THE MORNING OREGONIAN, SATURDAY, MARCH 9, 1901.

would better come at the start. they put on their coats and went home All members of the board were in their seats when Temporary Chairman Hughes

and

7

Olney

called the meeting to order. After C. F. Swigert and C. F. Adams, the new Commissioners, had been sworn in, the elec. tion of a president was taken up. On motion of Mr. Selling, the vote was by ballot, majority to elect. Commissioner MaCraken, for eight years president of the board received votes on the first and second ballots, but he said he would not accept. Mr. Hughes did not vote on the third ballot. The ballots resulted:

1st. 2d. 34 Ellis G. Hughes C. F. Adams...... Not voting

Totals Necessary to a choice, 4.

When the third ballot was announced, Chairman Hughes suggested that the board adjourn. Commissioner Reilly objected, saying an adjournment looked like foolishness.

Chairman Hughes said there was no use wasting time by voting 3 to 3. He said he prepared the new Port of Port-land act, and the community held him responsible for the result of its operation. T. B. Wilcox, late president of the Com-mission, had asserted that the business of the board could not be satisfactorily done under the act. He understood that there was a combination in the board ngainst him, but, combination or no com-bination, he did not propose to withdraw from the Commission or the contest for president. If he should retire, it would look as if he were afraid of his own measure. He added that the had never asked any member to vote for him, and did not propose to do so.

Commissioner Banfield declared for election at once, and against Mr. Hughes. "There is something wrong," he said. "We were elected to keep the riv-ers open and the harbor of Portland in condition to accommodate the largest ships afloat. This is the time when every member of the board should be the pro-tector and helpmate of the other. The public expects that the new members shall organize the board, that the whole thing shall be renovated, and that new blood shall have the management of affairs." Turning to Mr. Hughes, Commis-sioner Banfield concluded: "The president

of this board will have a great deal to do. It would be better for some new member to be in that position than yourself."

Chairman Hughes replied that he had never asked Banfield to vote for him, and had no intention of doing so. He said he knew the sentiment of the com-munity better than the ring in front of him, Repeating ex-President Wilcox's prediction that the new law would not be a success, he said he knew the source of

the opposition, and continued: "Of course, if you elect some one else president, you will relieve me of that represident, you will relieve me of that re-sponsibility, but I will continue to be a Commissioner, and I will not withdraw as a candidate. I know better than Mr. Banfield where the best sentiment of this a candidate. I know better than Mr. Banfield where the best sentiment of this community is.

The meeting adjourned until this morn-ing with the deadlock unbroken.

The Union Soldiers.

PORTLAND, March 7 .- (To the Editor.) We may overdo the advanced age of the men who served in the Union Army between '61 and '65. Very many who en-listed in that immortal army were very young: indeed, many like myscif barely is years of age at entrance into the ranks, and some told pairiotic lies re-specting their age to be received. The officers as a rule were older than the

was 20 to 10. The Seattle players were all strong and trimly built, with the appearance and quick movements of athletes. The game they played was cool and scientific, and their goal throwing quick and accurate. When a Seattle man got the ball it was passed quickly from one to another down the hall, and in a minute an accurate throw would land it in the basket.

The Portland team put up a fine, fast day, of any week in any year, or to take or fish for salmon by any means what-ever after the passage of this act, except with hook and line, commonly called anggame, with excellent team work, but in physical condition and in goal throwing were badly outclassed. Captain Viggers played in fine form and scored a field goal ling, in the Williamette River or its tribuand goals from two fouls for his team, Gordon, McKenzie and Mackie also scored taries south of the falls at Oregon City.

field goals. Captain Temple was the star performer for Seattle, scoring four field goals and four throws from fouls. Olney scored three field goals and Muldenhour one. McDonald was the largest and strongest man on the floor, and at center played a

grat game, being active in every play. The work of Myers and Olney at guards was responsible for Portland's small score The two teams were made up as fol lows: Seattle,
