Guerrilla Warfare Intended to Infinence the American People-Gunboat Villobos Safe.

WASHINGTON, Oct. 3.-The War Department has just received from General MacArthur by mail another batch of insurgent papers captured by the American troops. Among them are letters from Theo Sandico and E. R. Regio, agents for the Filipino junta at Hong Kong. In a letter addressed by Sandico to Lieutenant-Colonel Casimiro Tisino the former says

The political campaign and some other circumstances have created in America a political situation that may perhaps produce the downfall of McKin-ley, which will signify the triumph of our ideals. For the same reason, the disastrous war with the Transvaal, and more especially the fierce revolution in Chins, especially the herce revolution in China, have created a political atmosphere sufficiently critical to cause the birth of a disturbance of the armed peace of the great powers that may result favorably te our aspirations; because America may prefer to sacrifice some of her plans with respect to the Philippines, placing our independence under a protectorate rather than sustain two wars and run the risk of losing the whole archipelago. I believe, then, under the conditions so favorably colored by the present circumtsances, it is necessary that we continue the struggle and only accept peace on a base of spendence, although under an Ameri-

can protectorate. "If the re-election of Mr. McKinley be accomplished and the revolution in China be wiped out and the war in the Transtake on no new complications, then I be the first to accept the peace that I believe to be necessary, though it be at the cost of acknowledging the sovereignty of the United States, since I consider that our forces are now impotent to defend our secred and legitimate

Regio, writing from the Hong Kong junta to Sandico, describes the anti-im-perialist convention in Philadelphia and the Boston meeting to show that the Philippine sympathizers are increasing in numbers, and victories obtained by the sensoned Filipino Army exercise great influence on "the very impressionable minds of the American people." He con-

"This impression is and will be one of the determined causes of our triumph, which triumph will come soon if we but resist a little more now, as but little is lacking to change the announced elections, as with the downfall of McKin-ley comes the ascendancy of the starred banner over our soil."

The Villalobos Safe.

WASHINGTON, Oct. 3.-The dispatch from General MacArthur last week announcing the disaster sustained by C aln Shields' party on the Island Marinduque left in doubt the fate of the gunboat Villalebos, which had conveyed the troops to Torrijas. In consequence the Navy Department has been receiving of telegrams and letters from a number of telegrams and letters from friends and relatives of the crew of the gunboat asking for information as to the affair. A cablegram was sent to Rear-Admiral Kempff, at Cavite, and the foi-

One John Gleason Shot a Priest in Boston.

BOSTON, Oct. 2.-John Gleason, supposed to be demented, shot and seriously wounded Rev. Lawrence McCarthy, rector of the Roman Catholic Church of the Holy Redeemer of East Boston, at the parochial residence yesterday. The priest will probably recover. The police are of the opinion that Gleason is crazy. It appears that he called at the residence and requested to see Father McCarthy. The first thing he said to the priest was: "Were you born in Ireland?"

Father McCarthy replied: "No, I was Immediately Gleason raised a revolver. which had been concealed, and fired four shots at Father McCarthy. One bullet took effect in the priest's back and another grazed his left shoulder and he fell. Gleason, after the shooting, rushed from the building. He went at once to a police station, which he entered with the revolver still in his hand. He approached the desk and said:

"I am a good Catholic. I have got a gun and I am afraid I will get into trouble with it if I don't get rid of it. You'd better take it.

The wounded clergyman was picked up by his servants, who had heard the re-port of the shots, Gleason's first words to Captain Dugan were:

PARLIAMENT UNCHANGED

Liberals Have Gained Ten Seats and Conservatives Seven - Some Unopposed Candidates.

FECTED BY ELECTIONS.

LONDON, Oct. 4, 2 A. M .- The results of yesterday's polling in the Parliament-ary general elections were less striking than those of Tuesday. The Conservative majorities still show increases in numerous contests, but in a less marked degree, On the other hand, the Liberals have gained additional seats. On the whole, the indications this morning are that there will not be much change in the complexion of the new Parliament. As matters now stand, out of the 287 candidates returned, the relative strength of parties is as follows:212

