OPENING NEW GRAVEL PIT.-Contractors Smyth & Howard, who are opening a gravel pit on the line of the Vancouver Railway, say that it need cause the citizens of Woodlawn no trouble, as it is not within the limits of the town piat. They have purchased six acres off a farm adjoining Woodlawn, and are putting in the extensive plant they used on their the extensive plant they used on their adjoining Woodlawn, and are putting in the extensive plant they used on their reservoir contract at Seattle. They have the screen and the elevator in place, and they will be ready for operation in a day or two, as soon as the sectric motor which is to furnish the power is installed and the side track from the railway is completed. The gravel is loaded into the elevator by means of accepters, and hoisted into the revolving screen, which separates it into five difereen, which separates it into five difforent sizes, each of which is deposited in a bunker holding 50 cubic yards, from which it can be dropped into cars to be sauled away. In preparing their pit, Smyth & Howard have left a row of blocks on two sides of their tract, which are much above the street grade, and when they have finished their pit, which is not to be more than if feet in depth, they will grade off the blocks and fill the pit to grade. They say they have an unlimited supply of most excellent gravel on their ground, as there is no waste, while in their pit at Scattle one-firsh of the material excavated was waste. Under these circumstances it does not appear that the people of Woodiawn have any just ground for complaint against the

NERDLESS WARRANT.-The statement published yesterday that a warrant had been issued for the arrest of Harry Monnastes on a charge of conducting an insurance business without having paid license, has caused him no little annoyance. He has been a resident of Port-land for II years, and pays a considerable amount of taxes yearly, and no one who knows him would believe for a moment that he would undertake to evade pay that he would undertake to evade pay-ment of a license. The fact is that Mr. Monmestes had nothing to do with the payment of a license. He has been solicit-ing business for an insurance company, and the agents of that company here were changed lately, and Mr. Monmastes went over with the business to the new agents. The general manager of the company, who is in Sun Francisco, attends to all matters concerning licenses, and it appears that he neglected to notify the state official at Salem in regard to the change made by Mr. Monnastes. As soon as the matter was explained to the Board of Underwriters here, it was at once said that the charge would be dismissed as soon as the general manager had paid the deense, which has probably been done before this time. The complaint in the case was filed without the circumstances having been inquired into particularly, else no warrant would have been is-

Back Prost Dawson.—Murray Eads, formerly connected with the firm of Sucii, Holishu & Woodard, and who went to Alaska in time to assist in the founding of Dawson City, and who has resided there ever since, and has done "fairly well," arrived here last Monday and has been renewing his acquaintance with old friends. He leaves today for New York on a flying business trip to Holiand, but will not stay there long, as he is due at Dawson January 20. He will probably arrive here on his return about December 15, and will issue at once for Dawson. 15, and will leave at once for Dawson,

Road Viewens Appointed.—The Board of County Commissioners yesterday took under consideration several petitions in regard to county roads. In the matter of the Brodle road, from the Powell's Valley road to the Section Line road, viewers were appointed. Viewers were also appointed in the matter of a change of location of the Barr road, where it crosses the railway track, and for the Johannessin road, east of the Sandy, between Sandy bridge and Brewer.

The undersigned will receive sealed bids up to 12 o'clock, noon. Thursday, November 1, for the stock of merchandles, fixtures, horses, wagons and harness transferred to him by Henry A. Mills, dormerly doing business at Sixteenth and Glisan streets. Inventory may be seen at

PROBABLY DROWNED. -- Captain Day. Lighthouse Inspector, received a telegram from Neah Bay yesterday stating that an assistant keeper and another man left Cape Flattery Light last Saturday in an open boat to go to Neah Bay, about six miles distant, for some material needed. They were last seen in a tide rip, about a mile and a half from the light, and since then nothing has been heard from them, and they had not arrived at Neah Bay when the dispatch was filed. It is feared that they have been drowned.

Locks Not Passable.—The late rains caused such a rise in the Yamhill River that the upper lock gate was covered yesterday, and, as there had not been a corresponding rise below the lock, boats could not go through. It was supposed that the delay to the passage of boats would be only temperary, and that possible the Boatie might set up to McMinnsibly the Bonita might get up to McMinn-ville last night.

FOOD SAVES. Doctor Knew the Value of Grape-Nuts.

breakfast food that a baby can handle is a pretty safe proposition for grown people with weak stomachs. Dr. William Hall, 156 State street, Boston, has tried Grape-Nuts food in his own case, as a result of which he says: "I have been relieved from the distressing form of indigestion caused by the non-assimilation of starchy foods, and since making Grape-Nuts a part of my dietary scale, I have had no trouble, and find my power of concentration markedly in-creased.

"I have frequently prescribed Graps-Nuts food in my practice, with most ex-cellent results. The notes of one case I enclose herewith. July 16, '99, called to see M.—B.—, two years and three months old; found the child ill-nourished, with waxen skin, enlarged Joints, beaded ribs, enlargement of the abdomen, furred tongue, constant vomiting, and diarrhoea; in short, a typical case of rachitis. The child weighed 14 pounds and was daily losing fiesh.

