DEMAND FOR STATEHOOD.
Oklahoma Wants It Alone or With Indian Territory.
GUTHRIE, O. T., Jan. 30.—Immediate statehood was demanded of Congress in an enthusiastic convention called to order here today by Sidney Clark, of Oklahoma City, chairman of the statehood executive committee. Every county in both territories was well represented. The convention was called to order at 1 o'clock by Sidney Clark. O. F. Egan welcomed the delegates and Hon. F. E. Gillette, of Canadian County, responded. Ex-Senator H. E. Havens was elected temporary chairman, and in addressing the delegates made an eloquent plea for statehood that aroused lively interest. The 20 or more delegates here are unanimous for statehood at the earliest minute possible. The majority of them are for single statehood for Oklahoma, although the minority, who favor both territories being included in one state, are aggressive enough to make their claims have weight.
The evening session convened in Representative Hall at 7:30. The committee on resolutions made a majority and a minority report. The majority report favored statehood for Oklahoma alone, the minority report wanted Indian territory and Oklahoma combined. After a lively debate, Senator Havens made the following amendment to the majority report:
"And if, in the wisdom of Congress, it shall be desirable at the same or at any future time, to attach Indian Territory or any part thereof, we shall favor such action."
The amendment was accepted and the minority report withdrawn. The majority report as amended was adopted without a dissenting vote. The convention adjourned the Fairbanks and Flynn bills now pending in Congress.

St. Louis Fair Bonds.
ST. LOUIS, Jan. 30.—By a practically unanimous vote the municipal assembly today passed a bill providing for the issuance of \$5,000,000 of bonds, bearing 34 per cent interest, for the world's fair to be held in St. Louis in 1903. The measure now goes to the mayor for his signature. This sum will supplement the \$5,000,000 secured on popular subscriptions in St. Louis and a like amount to be appropriated by Congress.

Illinois Town Almost Destroyed.
CHAMPAIGN, Ill., Jan. 30.—Fire last night almost destroyed the entire business section of the little town of Tolono, nine miles south of this city. The loss is estimated at \$100,000, partially covered by insurance.

MILITARY PAGEANT

Queen's Funeral Procession Will Be Imposing.

HIGH PRICES FOR WINDOW SEATS

Arrival of the Kings of Greece and Portugal—Official Programme Will Be Issued This Evening—All Business Will Stop Saturday.

LONDON, Jan. 30.—The Queen's funeral procession in London, as indicated by the War Office orders issued this evening, will be a gorgeous military pageant. Detachments of 40 regiments, with an almost equal number of dismounted uniforms, embracing all arms of the service, will make a constantly changing picture. The uniforms of all the great armies of the world will appear, for in addition to the brilliant entourage of the visiting Kings and princely envoys, there will be the military attaches of the embassies and legations. All the Field Marshals of the army able to endure the fatigue will ride with their staffs. The naval corps will also take part in the procession, which will be two miles long. The War Office directs that Beethoven's and Chopin's funeral marches only shall be played. From the time the coffin reaches London to its departure, guns will slowly boom in Hyde Park.

Londoners are just awakening to the full proportions of the obsequies, and the result of days of mourning, which to numerous tradesmen and others means absolute closure, and is causing consternation. Suddenly to stop every industry in the United Kingdom and to turn the masses into the streets, with millions hoping to concentrate all along the two miles of the procession, in an undertaking which has begun to be fully appreciated by the police, but the public of London is dismayed to find that all the great markets—Covent Garden, Smithfield and others—where the food of the metropolis is supplied, are to be absolutely closed at the end of the week. The railways of the United Kingdom will reduce their arrangements to the Sunday schedule, restaurants and bars will be shut, and the crowds will have to wander in the streets. London is a world in itself, living from hand to mouth, and the closing of the accustomed avenues for the supply and distribution of food, drink and amusement from Friday to Monday will mean a loss and inconvenience that no American city could appreciate.

The newspapers protest against the lack of arrangements for the press in London and Windsor. Householders along the route are asking a year's rent, this morning for single windows. A member of the United States Embassy sent an agent to secure a window for his family, but neither influence nor anything else could procure a small window, even on a side street, near St. James street, for less than £100, and places of fair vantage have already been engaged at prices prohibited to any but millionaires. London learned last year how totally inadequate the police and military are to protect, and the apprehensions of Saturday's crush are enough to appall Londoners, but apparently these concerns are being met by the thousands of every rank from flocking to the metropolis.

