DAY MAY GO TO CHINA.

His Name Suggested for One of Our Commissioners.

WASHINGTON, Sept. 23 .- The three pending diplomatic notes bearing on the Chinese situation disposed of by answers to the respective powers, the attitude of the United States is now a waiting one. There has been a general relaxation of anxiety apparent today and the day, moreover, passed without any developments in the way of important dispatches. Now the notes are acted upon, the question of the commission to negotiate peace is again revived. Among others whose names were suggested tonight as commissioners, was William R. Day, of Canton, ex-Secretary of State. Judge Day served with the American-Spanish Peace Commission and in all probability would be persona grata to China. His ill-health, however, is a serious consideration which might lead him to decline if offered a commissionership.

ROOSEVELT RESTS & DAY.

From Wyoming He Will Go to Colo rado, Kansas and Nebraska.

RAWLINS, Wyo., Sept. 23.-After week of great exertion in speaking and traveling, Governor Roosevelt resolved to spend a quiet Sunday and a day of rest. At the conclusion of the meeting at Rock Springs last night the special train pulled out on what is called O'Neill's Spur, where it remained the remainder of the night and during the day, remote from town or city. The train rested near Daly's ranch, and the party, numbering about 30 or more, were entertained at the ranch with a game dinner. During day horses were provided, and about 25 of the party, including the Governor, took a gallop over the adjacent hills. Four speeches have been arranged for tomorrow at Rawlins, Medicine Bow, Laramie and Cheyenne. The first three meetings will be held during the day, and the night meeting will take place at Cherners. and Cheyenne. From Cheyenne the Gov-ernor will proceed to Colorado, Kansas and Nebraska in the order named. Deadwood, S. D., will be reached about Octo-ber 3, and Waterloo, Ia., about October 5, from which point he will go to Chi-cago, where he is scheduled to speak on October 6. So far the Governor's voice is holding

out well, and his health and strength seem to be improving rather than otherwise. Unless he meets with some unforeseen mishap, such as a sudden cold or sickness, he will be able to complete the entire trip, notwithstanding the enor-mous test of endurance, without missing an appointment to speak. During this campaign he will have traveled more than 10,000 miles and have delivered more than 225 speeches.
