REMINGTON WINS AGAIN.

Carries Off the Highest Honor at the Paris Exposition.

A cablegram, dated August 21, from the Paris exposition, gives the news that the Remington Standard Typewriter won the Grand Prix, called the diploma of honor, which is granted for exceptional merit only, and is the first and highest possible prize. The gold medal is only second prize, silver medal third prize, fourth the bronze medal, and fifth prize honorable mention.

The awards were made by an international jury, appointed to pass upon the exhibits. There was a general representation of American manufacturers at the great fair.

CROWDS FROM BUTTE

Thirty Carloads of Montanians to the Street Fair.

HOTEL ACCOMMODATIONS READY

Many Valuable Prizes for the Floral Parade—Wasco County's Fruit Exhibit.

Reports and inquiries of the most flattering kind keep pouring into the headquarters of the Elks' Street Carnival from all parts of Oregon, Washington, Idaho and Montana, and should result materialize according to present indications. Portland will be taxed to its utmost to entertain the tremendous influx of visitors. A week or so ago there was guaranteed from Butte and neighborhood a trainload, consisting of 21 coaches, but late last evening the committee was advised by the Butte lodge of Elks that now 30 coaches would be filled from that section. Local railroad men are at a loss as to how to handle the large excursion parties of the first week of the carnival, but are now planning to switch a considerable portion of the crowd onto the second week of the carnival, by this means somewhat relieving the promised congestion.

Portland's hotels, rooming houses, and boarding houses within the past two days have wakened up to the necessity of informing the reception committee of their whereabouts, but another urgent appeal is now sent out to all interested to have their names and addresses with the committee as early next week as possible. Special attention is being devoted at present to the floral parade on Ladies' Day. This parade promises to be the prettiest and most attractive during the fete, and as prizes have been donated by the Portland merchants in a most lavish manner, the number participating no doubt will be large. Vehicles of all descriptions are recognized, and advertising features are entirely lacking, private turnouts will be in predominance. To the latter the committee wishes entries as soon as possible, as a parade of over 30 turnouts cannot be arranged at the last moment.

Following is the prize list of the floral parade:

- Prizes for Floral Parade.**
- Double rig—First, \$5 sewing machine, donated by the Boy's Home company; second, \$5 in cash; third, fine laprobe, donated by P. J. Cronin.
 - Single rig—First, \$5 in cash; second, silver fern dish, donated by Friedlander, Jeweler; also bronze statue, donated by Feldenhomer, jeweler; third, jardiniere, donated by Wright, the Jeweler.
 - Ladies' secret orders—First, \$5 in cash; second, \$5 in cash; third, palm, donated by George Otten, florist; also vase.
 - Tandem—First, \$5 in cash; also silk umbrella, donated by Olds & King; second, Globe lamp, donated by Summers & Prall Co.
 - Ladies on horseback—First, fine mandolin, donated by Wright Music store; second, water color picture, donated by Lipman, Wolfe & Co.
 - Gentlemen on horseback—First, cuff and silver box, donated by Woodard, Clarke & Co.; second, harp chord, donated by Wiley B. Allen.
 - Bicycles—First best decorated bicycle, \$5 cash; second, silver milk basket, donated by Heitkemper, jeweler; third, cracker jar, donated by Leaser, jeweler; fourth, clock, donated by Belding Bros.
 - Tandem—First lady, silver berry spoon, donated by Butterfield Bros.; first gentleman, silver perfume bottle, donated by Heitkemper, jeweler; second lady, white silk parasol, donated by John Allstina; also two-pound box fancy candy, from Labbe & Hebe; second gentleman, fine tie and two-pound box candy, from Sam Beary.
 - Baby Buggies—First, fine wicker go-cart, donated by Heywood Bros.; second, doll, nicely dressed, donated by ladies' auxiliary committee; third, silver puff box, donated by Richard Krumpf.

There will be a meeting of the floral parade committee this afternoon at 2:30 o'clock at Elks' Hall, in the Marquam Building.

Wasco County's Fruit Exhibit.
Outlying Oregon counties are alive to the importance of Portland's Fair. A splendid entry in cereals has been made to Chairman Dosech, of the Grain Palace, from Wasco and Sherman Counties. The Hood River Glacier publishes the following to show the interest in that section of Wasco County:
"The Dalles lodge of Elks are making preliminary efforts to have Wasco County well represented at the Carnival and Street Fair to be held in Portland, September 4 to 11. They will spare neither money nor effort to make Wasco County's exhibit the best the county has ever had. At a meeting last week committeemen were appointed from the various sections of the county to promote the object in view. Earl Schanno, of The Dalles, is chairman and general manager. Those appointed from Hood River are: E. L. Smith, N. C. Evans and H. F. Davidson. The Portland Carnival committee have offered to give Wasco County any amount of space in the agricultural palace that may be considered necessary, from 5 to 150 feet. The O. R. & N. Co. offers to carry the exhibits to Portland without charge. The fruitgrowers and farmers

of Wasco County have the products to make the best horticultural and agricultural exhibit in the state. Hood River has the fruit to make the horticultural exhibit, and if our fruitgrowers will furnish the Hood River committeemen choice samples of their fruit. Messrs. Smith, Evans and Davidson will arrange for an attractive exhibit at the Street Fair, without any expense or further trouble to the growers. If the Hood River fruitgrowers furnish the fruit, the awarding judges at the Portland fair will furnish the prizes.

Vote for Queen.
Voting for the Queen of the Carnival will close positively at 10 o'clock tomorrow night. Below is given the total number of votes cast up to noon yesterday:

OYSTERS FOR EVERYBODY.

