BERRYSBURG DISASTER.

Miners Are Dead.

PHILLIPPI, W. Va., Nov. 5.-The latest reports from the ill-fated mine at Berryeburg show that 18 are dead and three are so seriously injured that they ennuet recover. Two men were found dead in a part of the mine which has been abandoned. The door at the mouth of the mine was shut, and two men were blown through the door 350 feet from the mouth. The cause of the explosion has not yet been determined. The Coroner's jury today rendered a verdict that persons named and "others unknown and unidentified came to their death by an explosion caused by the firing of powder and dynamite in the south entry of the south mine, either accidentally or inten-

TODAY'S WEATHER.

Latest Reports Show That Thirteen Conditions Will Be Good Generally for Election Day.

WASHINGTON, Nov. 5.-Weather con ditions and general forecast:
The storm center has moved to Nova Scotla, and the pressure is generally high tonight in the Atlantic States and Can-The weather has been entirely clear throughout the country, except in North-ern and Western New York, where there were light showers. Temperatures have fallen generally, thought not deidedly, exthe Atlantic States and Montana and are everywhere moderate. In the Pa-cific Coast and plateau regions the weath-er has been clear, with little change in

temperature.
With but very few exceptions, fair weather is indicated for Tuesday and Wednesday over the suffre country, with pleasant temperatures. Over Northern New England there will likely be light rains Tuesday morning, followed by clear-ing weather in the afternoon. Showers are probably due Tuesday in Montana, North Dakota, Eastern and Southern Texas and Northern Louisians, continu ing Wednesday over the two inter dis-tricts, and extending over the southern portion of the West Gulf States. On the Atlantic Coast and over the lower lakes the winds will be fresh, west to north. Over the upper lakes they will be fresh, westerly, becoming variable.

Estimates Made by the Chairmen the Several States-Closing Day of the Campaign.

CHTCAGO, Nev. 5.—The following statement was given out at the headquarters of the Republican National Committee: "There are few surface indications at this time dissimilar to those of four years ago, when McKinley swept this country by the greatest majority ever given to a Presidential candidate. The work of the Republicans during the past four weeks has been marvelously effect-ive. It has been marked everywhere by completeness in detail of machinery, har-monious action and desired results. In the history of the party no better organ-lization has ever existed. McKinley will carry every state which voted for McKin-ley and Hobart four years ago, and cer-tainly seven or eight others that voted for Bryan in 1896. The alleged hopes of Troker and Bryan as to carrying Indiana Croser and Bryan and Simply following out the programme of claiming everything in might for the purpose of encouraging their followers in close states to make the most followers in close states to make the most desperate offerts for success. The claims of the Republicans are based upon the result of actual work reported by men in the field brought up through precinct, ward, township, city, county and state organizations, and upon actual facts as shown by the closest vote-poll ever made by any organization."

Chairman Jones' Statement. Chairman Jones' Statement.
CHICAGO, Nov. 5.—Chairman James K.
James of the Democratic National Committee, gave out the following outlook on the eve of election:
"I have no doubt that the result of the ballot tomorrow will be the triumphant election of Bryan and Stevenson. The Democratic party has appealed in this campaign to the reason and conscience of the people, while the Republicans have appealed to passion and prejudice. In the great forum of public opinion, I have no doubt the Democratic party has won in this, the greatest of its National political this, the greatest of its National political struggles. Four years ago the Democratic party was deficient in organization, whereas now it is perfectly organized and one efficient than it has been in any more efficient than it has been in any campaign. The National Committee has been in touch with every part of the country and is familiar with all the details of the work. While the campaign fund has not been curiched by the contributions of great trusts, it has received the pairiotic mites of the great working classes in sufficient quantity to defray the company of the campaign, which is the expenses of the campaign, which is more satisfactory than if it had been otherwise. The country is now arou as it has never been before since the great Civil War, and the result can be nothing less than the triumphant election of the National Democratic ticket."

