## COMMERCIAL AND FINANCIAL NEWS

Thanksgiving trade started in with a rush yesterday, and the country sent in liberal consignments of poultry, fruits, est., and in return were ordering freely of holiday luxuries and staples. Prices on turkeys ruised higher than was expected, sales being made around 14@15c for best dressed stock, with live going at 11@12½c, according to quality. Genee are also firmer, and ducks in moderately good demand. Chickens are newer in as good demand, chickens are newer in as good demand, the present season is no exception. Stocks cleaned up fairly, well fast Saturday, but there were enough carried over to give the market a weak start, which will not be improved on unless there are very light shipments today and tomorrow. The steamer arriving late last evening brought a big lot of fruit and California yesgetables, which will be on the street this morning.

## NEW YORK STOCK MARKET.

Pew Stocks.

New York Nov. M.—The reactionary tendency which weighed on the stock market during the inter part of last week was distinctly overcome today, and prices resumed their upward course. The advance was by no means uniform, the striking sains being confined to comparatively few stocks. In some stocks the resistance was not more than enough to enable them only to hold their own, while

for over two weeks past. Bear manipulation was evident, not only here, but in foneign markets. As settlement was in progress on the London exchange and in Berlin. But rumors of the Crar's death, of threatened complications in China, and of international friction growing out of the Kruger demonstration in France, did not aid the bears much in forcing lower prices. London was a large buyer in this market, sales to that account being estimated at 20,000 shares.

The Southern Railway stocks were in special demand. Many rumors were current of developments in the company, including an alleged lease to the Pennsyl-

The wheat markets were all dull and tending lower yesterday. The American visible still lingers lovingly above 60,000,000 bushels, and, while there was a decrease in the quantities on pasage as compared with the previous week, it was not serious enough to put any life in the market. In the Portland market there was the usual inactivity, but no material change 'in prices. Some of the dealers have shortened their limits to Espanyle, but others are still quoting 5tc. Offerings are not large, and requirements are likewise rather small. Freights are inactive, but others are still quoting 5tc. Offerings are not large, and requirements are likewise rather small. Pacific and Denver & Rio Grande, Nevertheless the stocks held a prominent place in the advance. Oains in the group ran from 1 to nearly 2 points. The more northerly grangers came into the move-

ment, especially Burlington, but did not show much marked strength.

The leading specialities were very strong including Sugar and People's Gas. The local tractions showed a good re-covery, and Consolidated Gas was conpicuous with a rise of 45. The Steel tocks were decidedly unsettled, Steel & Vire showing acute weakness at times. Reports were received of serious contro-versies between the great combinations in the trade. Amalgamated Copper gave way on account of the mesger details of the conditions and resources of the com-

Foreign Financial News. NEW, YORK, Nov. M .- The Commercia

The opening of the markets here today was quiet and dull as they are usually just before the settlement, but there was considerable improvement in the afternoon, on the announcement that the diplomatic situation had become clearer, especially as to the question of a money induced to the control of especially as to the question of a money indemnity. Americans were quieter, but there was a good market for them throughout the session, although cable derangements aericusly delayed arbitrage dealings. The arbitragers were short of Southern Railway securities this morning and London taking the hint took them freely.

that much early, and possibly more. The market during the afternoon touched 471-c. but reacted and closed to higher at 40c. There was a strong demand from shorts for December, and considerable liquidation of May. December sold between 381-c and 355-c, and closed 461-c higher, at 354-351-c and 355-c, and closed 461-c higher, at 354-351-c and 355-c alves, weak 356-52; Texas fed steers, 348-150-c and 355-c alves, weak 356-52; Texas fed steers, 348-150-c and steers, 348-150-c and steers, 348-150-c and steers, 348-150-c and the loss of friends to the superior attraction of corn, and to the approach of the Thanksgiving hollday. The tone of the market throughout was easy under the influence of indifferent cables, an increase of 183,000 bushels on passage. 4714c, but reacted and closed to higher at an increase of 192,000 bushels on passage, the heavy Russian and Danublan ship-ments, 4,000,000 bushels, and a decrease in

the visible of only 129,000 bushels where a much larger decrease had been expected. December opened 1/3c to 1/36 1/3c lower, at The to 20%671c, sold between Title and 70% 200%c, closing %612c down, at 70%670%c. In oats there were only a few trades in the way of changing December for more deferred futures. The market was dull and neglected, in favor of corn. December closed a shade down, at 11%671%c. Provisions were cast on the between Provisions were easy on the heavy runs of hogs and a slack cash demand. The market was poorly supported by bull lead-

ers, and the packing interest sold November lard freely on all bids. Later the market turned strong on a sharp commission-house demand for pork, and in sympathy with the corn strength. Most of the buige was lost, however, on profittaking. January pork closed 12%c up taking. January pork closed 124c up and January ribs unchanged. The leading futures ranged as follows: WHEAT.
