THE THIRD TICKET

Will Be Put in the Field by the National Party.

THE CONVENTION OPENS TODAY

Anti-Imperialists, Who Also Meet in Indianapolis, May Split Over the Ticket Question.

INDIANAPOLIS, Aug. 13.—Delegates to the National Party's Convention are beginning to arrive. The members of the National party hope to form an alliance with the anti-imperialists, and they hope that the anti-imperialists will indorse the ticket they nominate. Louis R. Ehrich, of Colorado, will be the presiding officer of the convention. Today a conference was held at headquarters, and the following statement issued:

"A mass convention is hereby called to meet at Indianapolis at 2 P. M., August 14, to nominate or co-operate in the nomination of candidates for President and Vice-President upon a platform substantially as follows:

"The Democratic party is conducting a direct attack upon the institutions of our country. It advocates dishonest money and threatens the integrity of the judiciary.

"The Republican party is conducting an indirect attack upon the institutions of our country. At home it corrupts the public morals by selling public offices and special privileges to the highest contributors to party assets; advocates a wicked war of conquest in violation of the principles of the Declaration of Independence.

"No man serves well his country who joins in either of these attacks. Party to neither, therefore, but opponents of both, we pledge our honest efforts to the following ends:

"First—Independence and protection to the inhabitants of Cuba, the Philippines, Porto Rico and Hawaii.

"Second—Single gold standard, and a sound banking system.

"Third—the abolition of all special privileges.

"Fourth — A public service based on merit only.

"In pursuance to this call the mass convention will assemble in the hall on the seventh floor of the Commercial Club building, at 2 o'clock tomorrow (Tuesday) afternoon. This call is addressed to all of those opposed to the candidates and the platforms of the Republican and Democratic parties. Delegates to the anti-imperialist convention and all citizens are cordially invited."

THE ANTI-IMPERIALISTS.

Trouble in Prospect Over a Third Ticket.

INDIANAPOLIS, Aug. 13.—The Congress of the Anti-Imperialist League will be called to order Wednesday in Tomlinson Hall by ex-Senator John B. Henderson, of Missouri, who will introduce ex-Governor Boutwell, of Massachusetts, as presiding officer. There will be no set programme for the first session. A number of short speeches will be made, relative to determining what is the best course to pursue.

Governor Boutwell is opposed to placing a third ticket in the field, and will use all his influence to prevent the nomination of a third ticket and likewise the indorsement of Bryan and Stevenson. He believes strong resolutions denouncing imperialism should be adopted, and that then the meeting should adjourn. Carl Schurz will take part in the convention, it is stated, positively. It is also affirmed that Schurz will insist upon an indorsement of Bryan and Stevenson, and that he will be aided in this by Henry U. Johnson, ex-Republican Congressman from the sixth Indiana district. Bourke Cochrane is expected to make an address.

Those who favor a third ticket have suggested the names of Thomas B. Reed, Richard Olney, ex-Governor Boutwell and ex-Senator Henderson.

The Indiana Anti-Imperialistic League, formed today, has about 500 members, scattered throughout the state.

PRANKS OF LIGHTNING.

Havoc Wrought by the Storm in New York.

NEW YORK, Aug. 13.—Latest reports of the big electrical storm which passed over this vicinity yesterday, show that the havoc wrought by the lightning and wind was unusually severe. Lightning struck the Gilsey House, split one of the flagpoles and shook the hotel to its very foundation. The great gilt ball and a 12-foot piece of the pole fell into Twenty-ninth street. Another section of the pole struck the street on the Broadway side. It weighed more than 300 pounds.

E. Benner, a bicyclist, was instantly killed by a bolt of lightning during the storm while standing in the doorway of Benjamin Brothers' bathing pavilion on the shore of Great South Bay, near Bay Shore, L. I.

Thomas Dunn, 16 years old, was killed by lightning as he stood beneath a giant oak tree, where he had sought shelter from the storm near Jamaica, L. I.

In Jersey City the gale tore off 40 feet of the roof of St. Paul's German Evangelical Lutheran Church and knocked down part of the rear wall.

A trolley car of the North Jersey Street Railway Company was struck by lightning in Orange, N. J., and the car was enveloped in flames. In the rush to escape five persons were injured, two of them seriously. Mary Lombard, 6 years old, Orange, sustained severe scalp wounds and injuries about the body. Mrs. Kohler, of Newark, was wounded about the head and injured internally.

