IN SOUTHERN ILLINOIS

FOURTEEN SPEECHES DELIVERED BY BRYAN YESTERDAY.

Six Hours were Consumed by the Democratic Candidate in Actual Talk.

ST. LOUIS, Oct. 8.—That particular portion of Illinois, known as "Egypt," was visited by Mr. Bryan today.

Surveys Cuban Coast. WASHINGTON, Oct. 8.—In compliance with instructions given by Rear-Admiral Bradford, Chief of the Bureau of Equipment, an extensive survey of the southern side of the island of Cuba is to be begun during the coming winter.

The waters along the south shore of Cuba are shallow, and many of the Spanish charts are defective, and the Navy Department deems it essential to navigation that a survey shall be made.

As a result of the American occupancy the harbors of Santiago, Guantanamo and Cardenas have been completely surveyed.

The Vixen will soon complete the survey of Port Padre, on the north side of the island, and will then go to Manzanillo.

IT BLOCKS HIS WAY.

The Full Dinner Pail Causes Great Bryanite Solitude.

The Chicago Inter-Ocean. "The full dinner pail" is a favorite motto of Mr. Bryan.

Mr. Bryan, in his frantic effort to get away from that practical proof of prosperity he adds false statements to his usual trick of suggesting falsehood.

Whenever any Republican holds up before you the full dinner-pail argument, ask him what he thinks of less than \$1 a day received by the men mining anthracite coal in this country.

Here is Mr. Bryan's positive statement that anthracite coal miners receive less than \$1 a day. What are the facts?

In their own demands upon their employers the men mining anthracite coal receive less than \$1 a day advanced 20 per cent, but to not more than \$1 25 a day to advance 15 per cent; that laborers now receiving \$1 75 or more a day be advanced 10 per cent.

For the miners proper, as distinguished from laborers, no advance is asked. The miners ask relief from certain grievances as to the price of powder, weighing of coal, etc., but are satisfied with their present wages.

The leaders of the miners state that in some mines the least skilled laborers are paid as low as 90 cents a day, but they estimate the average wages of this class of anthracite coal workers at \$1 25 a day.

That the average wages of many laborers must be more than \$1 25 a day the men's own demands prove. These figures, taken from the mine workers' own statement, prove the fallacy of Mr. Bryan's assertions as to wages in the anthracite region.

Then Mr. Bryan is worried by the "full dinner pail" in another way. "I want to ask the laboring man," he says, "if he consent to live and die with nothing more than a full dinner pail?"

Certainly, nor does the Republican ask him to live and die. But the Republican asks the laboring man to contrast his present full dinner pail with that vessel's condition when we last experimented with the Democratic party. The full dinner pail is a sharp contrast with the soup kitchens of not many years ago.

Mr. Bryan dislikes the full dinner pail argument, but he cannot get away from it, and unless he is satisfied with the present condition of his country's history and the Democratic party's record the full dinner pail will absolutely block Mr. Bryan's road to the White House.

At Marion. At Marion Mr. Bryan discussed the trust question. He said in part: "I want to call your attention to a clipping which I received a few days ago. I will read it to you."

"Columbus, O., Sept. 28.—According to a special from Gallipolis, Dr. Jennings, in his financial report of the Western Methodist Episcopal Conference, made to the Ohio conference now meeting at Gallipolis, says the white paper trust alone has increased the price of paper used by the Methodist Episcopal publishing-house of the churches."

The special says the report astounded the conferees, added Mr. Bryan, "and that they are talking more about trusts than assignments. And yet, my friends, I am sure that there are trusts."

There is a trust taxing the churches of this country \$100,000 a year, and the people who subscribe to churches have to pay it. You will, of course, have to subscribe more money to your church."

"What about the miners?" cried a voice. "I want to say," replied Mr. Bryan, "that the miner has to cast in his lot with the farmer if he wants any protection against the trusts of England. The farmer can stand bad wages longer than the miner can, for if things get so bad that the farmer cannot buy coal, he can burn corn, but when things get so bad that the miner cannot buy coal, he must eat coal. The Republican party stands today as the defender of trusts; it stands as the exponent of a large army idea and for a colonial policy."

At Alton. ST. LOUIS, Oct. 8.—At Alton, Mr. Bryan spoke to thousands of people. His address was the longest he has ever made in that city.

The local Democratic leagues, among whom was Congressman Jett, occupied a special platform erected in front of the Courthouse, and notwithstanding it was 10 o'clock before Mr. Bryan commenced his speech, the crowd stood densely packed in a mass that extended so far that it was impossible for those on the outside to hear.

Mr. Bryan spoke with his hat on, and some one yelled: "Take off your hat, like Teddy did." Mr. Bryan, however, did not comply with this request.

When he found that the bunting and flags on the stand cut off his view with the audience, he promptly tore down the obnoxious decorations, and the crowd began to cheer. "Don't tear down the flag," cried another. "Tear it down; it is where it ought to be taken down." Mr. Bryan made no reference to these remarks, but he continued to speak, dismounting process sufficiently to answer his purpose, he went on with his speech.

Speaking of the Republican contention of good times, Mr. Bryan said: "We are loaning money in Europe. All you that are loaning money in Europe hold your hands." Not a hand went up, and he exclaimed: "Then it is they, not we, who are loaning money abroad."

Mr. Bryan spoke for about three-quarters of an hour, and at the conclusion of the speech returned to St. Louis for the night.

A Yellow Fever Victim. HAVANA, Oct. 8.—Martin C. Posner, Acting Director-General of Posts, was removed today to Las Animas Hospital, suffering, it is believed, from yellow fever.

THE RICE CONSPIRACY

LAWYER PATRICK AND VALET JONES CHARGED WITH FORGERY.

The District Attorney Believes He Has Secured Sufficient Evidence to Convict Them.

NEW YORK, Oct. 8.—District Attorney Gardner made an statement today concerning the work done by his office to solve the mystery surrounding the death of William R. Rice, and the checks with his name.

"This matter," said the District Attorney, "was first brought to my attention by the banking house of Swenson & Sons (through their counsel, Mr. Gerard). From the information received from Gerard, it appeared that Patrick had presented a check for \$25,000, knowing Mr. Rice to be dead, and concealed the fact from the banking house, and when they tried to communicate with Mr. Rice, owing to the suspicions aroused by the check itself, they were met by evasive answers from the telephone by the valet, who at first concealed the fact from the family of Mr. Rice. Then they made further inquiries and ascertained that the body had been promptly embalmed with arsenic fluid, though Mr. Rice had in his lifetime said he was opposed to anything of the sort, and the funeral was being hastened with intent to cremate the body.

The situation seemed to be one which required prompt action, and the detective force was immediately communicated with by telephone, and Mr. Gerard was sent for to give all necessary information. Coroner Hatton was called into the case, and requested to prevent the funeral. Meanwhile the brother of the deceased was hastening from Texas.
