#### NEW YORK STOCK MARKET.

NEW YORK, Feb. H. - There was a marked relaxation today of the pressure to sell stocks which carried prices downwards yesterday, and prices showed some recovery. The recovery did not set in un-til the market had been further tested by the bears, causing general declines below yesterday's level. In consequence the net changes of the day are as a rule small, but mostly gains London advanced prices before the opening here, but turned seller after perceiving the drift of sentiment in New York, and sold a few thousand shares on balance. There was no very manifest cause for the recovery, although a few usually obscure stocks showed aggressive atrength, but the fact was very evident that the urgent pressure of speculative liquidation was relaxed. The bears who sold yesterday covered their contracts in SAN FRANCISCO, Feb. 14 .- Sterling on

#### Chicago Grain Gossip.

F. G. Logan, Chicago, wires as follows o R. W. McKinnon:

"Liverpool was he h gher for wheat: Paris was higher, due, h is said, to severe frosts in France. A private cable, how-ever, reports that the crop conditions are favorable in France, and says the strength is due to prospects of a pas-sage of a law rebating duties on wheat exported. The local tone is steady and market is very quiet. St. Louis reported a rather better milling demand but in the way of export business seems slow. The prospects of small primary receipts is the principal bull card. There was some talk of the Minneapolis mills resuming business. Estimated cars for tomorrow, 20."