Ordinary window seats are selling for £10. Since two or three days ago the prices have risen very rapidly. One tenant in St. James street obtained 50 for a window on the top floor. Store windows have been let for £100 to £200, but the storekeepers mostly prefer to let single seats at £10 and £15 each. Stores and hotels in Piccadilly commanding a view of the incline from there to St. James Place are getting immediate prices, balcony seats fetching £5 and £20.

The King of Greece, the Duke of Sparta and the Grand Duke of Baden reached Victoria Station at 5 o'clock. They were received by Prince Charles of Schleswig-Holstein, in behalf of King Edward, and various officials of King Edward's household. His Majesty's inquiry delivered an autograph message from King Edward to King Carlos and the latter and his suite were at once driven in royal carriages to Buckingham Palace. King Carlos was warmly greeted by the fair-sized crowds which gathered about the route in anticipation of his arrival. There was no military escort. King Edward visited the King of Portugal shortly afterwards, and subsequently proceeded to Osborne. Large assemblages everywhere awaited King Edward, and the greetings were very enthusiastic.

During the morning King Edward presided at a meeting of the Privy Council. The business transacted was of a formal character. The King signed a proclamation suspending business Saturday throughout the United Kingdom. The Spanish battleship Pelayo, Spain's representative at the funeral, is commanded by Captain Dia Moreu, who is commander of the Cristobal Colon, lost in the battle of Santiago. The United States military attaché here, Major Edward B. Cassatt, will ride in the procession with the headquarters staff. The heavy work of arranging the elaborate details of the London procession will prevent the official programme being issued before Thursday evening. Some idea of the extent of the labor involved will be gained from the fact that a firm of caterers has been instructed by the war office to provide breakfast and dinner for 250,000 troops. The military dispositions, however, have been practically settled as already cabled. It is understood that the military and naval support will precede the coffin and that after it will come the headquarters of the army, the foreign attaches, King Edward, Emperor William and the King of Portugal, the royal mourners, representatives of foreign states, mourning carriages with the princesses, and then the remainder of the military escort. All the troops will march with reversed arms.

It is understood that Emperor William will leave England Tuesday, traveling direct to see the Dowager Empress Frederick.

The Caesar of Russia will go with the squadron under his command to Dutch waters for the wedding of the Queen of Holland. It is rumored that there will be a levee and drawing-room within a month or two weeks.

The illness of the Duke of Cornwall and York causes considerable discussion in connection with his projected visit to Australia. While the preparations have not been stopped, it is understood that it is likely to cause a postponement of the date of the visit for perhaps two months.

SERVICES AT WINDSOR.
Masses of Flowers Being Sent to St. George's Chapel.
WINDSOR, Jan. 30.—The services in St. George's chapel will begin at 2 o'clock Saturday. The body is expected to arrive at Windsor at 1:30 P. M. The route to the chapel, which occupies half an hour, will be lined with troops two deep, the Eton Volunteers participating with the guards. The service will be ordinary service used for the burial of the dead, with special music. The choir will sing from the altar steps, whence, also, the Governor-General will announce the decease of the sovereign and all her rights and titles. Accommodation has been reserved on the left of the coffin for the Princesses. The altar and other crowded heads will stand at the head. Enormous crowds are expected. People are willingly paying £20 for a window from which to view the procession.

Rehearsals of the distinctive features of the obsequies are recurring constantly. Practically the whole of the royal household will be draped in mourning, whereas pieces sent in by children have been received. Thousands of flower pieces, including tokens from most of the members of the aristocracy, numerous clubs, country towns, societies, regiments, inmates of workhouses, and even the smallest nosegays are laid out for public view side by side with the designs of the great florists. Some of the flowers are fading, but every express brings fresh additions.

A small crowd gathered this evening to view the wreaths sent up from Osborne, and placed around the ancient cloister adorning St. George's chapel. Windsor Castle was deserted save for these sightseers. The standard floated at half-mast on top of the great tower. Rooks cawed mournfully around the ivy-covered battlements and from the chimneys came the clang of carpenters hammering. Carriages of timber were constantly arriving, with which stands are being built about the chapel to accommodate those who will view the service Saturday. In the town black and purple drapery is beginning to cover the antiquated houses.

