BIRD GETS A NEW TRIAL. erans' Legion Form Escort.

Alaska Man Who Is Said to Have Committed Murder in a Passion. WASHINGTON, Feb. 28.-The action of he Supreme Court, in reversing the desion of the District Court of the United States for the District of Alaska, in the case of Homer Bird against the United States, again opens up a story of many

as recited by the attorneys for Govern-

nent, is as follows: . The defendant was charged with and envicted of the crime of murder. The defendant originally came from the City of New Orleans, where, in March, 1898, he joined with Charles Sheffler, R. L. Patterson and the deceased, J. H. Hurlin, a prospecting tour for gold in the Territory of Alaska. The four men each agreed to furnish \$60, but Sheffler falled to put up his quota, and Bird furnished \$1000, and the remainder of it was contributed by Hurlin and Patterson, The party sailed from San Francisco May 21, 1898; reached St. Michael in July, and about a week later started up the Yukon River. It is apparent from the testimony that during the progress of the journey serious difficulties had arisen between the partners, which were partly due to differences of opinion as to the respective shares of the partners in the joint enterprise and the quarrelsome disposition of the defendant. As a result of these differences, Sheffler, Patterson and Hurlin determined to leave

The attorney goes on to relate the story of how Bird, on the morning of September I, became involved with the other men of the party and in a passion shot Hurlin, killing him instantly, and then atempted to take the life of Patterson. The

attorney then continues to argue: "It also developed that after the shooting Patterson, in fear of his life, proto spare his life, and Bird relented so far as he was concerned. The murder was, therefore, an inexcusable atrocity, and nless the defendant has been unfairly

onvicted his sentence should stand." The counsel for Bird made the point that the jury which tried Bird had been illegally impaneled; that improper evidence had been admitted and improper arguments made, as well as errors in the natructions of the court to the jury. All of these various points were contested by the attorneys for the Government, but in spite of their best efforts the court reversed the action of the lower court and remanded the case.

FORMER PORTLANDER WINS Suit Over Alaska Mines Decided in His Favor.

WASHINGTON, March 28.-The United States Supreme Court, in affirming the decision of the District Court for the District of Alaska, in the case of Dan Marx against William M. Ebner, has sustained the interests of a former resident of Portland, Or. Briefly reviewed, the case as stated by the attorneys for the appei-lant is as follows:

"August 20, 1889, the Takou Mining & Milling Company owned 13 mining claims at Juneau, Afaska, and on that day mortgaged the same to Samuel Coulter for \$68,gaged the same to sample Coulter for \$88,-\$65.91. Eight of said claims were subse-quently sold to \$7126ster Farrell. Coul-ter sold and assigned said mortgage to Willis Thorp, who attempted to foreclose the same by publication, and who after-wards delivered to the respondents a deed which purported to convey all of said property to the respondents. Farrell and the Takou Mining & Milling Company conveyed all of said 13 mining claims to this appellant. The appellant commenced this suit to redeem from said mortgage. and directly attacks the foreclosure proeedings, and for the purpose of exposing its invalidity, a complete copy of the record is incorporated in appellant's bill of complaint. Respondents' demurrer to the bill was sustained, and the bill dismissed, whereupon the appellant brings this appeal. Therefore, if said foreclosure proceedings operated to pass the title to said property, the decree should be affirmed, otherwise the decree should be reversed. Appellant claims that the foreclosure proceedings and the decree therevoid, and the objections to said record will be presented here in the order they appear therein.'

DEMAND ABSOLUTE SLAVERY Violation of Contracts for Which

Negroes Are in Penitentiary. COLUMBIA, S. C., March 2.-Unusual reveiations are expected today when the grand jury of Anderson County reports o a special sitting of the court upon the investigation ordered February 15 by General Jeanette. The following facts will e brought to the attention of the court That in the convict penitentiaries in An-derson County were found negroes guiltless of greater crime than refusing to comply with labor contracts, which demanded absolute slavery. These contracts should not have been held lawful, and the negroes, though never taken before a magistrate, were by physical force kept in bondage and made to work as felons. The contracts signed by these ignorant negroes were negotiable papers. A landowner having a negro bound to him for a rear's work could sell his contract to a third party.

The attention of the court was directed this matter by evidence in the trial of Charles Newell, a planter, whose farms charged with murder, having shot Will a negro, trying to escape from his ade, when it was shown that the negro had never been convicted of a crime before a Magistrate or a Judge.

Bill Lost Between the Houses. WASHINGTON, March 4.-Senator Pet tigrew called the attention of the Senate fact that a bill had been lost. A Hair Food

There is this peculiar thing about our Hair Vigor: it's a hair food, not a dye. It doesn't turn your hair suddenly black and make it look dead and lifeless. But gradually the old color comes back to your hair, - all the rich dark color it used to have. And it stops falling of the hair.

Even if your hair isn't coming out, isn't turning gray, isn't too short, isn't in the least unsatisfactory, yet you certainly want a fine dressing for it. You can't get anything better than Ayer's Hair Vigor. It keeps the scalp clean and healthy, makes the hair grow . rapidly, prevents it from falling out, and does not allow a single gray hair to appear. One dellar e bottle.

If your druggist cannot supply you, send us \$1.00 and we will express a bottle to you, all charges prepaid. Be sure and give us your nearest express office.

CARRIES \$45,675,000. River and Harbor Bill Agreed Upon in Conference.

WASHINGTON, March? .- At 4 o'clock this afternoon the conferces of the Senate and House reached an agreement on all items of the river and harbor covering 300 disputed points, except the Senate amendments providing for the nstruction of storage reservoirs in uth Dakota and Wyoming, and authorixing the payment of \$100,000 for the work done upon the Brazos River, Texas. With these items eliminated, the bill carries appropriations of \$45,675,000.

This is a reduction of the estimates of both the Senate and House, the Senate figures being \$59,804,528, and the House \$59.935.415. In its work the conference ommittee used the Senate bill as a asis. Among the principal changes Oakland harbor, California, direct apropriation increased to \$100,000, making

he total \$150,000, continuing contract diminated; Lakes Union and Washington, Washington, entire appropriation of \$56,250 dropped.
