CITY NEWS IN BRIEF

Amusements Today MARQUAM GRAND-Grau Opera Company, METROPOLITAN THEATER - "A Breesy

HIGHEST GRADE MANILA CIGARS.-F. W. Vaille, who has made such an enviable records as government official in charge of the Philippine mail service, has sent several boxes of the highest grade of cl-gars made in Mantia to his personal friends in Portland. These cigars are put up in boxes as attractive in appearance as any of the boxes which contain the best imported Havana cigars on this market. Each cigar is wrapped in tissue paper and tin foli, and the high grade of the paper and tin foli, and the high grade of the raw material used in the manufac-ture of these goods is clearly proved by the smoking qualities of the cigar itself, which is as rich in the aroma of a speci-ally selected leaf as are any of the best 25-cent Havana cigars sold in Portland. It is evident that the establishment of trade relations with the Philippine Islands will afford the people of the United States a new and invaluable source of supply for high-grade cigars at a modest price. With improved methods of raising and grow-ing the Philippine tobacco, old-time smok-ers are authority for the statement that in time the Manila cigars may practically supplant the Havana article in this mar-ket.

COUNTERPRITERS HELD TO ANSWER .-COUNTERFRITERS HELD TO ANSWER.—
The examination of Thomas and Lew Dodson, charged with counterfeiting, was continued before United Stattee Commissioner E. D. McKee yesterday. Detectives Kerrigan and Snow and J. W. Lawrence, Secret Service agent, appeared as witnesses for the Government, and a rude electro-plating battery and a machine for milling coins found in possession of the accused were produced in evion of the accused were produced in evdence. Detectives Kerrigan and Snow testified to arresting the defendants and finding counterfeit money in their pos-session. It is understood that the Dodone bought a back from Duffy the other sons bought a hack from Duffy, the other person arrested with them, and paid him the largest part of the price in counterfeit money, which he passed off. The defense offered no witnesses, and were held to answer and their hall fixed at 2000, which their attorney, Alex Sweek, says they hope to be able to furnish. The Dadsons and Duffy are no strangers to the strangers. The Dodsons and Dufty are no to the authorities, and have the appear-to the authorities, and have the appearance of being pretty tough cases. They thanked the detectives yesterday for the square deal they had received in the

SCANDINAVIANT IN CLACKAMAS.-A CODsiderable number of Scandinaviana are settling in the neighborhood of Canby, in Clackimus County. Several Swedish fam-ilies came out from Minnesota last April and selected homes there, and this week dozen more, who have been living near Ashby, Minn., joined their fellowtrymen. Three women, who came direct from Sweden and Norway, have also joined the settlement. These people ap-pear to be well-to-do and are eager to get setablished in homes of their own They are contented here, and it is underthat they have sent back reports that will result in many others coming West, though they do not appreciate the glory of a boom and will say little as to the inlentions of their friends in the East or in the old country.

FINISHING THE FEDERAL BUILDING.— The site of the new Custom-House, which has been very quiet since the Bentley Construction Company got through with the exterior structure, will soon be en-livened by the workmen engaged on the interior finish. The Congress Construc-tion Company, of Chicago, expects to start at the work by the first of the year, and from that time for a period of its and from that time for a period of is months many artisans will be busy. Mar-ble-workers, steamfitters, plasterers, gasliters, machinists, electricians, etc., be needed to put the building in shape for its occupants, the Federal officials of the city. The various improvements will be dealt with by the Government, under ur different contracts.

ONE BLOCK IMPASSABLE.—The improvement in the Sixth street pavement, opposite the Hotel Portland, is not appreciated by wheelmen yet, as the loose stones forbid the use of the blcycle for the entire block from Morrison to Yamhill street. As it will take several weeks to come firm, even for teams, wheeling must make up their minds to avoid that portion of Sixth street altogether, or use the sidewalks, which latter course is not compatible with the comfort of the

LODGERS NOT DISTURBED .- A large frame building being moved from Fifth and Flanders to Sixth and Flanders at-tracts quite a crowd, as it is being turned in a space about its own size, for the purpose of having it front on Sixth street. The building is of two stories and the business of running a lodging-house in its 17 rooms overhead has not been Interrupted during the trip through Flan-ders street. The lodgers, when they leave in the morning, do not expect to find the building in the same place in the evening. The additional weight that occupancy creates is said to make a much harder job of moving than if the building were

LOST AN EYE.-Susan Fetting the II-Post an ETE.—Susan Fetting, the Il-year-old daughter of William Fetting, an employe of the Northern Pacific Lumber-ing Company, met with a very painful accident a few days ago. Her father was bending a piece of stiff wire, when it broke and a piece struck the girl in the left eye, utterly destroying the sight of

nterpreter and lithographic map engravir. From the eligibles resulting from this examination certificates will be made of fill existing vacancles. Persons dedring to compete should at once apply a the commission of William on White performance will conclude the present engagement. e the commission at Washington, D. C. r application blanks.