GREAT FOOTBALL PROMISED FOR NEXT SATURDAY.

Opening of Season on Multnomah Field, in Portland, Will Be No. Ordinary Contest.

At the Multnomah field last evening the football men were practising vigorously under the watchful cyes of Captain Pratt and Coach McMillan. The football season opens Saturday with the game between the Multnomah eleven and the team o the University of Oregon. With the game only three days distant, the Multnomah team is rapidly rounding into final form, and when the men run out on the field Saturday afternoon, the club will be represented by Il experienced and carefully trained players. On the team will be found nearly every member of the old guard that won victory in very contest but one last year, and that a tie. The places left vacant by the veterans have been filled by accounted the places left vacant by the veterans have been filled by accounted to the places left vacant by the veterans have been filled by accounted to the places left vacant by the veterans have been filled by accounted to the places left vacant by the veterans have been filled by accounted to the places left vacant by the veterans have been filled by accounted to the places left vacant by the veterans have been filled by accounted to the places of the places left vacant by the veterans have been filled by accounted to the places left vacant by the veterans have been filled by the places left vacant by the veterans have been filled by the veterans have been filled by the places left vacant by the veterans have been filled by the veterans have been fi en filled by new players of promise, and e whole team is one of the strongest the whole team is one

that ever represented Multnomah in a football contest. The University of Oregon team will weigh almost as much as the Multno-mans. The college players average 157 pounds to the man, while the cubmen run up to 161. From the result of the run up to M. From the result of the Salem-Eugene game, the university team has been thought weak. This is far from true. The members of the Multnoman Club who saw the game with Salem are unanimous in support of the statement that Eugene has a better team than last year's, that played Multnomah to a standstill in the 0-8 game. Salem had a heavy team avenume about 1% sounds to the team, averaging about 176 pounds to the man, and even then the college players beld Salem down to what was virtually a tio game, Smith having lost the ball after carrying it over Salem's line. Smith, the Oregon halfback, was easily the star of the game. His splendid offensive and de-fensive work, and long runs, verged on the sensational. After the game, Coach Kaarsberg expressed himself as proud of Kaaraberg expressed himself as proud of the Oregon team, and confident that the sleven could equal and team of its size in the country. Of the game he also said: "The Salem line averaged 20 pounds heavier than ours. The sloppy field and several unfair decisions defeated us. Smith certainly made a touchdown in the first half, and the Salem team sneaked the half back aver the line. Salem scored the ball back over the line. Salem scores on the fourth down. The score should have been five to nothing, with the nothing on Salem's side."

At any rate, the game set the chills shivering up the Multnomah team. The players have been thoroughly shaken up by McMillan's account of the game, and in the club members are making plans to give the eleven strong support from the rooters. Saturday's contest is con-sidered one of the big games of the sea-son, as the teams are so evenly matched. On a dry field the contest will be a battle royal,

tee of the Oregon State Poultry Associa-tion at the office of the president, there were present Professor B. F. Robinson, president: B. Lee Paget, E. Carlisie, G. W. Downs and F. Fenwick, secretary.

The subcommittee appointed to prepare the premium list for the annual exhibi-tion to be held in this city the second week in January next, submitted the result of their labors, and it was thoroughly discussed. The cash premiums are somewhat higher than in previous years, and, in addition, numerous valuable and useful articles of silverware, etc., are given to be competed for by members only and members who have never won a prize. These premiums are given as an incentive to join the association. An interesting feature of the show will be the Belgian hare exhibit, for which 17 classes have been provided with generous cash and valuable special premiums for the lucky winners. The competition in most classes will be very keen. President Robinson was authorized to change a suitable building in which to hold the exhibition—rather a difficult matter at the present time in Portland.

Interest in the poultry industry is steadily increasing in Oregon and that the prize. These premiums are given as an

The association has engaged the services of two judges of national reputation to make the awards, namely: F. W. Hitchcock, of Denver, and W. W. Browning, of Ogden, and it is intended to make an exhibition worthy of the state and the best ever held on the Coast. To that end the association respectfully and

A Revelation.

If there are doubting Thomases or maidens fair, or those unfair, who fain would be fair, iet them use Dr. T. Fellx Gouraud's Oriental Cream, and prove the efficacy of what the proprietor has so long tried to impress on the minds of all, in nearly every part of the world. As a skin purifier and beautifier it has no equal or rival. If the reader would prove the virtues of Oriental Cream, use it where a scratch or slight cut, or where a blackhead or pimple is troubling you, then you see its bealing and purifying qualities—if it soes its work well, then read the advertisement again for further testimony of its virtues, and by using Oriental Cream renew both youth and beauty.

New York, Nov. II. 1857.—Fred T. Hopking Eag.: I would like to know the price of one dozen bottles of your Oriental Cream, as I use it and like it. Would like to get a supply to take on my tour, soon as possible. Answer and oblige.
