

CITY NEWS IN BRIEF

Amusements Tonight. MARQUAM GRAND—"Bowling in Fairyland." METROPOLITAN THEATER—"The Circus Girl." ALBERTS WINTER GARDEN (Third and Morrison streets)—Concert slightly. FREDERICKSBURG, Seventh and Alder—Specialties. DEAN'S LAST SWIM—Fishing for Fall salmon has begun in the bays and rivers along the coast. F. C. Barnes, who has canneries at South Bend and on the Nasel River, reports a very fair run of fish in Shoalwater Bay, and the same report comes from Aberdeen, on Gray's Harbor. Mr. Barnes yesterday received a letter from F. Collinson, superintendent of his canneries on the Nasel, giving an account of a rather thrilling adventure which the crew of one of his boats met with a day or two since. A big black bear had started to swim across the Nasel, and as the tide was running swiftly he became tired, and, seeing a fishing boat near by, he proceeded to climb aboard over the starboard gunwale. The boat-puller hit him on the head with his oar and then, without stopping to hit him again, plunged overboard. Captain Lamengren, who was at the helm, seized the boat and shot the bear dead, and it fell back into the river. Another boat came alongside and they grappled for the carcass and finally some one hooked a gaff into the bear's eye and he was hoisted aboard the boat. Mr. Collinson says to send no more meat to the cannery at present, but send some bear traps, as they need a lot of bait for them. The man who jumped overboard proved a better swimmer than the bear, and swam across the river and took a drink on the farther side. He has no claim to the meat of the bear or the skin, and says salmon is the only game he cares to hunt. FRESH GARDEN SHORT—Feed is getting short on many dairy farms along the Columbia, and the supply of milk and cream is shrinking rapidly. A few persons who have provided against this season by growing corn, carrots, and other feed are shipping more milk than usual and getting a higher price for it. One man, who had planned ahead and who, when others were getting a large quantity of milk, shipped four cans of cream per day, is now sending to this city 20 cans of cream per day. Many dairymen grow corn to fill their silos for winter fodder, but corn is a poor substitute for green feed for their cows at this time of year when the grass dries up. There are some fields of corn on Sauvie's Island and grown for ensilage which it is equal anything produced in Illinois. The season has been a favorable one, and the growth of the corn, both the stalks and ears, is something immense. Some have already cut their corn and filled their silos, but the best results are obtained by allowing the corn to grow until the kernels begin to glaze. FURLAW'S HORROR—A prominent lady of the East, who has been a guest at the Hotel Perkins for a week or 10 days past, is authority for the statement that in all its appointments, the Hotel Perkins is the peer of any of the hotels in New York City. The air of general refinement, together with the studied courtesy of every one of the large corps of attendants, she says, is what she most commends the Hotel Perkins for. Her approval as one of the leading first-class family hotels of the country. The management of the Hotel Perkins is in the competent hands, and the felicitous expressions of the lady referred to above will be read with interest by everybody interested in Portland. FIRE NEAR THE SANDY—A fire in the timber on a direct line between Portland and Mount Hood was burning yesterday, and the smoke from it obscured the view of the mountain from this city. Some people imagined that the fire was in the Hull Run reserve, but Mr. Dodge, secretary of the water committee, says there was a "blazing" of some 25 acres on the hills east of the Sandy and in a line with the headworks on Bull Run, which was to be burned as soon as it was dry enough, and he is of the opinion that it is this blazing which is burning. FIRE NEAR THE SANDY—A fire in the timber on a direct line between Portland and Mount Hood was burning yesterday, and the smoke from it obscured the