At Bloomfield, N. J., a circus tent was blown down.

At Elizabeth, lightning struck a tank in the oil yards on Front street and started a blaze.

At Hackensack, N. J., the wind stripped limbs from trees. A score of trees were hit by lightning and torn to pieces. Uprooted trees mark the course of the storm in Hoboken. About 200 yards of the fence inclosing St. George's cricket grounds was also blown down and the gospel tent in a vacant lot was ripped into shreds and thrown across the street.

The training quarters of Joe Bernstein, the pugilist, in this city, were struck by lightning. Mrs. Bernstein was knocked unconscious by the bolt, and did not recover her senses for more than 20 minutes. When the lightning struck the house, Bernstein and Jimmy Michael, the cyclist, were punching the bag in a room adjoining that in which was Mrs. Bernstein. The punching apparatus was ruined by the lightning, but both Michael and Bernstein escaped injury.

At the President's Home.

CANTON, O., Aug. 13.—So far as visitors were concerned, the President had an unimportant day. There were no callers of note, but the usual number of people came to pay their respects. This was a busy day in the matter of official work. President and Mrs. McKinley will leave for Washington at 1:35 o'clock Thursday afternoon. The Canton home will not be closed during their absence, which will be for about two weeks.

Fire on Shipboard.

NEW YORK, Aug. 13.—The White Star liner Cymric, just arrived, had a terrible experience while crossing the Atlantic. At noon Sunday, August 5, when the big vessel was 19 hours out from Queenstown, fire was discovered among the cargo in the forward hold, and it raged for 36 hours until midnight Monday, when it was then reported to be under control. Hold No. 1, where the fire is believed to have originated, had been flooded for the purpose of checking the flames. The water leaked through into the other compartments aft, causing heavy damage to the general merchandise stored there. The vessel, however, was not seriously injured.

A WELL-KNOWN ASTRONOMER

Eminent Place Occupied by the Late Professor Keeler.

SAN FRANCISCO, Aug. 13.—Professor James E. Keeler, Director of the Lick Observatory, who died yesterday at a sanitarium in this city, had been suffering for some time from heart trouble, to which pneumonia was added in the past few days. Mr. Keeler left Highland Springs, where he had been recuperating, last week, intent upon securing medical aid in this city. On his way here he suffered a stroke of apoplexy, from which he did not rally. He was taken to the hospital in a precarious condition and died in a few hours.

Professor Keeler was one of the astronomers who participated in the Colorado expedition for the observation of the solar eclipse in 1878. He afterward served as the director of the Allegheny University, and was a colleague of Professor Langley in the famous Mount Whitney, Cal., expedition. He studied with Wuitcke at Heidelberg and Helmhosin in Berlin, and on his return from Germany again worked with Langley and was afterward attached to Lick. When Professor Langley retired from Allegheny, Professor Keeler took his place.

His work there was almost exclusively in the line of stellar spectoscopy. Two years ago he became the director of the Lick Observatory. He was regarded as one of the most eminent of American astronomers.

William M. Gravenhorst.

NEW YORK, Aug. 13.—William M. Gravenhorst, the Netherlands' Consul, is dead from heart failure at his home in Brooklyn. Mr. Gravenhorst was born at Curacoa, Dutch West Indies, 64 years ago. He was educated at the University of The Hague, and, returning to the Dutch West Indies, was appointed Governor of Aruba. For services rendered to the Venezuela Government he was decorated with the Order of Bolivar by Guzman Blanco. The King of Holland decorated him with the Order of the Oaken Crown, and he also received a medal rfom his government for faithful services. Fifteen years ago he was appointed Vice-Consul at New York, and two years ago Consul.

Kirk C. Ward.

SAN JOSE, Cal., Aug. 13.—Kirk C. Ward, a well-known Pacific Coast journalist and a member of the Mercury staff, died tonight as the result of a stroke of paralysis received one week ago. Mr. Ward had for 10 years been connected with various journals in San Francisco. Prior to that time he was identified with Seattle journalism, being the founder of the Post, afterward merged into the Post-Intelligencer.

Major F. A. Whitney.

WASHINGTON, Aug. 13. — Adjutant-General Corbin received a cable message this morning from General MacArthur, saying Major F. A. Whitney, of the Sixth Infantry, died at Manila the 11th inst. of heart disease.

SAN FRANCISCO STRIKE.

Millmen's Union Wants an Eight-Hour Day.

