At a meeting of the representatives of the allief forces in the Chamber of Com-morce building yesterday afternoon, when the gualifications of every sorehead Re-publican in the "push" had been weighed in the balance and found wanting, and when leaden-eyed despair seemed to have located permanently among the deliberators, the name of Pennover was accidentally brought up, and the thing was done. Chairman Adams, of the Democratic County Central Committee, forthwith sat down to pen an impassioned appeal to the ex-Governor to accept the nomina and save the party, while the rest of the leaders, after delivering themselves of exhaustive sighs of relief, looked over his shoulder and winked at each other in pure joy. Then, for a moment, shudder-

doubt seized one of the members. Supposing the old man won't stand for it?" said he. But his fears were quickly dispelled. Pennoyer refuse to run for anything? The idea was too ridiculous for serious consideration by the old war-horses who had seen Pennoyer in politics in better days, and Chairman Adams, whose pen had been stayed for a moment, proceeded to dash off the words of notifiwhile the others went forth to prend the glad tidings among the faith-