view of the mountain from this city. Some people imagined that the fire was in the Hull Run reserve, but Mr. Dodge, secretary of the water committee, says there was a "blazing" of some 25 acres on the hills east of the Sandy and in a line with the headworks on Bull Run, which was to be burned as soon as it was dry enough, and he is of the opinion that it is this blazing which is burning. CHANGES IN SCHEDULES OF STEAMERS—T. J. Potter, for the accommodation of passengers and for the return of beach passengers, it has been decided to operate the steamer T. J. Potter daily on the following schedule, in effect to September 3: Leave Portland, September 3, 9:00 A. M., 6:30 P. M.; September 4, 9:00 A. M., 6:30 P. M.; September 5, 9:00 A. M., 6:30 P. M.; September 6, 9:00 A. M., 6:30 P. M.; September 7, 9:00 A. M., 6:30 P. M.; September 8, 9:00 A. M., 6:30 P. M.; September 9, 9:00 A. M., 6:30 P. M. RED CROSS LUNCH TODAY—The Red Cross and Emergency Corps will give a lunch today, beginning at 11 o'clock, at the northeast corner of Seventh and Alder streets. A letter has been received from the corps expecting to add to the monument fund out of the proceeds of the lunch, as well as to its own reserve fund, which is at present depleted. TWO PROMINENT ELKS—Among the prominent Elks arriving here from San Francisco to take part in the Carnival are "Jim" Elder, the well-known commercial traveler on the coast, and John Cafery, born in Dublin, and a citizen of London, Sydney, Calcutta, Boston and San Francisco. If neither of them is chosen as "Rex," one of them is sure to be the power behind the throne. IRELAND REMEMBERS OREGON—Leo Fried, of Wadhams & Co., who has been touring Europe for several months, was last heard from in Ireland, and will probably soon be home. He writes to Henry Roe, of this city, that he is visiting Mr. Roe's brother at Hollymount, Tipperary County, and that Ireland more nearly resembles Oregon than any country he has seen in his travels. LAST TRIP OF THE POTTER—The last trip to the beach this season of the T. J. Potter will be on Saturday, September 8. On that day the Potter will leave Ash-street dock at 1 o'clock P. M., stopping first at Astoria, and reaching Ilwaco about 7 P. M. Returning, she will leave Ilwaco Sunday evening at 9:30 P. M., arriving in Portland early Monday morning. PORTLAND EAGLES No. 4, F. O. EAGLES—All members are requested to assemble in Eagles' Hall on Tuesday at 1 o'clock P. M. to form for the Carnival parade. Eagles' caps can be procured at Robinson's hat store, on Washington street, under Perkins Hotel. Cap and cane required. John Lamont, president; Louis Dammasch, secretary. ALL TRAVELING MEN—All traveling men are requested to call at 121 Sixth street at once and secure their hat and rosette to be worn in the travelers' parade on the 8th. By each traveler getting his hat and rosette at once, it will be great help to the committee. The hat and rosette cost 75 cents. TWO NEW JOBS—F. S. Aikin was full of business yesterday, having started up his private car on the Coast Line road and also his brick kiln near Vancouver, where he is going to turn out 15,000 vitrified brick per day. He hasn't yet decided how he is going to be both places at once. THE NORTH PACIFIC DENTAL COLLEGE—Fifteenth and Couch streets, is now open. Persons in moderate circumstances can have teeth filled, artificial teeth inserted and all other operations in the mouth free of charge, except a small fee to cover cost of material. EARLY CURFEW—The curfew bell rings at 8 P. M. since the 1st of September. Persons who hear the bell at this hour need not imagine there is a fire near box 2. Little boys must now run off the streets at 8 P. M. until March 1. EXPERTS' BLOG, WEDNESDAY EVENING. THE GREAT BOXING EVENT. CHARLES JOY VS. TOMMY TRACY. 20 ROUNDS FOR A DECISION. ADMISSION, 50c; RESERVED SEATS, 25c. CROWN OF THE CARNIVAL—The Union Mutual Aid Society is proud to number among its members Miss Alice M. Thayer, Queen of the Carnival. DR. W. L. NORTHRUP, dentist, has returned to city, office, 310 Abington bldg.

