

OUTLOOK IS BRIGHT

Improved Chances for Republican Victory in Idaho.

MCKINLEY MAJORITY IS CERTAIN

Fusionists Are Making Hard Fight, but People Are Too Prosperous to Take Up With Bryanism.

BOISE, Oct. 18.—The chances of the Republicans for carrying the state in November grow brighter each day. The success of the President's ticket is certain, while there is a shadow of doubt concerning the state ticket, indications are very favorable to the party of law, order, sound money and prosperity.

While this is a great majority to overcome, the Republican Central Committee is in receipt of advice from the several sections of the state which go to show that the number of deserters of Bryan and his many lems are more numerous than in any other election in the Union. The state government under Democratic rule has been far from acceptable, and this is largely in favor of the Republicans.

WALLA WALLA VOTERS. Registration of 1900 increased 300—Republican Accessions.

WALLA WALLA, Oct. 18.—The registry books closed Tuesday evening, with 298 voters enrolled. As the books open on the first day of next month, it follows that from the opening of the books last January until now some voters have died, others moved away, a careful scrutiny of the books has not been made, but the registry clerk feels confident that these changes will not reduce the voting strength of the city of Walla Walla to less than 200. This is an increase in round numbers of 300 over the registration of 1898.

Confidence Was Misplaced. FOREST GROVE, Oct. 18.—A tramp was given supper and lodging at the house of Dr. Geiser, the oldest living Oregon pioneer, last night, on condition that he perform certain work the following morning. When the doctor called him for breakfast, he found he had skipped and had taken with him a suit of clothes and other wearing apparel.

Work of Desperados at Nemo. SEASIDE, Oct. 18.—Four desperados entered the office of the Cling Paint & Oil Company at Nemo, the night of September 18, and while one held up Manager Wintermants, the other three carried the safe into the street and took from it the contents, \$100 in cash.

Woolen Mills Suspended. Eastern Buyers Call in Orders Until After Election.

DALLAS, Oct. 18.—The woolen mills here have been compelled to suspend operations on account of Eastern buyers calling in all orders until after election. The management is assured, however, that should McKinley be elected they will be called upon to supply not only the original orders but a greatly multiplied quantity of woolen goods.

Little for the Creditors. Bankrupt Eastern Oregon Stage Company Will Pay 5 Cents on Dollar.

HEPPNER, Or., Oct. 18.—The sale of stock of the bankrupt Miller Stage Company realized \$700, which will pay only 5 cents on the dollar of the debts. The company was organized by James Miller and Canyon City. Thomas Beeson, hostler at Long Creek, had a claim of \$500 for work and Mrs. Wilson, at Monument, one of \$200 for boarding drivers. The employees supposed that the government would pay their wages, but it refused to do so, as they were hired by H. E. Miller, while the mill contract was in the name of his father, G. W. Miller, of the Dalles.

Hops Command Good Prices. INDEPENDENCE, Or., Oct. 18.—More hop sales were reported this morning. J. H. Burton sold 600 bales to C. L. Fitch, and 15 cents for 100 bales of 100 lbs. to J. C. Carmichael at 14 cents; D. B. Taylor, 300 bales to T. A. Lively, 15 cents. A number of other sales are pending, all reported as being better than 15 cents.

Well Pleased With Prune Crop. MINNIEVILLE, Or., Oct. 18.—Pruners in this vicinity are well pleased with the result of this year's crop. The output has been about the average, the quality being the best of the year. The price is in perfect sympathy with the output, and often greeted his remarks by loud and long applause. Tillamook County can be relied upon to roll up a good majority for McKinley.

McKinley and Prosperity. ALBANY, Or., Oct. 18.—Representative Tongue spoke tonight in the Armory to a large audience, urging the support of the McKinley Club of this city. The speaker was at his best, and discussed campaign issues in a very interesting way for over two hours. He made a strong appeal for McKinley's election, which, in his opinion, assured a continuance of present prosperous conditions.

Wheat Pouring Into Heppner. HEPPNER, Or., Oct. 18.—Heppner streets are lined with wheat teams every day, and the country here now contains 90,000 bushels. Present prices here are 42 to 45 cents.

Banner Hop Sale at Dallas. DALLAS, Oct. 18.—The Dunn Bros. & Williams sold their hops, consisting of 210 bales, yesterday for 14 cents. This is the highest price paid here this year.

Rain Will Start Ploving. FOREST GROVE, Or., Oct. 18.—Washburn County farmers are anxiously waiting for rain to enable them to commence plowing.

Hop Sales at Salem. SALEM, Oct. 18.—Several hop sales were held today at 15 and 15 1/2 cents for choice hops.

Expensive School Supplies. As Result of Litigation, District Will Have to Pay Double First Cost.

OREGON CITY, Oct. 18.—Today a decision was handed down in the Circuit Court giving H. E. Noble judgment for \$750 and interest at 10 per cent from September 30, 1898, and to recover the court costs, amounting to \$300, in a suit against School District No. 10. In 1892 School District No. 2, embracing territory in Multnomah and Clackamas

AN INDEX OF PROSPERITY

STATE LAND BOARD IS FORECLOSURING FEW FARM MORTGAGES.

Frequent Acquisitions Showing It a Good One.

SALEM, Oct. 18.—Clerk M. L. Chamberlain, of the State Land Board, says that the sales of farms made recently by the board indicate a prosperous condition among the farming class throughout the state. During the first 16 days of October the State Land Board sold 10 farms acquired by the state on foreclosure of mortgages given to secure loans from the school funds. The aggregate consideration was \$3,625. In the same time only one mortgage was ordered foreclosed.

CANNERIES DOING WELL

THOSE ALONG OREGON COAST HAVE HAD GOOD RUN OF FISH.

Alsea Pack is Larger Than Ever Before—Several Are Doing Better Than Last Year.

ASTORIA, Oct. 18.—Captain Tom Neill, of the steamer W. H. Harrison, reports that all the canneries along the Oregon Coast are doing fairly well, and a large run of fish is expected after the usual October morms. The pack at Alsea was larger than ever before, and Captain Neill would be sure to see a trap lifted, and in it were 54 sturgeon, not one of which was over two feet in length. In most cases, the sturgeon are not turned back, but are allowed to remain in the trap until they die.

Many Sturgeon Destroyed. A gentleman interested in the fisheries of the lower coast stated today that the public had no idea how many sturgeon were destroyed each season by the lightning. As an illustration, he said that a short time ago he saw a trap lifted, and in it were 54 sturgeon, not one of which was over two feet in length. In most cases, the sturgeon are not turned back, but are allowed to remain in the trap until they die.
