

FOR WATER SUPPLY

\$156,000 System Contemplated for Oregon City.

WILL BE TWENTY-SIX MILES LONG

Source of Supply is the South Fork of the Clackamas River—Equal to Bull Run.

OREGON CITY, Or., Nov. 6.—A Portland engineer today submitted estimates for bringing a new water supply to Oregon City from the south fork of the Clackamas River, in the Cascade forest reserve.

The distance from the reservoir in South Oregon City to the proposed source of water supply is 26 miles. The route is an easy one, there being no expensive bridges to build.

The distance from the reservoir in South Oregon City to the proposed source of water supply is 26 miles. The route is an easy one, there being no expensive bridges to build.

It is evident that the new water system will be built, as it is the intention of the Board of Commissioners to have a permanent survey made as soon as permission can be secured from the City Council.

LIVESTOCK EXPOSITION.

Coming International Show Will Be Best Ever Held in World.

CHICAGO, Nov. 6.—Hon. John W. Springer, president of the National Livestock Exposition, relative to the International Livestock Exposition to be held in this city, December 1-3, said:

"There is no reason to doubt that the exposition will be the largest breeding and fat stock show ever held in the world. In point of entries, there has nothing gone before that will compare with it, and if only half of the people come who have promised their intention of doing so, its point of interest will be the largest crowd that ever visited a fat stock show."

"The pivot around which hinges the matter of most interest to the Southern and Northern range men is the fact that range cattle exhibited in carloads will be one of the most attractive features of the exposition. Nothing in the line of districted livestock has ever been attempted, and the action of the management is highly appreciated by the range people generally."

DROWNED MAN'S BODY FOUND.

May Be Henry Stetendorf's, Last From Balley Gatzert.

ASTORIA, Nov. 6.—The body of a drowned man which was found at Fort Stevens yesterday was buried there this morning, as it was very badly decomposed. His identification was not complete, but there is every reason to believe that it was the body of Henry Stetendorf, who was drowned on the steamer Balley Gatzert on the evening of October 20.

Fish Commissioner Reed has returned from a trip to the Coast fisheries. During his absence he transferred \$50,000 salmon eggs from the Government hatchery on the Little White Salmon River to the Unqua hatchery.

A bill of sale was filed in the Court-house this afternoon whereby M. P. Callender sells the steamer Callender to the Callender Navigation Company for \$11,000.

Killed by Fellow Workman.

SEATTLE, Nov. 6.—Leonard Maier, an employee of the Bayview brewery, was killed this afternoon by a fellow workman named Frank Rager, in the brewhouse of the brewery. He was struck over the head with a brick. The tragedy was the result of a quarrel.

A local telephone exchange was put in at Harrington last week.

Spokane was won from Whitman College at football Saturday by a score of 15 to 6.

The Yakima County Teachers' Association will meet at North Yakima November 13.

Flood of \$1,000 has already been guaranteed for the Elk's Carnival next year at Tacoma.

Floyd H. Daggett and Dr. J. M. Semple

were elected members of the Spokane Board of Education Saturday.

The North Yakima high school last week occupied the new Lincoln building, just finished at a cost of \$50,000.

The Yakima Commercial Club has received a silver loving cup from the Seattle fishermen's excursion committee.

The Spokane Board of Public Works will take immediate steps preparatory to building a large standpipe on the hill in OWH Park Addition.

G. F. Mann, proprietor of the Turkish bathhouse at Aberdeen, was robbed of \$12 last week while taking a nap. It was in a drawer in the room, and was composed entirely of 50-cent pieces.

It is reported that the big jam on North Hill above the Spokane has been washed out. This jam has been in the river at that place as long as the oldest settlers can remember. It was about 200 feet long, and entirely obstructed the driving of logs.

H. Hanger was arrested Friday at Tekoa on a charge of selling whisky to a minor. At the preliminary hearing he waived extradition and held in bonds to appear before the grand jury at its next sitting. Assistant Prosecuting Attorney Roberts attended the hearing and gave instructions to the local officers to enforce the law.