TO OPEN FRONT-STREET BRIDGE—The front-street crossing of Marquam Gulch is expected to be finished today, so that teams, as well as bicycles and pedestrians, can use it. The bridge, as soon as all obstructions are removed, will be considered safe for a long time to come, as the substructure was nearly all renewed last year. The old planking is being hauled to the City & Suburban Railways stables, and will be used as fuel for heating the building during the winter months. The practice heretofore has been to give the old lumber to any one taking time to haul it away, but crowds would gather and "scrap" over its possession, the more powerful making a might superior to right, and so this policy was changed. Besides this reason there was another very good one. Planking being thrown down to the bottom of the gulch would be likely to hurt somebody. As it is now, teams come to the bridge and the stuff of wood without annoying any one. SALMON FRY—State Fish Commissioner Reed estimates the number of fry to be turned into the Columbia, and tributaries this year as 20,000,000. "If we could raise this number to 40,000,000," he said last evening, "it would be nearer the figures needed. We would have been able to turn this number in every year if we had been propagating salmon and enforcing the laws for their protection in the close season 10 years sooner." Mr. Reed agrees with most of the fishermen who catch salmon on the Columbia. He thinks, as they do, that what salmon are caught is the result of the work of hatcheries, and that the fishery which has not been introduced salmon fishing on the Columbia would have been a lost art by this time. NEW SCRAPE AT WORK—The new scrape is gradually getting away with the earth in the lot on Stark street, near Sixth, where a crowd of interested spectators watch its progress all day. The small scrapers first used have been cast aside for a larger one, which carries half a yard of earth. Five of these fill an ordinary wagon bed carrying two and one-half yards of load. The new contrivance certainly saves the labor of many men, as but two or three men are employed in the excavation. "It saves men, but hanged if I know whether it saves money or not," one of the workers said yesterday in reply to a question. HISTORICAL PAPERS—Abernethy's Cabin, Native Sons of Oregon, has arranged for a series of meetings on the first Tuesday of every month, when papers relating to the early settlement and history of Oregon will be read. The first meeting will be held at the hall of the Native Sons on October 2, and the speaker on this occasion will be Governor Geer. It is not known what subject he will select, but it has been suggested that a sketch of the life of pioneers and native sons in early days would be interesting. Pupils in the history classes in the public schools will find these meetings of special interest. CUTTING CORNWOOD—Robert Alexander, who has been running a logging and cordwood camp on Pass Creek, Douglas County, for the past two years, is in the city on a visit. He has 200 men employed, and is getting out 100 cords of wood per day for the Southern Pacific Company, and has shipped by rail to San Francisco 11,000 piles, from 20 to 25 feet in length. The greater number of them went to the Mare Island navy-yard, and the remainder to the San Francisco Board of Harbor Commissioners. There is a fine lot of timber about 200 years old on Pass Creek which is excellent for long piling and cordwood. SETTLING LICENSE QUESTION—Representatives of several streetcar companies of this city were in conference with the license committee yesterday in regard to the license on streetcars. These cars have long had a license, and there is no reference to them in the new vehicle license ordinance, but it was desired to come to a definite understanding in regard to cars of different size or what are licensed as one-horse and two-horse cars. Now that horses are no longer used in connection with streetcars, there are some little things in connection with the cars which need settling. CHANGES IN SCHEDULES OF STEAMERS—T. J. Potter, for the accommodation of passengers and for the return of beach passengers, it has been decided to operate the steamer T. J. Potter daily on the following schedule, in effect to September 3: Leave Portland, September 3, 9:00 A. M., 6:30 P. M.; September 4, 9:00 A. M., 6:30 P. M.; September 5, 9:00 A. M., 6:30 P. M.; September 6, 9:00 A. M., 6:30 P. M.; September 7, 9:00 A. M., 6:30 P. M.; September 8, 9:00 A. M., 6:30 P. M.; September 9, 9:00 A. M., 6:30 P. M. TRAVELING MEN STILL AT WORK—New and attractive features that have not been advertised are daily being added to the program of the traveling men's parade for the 8th. The latest addition is the "Gooding Traveling Men's Parade" which will be represented by a traveling man dressed in a shirt waist, riding in an automobile. Every