OREGON SETTLERS FOOLED. Attorneys Cannot Make Collections

Under "Land-Refunding Bill." WASHINGTON, Jan 7.—Several cases have arisen of late in the Land Office which bring out a point that cannot be impressed too forcibly upon certain classes of old settlers in Oegon. In a general way, the facts are these: When efforts were made several years ago to pass what is known as the "double minpass what is known as the "double min-imum refunding bill," a number of attor-neys in Washington drew up and had printed circular letters, which were for-warded to many settlers who had taken up lands affected by this bill, and which rightly belonged to the railroad com-pany. In these letters the attorneys promised to collect the \$7.50 an acre paid by the settlers, an condition that they by the settlers, on condition that they should receive anywhere from 25 to 30 per cent for collection. Thinking that it was possible to secure this refundment of their purchase money, many settlers accepted the proposition, and have since been in a quandary as to why they have nover had replies from the attorneys. In some instances, it is believed, a certain

some instances, it is believed, a certain fee was exacted in order to secure the opening of the case. As a general rule, settlers who correspond with these attorneys have never heard from them since the day they accepted the proposal.

As a matter of fact the double minimum bill has not passed, and although favorably reported, can hardly pass at the present session. Until the bill has been emected into law, no one will be able to secure a refunding of his purchase money, through attiornays or otherwise, and no one is authorized to make a statement to the contrary. Nor will it be necessary for settlers to employ attorbe necessary for settlers to employ attorneys in order to secure re-payment in the event of the final passage of the bill. If they cannot secure re-payment on facts and showing made in person to the gen-eral Land Office, their Representative in Congress can and will perform all the duties required, and thus obviate the necessity of paying out heavy fees to socalled land attorneys and others.