SITUATION IN THE EMPIRE STATE. Republicans Have No Doubt of Carrving New York.

NEW YORK, Nov. 5.—The most inter-esting development in New York on the eve of election is in the indictment found local grand jury against Chief of Police W. S. Devery, on the charge of in-terfering with the work of Superintendent of State Elections McCulligh. Chief Devery's bail was fixed and arrange-ments were made for hearing the case the day after election. The indictment has created a great deal of excitement in political circles. The points involved appear to hinge on the representation of in political circles. men who swear in their votes when chal-lenged by any deputies of the State Su-perintendent of Elections. The legal asperintendent of Elections. The legal aspects of the case are interesting to Republicans and Democrats elike, for it is feared that a clash may occur at the polls temocrow between the 800 policemen and the 800 deputies. At the political headquarters, at the office of the Chief of Police and at the Democratic Club, the concensus of opinion seemed to be that the election would prove a quiet one, despite the differences of opinion between the Chief of Police and the State Superintendent. Everywhere confidence is expressed that

a full vote will be polled and Republicans and Democrats alike agree that more than 600,000 citizens in Greater New York will yote temorrow. Indications are that the vote of the city will be at least 65,000 larger than ever before in the history of Greater New York. Generally speaking Republicans concede

that Bryan will carry Greater New York. On the other hand Democrats admit that McKinley will carry the state, if Greater New York is excluded. The differences of opinion arise on the question of the pluralities of the Democrats in the me-tropolis, and of the Republicans in the up-state districts. Richard Croker claims that Bryan will carry Greater New York by between 80,000 and 90,000. As a general thing, Republican leaders will nemit that the borough of Manhattan will be carried for Bryan by more than \$0,000 plurality. Both sides claim the borough per carried for Bryan by more than 30,000 plurality. Both sides claim the borough of Brooklyn, the Republicans by 15,000 and the Democrats by 8000. The population in the boroughs of the Bronx, Queens and Richmond is relatively small. Democrats and Republicans claim all three boroughs, and Repulscans claim in three borongin, but the Democrats usually carry Queens and Richmond. As to the Bronx, the increase in population, owing to the uptown movement, has been so great that all estimates are worthless, the population in some districts having doubled. It

will probably give a decisive majority either way. Democrats are inclined to concede the state outside of Greater New York to Mo-Kinley by \$5,000. This is 100,000 less than the Republicans sllow McKinley in the same territory.

Chairman Odell, Republican candidate

for Governor, is at his bome in Newburgh. He will receive returns at his home, and will not return here until Wednesday. Before leaving he said that he had noth-ing to add to his statement that McKin-led would carry New York State by 100,000, Caratan New York Included.

Greater New York included.

There was very little betting done tonight on the election. The olds dropped
to 34 to 1 on McKinley toward the latter
part of the evening, and remained there.

BOTH SIDES CLAIM MARYLAND. Republican and Democratic Chair-men Confident of Success.

men Confident of Success.

BALTIMORE, Nov. 5.—The leaders of both political parties profess to be confident of victory, and both sides are delming the state by pronounced majorities. Before leaving for his home in Hartford County tonight Chairman Murray Vandiver, of the Democratic State Control County and

Vandiver, of the Democratic State Central Committee, said:

"I have no hesitancy in claiming that we will carry the state by from 5000 to 10,000 majority, and that both city and county will contribute to that end. We will not only carry the state for Bryan, but will elect four Congressmen sure, and it would not surprise me in the least if Major Little should defeat Pearre in the Sixth District."

Sixth District."

Secretary W. F. Porter, of the City Democratic Committee, supplemented Mr. Vandiver's statement by adding: "We have made a careful poil of the city by men experienced in the work, who made polls in the two previous campaigns.

I have the utmost confidence in the accuracy of this latest poll, and will may curacy of this latest poll, and will say that the outlook is bright, and that the city will go Democratic by a substantial majority. I will not give any figures, but am confident of a favorable result."