Nationalists seats and the Conservatives seven. Only one Conservative seat was gained yesterday, but it was a very important vic-tory. In the Brightside division of Sheffield, an industrial constituency held for 10 years by the late Anthony J. Mundella, who was succeeded by Fred Madison in 1897, the Madison majority of 183 was converted by J. H. Hope, Ministerial, into a Conservative majority of 96. At Derby, the Liberals had a striking

success, recovering the two seats wrested in the general election in 1895 from Sir William Vernon Harcourt and Sir Taomas Roe, by Sir Henry Howe Primrose and Geoffrey Drake. Following is the result of the polling: Sir Thomas Roe, Liberal, 7927; Richard Bell, 7640; Sir Henry Howe Primrose, Conservative, 7389; Geoffrey Drake, Conservative, 5776. Mr. Bell is the general secretary of the Amalgamated So clety of Railway Servants. The outcome, therefore, is one Liberal and one Laborite elected, which is a gain for Liberalism. The unopposed returns include William Wither Bramstone Beach, Conservative, known as the father of the House of Commons. He had represented Andover since 1857. Also among those elected without opposition are: Joseph Austen Chamber-lain, eldest son of Joseph Chamberlain, Liberal Unionist, and John Dillon, exchairman of the Irish Parliamentary par

The result of the election in the Marthyr Tydvil district of Wales (two mem-bers) was as follows: David A. Thomas, Liberal, 8598; James K. Hardie, Labor, 5745; William Pritchard Morgan, Liberal, 4004. The labor party thus gains a seat from the Liberals by the defeat of Mr Morgan. The latter is well known in the United States in connection with mining affairs in China and elsewhere. The result of the poll at Westmister was as follows: Mr. Burdett Coutts, Con-servative, 2715; Mr. Smith, Conservative,

439. At the last election Burdett Coutts was unopposed.

At Wallsall, Sir Arthur D. Hayter, Liberal, recovered the seat won from him in the election of 1895 by Sidney Gedge, Conservative, receiving 5610 votes against 5285 cast for Gedge. The Liberals retain their seats in Dundee with increased majorities showing that Scotland has not been af fected by the khaki boom.

Gilbert Parker, the novelist, has been blected at Gravesend, presenting a Unionist majority of 738 over the Liberal can-Hildebrand Harmsworth, John Kensit, the anti-ritualist crusader, has been defeated at Boroughton, al-though he polled 4643 votes in the interest

of his propaganda.

A curious accident prevents the result at Newcastle, where Captain Lambton, of the British cruiser Powerful, is standing, from becoming known tonight. It seems that a cab horse bolted and overturned and smashed one of the ballot-boxes in

T. A. Brassey, Liberal, who was defeated by 84 votes at the last general elec-tion when Abel H. Smith, Unionist, was elected, has reduced that majority to three in his contest with Major K. S. Bal four, the present Unionist candidate, and the Liberals have demanded a scrutiny

of the votes. The notable triumph of Burdett-Coutts, It is rumored that when the Democratic at Westminster, is regarded by the Lib-Club Convention reaches the order of crais as almost equivalent to a victory for themselves. Mr. Bell has been very prom-inent in every dispute, and Derby is a great railway center. Sir Ellis Ashmead-Bartlett, Conservative, has been re-elected of the executive committee, is to be re-bartlett, Conservative, has been re-elected tired as treasurer, and Marcus Daly for the Ecclesal division of Pffefield, with an increased majority.

Howard Parnell, brother of the late Charles Stewart Parnell, lost his seat, Southmeath, in a singular manner, while W. H. Carew, of Dublin Green, has been elected for Southmeath without his knowledge or consent. It appears that Mr. Parnell, Nationalist, expected to be unopposed and had deposited a nominal sum with the Sheriff, sufficient to def as the cost of an uncontested election. The local manager, however, angry with him because he had attended Queen Victoria's reception in April, at the last moment nominated Mr. Carew. Mr. Parnell did not have sufficient money with him to cover the cost of a contest, and therefore the Sheriff was compelled to declare Mr Carew elected without opposition. Mr Carew happens to be opposed at College Green, which he represented in the last Parliament, because he attended the Duke of York's levee and his friends had seized the occasion to put him forward by stealth for Southmeath. He now offers to resign in favor of Mr. Parnell, but it is doubtful whether the law will permit this, The Daily Chronicle remarks: "If there are any more royal visits to Ireland, the bulk of the Nationalists will be unseated

by their own friends." Large crowds awaited the results in London last evening, but much less ex-citement was displayed than the evening

Today will prove decisive as to the ulti-mate result. There were only 28 contests yesterday, but 88 have been fixed for to-(Thursday), including 30 in Lo aloné. Excitement is likely to be raised to fever heat. Mr. Chamberlain, especially, and, in fact, most of the leaders on both sides, are exhibiting untiring energy speaking nightly and writing letters couragement and thanks to candidates and successful contestants. F. Burnham the American scout, who was on Lord Roberts' staff in South Africa, has been assisting in the canvass of F. Rickard Savage, Conservative, in Newinton, West London. Many ladies are engaged in elecneering, some of them making speeches and doing other work very successfully. The Primrose League has issued an adroit circular to the effect that 37,8% more marriages occurred during the four years of Conservative administration than during the previous corresponding period

of Liberal rule. APATHY IN LONDON.