one is awaiting with much interest the appearance of the traveling men in their parade. They will be disappointed, said a well-known traveling man today, who is on the inside, for the boys are preparing a parade that will be interesting to all classes of people. Nearly every merchant and customer of the boys say they will be in Portland on the 8th to help push it along. The hats and rosettes to be worn by the travelers are now ready for distribution at 121 Sixth street. CIGAR DEALER ARRESTED—F. B. Webber, of Dundee, Yamhill County, arrested a short time ago on a charge of violating the revenue law by using cigar boxes a second time and for having an empty cigar box in his possession without the revenue stamp being erased, has an examination before State Fish Commissioner E. N. Deady yesterday. After hearing the testimony, Commissioner Deady dismissed the charge in regard to the empty box but held Webber to answer on the charge of using a box a second time. It was asserted that he had placed cheroots at five for 10 cents in a box containing well-known brand of 5-cent cigars, and had remarked that "the boys did not know the difference." MUSEUM READY FOR VISITORS—Colonel L. L. Hawkins is working hard trying to have the free museum ready in all its departments for the throng of visitors this week. He has divided the exhibits into three departments—the historical, the geological and the ethnological. The Mazamas is now absorbing most of his attention. He hopes to have each of the three departments open of evenings during the week. The historical department can make it. A number of fine photographs of Mazama feats and scenery were arranged yesterday. ELKS AND VISITORS TAKE NOTICE!—If you want some of the best of the day life in the line of eating, go to Richardson's Restaurant, on Alder and Sixth streets. Private dining parlors up stairs. Open all night during the Carnival. It is to be regretted that "The John Barrett Co." booth in the Carnival is not larger. The English hobnobs, Inglenook and new inventions in tin can't be seen from the street. STRAITS'S RESTAURANT will remain open during the Carnival till 2 A. M., 223 Washington, between First and Second. SYRACUSE BALLER GAZETTE—Astoria daily excursion, foot Alder street, 7 A. M. except Sunday. Oregon Mining Stock Exchange 10:30 A. M. OREGON VOLUNTEER BUTTONS They Will Be Sold During the Street Fair. General Summers has deposited with The Oregonian 1400 derived from sale of buttons made from cannon taken at Manila, to be credited to the monument fund. About 1000 buttons have already sold, 300 are outstanding, and about 400 are on hand. The opportunity afforded by the fair is to be taken, as a means of disposing of the remainder of the buttons. Those who contribute to the price of the button to the monument fund, and receive in return this patriotic memorial. A list of the places in the fair where the buttons may be obtained will be published in the Gazette. The women of the Emergency Corps will also have them at their lunch booth at Seventh and Alder streets. EMERSON PIANOS. The Emerson Piano Company has lately perfected a new scale in their upright pianos, which is perfect from a scientific standpoint. Cases rich and modern, prices moderate, and on low monthly installments. Sherman, Clay & Co., corner 15 and 16, Russell building, Fourth and Morrison, second floor. NEW DRESS GOODS, direct importation. Specially good value in plain and fancy hosiery. New case rugs. JOHN CRAN & CO. IMPORTANT TO TOURISTS. The Rio Grande Western has arranged for another of its popular personally conducted foot car trips. This will be the Salt Lake City every Sunday evening, and run into Chicago, via the Illinois Central Railroad. This arrangement gives passengers, who have an objection to traveling Sundays, an opportunity to pass that day in the morning and also to attend the public services at the "Tabernacle." The Rio Grande Western's other excursions leave Portland Mondays over the Missouri Pacific and Chicago & Alton; Tuesdays, over the Rock Island route; Wednesdays, over the Burlington route; Thursdays, over both the Burlington and Missouri Pacific routes. For full particulars as to rates and for sleeping-car reservations, apply to J. D. Mansfield, local agent, 523 Washington street, Portland. "Musical Pastime" Free. To any one who will personally call for it our music store, 211 First street, contains "Portland Carnival March," by Mueller; "Portland Waltz," and the emblem song, "Wild Girl of Oregon." (It sent to any address by mail, 10c.) The Wiley B. Allen Co. Mrs. Watson, Optician. Scientific fitting, high-grade goods, reasonable prices. 38 Washington building. 5c Embroideries, 5c Laces, 5c Sale. New York Mercantile Co., 263 Third st. That bilious taste and loss of appetite are quickly cured by Hood's Sarsaparilla. Dr. Skiff, dentist, 815 Dekum building.