Chairman Goldboro, of the Republican State Committee, said today that he looked for even a larger majority than 11.000, which he gave last night as his estimate, and insisted that Maryland's Congressional delegation will be entirely Republican.

SITUATION IN NEBRASKA.

Republicans Claim the State by Five Thousand Plurality. OMAHA, Nov. 5.—The Republican State Committee is still claiming the state by 5000 plurality for McKinley, but this is pinced against the positive assertion by Chairman Hall, of the Democratic committee, that Bryan will receive a plurality of at least 11,000. Republicans generally are saying that Charles H. Dietrich, Republican, will be elected over Governor Poynter, Populist, and Chairman Lindsey declares that the Legislature is agic for declares that the Legislature is safe for the Republicans. On the other hand, Chairman Hall says that the whole state ticket will not run behind Bryan, and that the Legislature is positively fusion. In the Congressional districts, the honors will be divided, in all probability. Edgar Howard will likely be defeated by ngressman Mercer Republican, but the former's friends claim he has a good chance of overturning the usual majority. In the First district, George W. Berge has an uphili fight against Congressman B. J. Burkett, Republican, and the latter's election is likely. The other districts will not be close, excepting perhaps the Fifth. The election of Robinson, fusion, in the Third; Stark, fusion, in the Fourth, and Nevill, fusion, in the Sixth, is conceed. Shallenberger will probably be elected over Morian, Republicans in the Fifth, although the Republicans are claiming gains there. laiming gains there.

A HARD FIGHT IN ILLINOIS. Both Parties Confident of the Re-

mult. CHICAGO, Nov. 5.—Both parties are confident of the result of tomorrow's voting. Never have the plans of campaign managers in this state been more comprehensive or laid with greater care, and no Presidential campaign since that of Blaine and Cleveland in 1884 has been considered to the control of the contr of Blaine and Cleveland in 1884 has been fought out with greater energy in this state than the one that has just closed. Both Democratic and Republican managers have made many preparations against unlawful action at the polls by their opponents, but there has been less talk of such things this year than in Prior of such things this year than in prior campaigns. The chances are that there-will be no more fraudulent voting than occurs at every city election.

A very full vote will be polled in the state at large, and especially in Chicago and Cook County. The fight here has been of the warmest description, and every effort will be made to bring the full voting strength of both parties into the field. The Republicans in particular are elated at the prospect of fine weather tomorrow, and say it means their sure The Democratic managers delare that the weather will make no difference, and that, rain or shine, the elec-tion is certain to result in a sweeping Democratic triumph.

COMPLICATED IN KENTUCKY. Fight for and Against Goebelism Will Mix the Result.

LOUISVILLE, Nov. 5 .- A campaign that really began before any nominations were made closed tonight in Kentucky, with both sides claiming the state in published reports by 20,000, though disinterested reports put the majority either way about 5000 to 8000. The Republicans made the issue and named it civil liberty, which term expresses their opposition to the Goebel election law and to the action of the Legislature in the contested election cases. The State Central Committee of cases. The State Central commutes or the independent Democrats, who, in the last election, cast 12,140 votes for John Young Brown for Governon, has indorsed Yerkes, Republican, for Governor, and Bryan. The Democrats claim that the bulk of the independents have returned to the ratty. It is generally believed that bulk of the independents have returned to the party. It is generally believed that Bryan will run ahead of Beckham, Dem-ocrat, for Governor, and that Yerkes will run ahead of McKinley, whether the Democrats or Republicans carry the state.