Result of the Elections Regarded as a Foregone Conclusion.

NEW YORK, Oct. 3.-A dispatch to the Tribune from London says: The election scenes in Fleet street and the political clubs are chiefly remarkable for lack of excitement. The second day's polling has included Battersea and North ampton, two of the most interesting borough contests, and has revealed the trend of opinion in Lancashire and other industrial sections, but the results have been received almost listlessly in the

This apathy is due to the fact that the general result of the elections is regarded as a foregone conclusion. Not even the most sanguine Liberal has expected the triumph of his party, nor hoped for any thing more than a reduction of the gov-erament majority. The loyal example of the colonies in fighting the battles of the empire has brought the Liberal imperialists well to the front in the opposi-

tion side, and even a material reduction of the government majority will not in-volve a reversal of the South African policy. The elections are passing quietly because the country knows that there will not be any break in the continuity POLITICAL COMPLEXION LITTLE AFof the government of the empire.

A fresh batch of uncontested regions sent the government well up to the figures at the close of last Parliament, and polling in Galway town recorded an un-expected Unionist gain in Ireland. The essful candidate is the eldest son of Lord Morris, ex-Lord Chief Ju Ireland. He ran against two Nationalist candidates in 1895 and was defeated, but has now come out at the head of the poll in a home-rule stronghold. He is a an Catholic, and his election is proothat the influence of the clergy has not been thrown against him.

The Tories describe this victory as the first fruits of the Queen's visit to Ireland, and express the hope that it may influence the results in the elections in South Tyronne and South County, Dub lin, where T. W. Russell and Horace Plunkett are opposed by independent Unionists.

These contests are regarded as decisive in one respect. The Liberals are sending seven and the Unionists 22 seats which have been considered doubtful. The Liberals will not have a better chance for Their failures will be an indication that the Unionists will hold their majority and possibly increase it, unless the coun ty divisions take a line of their own The Liberals started off with gaining Grantham as an offset to Galway town, and followed their advantage by capturing Swansea and Gloucester; but Unionists increased their majorities in Boston, Whitehaven and other borough and won a seat at Stockton-on-Lees. Balfour led off in Lancashire with a largely increased majority. Mr. Bidrell was defeated after a stirring fight, and the industrial districts generally

strongly Unionist. The cabinet makers have now suspended their activity until the results of the appeal to the country are more clearly known. There is a generally accepted be-lief that Lord Lansdowne's successor will be a member of the Commons, where a good debator is required for the exposi-tion of reform policies favored by Lord Roberts. This will limit the choice of new Secretary of War to Mr. Chamber-lain and Mr. Wyndham, Old Tories assert that the influence of Mr. Chamberlain has declined in that he will not be transferred to the War Office. The potency of that influence depends upon the r increase if Parliament be strongly Unonist, for he has forced the fighting and has been the target of abuse. It may diminish if the Unionist majority be cu

The most intimate friends of Mr. Chameriain do not know whether he wishes the War Office. His enemies assert that will be unwilling to play second fiddle to Lord Roberts, for whatsoever is done in the way of military reorganization will have the authority of the Commanderin-chief. Mr. Chamberlain, Mr. Wynd ham and Lord Roberts are alike vinced that the military resources of the colonies, which have been heavily drawn South Africa, must not be sight of, but utilized and developed into mprehensive scheme for the permanent defense of the empire,

BATTLE IN ASHANTEE. Hard Fighting Between British Force and Natives.

LONDON, Oct. 4 .- A dispatch to the Morning Post from Kumassle reports that heavy fighting took place last Sunday between Colonel Willcock's column and the

Ashantees, at Abu Ashu.
"After heavy fighting," says the dispatch, "the British column made an ineffectual attempt to charge the Ashantee positions, but was obliged to retire and to resume the rifle duel while awaiting reinforcements. Eventually, after hard work, Colonel Willcocks captured the positions and occupied the village of Isna shu without more opposition. Recently the British carried three other villages at the point of the bayonet and burned them, Seventy Ashantees were killed. The British losses were Major Meliss and Captain Luard, severely wounded: three officers slightly wounded, three men killed and 28 others wounded. A flying column of 800 men, with two guns, was sent Mon-

day in pursuit of the enemy, The Vatican Burglary. ROME, Oct. 3.-The Italian police have egun an investigation into the burglary at the Vatican, where thieves the other day forced a safe and carried off securiworth 357,000 lire and 2000 lire in silver, although the Vatican officials have not lodged a formal complaint, contenting themselves with merely announcing the theft. Four persons are under suspicion, and one was arrested this morning. The Tribuna says that the Italian warned the Vatican police in July of last year that a plan was on foot to commit some such robbery. It is believed that the stolen property does not belong, as was originally asserted, to the management of

private funds of the pope. England's Finances. NEW YORK, Oct. 3.-Lord Revelstoke,