The City of Pathaven confessed judgment Saturday for the sum of \$4,000 in the suit brought by John Law to recover on street garage warrants issued in 1901. The suit was brought through the city's attorneys and interest. The city compromised on the amount named, for which general fund warrants are to be issued. Mr. Law's claim, including interest, amounted to about \$4,000.

Captain Swift has a proposition before the Grocers' Association of Everett to put a regular boat on between Everett and White River. The conditions that the grocers demand, in exchange for their pledge of freight patronage, are that the charges and service shall be uniform and fair, and that the master of the vessel shall be a resident of the city.

The I. R. & N. Co., at its recent meeting, allowed the use of its right of way for a large pipe between Ilwaco and Holman's Station. When permission was granted it was stipulated that the pipe should be on the side, and not on the track. In consequence of the expense the pipe was not built through the cut, near Ilwaco, but cyclists use the track, which has been a constant source of danger.

One of the most desperate and reckless shooting scrapes ever recorded in the history of Republic occurred Wednesday evening about 8 o'clock on the sidewalk in front of the Montana saloon on Clark avenue, the main thoroughfare of the town. The participants were Frank Wells and Ed Lathrop. It seems that Lathrop at one time got into trouble at Spokane, and Wells' evidence in the case was the cause of a conviction. Wells has lately come to town, and Lathrop, it is understood, still bears a grudge against the former.

It is evident that the new water system will be built, as it is the intention of the Board of Commissioners to have a permanent survey made as soon as permission can be secured from the City Council. It is already assured that there will be no serious objection in the Council. The Water Commission is the creature of the City Council, and its acts must be approved by the latter body. The Legislature amended the city charter, authorizing the issuance of \$50,000 of water bonds to put in a new system, and the Council will be expected to ask that the charter be again amended so that sufficient bonds may be issued for the construction of a pipe line from the Upper Clackamas River.

Dan Showker, a litheman in the service of the Pendleton Electric Light & Power Company, was almost killed by a current of 250 volts Saturday evening. He climbed a pole to investigate a stray current, and came in contact with a live wire. The current was shut off, and he was rescued with ladders. His left hand was badly burned.

The \$10,000 water right case at Pendleton was before the Circuit Court last Friday. The decision will be rendered November 12. The suit is of W. S. Byers against George W. Rigby, Walter E. Rigby, Howard E. Hopson, William-in-la-nom-mi, Pete Kalyton, James W. Pee, Thomas Thompson, Iska-nok, Nicholas-we-tia, Good-man and Charles Wilkins for \$10,000 damages. The point involved is whether owners of land along or near the Umatilla River above the point on the river from which Mr. Byers has taken a millrace have the right to divert water from the river by means of irrigation ditches, or otherwise, and use it for irrigation, domestic or other purposes on their lands. Mr. Byers claims a water right granted by authority of Congress giving him 1000 inches of water per minute from the Umatilla River, and maintains that during the months of July, August and September he cannot get that amount of water if the farmers or ranchers above him take out the waters for their own use and thus prevent it from flowing to the head of his ditch.

C. E. Arney, secretary of the Idaho State Land Board, sold a large amount of school land in Latah County Saturday.

The land was sold at auction and brought an average price of \$17 an acre. The total sales footed up \$200. There was a good attendance and the bidding was spirited.

Owing to a scarcity of cars in the Potlatch, the grain business is quiet, although the warehouses are well filled. The farmers are holding about one-half of their crops in their farm granaries for a later market. Considerable Fall plowing has been done, and the recent rains have materially benefited the soil.

County Treasurer Hastings, of Newport, last week transmitted to the State \$319. Of this sum \$300 is to take up Courthouse bonds that have fallen due, and \$19 is interest on the same. The State was originally \$20,000, but two payments of \$500 each have been made, leaving the amount now outstanding \$14,000. The large demand for lumber in the

lot of wreckage observed off Cape Flattery.

Sighted by Schooner, Which Was Prevented From Making Examination by High Seas.