CREEK TROUBLE ENDED.

But Troops Will Remain at Henrietta for a Few Days.

HENRIETTA, I. T., Jan. 30.—Peace among the warring Creeks has apparently been reached, and all that now remains to be done is to give Chitto Harjo, the chief of the band, a trial for the troubles, a preliminary hearing and send him to Muskogee for trial for treason. In the meantime a few more of the minor leaders will be arrested and the troops of cavalry under General Schofield will remain here a few days longer, until the last vestige of an uprising has disappeared. Last night the Indians burned several houses on the hills surrounding the town, and for some time the water remained up till daylight, armed and ready for instant action, but the Indians attempted no depredations.

THE DISAFFECTED CHOCTAWS.

Proposed to Overthrow the Present Tribal Government.

WASHINGTON, Jan. 30.—The Secretary of the Interior today received the following dispatch from Acting Chairman Dixby of the Dawes commission: "Muskogee, I. T., Jan. 29.—For the purpose of ascertaining the situation in the Choctaw country, the Dawes commission, Stephen Roberts, a full-blood Choctaw, reported to be one of the principals in the disturbance in the Choctaw nation, at his home, about 15 miles west of Atoka, Oklahoma. He is a Latah Mico, known as 'Snake,' the Creek leader, informed the full-blood Choctaws that the President advised him to establish their government, under the treaty of March 24, 1852. These Indians also claim that Latah Mico has a letter from the department promising adherence to all treaties, which they desire to justify their contention for the treaty of 1852. Roberts, who appeared perfectly cool and deliberate, said that he had been chosen principal chief for Atoka County, and that no interference would be made with United States officials or their employees. Daniel Bell has been chosen principal chief for Choctaw County. Roberts said that he believed the Choctaws were justified in their move. Efforts to apprehend leaders of the insurrectionary movement by Choctaws, unsupported by United States military forces, would result in bloodshed. Secretary Hitchcock has sent the following reply: "You will advise Bell and Roberts that the Dawes commission is untrue. The department recognizes Duke as principal chief of Choctaws, and Porter as principal chief of Creeks. Any attempt by disaffected Choctaws to select seats of government, or to establish a government in any manner to assume tribal authority would be illegal and will not be countenanced in any manner by the department. So advise them."

Closing Enrollment Lists.

MUSKOGEE, I. T., Jan. 30.—Indian Agent Shoenfelt left for Henrietta today to join United States Marshal Bennett and the soldiers to hold a conference with the disaffected Choctaws and Porter as principal chiefs of Creeks. Any attempt by disaffected Choctaws to select seats of government, or to establish a government in any manner to assume tribal authority would be illegal and will not be countenanced in any manner by the department. So advise them."

New York Police Bill.

ALBANY, N. Y., Jan. 30.—The New York City police bill passed the Senate last night. It is the bill providing for a single-headed police commission. By its terms it practically legislates Chief of Police Devore out of office, while the Mayor has the appointment of the police commissioners under the bill, the appointees may at any time be removed by the Governor. His term is five years and his salary \$200,000. He has two deputies, whom he himself shall choose.

Trial of a Child-Murderer.

IRONTON, O., Jan. 30.—William Gibson, the alleged child murderer, is on trial at Caledonia, Ky., today. The jury was quickly impregnated. The people are awaiting the result without excitement.

GENERALS CHANGED

MacArthur Will Be Succeeded by Chaffee.

ROOT'S PLANS NOT ALTERED

War Department is Collecting Data Regarding the Case of Mabini—Mosquito Fleet Reaches Cebu—Buencamino's Religion.

WASHINGTON, Jan. 30.—It is stated at the War Department that neither of the general officers detailed yesterday, Wade and Ludlow, are sent out to Manila with a purpose of relieving General MacArthur.

There has been no attempt to forecast the promotions in the regular Army which will result from the passage of the pending Army reorganization bill. When that bill becomes a law it will be entirely within the power of the President to designate the order in which commissions shall be issued to the Major-Generals created thereby. The first officer commissioned as Major-General, of course, by the rules of seniority, which will still obtain, will be General Chaffee, who is now in the Philippines, and that officer cares to remain after Wade's arrival, it will simply become necessary to allow MacArthur's commission as Major-General to antedate Wade's, and that will be done if MacArthur remains at Manila. General Chaffee has served quite as long in the tropics as is consistent with health and sound military practice, is likely to be sent to Manila to succeed General MacArthur, and that officer cares to remain after Wade's arrival, it will simply become necessary to allow MacArthur's commission as Major-General to antedate Wade's, and that will be done if MacArthur remains at Manila.

