First Year Men to Receive 17 Cents an Hour and Third Year Men 20 Cents.

F. L. Fuller, general manager of the Portland Railway Company, yesterday posted a notice in the car barns of the line that beginning November 1 the following scale of wages would go into

First year men, 17 cents an hour; First year men, it cents an hour; sec-ond year men, 18% cents an hour; third year men, 20 cents an hour. Formerly the highest paid men in the employ of the company received 18% cents an hour, so that the raise is one which will be very acceptable.

Not long ago the men employed on the is the answer the company gives to the

Petrion.

The car men are naturally very highly pleased with the action of their employers. They have always been well treated which is evidenced by the fact that men position combow working on the cars have been in their called at present positions for more than ten years. About a year ago men of more than three years' service were advanced from \$2 a day to \$2 5, which was the highest wages paid to Portland street-car men up to that time. As all car men work 12 hours a day the men who have been more than three years with the company will now receive \$2.60 a day, which they consider

ample wages. The change will affect about 30 men, and will make a considerable difference in the running expenses of the road, but the company felt that its employes were entitled to the rules, and granted it promptly and cheerfully.

ASSESSORS TO MEET.

DEVIL DESTROYED HIMSELF

State Association Will Convene in a Day's Enjoyment. Portland, November 20. The State Association of County Judges

County Commissioners and County Assessors meets in Portland on November in the rooms of the County Commission ers, in the City Hall, and may propose numerous reforms in the laws pertaining to assessment and taxation. R. S. Green-leaf, the present Assessor of Mullinomah County, is the president of the State Association of Assessors, and A. G. Barthol-emew, County Judge of Morrow County, is president of the organization of County Assessors, County Judges and Commis-sioners combined. The last meeting was wonder-eyed spectators.

had a joint gathering.
There are many things connected with
the Assessor's office in which the County
Judge and Commissioners have a mutual
interest, and this is why they have arranged for those joint assemblages. At the last convention various changes in the statutes regarding assessments and taxa-tion were discussed, and a committee was appointed to consider the proposed amond-ments and to formulate laws necessary to correct existing evila. Reports will probably be submitted at the coming meeting, and plans may be adopted for submitting proposed measures to the Legisofficers for the associations will

New officers for the associations will niso be elected. It is expected that all Assessors-elect whose terms begin on the first Monday in January will be in at-tendance and take part in the discussions. Mr. Greenleaf yesterday said in relation to the meeting:
"Although I am going out of office, I want it understood that I take a lively

was not scheduled to take place until to-day. Preparations, however, were under way. Two images of paper and bamboo had been placed on the veranda, and in front of these were choice viands and lighted taper candles. The wind that blew briskly yesterday drove the flames against the images, and it was all off with the Chinese devils. That the perverse flend should catch on fire before the proper time was deemed only an-other trait of devilish character by the Chinese, who had been robbed of a good

Is Now Before the Board.

Dr. McLean, of the Third Presbyterian Church, whose call to the Cuban field as superintendent of missions was referred back to that church and the pastor to settle, has written the Board of Missions setting forth the situation. He was very anxious that the presbytery should settle the matter, but as it has not done so it rests with him and the church. He informed the board that he would have to have time in which to carry out the plans have time in which to carry out the plans of improvement contemplated; that the board could put a man temporarily in charge in Cuban missions until that time, onarge in closur missions were wanted and the way was clear he would go. How-ever, if the board wanted to put some one cless permanently in that field it would be all right, as he did not consider it be all right, as he did not consider it right to cut loose from the Third Church until present plans have been completed. As the matter will now rest it should be said that some of the members fear that the Third Church might be considered too persistent, but they simply took the usual course where a church desires to retain the pastor within the law of the denomination and went no further.

PROSPEROUS PENDLETON.

Many New Buildings and a Better

H. S. Tomlinson, a Pendleton contrac-tor, who was at the Perkins last even ing, on his way to Sonora, Cal., said Pendleton had built up in a very en-couraging manner within the past year. "The city," said he, "has become the headquarters for well-to-do farmers and stockmen of Umattila County, who have decided to move in from the ranches and give their children the benefit of superior school facilities. These people have cory homes built in the suburbs, and continue to run their business at a

distance just the same.
"Quite a number of business edifices have been put up in Pendleton during the same period, and I have just finished the construction of a 100-foot brick front on Court street. I have also considerable work for the Winter in the line of repairing old brick structures which had been built on the ground, with little or no excavation, so that the lower floor timbers and bases have begun to decay. chinese, who had been roobed of a good time.
