## WANTWARDENTOCO

Washington Democratic Pol-Iticians After Catron.

M. J. MALONEY THEIR CHOICE

Senator Turner Holds Key to Situation, and Patronage Is to Be Distributed in Interest of His Re-election.

SEATTLE, March 25.-A strong effort is being made by many Democratic politicians who are close to Governor Rogers to bring about the removal of John B. Catron, Warden of the State Penitentiary, and have Martin J. Maloney, a well-known Democratic politician of Spokane, and a bosom friend of Senator Turner, appointed in his place. Many leading Democrats profess to believe that the change will be made as soon as the new board of audit and control is organized, which will

be shortly after April 1. It is evident, however, that the friends of the present Warden will not surren-der without a struggle, and they are bringing every possible influence to bear both on the Governor and upon Senator Turner to have Catron retained. Senator Turner, eithough his friendship for Maloney is well known, has not given his assent to the removal of Catron, and the friends of the latter have strong hopes that he will not.

Among those who favor Catron's removal is Fish Commissioner Little, the Governor's political manager and public spokesman, Little makes small secret of opposition to Catron. He is thought to favor the appointment of Maloney, although he has not committed himself to the latter's candidacy. In addition to this, the Governor has signified his intention to appoint Henry Drum, chairman of the Democratic state central committee, on the new board of control, which board has the power to remove the Warden and appoint his successor. Drum is a business partner of Maloney, and a friend of many years' standing. His position on the board will be a strong point in Maloney's favor. Moreover, Ernest Lister, who will be the other Democratic member of the new board, is believed to favor the change. Opposition to Maloney.

The strong point being urged against Maloney is the fact that he refused to support Bryan in 1896 and voted for Palmer and Buckner. He also supported P. C. Sullivan, the Republican nomines for Governor that year, as against Governor Rogers. In 1900, however, he returned to the fold, and was an active supporter of the Democratic party, an organization auxiliary to the central committee.

Maloney's appointment as Warden is being fought by State Senator Warren W. Tolman, of Spokane, one of the few Democrats in the State Senate who holds over until the next session of the Legislature, when Senator Turner's successor is to be when Shator Turner's successor is to be chosen. It is believed that Mr. Telman's opposition has the support of Senator Stanley Hallett, also of Spokane County. The votes of Tolman and Hallett will be welcome to Senator Turner, drawn, and that this may be directed to drawn, and that this may be directed to the parties from whom it has been with-drawn, and that this may be directed to two years hence. Senator Turner, drawn, and that this may be alreaded to be done. It is at all events evident that holds that Maloney, despite his remainded the role of dictator in Spokane, and that this may be alreaded to be done. It is at all events evident that an order that he should do so is not void in itself. We cannot on this application review the judgment of the Court of Appeals sustaining such an order and approving the writs as issued." guite obnoxious to the dominant element

of the Democracy in Spokane. Why Catron Should Go.

It is urged against Warden Catron that he has been a disturbing factor in the politics of Walla Walla County, where the Penitentiary is located. There is no doubt that Catron's removal is being sought by a Walla Walla faction of which National Committeeman W. H. Dunphy is the official head. The friends of the Warden point out, however, that Mr. Catron's influence in Walla Walla was sufficiently strong to divide the delega-tion to the state convention with the opposition, and to secure half of it for Rog-ers, while Mr. Lister, who is believed to be working actively for Catron's removal, was unable to secure a single delegate for the Governor from his county, Pierce. \$1000 of his own money in the Governor's considerable interest. It is generally concause last Fall, part of which went into ceded that it is brought through spite. the purchase of the Dally Statesman Democratic newspaper at Walla Walla. The fact that a junketing committee, a ster, who was bound over to the Superior majority of whom were Republicans, recently made a flattering report to the Leg- Kruger, proprietor of the Riverside Hotel, slature concerning the condition of the Penitentiary, is also being used as an argument for his retention in office.

