## OUR EXPORTS TO CHINA

VALUE MORE THAN QUADRUPLED IN PAST FIVE YEARS.

In That Time the Empire's Total Imports Increased Only 54 Per Cent-The Official Reports.

WASHINGTON, Oct. 17. - American trade with China shows a more rapid growth than that of any of the European countries. The official reports of the Chiwhich have just reached the Treasury Bureau of Statistics, show that the imorts into China from the United States in that year amounted to 22,298,745 Haik-wan theis (Haikwan tael is equal to 72c), against 17,161,512 taels in 1898, 12,440,300 in 1697, 11,930,853 in 1896, and 5,083,182 taels in Thus in the four years from 1895 to 1860 the imports into China from the United States have more than quadsupled. During the same period the imports into China from Great Britain inbreased from 23,956,000 Haikwan taels in 1886 to 40,161,115 in 1899, and from the Continent of Europe (Russia excepted) they increased from 7,562,699 Halkwan tacks in 1886 to 10,172,398 in 1890. Thus, while the imports from Great Britain show an in-crease of 15 per cent from 1895 to 1899, and those from Europe show an increase of E per cent, those from the United States show an increase of 337 per cent. Taking the imports from all parts of the world, the figures for 1895 show a total of 171,666,715 Halkwan taels and in 1899 264,745,456, or an increase in the entire importation of 54 per cent, against an increase of 227 per cent in the imports from the United States.

Reporting upon the foreign trade of Shanghai, the Commissioner of Customs at that port says:
"The import trade in piece goods during

the year showed great vitality. Almost every item of importance shows improvement, the most remarkable being ound in white shirtings, sheetings of all descriptions, chintses and twills, handkerchiefs, towels and cotton fiannel, Notwithstanding the continued increase in the consumption of American domestics, English goods have managed to show satisfactory progress. There are several makes, notably prints and dyed fancy fabrica which are not interfered with by American competition as yet; and although they must be looked upon more as luxuries than as actual necessaries the trade in them is growing in importance and value."
The Commissioner of Customs at Can-

ton reports as follows: value of our foreign imports ceeded that for 1898 by nearly 2,000,000 taels, being 13,861,996 Haikwan taels, With the exception of cotton yern, nearly all the staple articles, such as Manchester goods, kerosense oil, and American flour, advanced considerably."

Commenting upon the growth in the import trade at Tien Tsin, which showed a gain of 6,700,000 taels over 1898, the Commissioner at that point says:

"The conspicuous gains are in white shirtings, and more especially in American sheetings; this last article having gained 90,000 pleces over the record of 1896. American drills have declined 17 per cent below the import quantity of 1806, although as regards value they show gain of 6 per cent. American kerosene oil has fallen off greatly, the import (1,868,600 gallons) being only half that of 1898. Machinery, railway materials, munitions of war and Government stores ill show an increase over the figures for

Passing of George Fred Williams. Boston Herald.

The rebuke administered on Wednesday to George Fred Williams by the demo-crats of Worcester and the surrounding towns constituting the Third congression aldistrict (by the renomination of John R. Thayer, the democrat who supported the gold standard act) was severe and puni-tive. It signifies that the term of this ewaggering, would-be boss of the demoerty in Massachusettes is o to an end. It signifies further that the democrats of the state are in open revolt leth of party fealty hereafter. They never bolleved in it as a party, and fewer of them now believe in it than at any time since 1896. For its reaffirmation in the Chicago platform they do not care a rap. and they will treat it with silent contempt dictate. The pasing of that doctrine of fraud and dishonor means the passing of George Fred Williams as the master of the Democratic organization in this state.

DAILY METEOROLOGICAL REPORT.

PORTLAND, Or. Oct. 21.—8 P. M.—Maximum temperature, 63 degrees; minimum temperature, 63; river reading at 11 A. M., 3.4 feet; change in 24 hours, 0.7 foot; total precipitation, 5 P. M. to 5 P.
