BANQUET MUSIC HALL.

Repainted and Decorated, Presents Most Attractive Appearance.

Made attractive and beautiful by artists of ability, the Banquet Music Hall, northwest corner of First and Madison streets. presents the appearance of a first-class eville palace, A. De the manager, has not spared money to make this place of amusement one of the most attractive on the Pacific Coast. The interior is a blaze of light, reflected from hundreds of incandescent lights, which bring out the bright coloring of the ceiling the walls and show off the hand-some windows made of cathedral glass. First-class specialty performers follow each other in rapid succession, so that a dull moment is unknown at this place of amusement. Mr. De Martini knows how to cater to the wants of the public, and this is one of the reasons why he has succeeded in a field where so many others have failed. The ceiling of the theater is a work of art from the brush of Ernest Miller, an artist who has done some of the best work now seen on the Coast. Mr. Miller has been assisted by a corps of able men, whose artistic taste will be hest appreciated after a thorough and critical examination of the different land-scape scenes and harmonious blending of colors throughout the interior. The cluboms upstairs are handsomely fitted up, and nothing has been left undone that can add to the comfort of the visitor. An experienced chef is always employed, and the Banquet Music Hall is noted for the palatable lunches served to all customers. Visitors from out of town are assured courteous treatment at all times, and the stranger will find this a pleasant place to while away an hour. Tonight a varied and attractive programme will be carried out with a vim and dash that will make this opening one to be remembered by the amusement-loving public. Everybody is invited to attend.

METROPOLITAN THEATER.

"A Circus Girl" Opens the Season Tomorrow Night.

Commencing Sunday, September 2, Macoy's comedians in the laughable farce-comedy, "A Circus Girl," will commence a week's engagement with usual matinees. This fun-provoking farce is from the pen of Sydney Grundy, and contains all the humor of that popular author's work. It is in three acts, and the end-ing of the second act is said to be the funniest situation ever introduced upon the stage. Miss Maude Sutton, as the Circus Girl, is thoroughly at home, and makes it go with a dash, that only a soubrette of her capabilities can. Prominent in the cast is R. A. Graham, William Dehlman, Russell Bassett, Miss Mai Wells, Annie Mitchell, Irene Van and a full supporting company. "A Circus Girl" made a great hit in London and New York, and the Macoy company claim to have done an excellent business over their entire route. They play here all week, adding to the many other carnival

WHAT ENTIRE CARNIVAL ADMIS SION WILL COST.

But 20 Cents Enables the Visitor to See Everything but the Concessions.

The man who enters the gate of the Portland Street Fair and Carnival with the intention of seeing the whole show can do so for the sum of 90 cents. . He loesn't have to spend that much money if he doesn't want to, and it is not ne cessary for him to spend all of it in any one day. But by parting with 90 cents he can see everything in the Fair, including every sideshow on the grounds As has already been stated, the admis sion to the main gate is 19 cents, and it costs 10 cents more to get into the gor geous midway.

The first 10 cents admits the sightsee: to the length of Sixth street from Yam-hill to Ankeny, in which are the Washington-street pavilion and music-stand, the woman's buildings, the industrial building, the grain palace, the manufac-

turers' building and all the booths.
On the midway, entrance to which can be had for another 10 cents, a continuous performance will be given by a num-ber of specialists, who will keep the public amused and take care that they are well satisfied. When the visitor has seen everything here, he can elect which of the seven concessions he shall see, the price of each of these being 10 cents.

It is probable that the majority of vis itors will visit one or two sideshows each trip, as such will be the extent of the Fair that no one can hope to see it all unless he travels through the grounds at

a record-breaking gait. There is no doubt that every one wil get his money's worth, for the long lines of beautiful booths that have now begun to receive their exhibits give ample proof that the Fair will be a spectacle that will long be remembered. Never before in Portland have the merchants set to work with such a determination to pre-pare for the eyes of their customers a feast that will be appreciated. Every-thing that one can think of will be ex-hibited, and such a display of the resources of the Northwest has never been assembled before. There will be plenty of music, and good music, everywhere. There will be special features all the time grand parades, attractive programmes and gaily-costumed men and there will be a carnival excitement in the air that will carry people off their feet and transport them willy-nilly to the fairyland that has been spread before them, and as it costs only 10 cents to see each concession, and as each concession will be a show in itself worth 50 cents to see, it will be seen that the Carnival committee has succeeded in preparing a gigantic entertainment for a very small

Yesterday the exhibitors began installing their wares in their booths, and as a result the gates were closed to the pub-lic. Another purpose is served by keep-ing people off the street, and that is the enabling of the workmen to complete the decorations, so that when the Fair is opened it will burst like a vision on the sight of the public. A good-sized army of men is now employed on and in the various buildings, and finishing touches are already being added to many build-ings and exhibits. Color is everywhere, gny bunting being stretched in streamers from house to house, or floating in long and beautiful pennants from the

forest of flagstaffs. These are very busy days for the com-mittee, the busiest in fact that they have had thus far. Thousands of details arise all the time, and must be settled at once. Hundreds of visitors throng the headquarters, intent on securing informa-tion regarding the Fair. Every one 's impatient for the opening day, and exhibitors are hurrying to get ready for it, as the edict has gone forth that the Fair must be complete in every detail before the big gate swings open, and the gate will swing open on time.

COMING ATTRACTIONS.

Sale of Seats for "The Brownies Fairyland."

The sale of seats for the engagement of "The Brownies in Fairyland" began yesterday morning at the Marquam box-office. There was a steady line of purchasers of seats, and the indication is that the theater will be crowded at each performance. The engagement at the Marquam Grand will begin next Monday evening and continue all week, with special matinees Thursday and Saturday. This beautiful operetta will be brought intact from San Francisco, where it created a furore at the California Theater during its long run there recently. In addition to the large professional company employed in the production, at least 100 children are engaged locally. Two car-loads of scenery and effects are used.