RETURNING VOLUNTERES.—Quite a number of discharged soldiers are now passing through Portland on their way home from Manila. They all have the swarthy appearance which bespeaks outdoor life under a tropical sun, and they seem to enjoy the temperate zone all the better for their absence from it. Dysentery and nalaria, they think, are largely due to the soldier's habit of eating more tropi-cal fruits than are healthful, and the bowel trouble brought on by these is aggravated by the hardtack diet in the

ENZOTING THE MOISTURE.-The warm, damp days of the past week have been enjoyed by the Oregonians, who make no secret of their preference for moist weather instead of cold. When the light touches of Jack Frost were felt, several evenings ago, and the thermometer actually went down to 19 above. Portlanders who were thus reminded of Eastern win-ters felt quite indignant over the un-timely visit of Jack Frost to a country

timely visit of Jack Frost to a country that was such a stranger to him, especially so early in the season.

FOR THE 1992 FAIR.—At the regular meeting of the Manufacturers' Assortation, in the Chamber of Commerce building the matter of appointing a committee to discuss plans for the exposition in 1992, as recently suggested by the Board of Trade, was brought forward, on the motion of Samuel Conners. The following men were named to confer with the

D. P. THOMPSON FOUNTAIN ACCEPTED.

City Council Passed Resolutions of Thanks to the Donor for His Costly and Beautiful Gift.

At the regular meeting of the Common Council yesterday, a commu-

lic fountain known as the David P. Thompson fountain, and to exercise such care and supervision of the same as will maintain it in a condition creditable to the city, as the recipient of a gift so beautiful and costly, was unanimously adopted. The Council extended thanks on behalf the citizens to Mr. Thompson by the adoption of the following preamble

Whereas, Hon. David P. Thompson has had erected a fountain of granite and bronze on Main street, between Third and Fourth, and has this day presented the same to the City of Portland; therefore, be it

Besolved, That the Common Council, in behalf of the citizens of the City

Portland, does hereby accept the fountain, known and designated as the "David Thompson Fountain," and extends to the generous donor the thanks of the City

Board of Trade committee: A. H. Devers. Charles Hegele, W. B. Struble, O. C. Heintz and D. L. Povey.

Bicrcling in Winter.—Bicycle repair-W. B. Struble, O. C.

ers notice quite an increase of wheelmen each succeeding winter in Portland, and shops that were formerly idle at this time of the year are now busy on repairs or in putting on mud-guards. No wheel-ing is being indulged in for pleasure at this season, the dealers say, but wheel-ing for business is largely on the increase and has evidently come to stay.

WANTED.-Modern eight-room house; willing to pay \$40 to \$50; will take lease. U-32, care Oregonian. LAST DAY .- Pay your gas bill today and save discount. Portland Gas Co.

SUCCESS IN "EL CAPITAN." Grau's Opera Company Produce Sousa's Popular Opera.

"El Capitan," Sousa's comic opera, scored a decided success for the Grau Opera Company last night at the Mar-quam Grand theater. The large sud-ence as the evening progressed be-came more and more enthusiastic until a

regular ovation greeted the singers at the finale of the second act. Thoroughly North American in character, the music of the opera is given a South American setting Stirring music breathes in every line, the music that appeals directly to American sensibility. Echoes of Sousa's marches are heard ever and anon, the swing and rhythm of these catchy airs forming the theme for a number of the finales and choruses.

not compatible with the comfort of the number of the finales and choruses. A South American revolution forms the basis for the plot. A new Minister, Medianal pavement on that block, but the Federal Government could not be induced to pay its share of the expense opposite the Postoffice.

Interview New Description 1. Viceroy and place Cazarro, the ex-Vice Viceroy and place Cazarro, the ex-Viceroy, in his old position. The wily old Medigna impersonates the famous chief of the rebels, El Capitan, and leads the insurgents a merry chase. He runs no chances. Should the rebels win, he comes in for a share of the plunder; should the Spaniards win, which through his blun-dering they do, he regains his former position of Viceroy. Plenty of opportunity is given during the course of the opera-for speciacular marches by the chorus girls, representing rebel and Spanish sol-

> From a musical point of view, the com pany did much better work than in their opening opera, and it seems strange that Mr. Grau did not open with "El Capitan, rather than in the spectacular play. The chorus sang more moderately last night and consequently more acceptably. The principals were well cast, and the whole

performance ran very smoothly.

