COMMERCIAL AND FINANCIAL NEWS

The wheat market was displaying con- | dividend increase seemed to fail flat on siderable activity in Europe and the East yesterday, but there was nothing doing ocally, the advance elsewhere only serving to tighten the hold of growers on their stocks. The barley market is showing more strength locally at present than anything else in the cereal line, and feed is selling as high as \$17 per ton. In the produce markets, there was but little of interest yesterday. Eggs are firmer and clean up quite readily at 12 cents per dozen. Butter was steady yesterday with receipts quite heavy. Onions, which declined to \$2 for fancy stock several days ago, are holding at that price, and are not expected to go lower, although there is some off-grade stock offering at much lower prices.

Chicago Grain and Produce. CHICAGO, March 14 .- Strength and bul lish activity together with the punish-ment of shorts in wheat came at the open ing as a result of an advance at Liverpool and the lightness of Northwest re-celpts, due partly to unfavorable weather. May opened %@%c higher at 75%c. Outside interests and the silent speculators who work through brokers in the majority of cases, support the market, while the crowd which was long, sold liberally to secure profits. The demand was heavy, however, and during most of the forenoon, the market fluctuated between 75%c 75% 67%c. A good cash demand and liberal clearances at the seaboard were upporting influences following the open-

lng. During the afternoon the corn break brought additional selling pressure on the market, and May was forced down to 75%c. The close was heavy, %c lower,

75%c. The C at 75%975%c. Corn was very strong at the opening and continued so for an hour and a half. Realizing caused a decline, May leaving off a shade lower, at 41%c. Although the profit-taking movement in

the provisions pit was generally of an agressive order, the market was not forced much below its recently-attained high mark. Lard and ribs were sold on a liberal scale by nackers, but trade in pork was comparatively light. May pork closed 20c lower, lard 50714c down and

NEW YORK STOCK MARKET.

Buoyant Rise in Eric Held Up Other Securities.

NEW YORK, March 14 .- There was more activity and variety in the last half hour of today's stock market than during any ther period of the session. A buoyant rise in the Eric stocks, led by the second preferred, and followed up by the other conters, caused a covering movement among the shorts all around the room and a smart rise in prices. The bears ral-lied their forces and raided stocks here and there sufficiently to check the ad-vance and unsettle the close. The advance in Erie second preferred in the final bulge was 4½, and the other coniers rome f and 2 points in sympathy. The St. Paul

Foreign Financial News.

NEW YORK, March H.-The Commercia Advertiser's London financial cablegram BRYB:

Activity is developing in the stock market hefe again. The tendency of prices today was toward a higher level. The impending resumption of mining in the Transvaal contributed largely to this bet. ter tone. The American department was fairly busy. London advanced prices in the early hours, and when New York followed with an acceptance of the Lon-don quotations and pumped up the Den-ver & Rio Grande and Wabash stocks,

London followed the fresh lead willingly. Money was casy. Stocks in London.

TOO MANY ORANGES.

California Fruit Selling as Low as 35 Cents Per Box.

NEW YORK, March 14 .- The Journal of Commerce says: The market for Califor-nia citrus fruits-especially oranges-is at the moment in an almost demoralized condition. Within the last two days, no less than 132 full carloads have been sold at auction, and it is doubtful whether the entire amount realized is sufficient to much more than pay freight charges from

California, to say nothing of returns to growers and to packers and of commissions for handling the fruit here. The freight rate from California on a box of oranges is 90 cents, and some boxys

on the quiet. Business and property-owners are being sounded to see whether

they would consent to become members of such a league, and if they approve of what its objects are, and what it is ed to gain from such an organization, and the informant says the promoters are getting considerable encouragement from When an organization has been effected, he said, every citizen who is in sympathy with good government and municipal reform, Republican or Democrat, will be welcome to memoership. The object in starting now so far ahead of the election a year from next June is so the start a strong organization.

league can gather strength and mo-mentum and a large membership, which could not be done if it were started only a few months before election "It is not the interest of any individual or set of individuals," said one man interested in the movement, "but we hope to work with the Taxpayers' League, We will start the ball rolling in the Ninth and Eighth Wards before we undertake to extend into other portions of the city. I have no doubt but it will go, and become a power in Portland. The promoters are not employing a brass band, but are

working on the quiet." In view of the fate that has overtaken so many reform movements, the outcome of this will be watched with interest.

