BANKRUBBERS WORK

Attempted to Blow Open Safe in Union Bank.

BURGLARS USED NITROGLYCERIN

Patied to Secure Any Booty-Building and Fixtures Badly Wreaked -Officers Have No Clew.

UNION, Or., Oct. 12.—Robbers entered the First National Bank, of Union, about 3 o'clock this morning, but were unsuc-cessful in looting the treasure vault. They entered the building by forcing the front door and going into the bank parlor. They first burrowed through the walls of the vault. Attacks were then made on the fine safe in the vault, with a view to force it open and secure the contents. Nitroglycerine was used, and three charges were exploded. The double steel door of the vault was wrecked, and the large plate-glass windows in the front of the building blown out by the explo-sion, but the safe was not opened, although the front was badly damaged speaker,

The damage to the bank and fixtures is fully \$2000. The explosion aroused the residents of that section of the town, and attracted the attention of the night watchman, but the robbers escaped. A revolver is the only article missing from the bank. The robbers secured no money, although over \$100 was lying before them in the vault. Officers are working on the case, but have no clew as to the identity of the parties.

LAKE COUNTY POR M'KINLEY. Many Democrats Declare for the Republican Candidate.

LAKEVIEW, Or., Oct. 22.—Conservative estimates give Lake County to McKinley by 100 votes, and some think he will get 200. There are all the way from 25 to 50 Democrats, Populists and Silver Republicans who supported Bryan in 1896 that have announced themselves for McKinley this year. There are some ex-Bryanites who have not announced themselves, but will vote silently for McKinley. All of the Gold Democrats who supported Mc-Kinley in 1886 are outspoken in their praise of the Administration and are more anxious than ever for a continuance of Republican prosperity.

Another rousing Republican rally was held in the Opera-House last week, when Judge Spencer, of Plumas County, Cal., delivered an able and convincing address, Mr. Spencer advanced very good reasons why the Republican Administration should be continued, and from the generous applause with which his remarks often met, it was evident that the audience was in hearty sympathy with the

GALLERY OF NEW MEMBERS OF THE OREGON LEGISATURE

W. TYLER SMITH, JOINT SENATOR FROM LINCOLN, TILLAMOOK AND YAMHILL COUNTIES.

SHERIDAN, Or., Oct. 22.-Dr. W. Tyler Smith, Senator from the joint district of Lincoln. Tillamook and Yambill Counties, was born in London, England. He came to Oregon 25 years ago, and has been actively engaged in the practice of his profession here for 20 years. He is a physician of marked ability, and a man of high principles, always in the front ranks of advancement. As Joint Senator from Lincoln, Tillamook and Yambili Counties, the interests of his constituents will receive proper attention.

The answer denied the material allega-tions of the complaint, and alleged that on July 1, 1894, an assessment of \$1 each was duly made upon all the members of the order, which became due and payable from Montour on the 28th of that month; that due notice thereof was regularly served upon him, but he neglected to pay the same within three months from that date, and was thereupon suspended; that he applied for reinstatement but was rejected by a majority vote, from which decision he never appealed, but acquiesced therein. It was also alleged that by reason of Montbur's failure in these respects, plaintiff is estopped to assert that the action of the lodge in refusing 10 reinstate her father was irregular, or to S. L. Barr, vs. Ada J. Ballingal. deny that defendant has complied with

ts covenants. After an exhaustive review of the evidence the opinion says: "No other con-clusion is possible than that the lodge paid \$3 only on Montour's assessment, and that he was delinquent on the July asseasment, when, by his own act, he be-came suspended on the 28th of that month. . We think, therefore, that the court erred in refusing to give the instruction requested." (That a ver-dict for the defendant be returned.) the case which, in our judgment, is conclusive. The financier's report is conclusive. is conclusive. The financier's report showed that Montour was suspended for non-payment of an assessment August 1. 1894, after which he made no payment of the delinquent assessments until Novem-ber 19, of that year, and having allowed more than three months to clapse after he was suspended, he could not be reinstated on his own motion, but was required to pass the necessary medical examination, After passing such examination and being recommended for reinstate-ment, the members of his lodge, by a majority vote, refused their consent there-

to, from which action he never appealed, and his wife, who testified that she generally paid his assessments and had authority for doing so, accepted for him a return of the greater part of the money which he paid November 19, 1894, and Jan-uary 17, 1895, thereby acquiescing in the decision of the subordinate lodge.

