COMMERCIAL AND FINANCIAL NEWS

The city was given over to the visitors esterday, and business in the wholesale burict was easy. Receipts of fruit and produce were not very large, but there was enough for the demand. A carload of Salway peaches arrived from Califor-pla and sold fairly well at 70 cents for the best stock. There was a little better demand for well-matured potatoes, but few cold above 50 cents per sack. Eggs and butter held steady, with a good demand. The wheat market was again showing soft spots in the East yesterday, but there was not much change in the European market. Portland exporters have apparently satisfied their immediate wants, and are less inclined to bid above the export value, which is given at 55% and 56 cents for Walla Walla. As usual, there are reports from the interior of more money being paid by warehousemen at competi-tive points. Valley is in demand for milling purposes at 58 and 59 cents, with an occasional sale made as high as 60 cents. The freight market is firm at unchanged figures, although 45-shilling ships have become very searce.

NEW YORK STOCK MARKET.

Hardening of the Discount Rate Caused Some Wenkness.

YORK, Sept. 6 .- The hopes aroused by yesterday's increase in busi-ness that a period of more active trading in stocks was at hand were disap-pointed today. The stock market again became an unimportant affair, and offered little of interest as commentary on gen-eral conditions or events. London in par-ticular renewed its attitude of indifference toward American securities, and buying for that account in New York fell back to insignificant proportions. This served to discourage local traders, who based nome of their buying yesterday on the hope that the London demand would take their holdings off their hands. A hardening of the discount rate in London, due to the belief that the prevailing ease of money will not last long, had some-thing to do with the setback to the stock market

The rebuff given by London to the New York bulls was emphasized by the weak-ness of the anthracite coalers, which de-clined on the ultimatum offered by the

GRAIN COMMISSIONS. New York Produce Exchange Will

Insist on Uniformity. NEW YORK, Sept. 6 .- The grain trade

of the New York Produce Exchange has adopted the report of the special commission on uniform commissions, submitted on August 23, with a number of im portant amendments. The following rather sensational resolution was adopted "It is the sense of this meeting of the grain trade that the penalty for violation of rules 36 and 37 of the grain rules should be expulsion." The rules and the recommendation now

go to the board of managers. The rec-ommendation will probably not receive the indorsement of the managers. The rules, as amended, chiefly provide the following rates of commission as

minimum charges: For the sale of consigned grain one-half cent per bushel on wheat, corn,

oats and feed barley. One cent per bush-el on buckwheat, rye and malting barley. It is provided that where the consignment is handled for the account of any member or firm, one of whose general partners is a member, or corporation, one of whose executive officers is a member of whose executive officers is a member of the New York or one of these other regularly organized grain exchanges: Board of Trade, Chicago; Merchants' Exchange, St. Louis; Board of Trade, Du-luth: Chamber of Commerce, Milwaukee; Chamber of Commerce, Milwaukee; Board of Trade, Kansas City: Chamber of Commerce, Cincinnati; Board of Trade, Detrolit; Board of Trade, Peoria; Board Detroit; Board of Trade, Peoria; Board of Trade, Indianapolis; Chamber of Com-merce, Cleveland; Merchants' Exchange, Buffalo; Chamber of Commerce, Boston; Commercial Exchange, Philadelphia; Chamber of Commerce, Baltimore; Board of Trade, New Orleans; Chamber of Com merce, San Francisco; Board of Trade, Montreal; Board of Trade, Toronto; Grain Exchange, Winnipeg, one-half of the above rates of commission shall be

NEW YORK, Sept. 6.—Cotton Futures-The market opened strong, excited and very active, with September up 8 points, and other months 21 to 22 points higher. Before noon several violent changes occurred, the market easing off 11 points at 11:30 A. M., but again hardening still

later on, when a wild scramble of outside shorts for covering ensued." Far from reacting in the late session, the local market developed strength from predictions of another bulge in Liverpool tomorrow, on claims that Monday's Government crop report would be bullish beyond expectations, and estimates

for very light receipts at the ports to-morrow. The market closed strong, 30 to 42 points net higher.