SAN FRANCISCO, Aug. 13.—The Millmen's Union, backed by the Building Trades Council, today began in earnest its fight for an eight-hour day. A strike has been ordered and the strength of the movement will soon be known. The lumber and planing-mill owners have not yet decided whether the mills shall try to continue operations with nonunion men or shall close down until an adjustment is effected. In four San Francisco mills and in all of the Oakland mills the union men were paid off Saturday night after their refusal to return this morning under the old schedule and were ordered to remove their tools from the works.

"Unless some understanding is reached before the end of the week," said Andrew Wilkie, proprietor of the Mechanic's mill, "I believe building will practically cease in San Francisco and the Bay cities and the 15,000 men in the building trades will be thrown out of employment."

No advance in wages is asked, but the same pay is wanted for eight hours as is now given for nine. The mill men say they cannot grant the raise and meet Eastern competition.

Break in Building Trades Strike.

CHICAGO, Aug. 13.—The Times-Herald tomorrow will say:

"The carpenters, the strongest organization of artisans in the Chicago Building Trades Council, have decided to withdraw from that body, and most of the men probably will be at work within two weeks. The move of the carpenters is the second big break in the central organization of the building trades workmen, who have been at loggerheads with the contractors for many months."

More Pay for Operators.

PITTSBURG, Aug. 13.—After several conferences with the Baltimore & Ohio Railroad officials, the Order of Railway Telegraphers has secured recognition of the order and a readjustment of wages and conditions, which will mean an advancement and betterment to the majority of 2000 or more operators employed on the Baltimore & Ohio system. In some instances, the advance will be between $5 and $10 a month.

Kingfisher Bank Fails.

KINGFISHER, O. T., Aug. 13.—A notice posted on the door of the Bank of Kingfisher this morning announced that the bank was in the hands of the Territorial Bank Commissioner. The reported liabilities are $61,000; the assets, $51,000. The bank is owned chiefly by J. C. Po t and wife, and has a capital of $20,000. Deposits were received up to Saturday night. The County Treasurer has $13,000 on deposit.

Illinois' Wheat Crop.

SPRINGFIELD, Ill., Aug. 13.—The State Board of Agriculture issued a bulletin today stating that the Winter wheat crop of Illinois amounts to 20,677,000 bushels, the largest since 1896. The quality is excellent, and at the price of August 1, 68 cents, its value is $14,169,000, the best returns since 1894.

Nitro-Glycerine Explosion.

MUNCIE, Ind., Aug. 13.—A frightful explosion of nitro-glycerine occurred today, three miles east of Montpelier. The Gaithwait nitro-glycerine factory was demolished and two men injured. There 1500 quarts of the stuff in the explosion, and the country was shaken for miles around.

Canadian Pacific Dividends.

MONTREAL, Aug. 13.—At a meeting of the Board of Directors of the Canadian Pacific Railway, held today, dividends of 2 per cent on the preferred stock and 2½ on the common stock were declared for the half year ended June 30 last. The dividends are payable October 1.

General Wellston Ill.

SAN FRANCISCO, Aug. 13.—General E. B. Wellston is suffering from nervous prostration, caused by exposure in the Philippines. He has been removed from a hotel to the general hospital at the Presidio, where he can obtain more perfect rest.

Killed in a Street Fight.

ABERDEEN, Miss., Aug. 13.—Homer and Walter Bittle and Will Lanier were killed at Monroe Prairie in a fight on the public street, in which J. S. Lanier and his sons, George, Will and Jeff, took part.

EXTRADITION OF NEELY

JUDGE LACOMBE REFUSED TO SIGN THE WRIT.

On Account of Judge Wallace Granting Appeal to the Supreme Court.

NEW YORK, Aug. 13.—Judge Lacombe, in the United States Court, today refused to sign the writ of extradition for Charles F. W. Neely, on account of the action Judge Wallace in granting an appeal to the Supreme Court in the habeas corpus proceedings, but indicated that he did not think Judge Wallace understood the real situation of the case and he believed that if ': went to the Supreme Court in its present shape, the application for a writ of habeas corpus would be denied.

A citation in the Neely case, signed by Judge William J. Wallace, was filed in the Clerk's office of the United States Court today. The citation calls upon Henry L. Burnett, United States District Attorney, and William A. Henkle, United States Marshal, to appear before the Supreme Court of the United States in Washington, September 7 next, pursuant to a citation of April 4, in which Charles F. W. Neely is the appellant and Marshal Henkel the appellee, to show cause why the final order of the Circuit Court, the said petition of appeal, should not be corrected and speedy justice should not be done in that behalf.

