Perhaps You Didn't Know This.  
 Two years ago the Pianola was unknown in England. Today it is found in the homes of a large percentage of the nobility. The fact that any one particular percentage of Royal or Noble birth and cultured taste has purchased a Pianola for his own pleasure does not add to the value of the instrument. When, however, these representatives of culture and refinement of the Pianola, and purchase the instrument for their own homes, it represents a consensus of opinion which it is impossible to ignore.

**SMALLPOX IN KANSAS CITY**  
 Compulsory Vaccination Crusade Being Carried On.  
 KANSAS CITY, Mo., Jan. 9.—Kansas City physicians carrying on the crusade for compulsory vaccination begun recently will tomorrow start a house-to-house canvass, vaccinating every one who cannot display a good scar. The city will be divided into districts and each physician will be accompanied by a guard to prevent persons fleeing or escaping. The city physicians today recommended that every home and every business house or other house be scrubbed and fumigated. A few additional cases of smallpox were found today.  
 Dr. W. B. Swan, secretary of the Kansas Board of Health, issued a bulletin this evening, in which he says there are only 200 cases of smallpox in the state. Last winter there were more than twice this number in Topeka alone.

 NEW YORK, Jan. 9.—More sensational developments occurred today in the investigation of the Bellevue scandal. **NO MORE CANTEENS**  
 Senate Voted to Abolish Post Exchanges.  
 CONCURRED IN HOUSE MEASURE  
 Only Fifteen Senators Registered in Opposition—Final Vote on the Army Bill Will Be Taken Friday or Saturday.

WASHINGTON, Jan. 9.—The Army canteen is to be abolished, as the Senate today, by a very decisive vote, concurred in the House provision relative to the Army canteen. Only 15 votes could be mustered in opposition, while 34 were cast against it. Most of the time today was occupied by Teller, Pettigrew and Butler, who all opposed the adoption of the Senate committee's amendment which provided for the continuance of the canteen. Beyond disposing finally of the canteen question, the Senate has accomplished little and it seems doubtful whether a final vote upon the measure will be reported before Friday or Saturday.

**MAJOR DALY'S VERSION OF IT**  
 Alger's Article a Hodge-Podge of Inaccuracies.  
 PITTSBURGH, Pa., Jan. 9.—Major W. H. Daly, Chief Surgeon on General Miles' staff during the Spanish War, has just returned to his home in this city from a hunting trip with General Miles. Colonel Daly's version of the Alger article, published in the "Alger Relief Commission" report, is a hodge-podge of inaccuracies and is a rather serious matter, inasmuch as it is published in a prominent magazine, Dr. Daly says:

"It is not true," retorted Teller, "and the Senator cannot prove that it is true." Reverting to the situation in the Philippines, Teller declared that the United States had no right to establish a canteen in Manila with a curfew as "vicious and vile as any the Spanish ever placed upon them." It was, he said, within the power of the President and Congress to legislate against the canteen, and he believed that the great majority of the American people held the same opinion. The Colorado Senator maintained that the excessive use of beer was one of the most degrading phases of intemperance. The statement that the saloon interests were back of the fight upon the canteen, he said, was absurd. "It is true, nevertheless," interjected Hawley.

 TOPEKA, Kan., Jan. 9.—Habeas corpus proceedings were started in the Supreme Court here today to secure the release of Mrs. Carrie Nation from the Wichita jail, where she is confined for attempting to demolish a Wichita saloon. The petition was filed in behalf of David Nation, by W. S. Allen. The petition claims that the saloonkeepers have no rights under the law, and that, therefore, Mrs. Nation cannot be held for trying to destroy an

**ROOSEVELT'S HUNTING TRIP**  
 Governor Orman Will Not Permit Game Wardens to Disturb Him.  
 DENVER, Jan. 9.—Vice-President-elect Roosevelt is expected to reach Colorado Springs on the Rock Island train from the East at 7:30 o'clock tomorrow morning. He has requested that no demonstration be made on his arrival at Colorado Springs, and an effort will be made to respect his wishes. He will be met at the depot by Philip R. Stewart and Dr. Gerard C. Webb, who will be his companions on his hunting trip, for which Mr. Stewart secured the services of Guide John Goff. A section on the Colorado Midland train which will leave the Springs tomorrow at 11 o'clock has been reserved for Mr. Roosevelt, and he will go direct to Rifle, where he will take the stage coach the next morning for Mosker. Governor Orman stated emphatically today in an interview that he would not permit the Vice-President of the United

**AN OFFER AND AN APPEAL.**  
 The Oregonian is authorized by the O. R. & N. Company to announce that if Portland will establish and operate a sugar refinery to take care of raw sugar imports from the Hawaiian Islands, the O. R. & N. Company will put on and operate a line of steamships direct between Portland and Honolulu. It is well known that Portland can do a lucrative business with the Hawaiian Islands, provided profitable return-cargoes can be provided for the vessels that go thither with our farm products and jobbers' merchandise. What answer will Portland make to this offer? The City of Seattle has just raised \$103,000 to enable Moran Bros. to get a warship contract. Can't Portland raise \$150,000 for a sugar refinery?