SEATTLE, Nov. 6.—Captain N. Johnson, of the Nome schooner Neille Thurston, which returned to this port this afternoon, says he saw a lot of wreckage about 20 miles off Cape Flattery, and thinks a large steamer was foundered. The sea was so high at the time that he was unable to make any close examination of the wreckage, but it consisted of lumber painted on both sides like the upper works of a steamer, also portions of rigging.

He also saw a lifeboat about 25 feet

long, half-submerged, but was not close enough to see any name. He also saw an air tank from a lifeboat, floating several miles farther along. He passed through the wreckage November 2, and gives it as his opinion that the disaster occurred probably in the 24 hours previous.

Articles have been filed in the office of the Secretary of State by which the Clackamas Mining & Smelting Company, of Spokane, Wash., becomes a corporation under the laws of Idaho. In the articles Princeton, Latah County, is named as the chief place of business. The company was originally formed in Spokane, Wash. It proposes to do a general mining, smelting and reducing business. The capital stock is \$50,000 divided into 1,000,000 shares of the par value of 5 cents a share. The company is represented by a board of five trustees, they are Henry W. Greenburg and George H. Wright, of Spokane, and W. J. Springer, A. B. Harlan and C. W. Lewis, of New Hampton, Ia.

Treasury drafts, amounting to \$26,561.21, which represent the last payment that will be made by the Government to the Nez Percé Indians, reached the Lewpal Agency last week. The issuance of the drafts will not commence until Tuesday, November 13, as many of the Indians are now enjoying the annual Fall hunt in the mountains. It is also desired to hold a general tribe conference on November 13 for the purpose of arranging for the settlement of a land claim that has been contracted between members of the tribe. The aim is to have all such indebtedness now settled by the receipt of the last payment. With the disbursement of the present year's payments, the Indians will have received \$1,250,000 since ceding their lands to the Government. The first payment amounted to \$25,000 and the subsequent payments to the amount of \$100,000 annually in sums of \$100,000 and interest. The Government held the principal in trust, paying 6 per cent interest annually. This was disbursed in the manner specified by the terms of the contract, calling the Indian to the use and value of money. The results in that regard, however, have been only in periodical instances, the money having been extravagantly spent soon after each payment.

A ROAST

On Temperance People.

A little woman out in Tower Hill, Ill., takes a fall out of the temperance people in a letter containing the following: "It is amusing to see some wretched temperance people who would as soon catch stealing a horse as to be seen going into a saloon, that are tied down, hard and fast, to their coffee cups as much as an old whiskey sot is to his morning dram. They give the same reasons that the old sot does, they act the same way, the habit is just as fixed. Their dram does not as quickly intoxicate, but it stays just as surely brewed down the nervous system and ruins them physically and mentally, frequently setting up some fixed form of chronic disease.

"Consistency, thou art a jewel, just as much as the company with the demons and at once, upon the advice of some friends, took up Postum Food Coffee."

The change was marvelous. I passed from an inveterate to a happy man in a very short time. I had quit a drug and taken up a strong, powerful, nourishing food in liquid form, and owe my present health to Postum Food Coffee." Name will be furnished by Postum Cereal Co., Ltd., Battle Creek, Mich.

JAPANESE VESSELS SEIZED.

Business Assert They Transgressed Fishing Limits of Siberia.

TACOMA, Nov. 2.—The steamer Queen Adelaide brings news that a large number of Japanese fishing vessels have been seized by the Russian authorities for transgressing the fishing limits of Siberia. Nineteen boats and 125 men are known to have been seized. Sixty-seven Japanese fishermen seized by the Russians last Summer for trespassing in Behring Sea claim they were carried out of their course by the currents. Forty-nine of them have been released, having been released from prison. Sixteen are still detained in a Siberian prison.

Japanese troops are pushing the operations against the insurgent bands in Central Formosa. The construction of a trunk line railroad through Formosa is proceeding rapidly.

Funeral of John E. Young.

John Knight has sold 500 sacks of onions of the 110 raised in three acres of land, says the Salem Statesman. He received 80 cents a sack. If the remainder goes for as good a price, he will receive for the product of the three acres \$300.

