Part of the Ticket Named by Montana Republicans.

DAVID E. FOLSOM FOR GOVERNOR

Eight-Hour-Day Question Holds Back the Platform-Conventions in Other States.

HELENA, Mont., Sept. 5.—The Republican State Convention today nominated David E. Folsom, a stockman of Meagher County, for Governor by acclamation. A. J. Bennett, of Virginia City, was also the unanimous choice of the convention for Lieutenant-Governor. T. J. Porter, of Miles City, was nominated for Attorney-General, and A. N. Yoder, of Butte, for Secretary of State. S. G. Murray, of Missoula, was chosen as candidate for Congress. The ticket will be completed tomorrow and the platform adopted.

The question which is causing the delay in the presentation of the report of the committee on platform is the na of the declaration relating to an ture of the declaration eight-hour work day.

Tonight the members of the convention and a large audience of others listened to speeches on the issues of the day by Senator Knute Nelson, of Minnesota, and ex-Senator John L. Wilson, of Washing-ton. The convention is a large and enthusiastic one.

OLNEY FOR BRYAN.

Ex-Secretary of State Will Support the Democratic Nominee. NEW YORK, Sept. 5.—The World to-morrow will prin ta letter from Richard Olney, Secretary of State during the Cleveland Administration, in which Mr. Oiney declares his intention of support-ing Mr. Bryan for President. After saying that Mr. Bryan is hardly the candidate he should choos ei fhe had his way in the matter, and that he entirely dis

sents from parts of the Kansas City platform, Mr. Olney says: "Perfection in a candidat eor platform is an idle dream, and infirmity in its creed and defects in its leadership will But always characterize every party. they in no wis eexcuse a citizen from tak-ing his assigned part in the government of the country-from making up his mind what the commonwealth demands and what party's success will come easer satisfying them, and using his influence and casting his vote accordingly. Be it admitted that the Democratic party, its platform and its candidates are compared. platform and its candidates are open to much just criticism, yet all htings con-sidered, would not its triumph be the best outcome of the present Presidential

contest?" Mr. Olney then criticises the policy of the McKinley Administration regarding the Philippines and thinks that the country will soon find itself in the toils of a Chinese problem even more costly and menacing than the Philippine problem itself. He concludes: myself, I find it clear that a piti-

Providential election not only permits but requires him to desire the success of the Democratic party."

FUSION IN MINNESOTA.

Democrats and Populists Will Meet in Convention Today.

ST. PAUL, Minn., Sept. 5.-Tomor at noon the Democratic State Conver to name a state ticket will meet in this city, and at 10 o'clock in the morning the the same purpose. There is no doubt that fusion will be effected, although some question exists as to the exact division of the places on the state ticket. Gov-ernor John Lind will be nominated to succeed himself and will formally accept in a speech in this city in the evening, the occasion marking the opening of the cam-paign. For Lieutenant-Governor there has been talk of S. M. Owen, Populist, but in case that nomination goes to the Democrats, E. T. Champlin, Speaker of the House in 1891, will probably be chosen.
H. C. Koerner is unopposed for Treasurer. For Secretary of State, Professor Wilhelm Pelterson, Democrat; Spurgeon Odell, Populist, and F. G. Holbrook. Democrat, are the leading candidates, Judge Moer and M. J. Severance, both Democrats, have active supporters for Attorney-General. The Railroad Commissioners will be P. M. Ringdahl, Populist: E. J. Knox, Silver Republican, and President Nearey, of the State Federation of Labor, who is a Democrat. For Justices of the Supreme Court there will be a contest whether to indorse the Republican nominees. The custom generally has to seek a nonpartisan judiciary, but many Democrats and Populists are much opposed to some recent Supreme Court decisions, and urge them as reasons against indorsement of the Republicas candidates for re-election. The electoral ticket will be divided equitably. CALIFORNIA REPUBLICANS.

State Convention Opens at Santa

SANTA CRUZ, Cal., Sept. 5.-The Republican state convention met today and effected temporary organization, after which a recess was taken until tomor-rom. W. C. Vanfleet, of San Francisco, was chosen temporary chairman. In his speech of acceptance, Mr. Vanfiest culogized President McKinley and suggested that the only danger threatening the President's re-election was the tendency to over-confidence. To over-come this he urged organization. A telegram from President McKinley was read to the convention, in which the President extended greetings and congratulations. The first Congressional convention tonight nomi-nated F. L. Coombs for Congressman. Other Congressional nominations were: Second District, S. D. Woods, of Ean Joaquin; Fourth District, Julius Kahn, renominated; Fifth District, Eugene Loud,

THE NATIONAL PARTY.