"About November 19, 1834, Montour in-sisted that he was a member in good standing. But inasmuch as he thereafter signed an application for reinstatement, he thereby admitted that a controversu existed respecting his position in the order, and having submitted the question to the members of the ledge for their de-termination, and not having appealed from their decision respecting a matter of the todge had jurisdiction, he bound thereby. . .

S. W. Miser, respondent, vs. P. H. O'Shea, D. B. Dyer, H. Dyer, and Rob-ert Powell, appellants, from Douglas County, H. K. Hanna, Judge; affirmed. Opinion by Moore, J.

This was a suit to enjoin defendants from trespassing upon certain real property, a placer mining claim in Douglas County, through which Starveout Creek flows. The trespass complained of was in connection with the deposit of debris nacopa and others are badly in need of on the plaintiff's claim. The plaintiff repair. firming the decree, the Supreme Court lays down the following rules of law: "One independent trespass cannot be used as a set-off against another consequent upon it. . . No use of the premises, however long continued, can be adverse to the United States, and as the defendant has not deposited his tailings on the plaintiff's mine for a period of 10 years since the United States parted with Its title thereto, no claim to continue such use can be predicated thereon."

Asher Marks, administrator, respondent, vs. W. H. Coats, administrator of the estate of Thomas Coates, deceased, an-pellant, from Douglas County, H. K. Hauna, Judge; affirmed. Opinion by

On December 10, 1895, Thomas Coats died in Douglas County, and bis sen the appellant, was appointed administrator of his estate. The property was inventoried and appraised at \$14.38, and the debts amounted to \$2400. A few months before his death, Coats deeded to his son 3.0 acres of land, and to his daughter 100 acres of land, which conveyance the plaintiff alleges was for the purpose of defrauding creditors. This proceeding was brought for the purpose of removing the administrator. The Supreme Court lized in this section this season.

EAUTY AND STRENGTH are two qualities desired by every woman, old or young. They are attributes of success in a woman's life, both in her home as a wife and mother and in society. Health is the fountainhead of each. Without health beauty fades, strength vanishes. To preserve health and prevent disease Duffy's Pure Malt Whiskey has stood pre-eminent for almost half a century. If suffering woman knew one-half the merits of this great Medicinal Whiskey her ills would be reduced very, very much.

For fifty years Duffy's Pure Mait Whiskey has been the standard of purity

and excellence, it has no equal It cures consumption, nervousness and indigestion, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It is a promoter of good health and longevity. It is a boon to woman at her time of

illness. It makes the old young, keeps the young strong.

Duffy's Pure Mait Whiskey is prescribed by over seven thousand physicians and is used in over two thousand prominent hospitals. The leading chemists of two continents have analyzed it many times with the name result-"Absolutely pure." It is the only pure malt whiskey made in the world. No home should be without it. It is the only whiskey recognized by the government as a medicine. Be sure you get the genuine. Beware of imitations and cheap substitutes. Very Nearly 16 Cents for Hops. OREGON CITY, Or., Oct. 22 - O. L. Barbur, of Elliott Prairie, who was here oday, stated that he refused an offer of 15% cents for 10,000 pounds of hops, made by a Salem buyer last Saturday, mis total yield was 18,000 pounds. He con-tracted 800 pounds for 10 cents early in the season and is now seeking the highmarket price for the remainder of his crop.

Mr. Berbur says that money will be plenty in the farming sections on account of the high prices prevailing for hops and potatoes. Almost the entire hop crop in Clackamas County has been sold, and potatoes are going readily at 15 cents