In refusing to sign the extradition writ, Judge Lacombe said in part:

"I came here this morning to sign an order putting Neely in custody under an act passed by Congress, June 6 last, providing the Government make a disposition of the two suits under which orders of arrest still stand against him. I find, however, that the exceptional appeal of the prisoner's counsel has produced a most peculiar situation, a complication that, so far as I know, has never before existed in connection with extradition cases. Judge Wallace, of this court, has been applied to for a writ of habeas corpus on the ground, among others, that the act of June 6 is unconstitutional. The writ of habeas corpus was asked in order that the Constitutionality of the act be tested and to restore to liberty a prisoner alleged to be held under it. But the act of June 6 does not apply here. No one is restrained of his liberty under that act. I never issued an order authorizing his holding under the act of June 6. Now the proceedings asking a writ of habeas corpus has been refused, an appeal taken and an order issued by Judge Wallace remanding the prisoner. I do not know upon what information Judge Wallace acted. Nor can I see what else can happen to the appeal when it reaches the United States Supreme Court except that they will dismiss it as being brought upon insufficient grounds. Habeas corpus cannot be availed of under the act until some proceedings are held under the act. And I have been careful all along to allow the order of arrest in the civil suit to stand and not to attempt to put him under the provision of the new act."

Judge Lacombe said he did not want to sign papers dismissing the old charges and leaving the prisoner held only on the remaining order of Judge Wallace, and asked Mr. Lindsay if Judge Wallace knew the man was not held under the act of June 6. Mr. Lindsay did not answer directly, but said he knew the prisoner was arrested on an order issued by Judge Lacombe. Judge Burnett, by request of Judge Lacombe, stated his position in the case, saying he did not think Judge Wallace was fully informed of the prisoner's proceedings. Mr. Lindsay said all he wanted was an opportunity to submit this case to the Supreme Court. In this connection Judge Lacombe said:

"I certainly shall not take any action which will turn over to a foreign country or another state, it matters not which, a prisoner who is held here under an order of arrest in a civil or criminal section, until such actions shall have been discontinued. This position I have taken from the beginning. I shall not allow the prisoner to be remanded until we have got through with him. I shall assent to no proposition that will take the prisoner out of the jurisdiction of this court at the call of any tribunal on earth."

Judge Lacombe advised Marshal Henkel to keep the prisoner in custody under the civil order or under Judge Wallace's order, as he choose, and to advise with the District Attorney about that. The Government was given until next Monday to decide what further action they will take in the matter.

Stabbed by an Anarchist.

NEW YORK, Aug. 13.—James Syefane, an Italian, was stabbed to death with a stiletto in this city last night. His brother, Angelo, knows who the murderer is, but he will not tell.

"I have sworn to the vendetta," he says. "No one shall kill him but I."

The two Syefanes came from Croton Lake to visit friends and in the course of their visit became involved in an argument with a fellow Italian in a saloon, relative to King Humbert's character. The Syefanes eulogized the dead monarch, the third Italian described him as an oppressor of the people. The quarrel ended in an affray in which James Syefane was stabbed in the left breast. His assailant escaped, though pursued by a mob.

Identity of Hugo Robbers.

KANSAS CITY, Aug. 13.—A special to the Star from Goodland, Kan., says:

The two Union Pacific trainrobbers killed near here last week are believed to be James and Tom Jones, Missouri and Texas desperadoes. There is a reward of $3000 in Missouri and $1500 in Texas for the Jones brothers, dead or alive. Word from Springfield, Mo., says the description of the robbers fits that of the two men who were in Dallas County, Missouri, and who, after leading lives of desperadoes in that state, went to Texas. The body of the taller man will be exhumed to see if it bears marks that one of the brothers is known to have had.

More Time for Majors.

SALT LAKE, Utah, Aug. 13.—Another step toward the reopening of the Abe Majors case was developed this afternoon upon the receipt of a bill of exception in the case of the State of Utah vs. James Morgan, by Clerk Palmer, of the Supreme Court. The young man was tried at Brigham City, Utah, and sentenced to be shot within the walls of the state prison Friday morning, for the murder of Captain Brown, of Ogden. Late this afternoon Judge Miner granted a stay in the proceedings until the meeting of the Supreme Court in October, which will give Majors a lease on life until that time at least.

