OVERRUN ITS TIME

Washington Legislature at Work This Morning.

YESTERDAY WAS THE LAST DAY

Report on General Appropriation Bill Caused the Delay-Closing Hours Less Disorderly Than at Former Sessions.

OLYMPIA, Wash., March 15 .- At an early hour this morning the Legislature of Washington is still in session, but its hours are numbered. Yesterday—or, speaking officially, today—was the last day allowed by the constitution of the state for the Legislature to meet.

Today has been a busy one. Many bills, the majority of them unimportant, were passed. Several bills of general interest also received the sanction of the Lagislative body. Most important among these, aside from the general appropriation bill, were the Board of Audit and Control measure and the bill to increase the num-ber of Judges of the Supreme Court.

The conference committee on the general appropriation bill did not finish its work until after the evening session of both houses had commenced tonight. It was this fact which caused the principal delay in the transaction of Legislative

derly as those which have marked the adjournment of preceding sessions. The prospect of release from the tedium of hard work caused the spirits of many of the members to rise, and there was con-siderable good-natured fun. There was little bolsterousness, however. Nearly everything portable has been

taken from the legislative chambers and ante-rooms. Members who would not dream of committing petit larceny under ordinary circumstances have been guilty of it tonight. It was larceny of a jocular kind, however and nearly every member participated in it. Speaker Albertson, of the House, was

presented with a valuable gold watch and chain by the House members tonight. The presentation speech was made by Merritt, the leader of the Democratic minority, to which the speaker made a feeling

GENERAL APPROPRIATION BILL. Amount Is \$2,228,000-How Funds Are Distributed.

OLYMPIA, Wash., March 14.-The report of the conference committee on the general appropriation bill was not preented until 12:30 o'clock this morning. Long before that hour the clocks in both houses had been stopped. The Legislature thus preserved the fiction of keeping within the 60-day limit. The report was immediately adopted in both h the bill passed as amended. The bill was sent to the engrossing committee. It will be 3 o'clock at least before the bill can enrolled and signed by the presiding officers of both houses, following which both houses will adjourn

VICTORY FOR ROGERS.

Will Appoint Two Supreme Judges and New Board of Control.

OLYMPIA, March 14.-Governor Rogers won a decided victory in the Senate to-day when two bills in which he is interested were passed. They were the bills to reorganize the State Board of Audit and Control, which manages the state penal, reformatory and charitable insti-tutions, and the bill to temporarily increase the membership of the Supreme Court from five to seven Judges. The two new Judges are to be appointed by the Governor. Both bills have already passed the House. Senator Sharp, of Kittitas. was the only Senator to vote against the Board of Control bill, but five or six votes were cast against the Supreme Court This latter bill provides that one of the new Judges shall be a Repub-

itean and the other a Democrat.

The Board of Control bill provides that Governor shall appoint a board to consist of three members, and that one of the members shall not be of the same political faith as the other two. All three embers are to receive a salary of \$2000 Under the present system, but one of the members receives a sal-All the members of the present board are Democrats, while under the new bill one of them will be a Repub-

KILLED BY SIFTING COMMITTEE, Congressional Apportionment Bill Not to Be on Senate Calendar.

OLYMPIA, March 14.—Congressional apportionment is dead. The Senate sifting committee, dominated by Lieutenant. Governor McBride, refused to place the bill which passed the House on the Sen-ate calendar. Lieutenant-Governor Mc-Bride has been stubbornly opposed to

Congressional apportionment from the beginning of the session, and in the long run he has been able to carry his point.

To Meet McKinley.

OLYMPIA, March 14.-At the afterno session of the House today Speaker Al-bertson, under the provisions of a con-current resolution passed last week, appointed Representatives Sims, Gorham, Rosenhaupt and York to act with the Speaker on behalf of the House, on the reception committee to meet President McKinley when he visits this state durcoming Summer.

Relief for Capital Contractor. OLYMPIA March 14.-The Senate to day passed the bill to appropriate \$7500 for the relief of F. H. Goss, contractor on the original Capitol building, upon which construction ceased in 1895. The bill had already passed the House. Goss has claimed the enormous sum of \$86,000, but he is willing to accept the amount ten-dered him by the Legislature.

Southwest Normal School Killed. OLYMPIA, Wash., March 14.-The House killed the bill to establish a new normal school at Montesano or South Bend, The bill, which passed the Senate, left the location of the school to be selected by a commission to be appointed by the Governor, but the House killed the entire

Tribute to General Harrison. OLYMPIA, Wash., March 14.-Both branches of the Legislature today passed resolutions of respect to the memory of General Benjamin Harrison. The flag on the Capitol building was ordered placed at half-mast, as a further token of re-

A Chinese Dinner Table. Blackwoo

The table is ready laid with an imposng show, a regulation number of regulation dishes, marshaled in regulation order; quaint porcelain stands filled with slices of oranges, pears, cold goose; towers of purple quince jelly squares, grapes shreded chicken breast; saucers of shrimps salted in their skins, and, never forgotten, the famous eggs, preserved for years in lime, and served, sliced in beds of brown jelly (much prized for their acrid and rather ammoniacal flavor, but not usually appreciated by foreigners). Hot wine of various brands and vintages is erved throughout. That most commo drunk is a sack or sherry negus-a yellow wine distilled from Indian corn. Being comparatively mild, it is served in small cups; ardent white spirits of rice in thimblefuls. Rose w one of the several varieties, flavored with roses. No wine is made from grapes though they are plentiful in North China. When all are seated ready for the fray the host raises his cup-
