WILL INVESTIGATE WRECKAGE

Fears That Wrecks May Have Occurred in Recent Gales-No Canadian Vessel in Condition to Go on Such a Cruise.

VICTORIA, B. C., Jan. 21 .- On applica tion of the United States Consul here, the United States cutter Grant, when she lands the Japanese accused of smuggling. at Whatcom, is to make a cruise on the west coast to investigate the wreckage of which so much has come ashore lately, and give succor to any mariners who may have reached shore north of Ahousett, which is visited but once a month by coasting vessels. News of the Grant's trip is halled with great satisfaction here, as the Canadian crusier is now out of commission, and it is feared that during the recent gales, which drove so many vessels back disabled, wrecks may have occurred on the southern coast.

ASTORIA, Jan. 21.—There is now sufficient information to indicate the identity of the vessel supposed to have been lost off the mouth of the Columbia. with a carge of salmon. It was undoubtedly one of the salmon fleet from British Columbia, but probably an earlier ship than the Nalad. As far as can be learned, about 70 cases have been picked up and nearly all of the boxes had barn-acles on them. The barnacles on one were between two and three inches in

How long a case of salmon would have to be in the water before barnacles would form on it is a question unde-cidable here. Some may the cases floated in, and others that they were rolled in on the beach like rocks and were not floating. Some of the cases were partially broken open and the cans were rusted through. The cans that were in sound milition were found to centain palatable

The ends of the boxes were of one The ends of the boxes were of one and one-half inch boards and the sides of five-eighths inch, which is more than double the thickness of the Columbia river salmon cases. Three cases found at Scanide contained one-pound talls and were marked "Federation brand of Nans River Canning Company, Limited, Nans River, British Columbia." Other cases containing one and one-half nound flats River, British Columbia." Other cases containing one and one-half pound flats were branded "Vancouver fresh salmon, choice sockeye, packed by Vancouver Packing Company." Some of the cases were marked "Consigned by F. B. C. Co., Ltd., to V. P., Liverpool." Others were branded "C. C. C.," Liverpool.

Considerable excitement was caused along the water front this morning by a report from the Cape that a dismasted ship was being towed in. The craft, how-ever, proved to be the barge Richard III., in tow of the tug Lorne, with a cargo of 1200 tons of coal for Portland.

JUST A WEEK IN THE RIVER. Satisfactory Record of the Steamship Robert Adamson.

The British steamer Robert Adamson, which arrived in the Columbia River just a week ago yesterday from Nanaimo, to load wheat for the United Kingdom, came up to Portland, took on her cargo of 138 -664 bushels of wheat, returned down the river and went out to sea yesterday, baying spent a few hours more than a week in the river. She had on considerable coal, so the grain cargo does not indicate her carrying capacity, large though that is. She had an easy time in the river, and altogether a very satisfactory experience.

MRS. NATION RESUMED HER WORK AT WICHITA.

With the Aid of Three Women, She Demolished All the Glassware in Three Borrooms.

WICHITA, Kan., Jan. II.—Mrs. Carrie Nation came back to Wichita today to avenge her recent incarceration under a smallpox quarantine, and the net result of 10 minutes of her work this afternoon are two wrecked saloons, the pieces of which are being sold tonight for souvenire. Mrs. Nation was assisted by Mrs. Julian Evans, Mrs. Lucy Wilholt, and Mrs. Lydia Evans, Mrs. Lucy Wilholt, and Mrs. Lydia Muntz, all of the local W. C. T. U. organization. With hatchets concealed under their closks they entered the saloon of James Burnes, on Douglas avenue, and did not leave a complete piece of glass or a working stot machine in the place. All showcases, both for liquors and cigars, as well as the plate-glass windows and doors were broken into smitheresen. Tacoma, Jan. 21.—Arrived Jan. 29-Ship Jabez Howes, from Honolulu. She yielded fore the pointed revolver, and with her companions ran to the Carey Hotel, where she made her initial attack on the sa-loons of Wichita three weeks ago. There three policemen met her and she struck at Detective Sution with a poker. officers then overpowered Mrs. Nation and her friends, and took them to the city prison. Chief of Police Cubbon discharged the prisoners after they reached the jail. They made him a promise not to wreck any more sulcons before moon tomorrow. After leaving the city building Mrs. Nation began a street lecture to the immediate crowd that had surrounded the city building, saying that she expected to be-gin saloon-wrecking again at noon tomor-row, when her truce with the Chief of Police expired. Shaking her linger at the crowd she said:

rouse expired. Shaking her iniger at the crowd she said:

"Men of Wichita, this is the right arm of God, and is destined to wreck every saloon in your city."

The women procured a wagon and rode through the streets in it, singing "Nearer, My God, to Thee," and kindred hymns. They halted in front of the saloon they had smashed and held prayer meetings. The damage done by the three women is estimated at between \$1500 and \$2000. The affair created great excitement, and it is estimated that 5000 persons, both men and women, viewed the wreckage. A poiceman came to his rescue, and with the liceman came to his rescue, and with the aid of some bystanders, they succeeded in picking up the woman in their arms and placing her in a cab, which was driven rapidly to the County Jail. She insisted on being placed in the private room for women, but Sheriff Simmons was in no humor to provide her with luxuries, and put her in a cell in the size street where she began to pray and sing street where she began to pray and sing street, where she began to pray and sing

Retall Grocers' Convention.

DETROIT, Mich., Jan. 21.—The fourth clation of Retail Grocers of the United States convened here today, with 200 dele-gates present. President P. G. Hanson, of Minneapolis, in his annual report, made the following suggestions: That resolu-tions be passed favoring the passage by Congress of the Brosius pure food bill or some similar bill; that the parcels-post bill now pending in Congress be con-demned; that further action be taken favoring an amendment to the bankrum law, he believing the present law to be victous and inimical to the interests of the retall merchants; and that resolutions be passed condemning trading-stamp and other, prize or gift schemes. The report of Robert M. Floyd, of Boston, treasurer, showed total receipts during the year of \$820, expenses \$4387, with unpaid bills amounting to \$650.

Scrofula is but a modified form of Blood who is tainted by either will see in the child the same disease

who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sorres and abscesses and oftentimes white swelling—sure signs of Scrotula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorblood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system,

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cu ber forehead. From this wonted the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cared her earlierly."

makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the blood in good condition and prevent the disease doing further days on. the disease doing further damage.