His Pocket Picked.

SAN FRANCISCO, Aug. 13.—C. N. McMahon, a young society man of Woodward avenue, Detroit, was robbed of $500 in greenbacks while coming out of the California Theater after the performance by a pickpocket, who secured the roll of bills, and escaped. The police think the crime was committed by an expert "crook" from New York.

Stockmen Still Alive.

ST. JOSEPH, Mo., Aug. 13. — Joseph Philpot and Frank Craig, wealthy stockmen, held up and shot near Nodaway by two men yesterday, are still alive. Philpot is at the City Hospital, doing well with a bullet in his back. Craig, who was shot five times, may recover. Samuel Johnson and John Miner have been arrested as suspects.

Ferrell Losing His Nerve.

COLUMBUS, O., Aug. 13.—Rosslyn Ferrell, the confessed murderer of Express Messenger Lane, will be taken tomorrow morning to Marysville, Union County, in which his crime was committed, for trial. An affidavit was filed against him there this afternoon. Ferrell is losing his nerve. He is beginning to show deep lines of care on his face. He still maintains he was alone in the crime.

Pitched Battle With Bandits.

ALBUQUERQUE, N. M., Aug. 13.—A pitched battle occurred near Graham, N. M., between a posse, under Deputy Sheriff W. K. Foster, and two bandits who robbed a store in Graham in broad daylight. One of the robbers was killed. The other was wounded, but he escaped.

Cuban Outlaw Killed.

SANTIAGO DE CUBA, Aug. 13.—Parejita, a well-known bandit, was shot and killed today at Palma Sorito, 20 miles from Santiago, by a corporal of the rural guard. This outlaw had been terrorizing the country for several years. He has committed numerous murders.

Hanged to a Telegraph Pole.

CORINTH, Miss., Aug. 13.—Jack Betts, a negro, was lynched this morning. He is said to have assaulted a 10-year-old white girl in this county Sunday morning. A mob took him from jail and hanged him to a telegraph pole on the public square.

Shot by Highwaymen.

NEWTON, Kan., Aug. 13.—Frank Prouty, of this city, was shot and fatally wounded about 9 o'clock tonight by highwaymen. The robbers fled. Posses of citizens are scouring the country, and bloodhounds have been wired for.

HUNTINGTON DEAD.

Report Sent From Racquette Lake, Where He Was Staying.

NEW YORK, Aug. 14.—A report received here says that a message was brought last night from Durant's Camp, on Racquette Lake, N. Y. The message contained the simple statement: "Mr. Huntington died suddenly tonight (Monday night)."

The message is supposed to refer to C. P. Huntington, the millionaire and railroad man. All telegraphic communication with Racquette Lake is cut off at this hour, and it is impossible to verify the truth of the report.

At the residence of Mr. Huntington in this city this morning, it was stated that he was at Racquette Lake. No information had been received at 6 o'clock this morning at the residence concerning the reported death of Mr. Huntington.

AMEER SEES HIS CHANCE

PREPARING TO ADVANCE ON THE RUSSIAN FRONTIER.

Wily Ruler of Afghanistan Will Take Advantage of the War Further East.

LONDON, Aug. 13.—A news agency dispatch from Lahore, Punjab, says that the Ameer of Afghanistan is mobilizing forces of infantry and artillery and that it is reported an advance on the Russian frontier is contemplated. It is added that the news is not fully credited at Lahore, though it is explained the Ameer's behavior has been causing some uneasiness in official circles.

FINANCES IN AMERICA.

Encourage Britishers to Believe We Will Take Up Their War Loan.

LONDON, Aug. 13.—The Times today prints a long editorial dealing with the economic position of the United States as evinced by the allotment of the war loan, tracing the progress during the last four years of the reduction of the American debt, but maintains that the United States has not yet ceased to be a debtor Nation. It refers to the abundance of capital accumulating in America, and adds:

"Nothing could suit the Americans better, among the non-American securities, than the obligations of the British Government. Not only have the Americans considerably reduced the permanent indebtedness of Europe by buying American railway and other bonds and securities, but when in the Autumn of 1898 London houses refused to renew masses of German bills previously held here, the bulk, after having been domiciled for a short time in Paris, were transferred to New York, where they have remained ever since, and have doubtless been added to. The United States also lent money to Russia. It has been evident for 18 months or two years that American money houses possessed large funds which they have been unable to employ at home satisfactorily, and the higher interest rates at present in Europe attract some of this money."

