CABINET CHANGES.

ter, Root.

WASHINGTON, Nov. 1.—There is some little gossip about McKinley's next Cab-inet, the general belief being that Gage, Hitchcock and Wilson will remain in their present positions, and that Root, if his health permits, will succeed Hay as Becretary of State. The suggestion has been made for taking care of some of the Republicans who have gone down to defeat in this campaign, and it is helieved here that Carter of Aontana will be offered a Cabinet position, either as Secretary of War, if Root goes into the State Department, or Secretary of the Interior, if Hitchcock does not remain, and, perhaps, Attorney-General in case Griggs does not continue to serve. The suggestion is also because of the State Department today and taked with Secretary Hay for an half-hour about the proceedings of the for-eight Ministers at Pekin. From many of the heavy Republican precincts nothing has yet been heard, and it seems safe to predict that the percentage indicated will be maintained. On a hasis of 50,000 votes cast for the Republican and Fusion tickets, which seems likely to be about the correct figure, the Republicans would have 25,400 and the Democrats 25,500, a Republican plurality of 2500.

Oregon's Plurality Against Bryan Grows.

RATIO OF VOTE IS 3 TO 2

And Still 209 Precincts Are Unreported.

THE FIGURES NOW ARE 14.225

560 Precincts Show a Total Vote of About 71,000-Changes in Demi ocratic Counties.

Yesterday's additions to the returns of the Oregon election slightly increased the Republican plurality in the state-from 14,105 to 14,225. These figures are yet sub-ject to material change, however, for they are based on unofficial reports from only 550 of the 769 precincts in the state, the results in the other precincts being estimated. The 560 precincts report votes

McKinley Bryan .. Woolley 128 Total ... 70,105

McKinley's plurality 12,347 It is estimated that the unreported pre-cinets will add 1883 to the Republican plurality. The precincts from which no return has yet been received are the smaller and remoter ones. Probably the total vote of the state will not reach \$5,000. In the precincts that have been reported there has been little attention to giving the votes of the three minor par-ties, and the official figures will surely show a material increase for them above

the totals given this morning.

Complete unofficial returns have been received from only eight counties in the state—Benton, Clatsop, Morrow, Multno-mah, Polk, Wasco, Washington and Yam-hill. One precinct is lacking in Josephine and one in Linn. The last named county is something of a surprise, in that it gives a plurality for Bryan of only about 40 votes, while the Republicans had con-ceded that it would go Democratic by about 60%. In Jackson County, with two precincts still missing, the Republicans have a few votes the best of it. Four years ago Jackson County gave Bryan nearly 1000 plurality, and Linn gave him

nearly 700. No detailed reports have yet been re-ceived from Curry, Grant, Malheur, Wal-lows or Wheeler Counties, but fairly re-lable statements of the pluralities of the respective counties have come out. These appear in the table and dispatches published this morning.

McKinley has carried the State of Washington by a plurality approaching 10,000, and it may possibly exceed that figure. The task of obtaining accurate returns from the state has been attended with unusual difficulties, and from many counties it has been possible to obtain only statements of majorities, actual or estimated. The Western Washington counties, except King, have as a rule given unprecedented Republican pluralities, Clark gives 600, Lewis 500, Cowlins 545, and Pierce rolls up more than 2000. Walla, Walla, on the east side, gives \$50, and Spokane 256. The Congressional ticket runs well along with the Presidential, and both Cushman and Jones are elected by large majorities, at least 8000. Cush-man's home county, Pierce, gave him

Frink has been slashed in every county of the state. He loses King, Pierce and Spokane Counties, and his pluralities come only from the smaller counties. Some of the southwestern counties have given him very handsome pluralities, and it looked for a time last night as if he might overcome the Rogers lead, but at midnight re-turns from Eastern Washington and from his own country of King seemed to make it clear that he had lost the election. It is still possible that the final returns may so reduce the Bogurs pluralities as to count him it, but it does not seem at all likely that it can be done. No roturns are available as to the Leg-

sinture, but it is undoubtedly Rep BASTERN WASHINGTOR.