Nominates Senator Caffery for President, A. M. Howe Vice-President. NEW YORK. Sept. 5.—The National party—the official name of the third party—met in convention today in Carnegie Hall, this city, and nominated candidates for President and Vice-President of the United States. A platform was adopted and a title and emblem chosen. These are the candidates: These are the candidates: For President-Senator Donaldson Caffery, of Louisiana.

Vice - President — Archibald Murray

Howe, of Cambridge, Mass. The platform says: "We, citizens of the United States of America, assembled for the purpose of taken because he was tired out and need- ion that the Japanese troops would redefending the wise, conservative princi-

ples which underlie our Government, thus declare our aims and purposes: We find our country threatened with alternative perils. On one hand is a public opinion misled by organized forces of commercialism that have perverted a war intended by the people to be a war of numanity into a war of conquest. On the other hand, is a public opinion swayed by demagogic appeals to factional and class passions, the most fatal of diseases to a republic. We believe that each of these unchecked would ultimately pass the downfall of our country, but we also believe that neither represents the

sober conviction of our countrymen.
"Convinced that the extension of the jurisdiction of the United States for the purpose of holding foreign people as colodependencies is an innovation dangerous to our liberties and repugnant to the principles upon which our Govern-ment is founded, we pledge our efforts through all Constitutional means:

"First, to procure the renunciation of all imperial or colonial pretensions with regard to foreign countries claimed to have been acquired through or in quence of military or naval operation of the last two years. "Second, we further pledge our efforts to secure a single gold standard and a

sound banking system. "Third, to secure a public service based on merit only. "Fourth, to secure the abolition of all

corrupting special privileges, whether un-der the guise of subsidies, undeserved pensions or trust-breeding tariffs." There was no roll-call. All the dele-gates were volunteers who had replied by their presence to the invitation issued t all persons in sympathy with the objects of the party.

WASHINGTON, Sept. 5.—The population of Salt Lake City, Utah, as officially announced today, is: 1900, 53,531; 1890, 44,842. The figures show, for the city as a whole, an increase in popplation of 8588, or 19.37 per cent from 1890 to 1900. IN SOUTHERN PROVINCES.

Natives Predict a General Uprising.

NEW YORK, Sept. &-A dispatch to the Herald from Hong Kong says: Influential natives state that the flame has been fanned in the Southern provinces, and predict a tremendous confla-gration within a month. Placards and pamphlets are being circulated in Canton and the province, intimating that the allies are thoroughly routed. The feeling against foreigners is bursting the bounds of official control. The majority of the mission stations in Kwang Tung have been either destroyed or looted. Native Christians are terribly abused. Natives in foreign employ in Canton have been threatened, and a systematic looting of the houses of English-speaking Chinese

has taken place.
Several reform parties, with their headquarters in Hong Kong, supported by runds from rich Chinese in the interior and in America, have hitherto refrained from aggressive action, believing that the powers would effect the regeneration of the government. One powerful organization is distributing thousands of copies of a reform appeal in the British colonies. The memorandum has been signed by 200 names for presentation to the British Minister, imploring the assistance of a reform government. It recommends establishing Nankin as the capital and the selection of enlightened Chinese officials to administer the government, with for-eign advisers. These people are disheartened at the reported intention of the powers to withdraw from China. Different societies are combining to raise the standard of revolt and overthrow the corrupt government.

The practical cessation of trade with the North has thrown thousands of Chi-nese in each port out of employment, and they are ready to join the rebels. French aggression at Swatow and Japanese ag-gression at Amoy intensify the hatred of the foreigners. The strike of coolies at Hong Kong has ended.

BIG MINING DEAL.

Twenty Millions to Be Invested in Colorado Properties.

CHICAGO, Sept. 5 .- A special to the Times-Herald from Denver says: Morgan Robbins, agent of the Armour-Haviland Company, of Chicago, today said that he, with his associates, had just closed the first part of a deal involving \$20,000,000 that is to be invested in Colorado gold mines by the packers and Lon-don men. Mr. Robbins says contracts were closed today for properties in Gilpin County calling for the payment of \$2,000,-600, but he refused to divulge the names of the properties until he had succeeded in transfering all the mines on which he has an option. Tonight he made no scruples about saying that his principals in the negotiation were the Armour-Haviland Company, of Chicago, and Mayes & Co., of London, England.

Gage Takes an Outing. NEW YORK, Sept. 5.-Lyman J. Gage, Secretary of the Treasury, reached this city tonight, accompanied by Mrs. Gage. He was met by Rey. N. D. Hills, paster of Plymouth Church, Brooklyn, and Mrs. Hillis, and the entire party at once boarded the United States lightship tender Iris, which will take them on a short cruise through New England waters. Secretary Gage said his trip was ed relaxation, He did not know just when he would return.