MISSOURI MAY DE A SURPRISE. Many Believe McKinley Will Carry

the State. ST. LOUIS, Nov. 5.-The Democrats ex press the utmost confidence in their ability to elect Congressman M. C. Dockery as Governor by 30,000 or more, and of giv-ing Bryan a majority of 40,000 to 60,000. The Republicans are equally boastful.
Many are of the opinion that the counting
of the ballots Tuesday night will find McKinley with a slight mytority over Bryan, entitled to take his seat in the Governor's chair. Others not as sanguine of successas their fellows console themselves with the thought that the National Democrati the thought that the National Democratic ticket will show a greatly reduced plural-ity. It is generally conceded by the mem-bers of both parties that tomorrow's vote will show surprising changes.

PROSPECTS IN NEW JERSEY. Great Increase Shown in Regis-

NEW YORK, Nov. 5.—There has been no change in the political situation in New Jersey tonight. The Republicans are confident of success, but the Democrats say that if members of their party who remained away from the polis four years ago vote tomerrow, the state will go for Bryan. BOISE, Idaho, Nov. 5.—The night before the battle of the ballots finds the parties lined up, both manifesting great confidence. The day has been given over to street-corner discussion, and much betting has been done. There seems to be much more money than for many years for this purpose, and even bets are freely made on the result in the state. The most uncertain element in the altuation appears to be Shoshone County, the scene of the riots of 1898. While the Republicans are sure they will carry the county, they have no they will carry the county, they have no poil of it. It is one of the two countles which have not been poiled by them. There are 5000 voters in Shoshone.

SENATOR DAVIS' CONDITION Another Slight Operation Performed

Yesterday. ST. PAUL, Minn., Nov. 5.-This ever

BRYANITE ROORBACK No. L

It Was Put Out Yesterday, and Is the Usual Appeal to Class Hatred.

Hopeless of winning the Presidency by fairness and honesty, the

Bryanites have resorted to their favorite ally, the roorback. The first one made its appearance yesterday, and was stealthily left at the homes of workingmen. It is a vellow-colored dodger, entitled, "A Few Words to Workingmen." It makes the prediction that the Supreme Court of the United States will decide that "all the peoples of the acquired falands are full American citizens," and that "the Republican party proposes to make these many millions of brown men your absolute political equals in all respects." Here we have a characteristic example of Bryanite duplicity. How can any one say in advance what the Supreme Court of the United States, as at present constituted, will decide on any question? If the Bryanites had control of the Government, such a thing would be possible for they have viclously attacked the integrity of the Supreme Court, and are pledged to pack it with creatures that can be depended upon to do their bidding. From the very beginning of the campaign Bryan and the Bryanites have most emphatically declared that it is the purpose of the Republican party to enslave the Filipinos, the Hawaiians and the Porto Ricans. Now they say with equal emphasis that the Republicans are going to make free men of them. Workingmen of Oregon: Let not these appeals to class hatred affect your vote for President today. You well know that if there was any merit in them the Democracy would not keep them until the last moment and then leave them on your door steps in the dead of night. These "words to workingmen" prove the desperation of the Bryanites. The little yellow dodger is only the beginning. As you approach the polls today you will probably see on telegraph poles, dead walls and fences, posters containing fake indersements of Bryan by leading laborers and agriculturists. Some idle fellow may hand you a dodger like "A Few Words to Workingmen," containing other willful misrepresentations of Republican policy. If your attention should be called to these posters, or if a ward striker should pass one of these dodgers into your hand, ask the cause of this sudden championship of the workingman's cause by the Bryanttes. Ask why, if the statements in the dodgers and posters are true, they were not laid before you sooner, when you had time to investigate them. Remember that all this talk about imperialism and militarism is bosh, and that it is a cry raised by the Bryanites to obscure the real issue. The thing that concerns you is the dollar your receive for your day's labor, the dollar that you pay out for the support of your family. If McKinley is elected, you will have the silver dollar that is worth 100 cents in gold, and the gold dollar that is worth 100 cents in silver. If Bryan is elected, you will have a silver dollar that will be worth 50 cents in gold, and the gold dollar that will be worth 200 cents in