Chamberlain a Menace. LONDON, Oct. 3.-At today's meeting of the Baptist Union, Dr. John Clifford, expresident of the union, in moving a resolution generally condemning a resort to war in order to settle international dis putes, referred to Joseph Chamberlain, declaring "there is no greater personal menace to the well-being of the country and well-being of the world than the man of masterly impulses now driving the chariot of the British Government." The resolution was adopted.

TRAINROBBER KILLED

A HOLD-UP NEAR COUNCIL BLUFFS THAT FAILED.

Plucky Express Messenger Got the Drop on One of the Bandits and Brought Him Down.

COUNCIL BLUFFS, Ia., Oct. 8.-Two men held up the passenger train on the Burlington road three miles south of this midnight. Express Messenger Charles Baxter shot and killed one of the robbers, and his body now lies in the morgue in this city. He was about six feet tall, powerfully built, apparently about 45 years of age, and had black half and mustache.

The two men boarded the train at the

Union Pacific transfer and climbed over the tender just as the train was crossing the Mosquito Creek bridge. Engineer nelly and Frank Holman, the fireman who were in charge of the engine, were ordered to slow up as soon as the train had crossed the bridge. While the man afterward killed held a revolver on the engine crew, his companion went back and cut off the baggage and mail cars, leaving the day coaches and sleepers standing on the main line. Acting under orders, the engineer pulled the train half a mile down the track, where a stop was

Here the robbers approached the express car and ordered Messenger Bax-ter to open the door. He refused to do so. Under compulsion, Engineer Donnelly attached a stick of dynamite to the side door of the car and blew it open. In the meantime Messenger Baxter seized his gun and escaped from the door on the opposite side of the car. As soon as the door was opened one of the robbers entered the car, while his companion marched the engineer and fireman back to the engine. Baxter crept around in front of the engine, and, seeing the robber standing guard over the engine crew. fired one shot, killing him instantly. As soon as the shot was heard, the robber in the car jumped to the ground and fled through a cornfield.

dead man was picked up, placed on board and the train backed into this city. The body was searched, but noth-ing was found on it by which it could be identified. The dead robber was dressed in a neat suft of black clothes, which overalls and jumper had been drawn. In the pockets was found about \$15 in money and a watch and chain. Conductor William McGrew, who was in charge of the train, thinks the dead man is one George, of St. Joseph. The robber who escaped was larger and taller than the dead man, being apparently above six feet in height. Both men were masked and both wore overalls and jumpers. The door of the express car was badly shat-

tered by the explosion of dynamite.

The robber inside the car was preparing to blow the safe at the time his companion was killed. He ceased operations at once, and no damage was done to the contents of the car, nor was anything taken. After putting on a new express car and transferring the freight the train proceeded to Kansas City.

DISEASE DESCRIBED BY SYMPTOMS

The Diagnosis Made Easy by the Famous Symptom Questions; the Cure Made Certain by the Wonderful Medication Which Reaches Every Part Subject to Catarrh-How the Treatment Acts on the Nose, Throat, Vocal Cords, Bronchial Tubes, and, by Removing the Obstruction in the Ear Tubes, Cures Deafness.

The Treatment That Cures.

Doctor Copeland's new treatment, that has lifted the darkness and blight of the word "incurable" from hundreds of usands of cases of Catarrh of the Tubes and Lungs, works its curative ac tion for two reasons:

(1) It reaches every diseased spot, from the orifice of the nose to the deepest part of the lungs and the innermost recesses of the middle (2) Instead of irritating, inflaming

and feeding the fires of the disease,

it soothes, quiets, heals and cures. What is the treatment that cures these conditions once regarded as incurable By what process does it restore the dis-eased membrane, remove the poison and relieve the soreness of disease? Let the experience of persons cured and being The Proper Course For Sufferers

The proper course for sufferers is this: Read these symptoms carefully over, mark those that apply to your case and bring this with you to the Copeland office. If you live away from the city send by mail and ask for information of

new home treatment.

CATARRH OF HEAD AND THROAT

The head and throat become dis eased from neglected colds, causing Catarrh when the condition of the blood predisposes to this condition.