In the course of its financial articles this morning, the Daily Mail says:

"Strange to say, the pivot of the international money market is now New York. The export of gold to Europe, which New York talks about so condescendingly, amounted last week to fully $5,000,000. As much more is likely to be shipped this week, and the New York reserves are likely to be depleted to the extent of $50,000,000 by the end of August. It is a question if New York can stand it safely."

TRAIN WRECK IN ITALY.

Twelve Persons Killed and Forty Injured.

ROME, Aug. 13.—The railroad accident which occurred about midnight twelve miles from this city turns out to have been more serious than reported. It now appears that 12 persons were killed and 40 wounded, of whom 15 are seriously injured.

The disaster was caused by the telescoping of two sections of the train on the railroad from Rome to Florence, bearing notable persons who had been attending the recent ceremonies here. The engine of the first section became disabled and stopped and the train was almost immediately afterwards struck by the second section. The Grand Duke and Grand Duchess Peter of Russia and the members of the Turkish mission, who had attended the funeral of King Humbert, were among the passengers, but they were uninjured. The Grand Duchess is a sister of the new Queen of Italy.

When informed of the accident, King Victor Emmanuel and Queen Helene hastened to the scene. The Queen and her sister returned to the Quirinal, while the King and the Grand Duke remained on the spot, giving orders to assist in clearing the wreck and saving the injured. They re-entered the Quirinal at 6 o'clock in the morning.

POISONED FLOWERS.

Sent to the Chinese Minister in Paris.

NEW YORK, Aug. 13.—A special dispatch from Paris to the Evening Telegram today says:

An artful attempt at poisoning by the use of perfume is exciting all the gossips of Paris. Thursday the Chinese Minister, Yu Kung, received a letter. It was signed "Julie Czerwinska," and contained some dried flowers which the writer asked him to accept.

The Secretary to the Legation, Armani Di Parma, opened the letter and was immediately overcome by the deadly odor emanating from the flowers. He fell in a faint. His faint was accompanied by sickness and vomiting; in fact his sickness had many characteristics of poisoning and only by prompt treatment was he relieved.

Mlle. Czerwinska has been arrested. She appears to be mentally deranged. Before the examining magistrate she claims to be the victim of a Polish Princess, who vowed to take hideous vengeance for some mysterious wrong done her, presumably by the flower sending. Julie is now being carefully watched by attendants.

The flowers are being chemically analyzed. The secretary is slowly recovering.

ZIONIST CONGRESS.

Delegates Hooted at By the London Jews.

LONDON, Aug. 13.—The fourth Zionist congress was opened today with 500 delegates present. An open-air meeting for the evangelization of Jews was held in front of the Established Church near Queen's Hall, where the Zionist church is assembled, and some of the Zionists and Jews who were not members of the congress gathered about the church and hooted and threw pennies in derision at the speakers. Zionist delegates wearing badges ran out from Queen's Hall and urged the Jews not to interfere, and be tolerant to others, as they wished toleration themselves. Eventually the crowd, numbering about 1000 persons, was dispersed, partially through the efforts of the police.

Salisbury Goes to Health Resort.

LONDON, Aug. 13.—Acting under his doctor's advice, Lord Salisbury, the Premier, tonight started for Schlucht, a health resort in the Vosges, where he will stay a month. He will, however, retain the conduct of foreign affairs by means of the telegraph and messengers.

Heat Wave in England.

LONDON, Aug. 13.—A heat wave is sweeping over London, thermometers registering 82 degrees. In some parts of England close to 90 degrees of heat has been registered.

Explosion in Shanghai.

SHANGHAI, Aug. 13.—A native powder magazine exploded last night. The damage is not known. Foreigners are not admitted within the magazine enclosure.

No Room for Extravagance.

London Chronicle.

The pay of the Chinese soldier indicates that he must be an even more economical person than the New Zealand bushman, who was able to live on £4 10s a year (on which he kept a horse and entertained). The Chinese private at £2 8s per annum is extremely inexpensive, compared with the Englishman at £77, the Russian at £48 and the Italian —the cheapest of European soldiers—at £41. On this three half-pence a day there is little fear of bursts of dissipation, though the cavalryman has an extra 8s a month for his horse, out of which he replaces the animal if it be killed.