Around J. W. Kingsley, who played the part of Viceroy Medigna and El Capitan, revolved the comedy element. He elicited much fun out of the character of bending a piece of sith wire, when it broke and a piece struck the girl in the left eye, utterly destroying the sight of it. The other eye has become blind, temporarily at least, through sympathy, but it is hoped she will recover the use of it. The victim of this painful mishap is an uncommonly bright girl, and she and her parents have the sympathy of a large number of friends.

May Be a Pontland Boy.—Yesterday's dispatches from Weshington contain the name of Frank J. Smith, private, Nineteenth infantry, among the list of dead, Frank J. Smith, of Portland, is a private in Company M. Fourteenth, and his friends fear that he is the Smith mentioned. Smith attended the Atkinson School, was a very bright boy, finished the grammar grade and tried to callist long before he had reached the minimum age limit. He has two sisters here.

Civil Senvice Examination.— The United States Civil Service Commission announces that on January 8 examinations will be held in Portland for Chinese niterpreter and lithographic map engravents. From the elleribles resulting from

A resolution requesting the water committee to take charge of the pub-

with an Irish title, is spending today at the Portland, in company with Dr. D. Fordyce, who travels with him as physician. He arrived yesterday from the North, having visited portlons of the Alaskan coast in his tour around the world, which began last February. Lord Drogheda is afflicted with rheumatism, and kindred complaints and his tour is for the purpose of finding relief. He reand kindred complaints and his tour is for the purpose of finding relief. He recently came across the Pacific Ocean to Vancouver, B. C., from Asia, having made an extended tour of India and Japan. From here the little party will journey on to Los Angeles, where they will spend the Winter, and thence resums their travels to the Rockies on their way homeward in June.

helt way homeward in June. His lordship was formerly in the Brit-sh civil service, but since inheriting his lile and estates has withdrawn from official life, and as he says himself, "be-came a wanderer." Of all his travels he seems to have enjoyed his trip through Japan, which took several months, and he is much impressed with the enterprise and thrift of the Japanese, who have so recently thrown aside barbarism and adopted European ways.

The Earl is a tall, slender man, of ad-

vanced years, and begins to show the feebleness of an invalid. His physician is constantly at his side, and appears to take deep interest in his welfare. They will probably leave Portland for San Francisco this evening over the Southern

DENNY-RILEY CONTEST.

Boxing Match That Is Attracting

More Than Ordinary Attention. The referee of the Denny-Riley boxing contest, which takes place at the Exposi-tion building, will be picked tomorrow from the names of the most prominent followers of that kind of sport in Oregon, "Bud" Smith, of Vancouver, the well-known wrestler, and Jack Wilson, of Ilwaco, are mentioned, and as both of them are competent, either may be chosen.

Both of the men are in first-class condition and confident of winning. Riley left his training quarters last night for the baths, where he will spend the rest of the time until the contest. He says he will win in 10 or 12 rounds at the most, and looks as if he meant what he said. Denny feels with the contest in the said of the said o waco, are mentioned, and as both of them feels just the other way about it, but will not say in what number of rounds he will be declared the winner. Paine and Houghton, the preliminaries,

have both been training hard for their lo-round bout. Those who know say it will be interesting and that the colored lad will win. The management will not be caught napping. They have everything is readiness to handle the crowd. It is said that there will be more people present from outside towns than ever attended a boxing contest in this city before.

ELEVATED ROADWAY PROBLEM CAN BE OTHERWISE SOLVED.

Guaranteed Method of Preserving Plank Highways Known and Ap. proved by Responsible Ex-

The opinion expressed by an Oregonian writer, in a recent issue, that the guiches of Portland must be filled to secure permanent roadways for the city has aroused considerable comment pro and