Logging operations are being extensively carried on along the Grand Ronde River this fall. A number of contractors have decided that the risk of waiting for sleighing is too great, and are already banking their logs along the river by means of logging rafts. Fully 5,000,000 feet have been banked in this manner.

One of the biggest potato crops ever grown in Umatilla County is now being harvested by Van Orndal & Ross from their 120-acre field on the reservation up near the foothills, says the East Oregonian. The land was in wheat last year, and was to have been summer-fallowed for sowing this fall. When plowed in the Spring it was planted to potatoes. The potatoes are plowed out and then the ground is harrowed to get the remnants. A starch factory has been suggested as a new industry for Grand Ronde Valley.

Representatives of the Pomeroy Dredging Company have completed assessment work on the several claims on Canyon Creek, says the Canyon City Eagle. In addition to assessment work, they have also prospected considerably along the John Day River. It is understood that the company will return to Grant County again next year with a view of working some of its land on Canyon Creek by a process that will net the company good returns regardless of the fact that the entire creek channel has been worked over once or twice before.

RUSSIA'S REPLY.

Accepts All But Third Clause of Anglo-German Note.

ST. PETERSBURG, Nov. 6.—The text of the Russian reply to the Anglo-German agreement note is published. The first point, providing for open ports on the rivers of the Chinese littoral, is favorably received, as it does not alter existing treaties.

The second point is all the more in harmony with Russia's intentions, as the integrity of the Celestial Empire is the fundamental principle of Russian policy. As regards the possibility of a violation of this principle in the third article, Russia refers to her note of May 28 and repeats her declaration that such violation would compel Russia to modify its circumstances might require, the attitude she has taken.

AMERICANS PRAISED.

General Gaselee's Report on Tien Tsin Operations.

LONDON, Nov. 6.—The Gazette tonight prints General Gaselee's dispatches to the Secretary of State for India, relative to the operations for the relief of Pekin and General Dornward's report of the operations about Tien Tsin. General Gaselee mentions two Americans "who gallantly supported our fighting line, viz: Major Quintan and Captain R. J. M. Taylor," both of the Fourteenth United States Infantry.

General Dornward's reports contain little that is new, but relating to the withdrawal of the Ninth United States Infantry after it had suffered so heavily in the attack upon Tien Tsin, says:

"I specially bring to notice the conduct of Major Jesse Lee during retirement. In him the regiment possesses an officer of exceptional merit. Among many instances of personal bravery during the action, I would specially bring to notice the conduct of Captain Smedley D. Butler, United States Marine, in bringing a wounded man in from the front under heavy and accurate fire. Butler was wounded while so doing, and was himself carried out of the fighting line by Adjutant-General Leonard, who, I regret to say, was dangerously wounded in so doing."

"Captain Lawton, of the Ninth United States Regiment, brought me the news of their condition under a heavy fire. When returning and guiding the reinforcements of his regiment he was severely wounded."

REV. PHILLIP McWILLIAMS STARR.

BROWNVILLE, Or., Nov. 6.—Phillip McWilliams Starr, who died here October 21, emigrated to Oregon in 1852. He was a native of Ohio, born in 1825. He joined the rush of '49 to the California gold fields, but died of Western life in two years, and returned to his old home in Iowa. He had contracted the adventurer's fever, however, and the next year, with an ox team, set out for the Westport state. He settled in Benton County, locating what is known as the Starr domain claim, 17 miles southeast of Corvallis. Later, he purchased a farm near Halsey, Lin County. His residence in Oregon had been continuous since 1858, and his place of residence was in one of those two counties.

Five years after coming to Oregon Mr. Starr joined the Methodist Episcopal Church, and engaged in his chosen profession almost continuously up to the time of his death. He was familiarly known as the pioneer preacher of this section.

Three sons and one daughter survive him—Dr. L. W. P. W. and E. D. Starr, of Brownville, and Mrs. Marie Leeper, of Halsey. His wife died August 4, 1900.
