

MONEY FOR POLICE

Multnomah Legislators in Favor of Voting It

THINK SOMETHING SHOULD BE DONE

They Believe That Action Should Be Taken to Relieve Financial Embarrassment of the Commission.

The majority of the members of the Multnomah County delegation to the Legislature are in favor of taking some action to relieve the financial embarrassment of the police commission and uphold it in its efforts to maintain the force.

F. A. Heitkemper—The Police Department should be retained and their services paid for out of the public funds. I will do what I can to bring this about when the question comes up in the Legislature.

There was some talk of paying the police out of a fund to be subscribed by business men, but this, too, I am opposed to. Business men should not be singled out to pay for the police.

M. E. Thompson—We must have a police department, and it must be paid for, and the charter should be changed so that the men on the police can be paid out of the general fund.

D. M. Watson—I want to see the police paid. They protect our lives and property while we sleep, and they comprise the most important department in the city's government.

John Driscoll—I do not think the present condition of the police department is like any of my particular business. I had supposed those who are in charge of it would have been about, and as the Legislature does not meet until January, we have no jurisdiction in the matter.

Dr. S. E. Joseph—A municipality is like a person in the management of its personal affairs, no far as it must either make its expenditures not exceed its income or it must go into debt.

Now it is evident to my mind that it is good policy to place some limitation upon the amount to be raised by taxation by the municipal government.

Under Captain Pratt and Coach McMillan the Multnomah team is practicing nicely on the field of the tennis courts, and has been in the city charter, as it has been a correct one.

Cannot Give Up Hope. Mrs. E. Maab, of Sellwood, mother of the boy here, Arthur Venville, who was captured with the Gilmore party 13 months ago, and carried into captivity, is not convinced that her son is dead by the Council on the subject of his remains.

F. P. Fisher, of The Dalles, a former Stanford football captain, has been asked to referee the game.

Mr. Wood's "Good" Work. A letter received at Republican headquarters from Astoria says: "C. E. W. of the Bryanite campaign, has done us no harm in Southern Oregon."

ESTABLISH YOUR QUALIFICATIONS AS A VOTER. Voters who have become of legal age since the registration books closed, or who for any reason have not voted at the polls, need not lose their vote at 103 Third street and in the Burkhard building, East Side, are Notaries Public, who will take the affidavits of freeholders that such voters are entitled to vote.

Business Items. If Baby is Cutting Teeth. Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the inflamed gums, allays all pain, cures wind colic and diarrhoea, and keeps the baby comfortable.

ENEMY TO COUNTRY

One Leading Gold Democrat's Opinion of Bryan.

MARK O'NEILL VOTED FOR PALMER IN 1896, BUT IS FOR MCKINLEY THIS YEAR.

Mark O'Neill, the well-known Portland lawyer, refused to accept Bryan four years ago because of the Chicago platform, and helped to organize the Gold Democratic party in Oregon.

Otto Schumann—My idea is that all of the money received from fines from gamblers and other offenses should go into the police fund. It does not belong in the general fund.

George L. Story—I do not believe that there will be any difficulty in passing the legislation needed to relieve the commission. The necessity of a police force is well understood, and it is also known that the men must be paid.

DISTINCTION FOR HARNEY

TERMED THE EMPIRE COUNTY OF EASTERN OREGON.

Region of Great Resources, Which Commends Itself to the Home-seeker—Brief Review.

BURNS, Or., Oct. 28.—Harney County has been quite rightly termed the empire county of Eastern Oregon.

BURNS, Or., Oct. 28.—Harney County has been quite rightly termed the empire county of Eastern Oregon. It is 65 miles wide and 100 miles long at the main points.

There are many valleys and rich level plains that are not tillable, save by irrigation. Water is a burning need here, as it is at many points in Eastern Oregon.

Many of the rich valleys are populated, and it is a great source of wealth. The snow is cut off from the mountains, and it is only a beginning.
