Does Your Furnace Smoke?

We do not refer to pipe, cigars, or cigarettes, but—when you open the feed-door to put in fuel, does your furnace SMOKE? If so, may be the people who installed it will say to you: "They always smoke when you open the door." OUBS DO NOT. Ours are always put in on scientific principles to HEAT, not to SMOKE. BRITISH ARMY REFORM.

Soldiers in Future Will Get 10 Months' of Scientific Drill.

LONDON, Nov. 11.—According to the Daily Mail, a scheme of army reform of a very sweeping character will come into operation early next year. "The scheme," says the Daily Mail, "will make the British private a trained soldier. Instead of a system giving the recruit mainly a housemaid's work and allowing no more than six weeks of military training, he will in future get 10 months' scientific drill, all fatigue and orderly duties being performed by a special corps of time-expired men."

"The first four months will be devoted to company training, including scouting, trenching, bridging and taking cover. The second four months will be used in battle maneuvers, attacking and defending positions and field firing. Two months will be given to grand maneuvers on a war scale. The remaining two months of the first year will be occupied by furloughs."

"The greatest attention will be devoted to marksmanship and the allowance of ammunition will be greatly increased. Artillery training will also be improved. The War Office is now acquiring control of large tracts of land in various parts of the country for training grounds."

Mayer, Importers and dealers in cotton bating. The fire broke in the three upper stories. It was soon under control. Loss \$25,000.

Havana Wants a Quarantine.

HAVANA, Nov. 11.—The Havana papers are now generally commenting upon the action of the government in the matter of quarantining immigrants, and a movement is on foot among the Spaniards to form an association to work in conjunction with the government in encouraging immigration from Spain and the Canaries, and to provide for immigrants on their arrival.

KANSAS CITY, Mo., Nov. 11.—The Elmore Cooper Livestock Company has filed a petition in bankruptcy. The liabilities, placed at \$800,000, are mostly the result of the Gillette failure a year ago. The assets are placed at \$200,000.

NEED OF MORE MEN

United States Navy Crippled for Lack of Them.

CROWNINSHIELD'S SUGGESTION

Congress Should Act Promptly, in Order to Prevent the Service From Falling Into Inefficiency.

WASHINGTON, Nov. 11.—The startling statement is made in the report of Admiral Crowninshield, Chief of the Navigation Bureau, that the present personnel of the Navy would form barely one-fourth of the total establishment necessary to fight a first-class European power. It barely sufficed for the Spanish War, and no longer can be considered, the report says, as an effective nucleus about which a larger establishment could be formed in case of war.

The Admiral regrets this need of the Navy for officers and men as most urgent. He says that the bureau can point to many cases where the service is being harmed by lack of officers. The Naval Academy is suffering from lack of officers, and the present high standard of training cannot be maintained. Every bureau in the department is short of officers, and the service, the report predicts, soon will fall behind in the struggle, first, for leadership, and then for quality, with the other services. The disability of the seagoing corps of officers has greatly increased since the Spanish War, and the best officers are being lost as a result of breaking down from overwork.

The Admiral severely criticizes the ineffective effort of Congress at the last session to meet immediate needs for officers by authorizing the employment of retired officers, and he demands the immediate repeal of that act. He claims that the retired list, intended as the reward for faithful service, otherwise becomes a hardship and a punishment. The personnel act thus far has resulted in affording less officers than were on the active list before its passage, an act, he says, authorizing an increase in the number of officers, and he demands the immediate repeal of that act. HOW FILIPINOS VIEW IT.

No Demonstration Yet Over Result of Election.

MANILA, Nov. 11.—The results of the elections in the United States have been quietly received here. So far as the Filipinos are concerned, no noticeable change in the situation has resulted, nor is any likely to occur in the immediate future. They are for the greater part noncommittal. News of the outcome will slowly work its way through the country to the islands, where the proposals for annexation of the leaders that Mr. Bryan would certainly be elected must first be overcome.

ALARM AND GLOOM IN CHINA.

Russian Rules in Manchuria—The Southern Insurrection.

LONDON, Nov. 12.—Dr. Morrison, writing to the Times from Peking Saturday, says: "Yi Hung Chang has not yet replied to Admiral Alexander's invitation to resume the government of Manchuria under Russian protection. Russia will require the names of all officials to be submitted to her for approval. Her proposals are tantamount to military occupation, and every Chinaman realizes that Manchuria is lost to China."

"Increasing alarm is felt here at the spread of the insurrection in the southern provinces. No surprise will be caused if Japan intervenes. The trade and financial outlook is very gloomy."

"All the Russian troops here," says a dispatch to the Times from Tien Tsin dated November 9, "are being withdrawn."

Natives Profoundly Impressed.

PEKIN, Nov. 10.—A profound impression was produced upon the natives at Pao Ting Fu by the execution of the three officials—Tien Tung, Provincial Treasurer; General Liang, Vice-governor of the province; and Colonel Kiu—who were condemned by the international court-martial as among those responsible for the massacres there. They were beheaded and their heads were exposed on poles for a day before burial.

It is probable, despite discrepancies, that the forces of the revolutionaries, with those referred to in a dispatch to the Associated Press from Tien Tsin dated November 6, which said: "Ting Tung, Vice-governor of Chi-li, the Tartar General Qiao Heng, and Colonel Wang Chau Mei, were shot at Pao Ting Fu by order of the court-martial."

Russia Becoming Restless.

ST. PETERSBURG, Nov. 11.—Russia is becoming increasingly restless on account of the strict course of the allies, particularly the Germans and British, towards the Chinese. "Russians," says the Russian Gazette, "will reap the harvest of foreigners which the Germans and British are sowing."