CHANGED HIS CREED.

Buencamino Leaves the Catholic Church in the Philippines.

MANILA, Jan. 30.—All the Filipino leaders of the Federal party assert their complete fealty to the Catholic Church, excepting Buencamino. The church authorities, while intimating unofficially that there is no intention of returning the friars to the localities where the people object to them, have not stated the representatives of the Government to this effect. The attempt of Buencamino and his confederates to organize an evangelic church was precipitated by certain military actions, and the information of certain alleged supporters of the insurrection. The question of the release of some of them is still pending. There is much speculation as to the extent to which the police reforms which the Federal party has fathered and extended.

Forty sailors from the United States cruiser Albany, convicted of mutiny while the warship was in dock at Hong Kong, have been sentenced to various terms of imprisonment at Cavite. The only cause for their conduct is said to be reluctance and disobedience.

The armored cruiser Brooklyn will go to Hong Kong tomorrow to undergo minor repairs.

Dr. Kruger, the German Consul-General here, has called to the Berlin Government asking that the Berlin Ambassador at Washington be instructed diplomatically to urge the passage of the Spooner bill. Similar action will probably be taken by the British Consul. Two mining corporations organized in Germany are anxious to begin operations in the Philippines, but cannot do so until the status of mining claims is established by a permanent government.

RACE TO NEHALEM

Northern Pacific Gives Orders to Build at Once.

FROM SCAPPOOSE TO PITTSBURG

Will Be Pushed on to the Ocean Fast as Business Shall Warrant—Extensive Country of Rich Resources Waiting There.

TACOMA, Wash., Jan. 30.—Assistant to the President, W. J. Pearce says the Northern Pacific Railway Company has ordered the immediate construction of a branch from Scappoose to Pittsburg, a distance of 21 miles, and the branch will be pushed on to the Pacific Ocean as rapidly as business shall warrant.

This announcement from Tacoma, that the Northern Pacific intends to build a railroad into the Nehalem country—that is, from Scappoose station to Pittsburg—we had from New York through a private source some days ago, but could not use it. Pittsburg is on the Upper Nehalem, northwest of Scappoose, about 30 miles. We are glad to hear of the intention of anybody to build a railroad into that country, which has been neglected too long. There is nowhere else an equal area that has so good timber and so much of it as stands in Columbia, Clatsop and Tillamook Counties. There is coal, too, and a great extent of country fit for agriculture. It is a region which will support a population of 200,000. The O. R. & N. also should push into that country, in order to get the lumber business for the Union Pacific system, and we believe it will. The country within 100 miles embraces about 100 townships, or 300 square miles. It is destined to become one of the most densely populated portions of Oregon.

INVESTIGATION OF A STRIKE

President of Colorado Fuel & Iron Company Sees John Mitchell.

DENVER, Jan. 30.—J. C. Osgood, president of the Colorado Fuel & Iron Company in his testimony today before the legislative committee, which is investigating the coal strike, in which a number of the company's mines are involved, caused something of a sensation by his severe arraignment of the organization and officers of the United Mine Workers. He declared that his company would sooner close every mine it had than submit to the dictation of the union. President Mitchell is declared to be the greatest autocrat of the country. Mr. Osgood said the company had discharged employees of its mines at Gallup, N. M., because they joined the United Mine Workers.

SENATORIAL DEADLOCKS.

LINCOLN, Neb., Jan. 30.—The vote on United States Senators today was as follows: Allen, fusion, 15; Hitchcock, fusion, 17; W. H. Thompson, fusion, 4; D. F. Thompson, 25; McKillop, 25; Hiram B. Ross, 25; Currie, 25; Cronauer, 25; Martin, 6; Berge, fusion, 23; scattering, 21.

HELENA, Mont., Jan. 30.—Frank made a gain of six votes on today's ballot for United States Senator. The vote was: Mantle, 29; Frank, 24; MacGinnis, 19; Cooper, 3; Pelletier, 7; Hoffman, 3; Spriggs, 3; Conrad, 2.