the final alignment of parties we will | way, get the full gold and prosperity vote and Bryan the calamity vote. The peo-ple of Oregon have had unbounded prosvote, perity in the past four years, and they perity in the past four years, and they will demonstrate by their votes tomorrow that they want four years more of it. The good times have extended into every section of the state and have affected every industry and occupation in which our people engage. The sentiment throughout the state is that we are entered to the state is that we are entered to the state of the sentiment throughout the state is that we are entered to the state of the sentiment throughout the state is that we are entered to the sentiment throughout the state is that we are entered to the sentiment throughout the state is that we are entered to the sentiment of the sentimen tering upon an era of vast agricul sectal and industrial development and that it would be folly to arrest this healthy growth by accepting the fallacies of Bryanism. Roosevelt Threatened to Remove Mayor Van Wyck.

DEVERY'S ORDER QUICKLY REVOKED

The Chief of Police Indicted by the Grand Jury for Interfering With the Elections Superintendent.

NEW YORK, Nov. L-Events followed NEW TORK, Nov. 2.—Events followed each other in rapid succession this aftermoon and evening in the controversy which had been going on for the last few days regarding the rights of the men, when challenged, to swear in their votes. First of all, Chief of Police W. S. Devary was indicted by the New York grand jury on a charge of interfering with State Superintendent of Election John McCullage, in the performance of his duty. Superintendent of Election John McChiliagh, in the performance of his duty. Later Governor Roossysit took a hand in the controversy, sending a message to Mayor Van Wyck notifying, him that if he had not taken steps to secure a recall of the Devery order of last Sunday, in which it is claimed the Chief of Polles ordered his subordinates to disregard the Seate Superintendent of Elections and his State Superintendent of Elections and his subordinates, he would be held responsi-ble, as the head of the city government, for the action of the Chief of Poilos, pro-vided that it should result in any breach of the peace. After a conference between the Mayor and the Chief of Police, the Chief sent out the following:

Chief sent out the following:

"Pursuant to directious received by me from Mayor Robert A. Van Wyck, and because of the misconstruction placed upon the order, which I issued on November 4, you are hereby notified that said order is revoked. You will instruct the members of your command that it is their duty, under section I of chapter flu of the laws of INC, as amended, to cooperate and saidst in the execution and enforcement of the metropolitan election district law, and render and an assist ance to the State Superintendent of Elections and fils depution in the performance of their duties when called upon to do so."

This apparently closed the controversy that has been going on between Mr.
McCullagh and the police for some time.
A minor incident that figured in the
controversy was a request made by the
police officials for Superintendent of Elections McCullagh to turn over to them any information in his possession tending to show that the election laws were being violated in sections of the city where he cialmed wrong-doing was going on. Mr. McCullagh, however, declined to answer the Police Commissioners, but tonight he announced that he had uncarfied a bigscheme to bring repeaters into the sigh of Manhattan on election day from Jersey City, and that one of the Peter Friend, a snloon-keeper in . Peter Priend, a saloon-keeper in Jersey City, had been arrested and was being held at the Jersey City police headquar-

ters in default of \$1000 ball.

In all quarters —e opinion is expressed that the election tomorrow in New York City will be a quiet one, and that no sorious clash will occur between the po-and the state deputies, because of misunderstanding growing out of Chief Devery's order of last Sunday night, in which he declared that the rights of citizens to vote will be protected, regard-less of interference on the part of Super-intendent McCullagh.

Chief Devery, just before leaving his office for the night, said: "Tomorrow's election will be the fairest ever held in New York City. I will do all that lies in my power to see that the

The Mayor took a cab and was driven to police headquar-ters, where he called upon Chief Devery. The Mayor and the Chief of Police were the mayor and the chief or railos were closested together for an hour. At the conclusion of the conference, Chief Devery announced that, in accordance with the Mayor's orders, the orders issued Saturday to captains regarding the McCullagh deputies and voters would be rescinded. The order of the Mayor read as follows:

The order of the Mayor read as fallows:
