

Admiral Remey's information as to the strength of the allied forces between made it plainer than ever to the Cabinet that it is almost hopeless to look for an advance by July 30. The Administration, it is said, has received no word from the American officers ashore Indi-cating that the allied commanders have reduced their estimate of 80,000 men as the minimum strength of the column necessary for a forward movement. It is true that the department has been noti-fied that the country has been partially evacuated by the Chinese troops or Boxers north of Tien Psin, but this was not regarded as indicating that any less resistance is to be expected in case the allies have to force the defenses of Pekin. Secretary Thiebaut, Charge of the troo French Embassy, was at the State De-partment today and had a conference Nor

is understood that the French Government does not place credence in the sleged dispatch from Minister Conger July 18, and that it desires to co-operate with the United States in a forward movement towards Pekin at the earliest possible movement. It is expected that when the Franch troops under orders reach China, they will have a force of 12,000 men, which will be under the command of an experienced officer of the

ank of Major-General. Minister Wu was quite elated this morn ng when he was informed by a repre sentative of the Associated Press that it was reported the surviving members of was reported the surviving members of the diplomatic corps were being confluct-ed to Tien Tain by troops of Jung Lu, Commander-in-Chief of the Chinese forces. He said he would not be sur-prised to hear at any time of their ar-rival at Tien Tein. Minister Wu said be had received no news from China in the last the hours. last 34 hours.

The Department of State is in receipt of a cable dispatch from Consul For at Che Foo, in reply to one sent him, asking information of missionaries in China. Mr. Fowler in his reply says only one missionary, presumably French, is known to be in the interior of Honan At Shan Tung only Americans are situated. Those not rescued are the persons who went to Pekin, belonging to the American Board of Foreign Missions, and are believed to be Arthur Smith and wife, Wyckoff, his sister; Chapin, his wife and two children. These names were given in a previous cable dispatch, in which Mr. Fowler said he believed that only two foreigners were in the interior,

The following dispatch has been re-ceived at the State Department from Consul-General Goodnow, at Shanghai, dated July 27:
"An official telegram received here on

LETTER FROM MACDONALD. It Said the Fereigners Were Holding Out July 6.

LONDON, July 27.—This morning's reports from Shanghal reiterated the illegation that the surviving bers of the diplomatic corps had already left Pekin on their way to Tien Tsin, and added that the foreigners are ing escorted by the troops of Jung Lu, Commander-in-Chief of the Chinese forces. This move is stated to be the outcome of very stormy interviews between Li Hung Chang and the foreign Consuls, and to have been taken in the hope of abating the wrath of the powers and delaying the advance of the ailies to-

ward Pekin. Advices received from the same source state that half the foreigners in Pekin have been killed or wounded or have died as the result of the privations they had undergone. Simultaneously comes the following cable dispatch to the Daily

"We are receiving no assistance from the authorities. Three legations are still standing, including the British. We also hold a part of the city walls. The Chinese are shelling us from the city with a three-inch gun and some smaller ones and are sniping us. We may be annihilated any day. Ammunition and food are short. We would have perished by this time only the Chinese are cowards and have no organized plan of attack, if we are not pressed we may be able to out a fortnight longer; otherwise four days at the utmost. Some of the statements are strikthe great Vicercy. In so doing, the Department is carrying out its policy of making all proper use of any instrumental individual in the published version of force for China, says that this is being brought about by a second appeal within making all proper use of any instrumental individual in the published version of force for China, says that this is being brought about by a second appeal within the regiments composing the army for tallities within its reach to achieve its effective, as the casualties were the same according to the letters of both dates. As lending color to the suggestion that the communications are identical, it may be stated that the Beigian Foreign Office this morning received a dispatch from Shanghai under today's date, mentioning the receipt of a letter from Sir Claude Macdonald, dated July 4, in which it was stated that the besieged foreigners in Pekin were reduced to horsefiesh. The Belgian Consul at Shanghai also reported that a servant of the German Minister who left Pekin July 9 stated that the British legation was only attacked at night, and, if resupplied, he believed could hold out.

In missionary circles at Shanghai, ac cording to a dispatch received here today, it has been learned that all the missionaries of Pao Ting Fu, in the province of Pe Chi Li, have been murdered. All the ople of the mission at Amoy, province of Fo Kien, are reported well.

CHINA'S LATEST PROPOSAL No Faith Placed in It by Foreigners in Shanghai.

NEW YORK, July 7.—A dispatch to the Herald from Shanghai, says: The proposal made by the Chinese Government to the American Consul through Sheng, that hostilities against the Chinese should cease upon condition that the foreign Ministers were sent under escort to Tien Tsin appears to be part of a deep-laid plan to conceal the date of the massacre and the duplicity of the officials who, being in possession of the news, sup-

The story will be that the Ministers all left Pekin under a strong escort, but were set upon by a mob of Boxers. It will be announced that, although the Chiness soldiers fought bravely, they were overcome and all were massacred. In an interview which he has had with

the American Consul here, Li Hung Chang solemnly declared that the Ministers in Pekin were all safe. He denied the statement that Kang Yi had been ap-pointed Viceroy of Canton.

The Viceroy of Nankin, Liu Kun Yi, is himself ignorant whether the Ministers are alive or dead. Liu Kun Yi is deter-

mined to preserve order in his provinces, but if any reasonable fear becomes current of the partition of China being inrent of the paramal injury to the Em-press Dowager being threatened the whole of Central China will explude. The situation is indeed very precarious. Chinese troops have retreated from the

native city of Tien Tsin and are concentrating at Yuang Tung, on the railway line to Pekin, with a view of opposing the advance of the allies.

KAISER SAYS SPARE NONE

EMPEROR WILLIAMS FAREWELL TO THE GERMAN EXPEDITION.

Urged His Soldiers to Teach the Chinese a Lesson They Will Never Forget.

BREMERHAVEN, July 27 .- Part of the German expeditionary force for China sailed today on board three transports. Sailed today on board three transports. Emperor William, accompanied by two of his sons and the Imperial Chancellor, Prince Hobenlohe, witnessed the embarkation of the expedition and delivered a

The Emperor's Words. BERLIN, July 27 .- The Lokal Anseiger says the Emperor, when addressing the troops at Bremerhaven before they sailed for China, referred first to the responsi-bilities which had sprung up for the Ger-

man Empire abroad during the last dec-ade. Germany's troops, he said, must now show, in the face of the enemy, whether their tendencies—the tendencies which German military methods had followed-are right. Their comrades, the marines, had already proved that the training and principles upon which that arm of the forces had been built up were the right ones, and now it was for the ops to do the same.

"Every German has been filled with pride," continued His Majesty, "to learn that the highest praise bestowed upon German warriors has come from the mouths of foreign leaders. The tank before you is a great one. That a people like the Chinese should cast to the winds international rights a thousand years old and treat with scorn the sanctity of an Ambassador and the rights of hospitality in a manner so horrible is unprecedented in the history of the world. Every civil-ization not founded on Chistianity is sure

"So I send you out. May you all prove your German efficiency, devotion and bravery, bear joyfully all discomfort and uphold the honor and glory of our arms. You must set an example of discipline, self-domination and self-control. If you seri-commands and seri-control. If you close with the enemy, remember this: Spare nobody, take no prisoners. Use your weapons so that for a thousand years hence no Chinaman will dare look askance at any German. Open the way for civilization once for all." The address concluded as follows:

"The blessing of the Lord be with you. The prayers of the whole people will accompany you in all your ways. My best wishes for yourselves and for the success of your arms. Give proofs of your courage, no matter where. May the blessing of God rest on your banners; and may be vouchsafe to you to find a path for Chris-tianity in that far-off country. For this you have pledged yourselves to me with your eath to the colors. I wish you Godspeed. Adleu, my comrades,"

The Lokal Anzeiger's report of the speech differs from the semi-official reports, notably in respect to the reference to sparing none and making no prisoners when coming into close quarters with the enemy, but the correspondent of the Asso-clated Press was assured this evening by a perfectly responsible person who heard the speech that the Lokal Anzeiger's report is correct.

AN APPEAL FOR HARMONY. Emperor William Writes to the Sov-

The attitude of the United States is judged much more mildly by the Foreign Office than by the press generally. Discussing this question today, a prominent cussing this question toda Foreign Office official said:

"I do not believe that the Uniteed States will take up an isolated position in the Chinese question, because it is evident that the Washington Government in prin-ciple agrees with the European powers. Moreover, if the United Etates were just now to choose to go its own way, it would soon see disagreeable consequences resulting from such a course.

Regarding the alleged intention to be-gin the advance upon Pekin within a week, the German Government has no information. Some new hope that the Legationers are alive has sprung up here, owing to the several circumstances pointing that way, particularly the arrival of Baron von Ketteler's groom at Tien Tsin with the statement that the foreigners in

Pekin were alive July 8.

The detailed dispatches received here from the German commanders show that it is clear that the lack of a chief com-mander during the Tien Tsin fight until mander during the Tien Tsin fight until.
July 14 proved very hampering and retarded the capture of Tien Tsin several days, thus causing much unnecessary bloodshed. The German press express the hope that the question of commander-in-chief will soon be solved.

VICEROY TAK'S STATEMENT. He Declares the Ministers Were Safe July 23.

NEW YORK, July M .- A dispatch to the Herald from Canton, July 24, says:
Special couriers who have just arrived at the yamen of Vicercy Tak Su bring re-ports which, if true, confirm the pre-vious messages asserting that the foreign Ministers are safe in Pekin. The Viceroy will tomorrow issue a proclamation to the foreign residents and Consuis, worded as

The British Minister replied that all were well and hoped for peace

They regard successful dupilicity as the highest attribute a Viceroy can possess.

Many Chinese frankly declare that the telegrams about the safety of the foreigners in Pekin, received by the two Viceroys, L4 Hun and Tak Su, Yuan Shi Kai and Sheng, are misleading. Some persons in the Viceregal Yamun at Canton instruments that the Ministers have also as sinuate that the Ministers have died of hunger. Rumors, indeed, are as numer-ous as they are conflicting. While he does not say so, Mr. Goodnow evidently believes that they are being mobilized somewhere. Many of those leaving, he says, have had close relations with the Europeans, and if their departure had been on account of fear of war between the allies, some of them, he thinks, would certainly make their fears known to their white friends. The Europeans therefore have organized a body of volunteers and have refused to admit any natives to it, although several offered their sprvices. This illustrates the suspicion with which all natives are regarded. A number of Sikh policemen of the English concession are in the ranks. Mr. Goodnew has given up his plans for a trip home, and will remain at his

NEW YORK, July 27.-Senator M. A. Hanna, chairman of the Republican Na-ional committee, reached the National headquarters shortly after 10 o'clock to-day. He was accompanied by Cornellus N. Bilss, treasurer of the committee, Mr. Hanna said he was much pleased with the situation, but at present had little to say for publication. He was shown through the suite of rooms by Commit-teeman Frederick S. Gibbs, of New York. After the inspection he went to his own private room, where he was joined by Senator N. B. Scott, of West Virginia; Joseph H. Manley, of Maine; Frederick S. Gibbs, of New York, and Cornelius N. Bliss. Committeeman Brooker, of Convection, who was in the National headnecticut, who was in the National headquarters, was allowed by courtesy to join the others, and a conference then took place.

Cornelius N. Bilss said the conference was to consider the formal opening of the campaign and getting the National headquarters in order. He said meetings would be held every day. Senator Hanna said:

We are very busy mapping out work to be done in different sections of the country. There is nothing suggestive in the meeting today other than it is the first meeting. I expect to be here every working day until I leave Elberon, alugh I may make a trip to Chicago now

Surprise was expressed by sound-money Surprise was expressed by sound-money permocrates yesterday over the news from Indianapolis that the Gold Democratic National Committee still had 2000 in the treasury left over from the campaign of 1896. This is almost unexampled in the history of political committees

It was known that the business men of New York literally poured money into the Gold Democratic organization, but it was thought all the money had been pent. This belief was based on repeated and insistent demands for more money which were made by leaders of the sound money movement in certain Western states on Cornelius N. INTERVIEW WITH JONES. He Expects Help From the Gold Dem-

Senator Jones said he came here to look over the situation and talk with the leaders, and does not know how long he will stay. Asked what he thought of the significance of the failure of the Gold Dem-ocrats to name a third ticket, he replied: "Why, I think that means that a number of Gold Democrats will vote for Bryan. don't see what other construction can

be placed on it,' Asked about the anti-imperialist meet-ing August II, he answered: "That also will help Bryan immensely and will help the Democratic party in various ways."
Speaking of the absence of any income
tax plank in the Democratic platform, Senator Jones said: "As chairman of the National Democratic committee and also chairman of the platform committee, I can say at this time that it was a mat-ter of unintention oversight that it was left out. It was in the platform, but the stenographer, in revising his notes, left it out and it was not noticed." Chairman Jones said he did not know when the National Democratic comp would appoint the executive committee.

Iowa Republicans Are Active. WASHINGTON, July 28 .- Even though lowa is safely Republican, it would seem, from advices received in Washington, that the Republicans of that state are very active, and will make a strong cam-paign for their party this Fall. But the Democrats are likewise active, and are striving to make a good showing against their opponents. Iowa at present has a comes from Durango and Chihuahua

Some of these districts are close, and in these the Democrats will make espechally strong campaigns in the hope of breaking the solid Republican strength in the House. But in spite of this the Republicans say that their platform is such as will appeal to the people, and that with sound money, expansion and general prosperity to work on, they will have no trouble in holding their own said have no trouble in holding their own and giving a good Republican majority on the National ticket. Bryan's Notification Speech. LINCOLN, Neb., July 27.-W. J. Bryan said today that in his notification speech at Indianapolis he would follow the plan he pursued at the notification meeting in

"The platform of that year," he said, "declared the money question to be a paramount issue, and in my notification speech I devoted almost all the time to the discussion of that question. Negro Express Robber

ATCHISON, Kan., July 27,-Just after the Missouri Pacific through Omaha passenger No. 1 left Atchison at 11:45 last night for the north, a masked robber entered the express car, covered John Kreiser, the messenger, with a revolver, and demanded the contents of the express safe. Kreiser convinced him that the safe could not be opened until the train reached Omaha, and, after taking a sliver watch from an express package, the robber ordered the messenger to apply the air brake. When the train slowed up, half a mile out of Atchison, the robber got off and escaped. While in the car his mask slipped down and revealed the fact that he was a negro. GARMENT-MAKERS STRIKE.

New York Workers Urged to Become Naturalized.

NEW YORK, July 27.-The strike agiation continues among the East Side clothing industries. A circular issued to the pantsmakers, who are now on a strike for a new wage schedule, strongly advises them to become naturalized citizens. The pantsmakers are all Polish Jews, and the circulars are printed in American and Yiddish. A good many of them are citizens now, but the union wants all to be. Bercovits also said that about 50 contractors had signed the new agreement up to date.

At the headquarters of the Clonkmakers Union it was reported that 5300 cloak-makers had held shop meetings to prepare new wage schedule. About 5000 more loakmakers, employed by other firms will hold shop meetings for the same purpose this week. There are also 2000 in Brooklyn to be heard from. Louis Levy, secretary of the union, said that it looked as if the cloakmakers would have to strike for their new demands, although a strike would be avoided if possible.

The knee-pants makers are also engaged in preparing new demands. Like the panismakers, they are employed by contractors, who, in turn, work for large clothing manufacturers. Louis B.