WHY SUMMER IS THE BEST TIME TO TREAT AND CURE CATARRH

The Climatic Conditions Are Then Most Favorable and the Liability to Take Cold Reduced to the Minimum.

TREATMENT, INCLUDING ALL MEDICINES, $5.00 PER MONTH.

Catarrh is an obstinate and dangerous disease. It clings tenaciously to the system, and grows more malignant with each returning Fall and Winter.

The time to take treatment for diseases of a catarrhal nature is now. The climatic conditions are most favorable—in fact, the best of the year—the liability to taking cold being the lowest, and one month's treatment now will do more good than two months in cold and rainy weather.

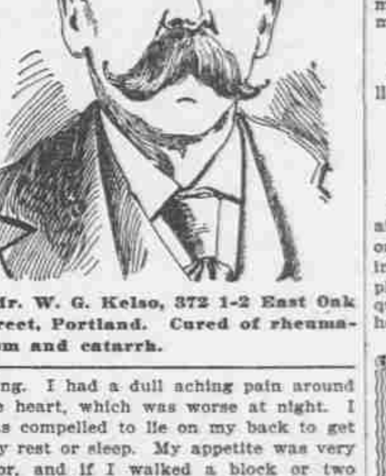
Time and again Dr. Copeland has urged upon persons in desperate stages of catarrhal disease the necessity and importance of taking treatment while the weather is most favorable to a cure.

Now is the time. Those who suffer from catarrh should take advantage of all the influences that operate now in favor of a cure. They should not put off treatment until next Winter's stormy days, but should prudently "mend their roof while the sun shines." Now is the time, and the opportunity is just what is desired for the worst cases. Do not let it go by, but place yourself under treatment at once and have done for you in the next few months what might not be possible the next Summer.

A majority of patients will only put themselves under treatment at the season of the year when they are suffering actual pain and distress, namely, during the Winter season, when at times it is almost impossible to do anything for them on account of the changeable weather; then, as soon as the warm weather comes and the immediate distressing symptoms are lessened, they flatter themselves that they do not need further attention, and cease treatment to wait until Winter comes again, when they go through with the same round of aches and pains and chronic coughs, growing worse, more debilitated and more incurable each Winter.

RHEUMATISM AND CATARRH

Mr. W. G. Kelso, residing at 372 1-2 East Oak street, Portland, and well-known in Tillamook.—For 10 years life was made a burden to me by rheumatism. The disease seemed to affect my whole body. There wasn't a bone or joint that didn't ache. The ankles would swell and become very painful, making it difficult for me to get about. For two or three years I was unable to do any-



Mr. W. G. Kelso, 372 1-2 East Oak street, Portland. Cured of rheumatism and catarrh.

thing. I had a dull aching pain around the heart, which was worse at night. I was compelled to lie on my back to get any rest or sleep. My appetite was very poor, and if I walked a block or two my strength was exhausted. I also had catarrh of the head and throat.

I was under treatment at the Copeland Institute but a short time when I noticed an improvement. The pain began to leave, my appetite and strength returned and my head cleared up. I have not felt so well in years as I do now.

Catarrh Complicated With Bronchitis Cured

Mr. J. E. Nolan, 205 1-2 Morrison street, Portland, with Mason, Ehrman & Co., wholesale grocers, for the past 20 years, speaking of the marvelous efficiency of the Copeland treatment for catarrhal troubles said:

No one can have any conception of the

Splendid Skill They Show

in the handling of desperate cases of disease at the Copeland Institute, except those who have been sufferers and who have gone there for treatment. I never would have believed half of what I now know they are accomplishing had it not been demonstrated to me by actual experience.

My catarrhal trouble came on gradually. I had nasal catarrh quite a while before I realized it. I was in a state of nervous discomfort from the miserable stuffed-up condition of the nose and head, and

Before I Knew How Serious

it was the inflammation had involved the throat and bronchial tubes, causing a sore, distressed feeling through the chest and a tickling in the throat, giving rise to a violent cough. My cough became so constant day and night as to deprive me of rest and sleep, and threatened me with complete exhaustion.

I had heard of the remarkable results of the Copeland treatment in catarrh. I made up my mind to try it, and I was completely surprised at the promptness and thoroughness with which the treatment mastered my trouble. The treatment brought me

A Complete Cure.

I am as well now as I ever was in my life.

HOME TREATMENT.

Doctor Copeland requests all who are ailing, all who feel a gradual weakening or all who realize that their health is being undermined by some unknown complaint, to cut out this slip, mark the questions that apply to your case and he will diagnose your case for you.