Excellent School Records.

When the new School Board of the Montavilla district organizes and receives the books of the district for the past two years, the new Clerk and the Directors will have the advantage of having full records to refer to. Mrs. Alice M. David-son was Clerk of the district for the past

two years, and her work is said to have been exceptionally good. Hitherto the records of the district had not been satisfactory, except when Henry Freeborough was Clerk; but Mrs. Davidson introduced system into the books of the district. Her reports at school meetings were always comprehensive, and the taxpayers could

tell what the financial condition of the district was. But her main work was the skillful manner in which she and Director Schwaubauer refunded about \$7000 of the bonds of the district that were bearing a high rate of interest, at a much lower rate, and thus saved the taxpayers about \$1000. The transaction was complicated and difficult, as the holders of the

onds were unwilling to reduce the inter. est, but it was accomplished. Mrs. Davidson has moved from the district, but her services are appreciated by the taxpayers.

Montavilla Railway Terminus.

A center of considerable importance or the corner of the Base Line road and Hubbard street, Montavilla, has resulted in the extension of the electric line to the Base Line, from North Montavilla. Farmers living even east of the Sandy River drive to Montavilla, where they leave their conveyances and come on to Portland by the electric car for 5 cents. The distance to the Courthouse from this point is nearly six miles, and the farmers find they can save time by taking the car from there to Portland. The result i

from there to rotants. The total there have been there meaning every day, which made it a business center. The street railway a business center. The street railway company has extended a feed wire to the end of the Montavilla railway, so the power at the end of the sine is as great oranges is 50 cents, and some boxps have sold as low as 35 cents. The reason for the demoralization is the heavy receipts, which have come

10

Sellwood Meeting.

There will be a meeting of the citizens of Sellwood this evening at Firemen's Hall, for the purpose of organizing a subboard of trade. Several members of the Portland Board of Trade will be present and explain in detail the object of start ing the sub-boards in the suburbs, which in the main is to unite every part f th city in promoting the interests of the Lewis and Clark fair in 1905, and encour. aging local improvements. Every citizen of Sellwood is invited to attend and heip

Will Be Installed as Pastor.

Rev. Jerome R. McGlade, will this evening be installed as permanent pastor of the Mizpah Presbyterian Church, Powell and East Thirteenth streets. Rev. W. S Wright, ct the Sellwood Presbyterian Church, will preside, Rev. E. P. Hill, of the First Church, will deliver the sermon; Rev. Robert McLean, of the Third Church, will charge the people, and Rev William Travis will charge the pastor Mrs. Max Shillock will sing. The public is invited to the services.

Pleasant Home Notes.

At the annual school meeting for Orient district. Morris Wheeler was re-elected Director, and C. M. Lake was elected Clerk. The school has been provided with an organ, as the result of the efforts of the principal and pupils, and they are greatly pleased.

The community is waiting with much suspense the outcome of the effort to get free delivery. As far as the information of those who have been working to secure it goes, it is encouraging for it being established in the course of time. A careful estimate of the number of people whe will receive benefit from it shows a fraction over 1000.

East Side Notes.

A cottage at Fairview, owned by Elfred Hoyt, of Portland, was destroyed by fire Wednesday night. The house had not been occupied for some time, and it is sup-posed to have been set on fire by tramps.

There will be a meeting of the Mount Tabor Sunday School Union this evening in the Baptist Church, when the hour will be devoted to better methods in selecting and training teachers of the Sunday achopl.

The committee from the A. O. U. W. tolges, who managed the book carnival in closing up the affairs of the carnival recognized the services of J. H. Zane of Fidelity Lodge, of the East Side. Mr. Zane gave much time and hard work to make the carnival a success, and this was appreciated by other members of the committee. So in closing up affairs the committees made him a handsome pres ent in recognition of his services, against his protests.