It cannot, of course, be reasonably de-nied that the filling of these cavities would be beneficial to the city. So would the construction of a sea wall along the river front to prevent damage from the periodical floods which bring dismay to merchants in the low-lying business district. Unfortunately however nather district. Unfortunately, however, neither of these schemes are practical or practic, able in the present condition of our financial resources, nor are they likely to become so for many years to come. This statement implies no disparagement of Portland's metropolitan growth, which is fully recognized. It simply means that all cities have their limitations, and, to all cities have their limitations, and, to use a well-known simile, must "cut their garments according to their cloth." Neither the corporation nor individual property-owners possess sufficient mon-eyed resources at this time to confront the enormous outlay required to level these gaping chasms with the city grade. Dismissing the plan proposed therefor as attractive but not feasible, common sense suggests the adoption of the part sense suggests the adoption of the next best method of securing durable elevated roadways which is attainable. The problem of combining utility with need-

ful economy can be solved by continuing the use of plank roadways, but at the same time quintupling their present vital-ity and longevity. That this can be done is an accepted fact, well known to experts in wood construction, both home and abroad. Treatment of planks with Avenarius Carbolineum, experts in wood construction, both at home and abroad. Treatment of the planks with Avenarius Carbolineum, the German wood preservative, is the one thing needful. It is non-evaporating, penetrates the pores, indurates against friction and insures against dry rot and decay, the same as vaccine does against smallpox.

These are not hald statements merely they are supported by existing proofs right here in Portland. Witness the paving blocks on the spans of the Madicon-street bridge, treated with Avenarius Carbolineum, also the checkerboard at the Intersection of the car lines at Third and Washington streets. They show no and Washington streets. They show no deterioration whatever and amply indicate how decay of plank roadways can be defeated. The city should act as reason dictates, and setting aside visionary schemes, avail itself of the opportunity within its reach and within its means.

GRANDS AND UPRIGHTS, SQUARE PIANOS AND ORGANS.

Everything in the Portland Retail Stock of Eilers Piano House to Be Closed Out-Lots of Bargains to Chose From-All Choice New

These are busy times at Ellers Piano House. Fine pianos and organs are being snapped up by shrewd buyers every hour of the day.

We are compelled to buy out a retiring partner's interest in this concern. We have never borrowed a single dollar outside of the firm since commencing business, nor do we feel that we want to take another partner into the firm now. We are therefore confronted by the necessity of converting at least one-third of our present stock into cash or short-time paper, and to accomplish this purpose in the limited time at our command we have commenced a special closing-out sale of our Portland stock at such low prices, the equal of which have never heretofore been seen in print.

commenced a special closing-out sale of our Portland stock at such low prices, the equal of which have never heretofore been seen in print.

Tou will find here some fine square pianos, Chickering, Steinway, Hailet & Davis, Emerson, Durand, Fischer and other makes, for sale at \$48, \$57 and \$56 respectively; at rictly up-to-date squares, worth \$199, \$100 and \$125 respectively, at the lowest estimate. Several second-hand uprights and used organs for a mere song.

We offer a strictly high-grade, fancy seven and one-third octave plano, full swinging duet music desk, revolving lock-board, with three pedals, the third a soft or practice pedal, for \$215, which is less than half price. A fancy figured Braillian mahogany case for \$22 more money. Largest cabinet grand size, thoroughly reliable, fully warranted upright planos in mahogany or oak, standing four feet nine inches high, with large duet desk, rolling fail-board, and three pedals, instruments that we guarantee cannot be bought in Chicago or at the New York factory for leas than \$250 each, will go during the sale for \$135. Rosewood cases for \$25 still less money.

With the exception of the three highest-priced styles, the cost of which slightly exceeds \$350, and on which terms of payment will not be made less than \$190 down and \$30 a month, all planos are for sale on payment of \$15, \$20 or \$25 down, and at the rate of \$6, \$25 and \$10 a month, according to make, style and deedgn.

Every plano and organ sold will be accompanied by the respective manufacturer's five years' warranty, duly countersigned by us, thus fully protecting the customer in every way.

This sale is now in full progress at \$51 Washington street, in our new Music block, and if you have any possible use for a plano or an organ, come at once, and do not delay, for times are prosperous now, many are taking advantage of this opportunity at this time of year, and we will turn this stock into money or paper within a very few days. Store open day and night till stock is closed out. Remember our street nu

economizing. It is feared that there will not be enough outs in the county for horse feed during the Winter and for seeding next Spring.

Jacob Doll Upright Piano. The latest improved. Acknowledged to be best sold on easy installments. Planos rented, tuned and repaired at lowest prices. H. Sinsheimer, 72 Third. Established 1862.

Beck, the Jeweler. Christmas goods. New store; new stock. Low rent makes low prices. 207 Morrison.

Christmas presents and bargains in un-erwear. N. Y. Mercantile Co., 206 Third. THIRD AND STARK STS.

A gift is a pleasure at Christmas-time. A practical gift is a pleasure all the year through. No gift is more practical than that which en-ables one to see better. The most practical gift would be a pair of our gold eye-glasses or an opera-glass.