"Is your nose stopped up?"
"Do you sleep with mouth wide open?"
"Is there pain in front of head?"
"Is your throat dry or sore?"
"Have you a bad taste in the morning?"
"Do you cough?"
"Do you cough worse at night?"
"Is your tongue coated?"
"Is your appetite failing?"
"Is there pain after eating?"
"Are you light-headed?"
"When you get up suddenly are you dizzy?"
"Do you have hot flashes?"
"Do you have liver marks?"
"Do your kidneys trouble you?"
"Do you have pain in back or under shoulder-blades?"
"Do you wake up tired and out of sorts?"
"Are you losing flesh?"
"Is your strength failing?"

For this Doctor Copeland's services are free. It means no charge will be made, not a penny will be received. It means no promises to pay—no future obligation is implied or demanded. It means what it says. To one and all it is unequivocally and absolutely free.

Consultation Free. Dr. Copeland's Book Free to All.

THE COPELAND MEDICAL INSTITUTE

The Dekum, Third and Washington

W. H. COPELAND, M. D. J. H. MONTGOMERY, M. D.

OFFICE HOURS—From 9 A. M. to 12 M.; from 1 to 5 P. M. EVENINGS—Tuesdays and Fridays. SUNDAY—From 10 A. M. to 12 M.

The Blessing of the Trolley

Boston Transcript.

When the census figures are made public, it is believed that one of the most interesting and gratifying conclusions will be that the growth of dense populations in the great cities has been checked very substantially within the last decade. The rapid transit made possible at a cheap rate by the electric cars has resulted in this beneficial dispersion of the population from overcrowded centers.

Judge Reagan Will Retire.

DALLAS, Tex., Aug. 13.—Judge John H. Reagan, chairman of the Texas State Railway Commission, and the only surviving member of Jeff Davis' Cabinet, in which he was Postmaster-General, today announced that he will resign his position next January and retire permanently from public life. He says he will devote the remainder of his life to writing his memoirs. Judge Reagan is 80 years old.

Rio Grande Western Dividend.

NEW YORK, Aug. 13.—The directors of the Rio Grande Western Railroad Company have declared a cash dividend of 5 per cent on its common stock, payable September 1. The last dividend on this stock was September 30, 1899, when 1 per cent was paid on the preferred stock of the company.

Motor Car Conductor Robbed.

OMAHA, Aug. 13.—A motor car of the Omaha & Council Bluffs Railway & Bridge Company was held up and the conductor robbed of about $50 by two masked men about midnight at the Wabash crossing. There were only a few passengers aboard, and they were not disturbed.

Italy Oppressed by Taxes.

New York Post.

Oppresive taxation is the crying evil of Italy. Here lie the greatest perils to the state and, as well, the greatest possibilities of reform. The peasants of the Appennines, a thrifty, laborious race, live chiefly on chestnuts and cheese; in Romagna—the garden spot of Italy—the workers suffer peculiar and distressing diseases because they cannot afford salt, heavily taxed, as it is, for their polenta; in the farming districts of Southern Italy the taxes amount to 50 per cent of income from all sources.

Germany's "Teddy."

Boston Herald.

E. L. Godkin has not forgotten the art of expressing his opinions vigorously, nor has he lost any facility in generating opinions. Perhaps the best thing in his latest deliverance is his characterization of Emperor William as the Teddy Roosevelt of Germany. Whether Teddy or Willie is the insulted party is yet a debatable question.

Killed by a Cave-In.

PUEBLO, Colo., Aug. 13.—On a ranch 20 miles from Galatea, a station about 100 miles east of here on the Missouri Pacific Railroad, three young boys, sons of a farmer named Van Loom, were killed today by the caving in of a sand bank into which they had made a tunnel.

BLOOD POISON

PRIMARY, SECONDARY OR TERTIARY BLOOD POISON

Permanently Cured. You can be treated at home under same guaranty. If you have taken mercury, iodide potash, and still have aches and pains, Mucous Patches in Mouth, Sore Throat, Pimples, Copper-Colored Spots, Ulcers on any part of the body, Hair or Eyebrows falling out, write

COOK REMEDY CO.

1520 Masonic Temple, Chicago, Ill., for proofs of cures. Capital, $500,000. We solicit the most obstinate cases. We have cured the worst cases in 15 to 35 days. 100-page Book Free.