Mr. A. Routledge reports that first shipment of oysters will arrive this morning. He is going into the business on a larger scale this season than heretofore, handling all kinds of oysters. Oysters for everybody. More particulars later. Portland Oyster Company, 549 Morrison street. Telephone Main 900.

Why don't you try Carter's Little Liver Pills? They are a positive cure for sick headache and all the ills produced by disordered liver.

DARING NORTH END ROBBERY

Two Highwaymen Get \$110 From Countryman at Point of Revolver.

In bright electric light, without masks, and near a large number of people, two highwaymen took from L. Peterson, at 11:30 last evening, \$110. The hold-up occurred at the southeast corner of Second and Davis streets. Two men confronted Peterson on the sidewalk while he was strolling from one place to another in the North End. The larger man presented a revolver to his face, and demanded silence, while the other went through the terrified victim's pockets without more than moving from his tracks. Had any one been looking at the trio during the performance, they would not have suspected anything unusual, unless they were very close. As soon as Peterson's money had been secured, he was told to remain where he was for a moment and observe the same silence. The persuasive power of the big revolver was sufficient. After the robbery was over and the two men had escaped, he reported the matter to the Police Station, giving a fair description of both. Peterson lives four miles out on the Barnes road, and had just come to the city to take in the sights. It is supposed that the two men who robbed him discovered that he carried considerable cash while he was in some of the North End saloons and then followed him until they had a favorable opportunity to do their work.

CITY'S HIGH BRIDGES.

They Cannot Be Filled but Must Be Rebuilt of Frame.

There has been some talk about First-Street bridge across Marquam Gulch being filled in in the near future. City Engineer Chase says no steps have been taken in this matter and he is of opinion that neither First-Street bridge nor Front-Street bridge will ever be filled. It would require a vast amount of earth and such a slope as would cover a large space. His idea is that the better course will be to build a first-class pile bridge the full width of the street with six-foot sidewalks. This would give a wide roadway which ought to be paved with wood blocks. The bents supporting the roadway should be placed on concrete pedestals so that they would not decay, and thus a substantial and enduring structure would be provided.

The difference between the cost of a wooden and an iron bridge of this height and width would be so much that the money saved by building a wooden bridge would yield interest enough to renew the bridge every 12 or 14 years. The class of bridges which should be filled are those 20 feet in height and under, but a deeper gulch, if very short, might be economically filled. The permanent bridges of elevated roadways of Portland are those over Marquam Gulch and Sullivan Gulch, on Hawthorne avenue between East First and East Third, and at Willamette Heights. Nearly all the other bridges will soon be filled.

FASHIONS FOR FALL

Like the early tint of Autumn leaves, our departments are gradually changing from Summer to Fall and Winter hues. Every day adds something new, and already the gathering has assumed proportions worthy your inspection.

OUR ADVANCE AUTUMN STYLES

...IN...

MEN'S SUITS

Have been selected this season with extraordinary precaution as to "quality." Close your eyes to "quality" and the world is full of cheap things. But with your eyes wide open, the real good things are few and far between. When we buy clothing we look sharp for "QUALITY" and workmanship. If they are right we see about the price. If not, 50c on the "nothing" could not tempt us to buy, for we have a reputation at stake. If you buy

"MOYER" CLOTHES

they're right—no matter how little you pay for them—the very fact that they are in this store stands for an absolute guarantee that they are thoroughly dependable. We would be pleased to have you call. We can show you some of the "proper" things for the coming season.

BUTTE-LEWISTON LINE.
Northern Pacific Surveyors Now Working Down Idaho Side.
Lewiston Tribune.
Parties of prospectors arriving at Stuart report having encountered on the Locksaw branch of the Middle Fork of the Clearwater the party of Northern Pacific surveyors who are engaged in surveying the Butte-Lewiston cut-off. These prospectors report that the surveyors have completed the survey over the Bitter Root divide, having found in the vicinity of the Lo Lo trail a highly satisfactory grade, which is much lower than any previously secured and that the party is now working rapidly down the Clearwater branch. A letter has also been received at Stuart from a member of the surveying party stating that the pass found is so entirely satisfactory that the Middle Ford route will undoubtedly be finally accepted by the company. The surveyors referred to undoubtedly comprise Engineers T. A. Clark's party. Last Winter this party surveyed a line from Stuart to a point five miles above the mouth of the Locksaw, when, owing to the interference of snows they were called to the Montana side. After several weeks of work, the party found a good route to the summit, reported by the engineers to be a 2 per cent compensating grade. Information received several weeks ago was to the effect that the party were engaged in seeking a still lower pass and the fact that they are now working down the Idaho side of the Bitter Roots indicates they found it. The prospectors who brought out the latest news of the movements of the surveyors estimate that the party will within a few weeks connect with the survey made last Winter.

the Northern Pacific, is now directing this important survey from the Montana side. He made several trips into the Clearwater country last year and has perhaps better knowledge of the country than any other man. As an indication of Northern Pacific interest in this survey, it is learned that Vice-President Hanford and Director Seward, when at Stuart recently with President Mellen's party, made a trip along the line of the Butte cut-off above Stuart and were absent a day and a night.

ROUND TRIP ONLY 50 CENTS
The 50-cent Sunday excursion rate to Bonneville and return is still in effect. Tickets good on train leaving Union depot Sunday morning at 8:15, and returning on train reaching Portland at 4 P. M. Take advantage of this low rate and spend Sunday under the trees on the banks of the Columbia.
