Umatilia County Counted for McKinley Electors.

Presperity of Section Well Told by Prices of Wool and Sheep, Which Have Doubled in Four Years.

PENDLETON, Or., Nov. 1.-(Staff correspondence.)-If the vote in Umatilla County at the elections last June be taken as an index, a rousing majority for McKinley is certain, Congressman Moody carried the county by 563 plurality over Senator Smith. Judge Wolverton was given a plurality of 404 over Green, and a majority over all of 106. Food and Dairy Commissioner Bailey was credited with 442 more than Schulmerich, and a majority of 171. But there is much evidence in Umatilla County that all three of the Republicans mentioned ran ahead of their ticket. If Umatilla County gives the Republican electors as good majorities it will indicate a healthful growth of Resublicanism from June to November, which many believe is the case.

As usual, the county is claimed by both one of the Republican Representatives parties. Democrats figure on the vote of four years ago, and the showing made nty elections. "I estimate that we will carry the county by from 100 to 200 dent thought largely confirms these estimajority," said J. H. Raley, chairman of mates. the Democratic County Central Commitby 237 votes. This is a small majority, compared to those given in more than one tee. Mr. Raley has been closely identified with the politics of Umatilla County longer than any other man in the county. Eastern Oregon county, where Republi-District Attorney T. G. Halley, who was can success is sanguinely expected this year. If the June voic of 1900 be taken elected by the funionists, says that the county is fairly close, with a leaning toward Bryan. I regard this an evidence of Democratic strength that will tell in the Presidential contest. probably go to Debs, or possibly to Wharton and Donnelly. That will leave Mr. Halley also comments on the fact that four years ago the Democrats elected only two county officers, one being make up for whatever may be lost by the Coroner, and this year the party secured all the more important county offices by good pluralities. The miner offices held greater in Umatilia through local combiby Republicans were won by narrow margins, the Treasurer by a plurality of I only, for instance, Neither of the facts cited in support of at all, most of the number being stay-at-homes. If these voters come out, ai-

their case by Mr. Raley and Mr. Halley are regarded as significant by Republi-cans. To assume that men will vote this year as they did four years ago ignores the issues, and attaches faith to worn-out principles. It is well known that there have been radical changes in party affiliations throughout Umatilla County, in common with other districts. Local conditions, of a most potent charicter, influenced it in elections of county It is notorious in Umatilla. County that a faction of the Republican party opposed the county ticket. No secret was made of such opposition. Some cominent men, who are unquestionably Republicans in National affairs, found it to their liking to unite in defeating can nominees for county offices. This fully accounts for the marked failure of Republicans in county affairs, and sets at fault the argument advanced by Mr. Halley as regards the Sheriff's race. No close oberver thinks that this factional fight will cut any figure in the vote for the Republican candidates for Electors.

Umatilia County has a candidate for Elector on both the Republican and Democratic tickets, W. J. Furnish on the former, and W. M. Pierce the latter. Favoritism for or against an individual Elector may be regarded as well balanced here. Strength of a favored son, or personal animosities, would naturally be accepted as common to both. Mr. Furnish has been prominent in Umatilla politica for years. As a Democrat he served in several offices. He was the most prominent figure in county Democracy four years ago, and would have been one of the Democratic delegates to the National convention had he pledged himself for free silver. This he refused to do, and aided in organizing the National Democratic party in the state, and was a delogate to the National convention. Believing a doctrine too odious for support merited active opposition, and taking a practical rather than theoretical view of National issues, Mr. Purnish found himself supporting McKinley, and four years later, when Bryanism in more aggravated form was again the issue, he came out as an active Republican. If there are Republicans who in the bitterness of factionalism do not support him, the loss will be more than offset by attacks made on his opponent, Mr. Pierce. Some Republicans will not support Mr. Purnish, and many Democrats will not support Mr.

Palmer and Buckner received less than W votes here four years ago. This was by no means the total number of Gold Democrats in the county. It is well known that many quietly supported Mc-Kinley. Careful inquiry shows that nearly all of this faction are now for Mo Kinley, many aggressively so. Many Bryan Democrats of four years ago have told friends that they will vote this year for a continuance of the Administration under which so great prosperity has been enjoyed. Middle-of-the-Road Populists are few in number. Fusion was never popular in Umatilia County, and what few Populists did not Join hands with the Democrats can safely be placed in the Republican column.

Goed and sufficient reasons are back of Republican confidence. Umaillia has much in common with other Eastern Oregon counties. Prosperity needs no champion, Page 18.

It is fitting and natural when mobs are encouraged to break up peace-able political meetings to interfere with the right of free speech and of free discussion on the platform of the issues before the people, that there should follow advice from the organized leaders of the party guilty of such conduct calculated to overthrow the verdict of the people when it shall be given. Before Senator Hanna served, speeches by Judge Yates and others had been accorded a mixed reception by the large crowd congregated beneath the tent. When Senator Hanna stepped upon the platform and was introduced, a demonstration ensued, which, instead of subsiding siter a few moments, continued with full vigor. The Senator waited parliantly for quiet to be restored, but, appreciating that apparently a plan to prevent him from speaking was being carthe alsies. vent him from speaking was being car-ried out by groups of men and boys sta-tioned in the audience, made the attempt