Officials circles in St. Petersburg do not conceal their dissatisfaction over the recent executions of Pao Ting Fu officials.

Belgium and Spain Want a Voice.

LONDON, Nov. 12.—"Serious negotiations have been caused in the peace negotiations in Peking," says the Daily Mail's correspondent at Tien Tsin, writing November 9, "by Belgium, Denmark and Holland and Spain clamoring to have a locus standing in any important decisions. (Russia and France) have support the Postal and Relief, which are opposed by the powers. Belgium is especially importunate and is intensely pro-Russian."

Demands Too Humiliating.

ROME, Nov. 12.—The Tribune publishes the following from its Peking correspondent: "Yi Hung Chang and Prince Ching have informed the plenipotentiaries of the powers for the punishment of Prince Tuan and the withdrawal from power of the Empress are too humiliating to be accepted by the Chinese."

Anarchists Become Moderate.

CHICAGO, Nov. 11.—Herr Most, with his voice subdued to gentleness, was the orator here tonight on the 11th anniversary of the execution of the anarchist Parsons, Spies, Fischer and Engle. The meeting was held in Central Music Hall. The place was free of uniformed policemen, but two city detectives stood on the edge of the crowd in the lobby. A few years ago police interference with the speakers was of frequent occurrence at the annual celebration. Except for the notable increase in the number of at-

WANT AN ANNUAL SCALE.

Mineworkers Wish to Confer With Operators as to Pay.

INDIANAPOLIS, Nov. 11.—The meeting of the National Executive Board of the United Mineworkers of America, which is to be held here tomorrow, is the last to be held by the committee until the National convention in January. Matters of grave importance will be considered, and the policy to be adopted at the convention will be discussed. Foremost among these is the conditions in the anthracite coal fields. While the miners were victorious in the great strike which has just been settled, this was simply a preliminary skirmish in a great deal of work remains to be done, it is announced.

The primary consideration is to get the operators to meet the representatives of the United Mineworkers in annual scale conference. At each of these conferences the price of mining, the powder question and a number of other problems that have confronted the organization for a number of years will be fixed and an agreement for a year entered into.

The second question in importance to be taken up is the admission of West Virginia and Iowa to the competitive field. Both states have been clamoring for admittance for a year, and some friction was apparent at the last convention because of the refusal of the members of the executive council will hear reports from the organizers in the states named, and if the conditions are regarded as favorable, it is probable that both will be taken into the fold. None of the officials are prepared to say whether or not an advance in wages will be asked.

COTTON SPINNERS COMBINE.

Object is to Reduce Profits of the Middlemen.

CHARLOTTE, N. C., Nov. 11.—A great majority of the yarn mills of the South have entered into the plan of controlling the sale of their products by specially appointed agents. Mills representing an aggregate of \$6,000 producing spindles have signed their agreement to the now well-known plan of the Southern Cotton Spinners' Association. The plan is to place the selling of their products in the hands of a limited number of Northern commission merchants—3 or 10—with a view to the reduction of selling costs and the removal of speculation in the product of Southern yarn mills by the middlemen or commission merchants. The fact that mill men representing so great a number of spindles have agreed practically to insure the success of the plan of the Southern Cotton Spinners' Association.

NOT LIKELY TO BE SERIOUS.

Differences of Coal Miners' Promise to Be Adjusted.

WILKESBARE, Pa., Nov. 11.—The minor differences which exist between the Lehigh Valley Coal Company and some of their employees are not likely to have a serious ending. The rockmen, who are employed in opening tunnels and gangways, have petitioned the company for a reduction in the price of dynamite, which the company is not inclined to grant. It is said, however, that the way is open for a compromise.

Three hundred miners employed at the Lehigh Valley colliery of the Lehigh Valley Company went on a strike Saturday because a number of non-union men were put to work. President Nicholas, of the United Mineworkers, held a conference with the mine superintendent, and it is understood that the new men will join the union and the old hands will resume work tomorrow.

Carrying Out Agreements.

HAZLETON, Pa., Nov. 11.—When asked today about the story published yesterday to the effect that there would likely be another strike at the collieries of the Lehigh Valley Coal Company, because of the alleged refusal to grant a reduction in the price of dynamite, and that President Mitchell, of the United Mineworkers, and President Gompers, of the American Federation of Labor, would meet tomorrow in Scranton to talk over the situation, Division Superintendent Zerby, who has charge of all the Lehigh Valley collieries in the Hazleton district, said: "I know nothing of any disaffection, and the agreement entered into by our men is being carried out. I am not able, however, to speak for my superiors. I know of no difficulty."

Electrical Workers to Strike.

HOUSTON, Tex., Nov. 11.—A notice was given out at Dallas late tonight saying that all electrical workers in Dallas will strike tomorrow morning. The notice was signed by several leaders of the Electrical Workers' Union.

It is also said that all the linemen of the Southwestern Telephone Company are going to strike tomorrow, in sympathy with the strike of the telephone operators in the Southern cities of the state. The strike is now on in Houston, San Antonio, Galveston and Waco, and grows in extent as the operators at San Antonio and Waco.

Telegraph Company and the Chicago Board of Trade.

CHICAGO, Nov. 11.—There is every probability that the long-standing difference between the Board of Trade and the Western Union and Postal Telegraph Companies will be settled tomorrow at a conference to be held in the office of President Warren, of the Board of Trade, at 11 N. La Salle street, and that the strike of the telegraph operators in the Southern cities of the state, which has been in progress since the strike of the telegraph operators in the Southern cities of the state, will be settled tomorrow at a conference to be held in the office of President Warren, of the Board of Trade, at 11 N.