Tre President's Plans.

WASHINGTON, Sept. 5.—President and Mrs. McKinley will leave here either Monday or Tuesday for Somerset, Pa., to attend the wedding of Miss Mabel McKin-ley and Dr. Baer. The trip to Somerset will be made by daylight. Immediately after the ceremony they will depart for Canton, to remain some days,

RUSSIA'S POLICY MODIFIED

Some Indications That the Coar Is Backing Down-Troops May Remain in Pekin.

LONDON, Sept. 5.-General Str Alfred Gaselee, commander of the British Indian troops at the Chinese capital, wires as follows from Pekin, August 29, to Lord George Hamilton, Secretary of State for

"The ailies marched through the For-bidden City yesterday. The British had third place in the procession, the Russtans and Japanese strength. Sir Alfred Gaselee's dispatch is the only

Chinese news this morning. The can-cellation of the orders holding back the Fourth Indian Brigade is regarded as im-portant. It shows that whatever the outcome of the Russian policy, the Brit-ish Government is determined to have sufficient troops on the spot adequately to protect British interests.

Considerable significance is attached to the statement by the Journal de St. Petersburg as possibly meaning a modifica-tion of the Russian polloy. This paper is the organ of the Russian Foreign Office. Its editor being a Councillor of State It is noted that, while the Journal de St. Petersburg announces the Russian determination to maintain the solidarity of powers, it only mentions the withdrawal of the Ministers, and not of the troops at Tien Tsin. It is believed that the powers might agree to such a modification of the original Russian proposal, The Vienna correspondent of the Times, discussing the situation, declarss that Japan has a strong disposition to act in harmony with the United States in the

A Shanghai dispatch announces that German troops will land there today (Thursday). Curiously enough, they will locate in the barracks adjoining the residence of Li Hung Chang.
United States Consul Goodnow, accord-

ing to the Daily News, says there was never necessity for landing troops at Shanghal. The Daily Graphic's Moscow correspondent says: "The Russian War Office has made immense purchases of furs to be sent to the army clothing depart-ment, which is hurriedly preparing to provide the army in Manchuria with Winter kits, showing that an extensive

Winter campaign is expected." According to a Hong Kong dispatch, dated yesterday, Canton is more dis-turbed. Native shops dealing in foreign goods have been looted, and sinister ru-mors prevail. The German cruiser Schwalbe has gone to Amoy.

WHAT JAPAN WILL DO.

Diplomat in Berlin Believes Her Troops Will Remain in Pekin. BERLIN, Sept. 5 .- A member of the Japanese Legation in Berlin informed the correspondent of the Associated Press today that the Legation had not yet been advised as to the attitude of Japan regarding the withdrawal of the interna-tional trocops from Pekin. The officia

main there. "The withdrawal of the allies" said the official, "would have a very bad moral effect in China. Russia, I believe, will withdraw, because, from her standpoint, it is the shrewdest thing to do, as it would insure the continuance of her in fluence in China, particularly with Li Hung Chang, who has always been ready to do Russia's will in China."

The papers comment this evening upon Russia's latest comminque, and upon the utterances of the Journal de St. Peters-burg regarding it. The Vossische Zei-tung says that it will not make Russia's surprising step any mere intelligible. The National Zeitung observes: "Indirectly "Indirectly this comminque confirms the view that Russia no longer insists upon her proposition to withdraw the troops from Pekin.'

The Fressinnige Zeitung complains that Germany is handling the question of the evacuation of Pekin in dilatory fashion, and the Rhenish Westphaelishe Zeltung devotes a series of articles to Germany's

policy, sharply attacking it. The Frankforter Zeitung prints a Shanghal special, saying the new German Min-ister to China, Baron Schwarzenstein, visited the Chinese quarter of the city without a military escort, and returned without molestation. The Berliner Tage. blatt publishes today the first letter from its special correspondent sent to Man-churia to report the Russian operations.

SEYMOUR PRAISES MCALLA. The British Vice-Admiral's Report Issued.

LONDON, Sept. 5.-The British Admialty has issued Vice-Admiral Seymour's detailed report of the experience of the first Pekin relief expedition. It is good reading, but embraces nothing not preriously known. Referring to the harmo nious action of the forces of the eight nationalities engaged, he especially mentions Captain von Usedom, of the German Navy, and Captain McCalla, of the United States Navy. Regarding the latter he says: "Captain McCalla was of the greatest

value to me and to all concerned. He was slightly wounded in three places, and well merits recognition." The report concludes as follows: "When the fact that the Chinese be-headed any one they got is considered, the conduct of such officers or men as exposed themselves to capture is to be praised for more than it the wife me.