The friends of Maloney assert, however, that Catron has had eight years of stendy office-holding, four as Warden, and four as Deputy Marshal under the Cleveland regime. They say rotation in office is a thing greatly to be desired. Maloney also held an office under Cleveland, and held over for some time under McKinley, but for some three years or thereabouts he has been leading the life of a private citizen, and his friends think his services last Fall entitle him to recognition,

The most active friends of Warden Catron are ex-Senator David Miller, of Walla Walla, a warm personal friend of Gov-ernor Rogers, and Lee B. Hart, a prominent Rogers Democrat of Seattle. White, of Seattle, whom the Governor recently appointed to the Supreme beach, favors Catron's retention. It is believed from Government transports and char-that the matter will come to a head and tered vessels at Nome and St. Michael; be finally disposed of within the next few Should Catron be removed, there will undoubtedly be an uprising in the faithful will doubtless take occasion to air their grievances publicly.

Governor Rogers has repeatedly said that his desire was to dispose of the state patronage in such a manner as would tend to aid in Senator Turner's re-election in 1903. He has gone further than this, and said that Senator Turner's indorsement of a candidate would be final with him. It is evident, therefore, that Senator Turner's dictum in the Wardenship matter will be final, for, while the appointment of the Warden is nominally vested in the board of control, the Governor is really the one who will determine the advisability of any change.

OBJECT TO NEW SCHOOL LAW.

Teachers Deem Change in Time for Making Contracts an Injustice. OLYMPIA, Wash., March 2.—The full import of House bill No. 2, passed by the Legislature toward the close of the session, has begun to dawn on the state's educators, and it cannot be said that they are favorably impressed with it. The bill amends the state school code in several important particulars, and went into efect immediately upon its approval by the

Prior to that time school elections were held on the first Saturday in May. The held on the first Saturday in May. The new law provides that they shall occur on the first Saturday in June. It also provides that the newly elected officers shall take their positions the first Monday in June, and that they are to employ the teachers for the ensuing year. The old law gave the retiring board the

right to employ the teachers for the com-ing year, and this is where the "how!" will be raised. It has been the custom to employ teachers as early in the year as possible—sometimes in February. In the event that a teacher was not suc, cessful in securing a position from one board, the early re-election made it possible for him to look elsewhere. Now all this will be changed, because the June election will force Boards of Directors to make their selections at about the same time. Already composite of the injustice. time. Already complaint of the injustice worked by the new law has begun to be made to the State Superintendent's office, but that official is powerless to remedy

Deputy Treasurer of Washington. OLYMPIA, Wash, March 25.—State Treasurer Maynard has appointed his son, Clarence Maynard, of Chehalls, Deputy Treasurer, H. F. Nichols, of Hunt's Junc-tion, was originally selected for the position, but recently notified the Treasurer that he could not, for fusiness reasons, accept the appointment,

RULED AGAINST M'KENZIE.

Supreme Court Denies His Applica

tion for Habens Corpus.
WASHINGTON, March 25.-The United States Supreme Court today denied the application of Alexander McKenzie for leave to file a petition for a writ of ha-beas corpus, releasing him from impris-onment in California under the proceedng of the Circuit Court of Appeals for contempt in connection with his conduct as receiver of certain mines in Alaska. The decision of the court was based on the ground that a habeas corpus proceeding cannot be made the basis of a proceeding in error. The opinion was handed down by the Chief Justice, "We hold," said the court, in announcing the result, "that the Circuit Court of Appeals had jurisdiction in the premises, and was clothed with the power to pass on all questions in respect of the means taken enforce and maintain it. We are not called on to revise its conclusions on this application.

In his opinion Chief Justice Fuller considered the contention that an appeal did not lie from the orders of July 23 and August 10, inasmuch as they were inter-locutory orders in respect to the appoint-ment of a receiver. Citing the acts bearing upon the case, the Chief Justice said: "Reading these acts in pari materia, as

we should, it may well be concluded that appeals were thereby authorized from the District Court of Alaska from an interlocutory order appointing receivers, and that such appeals might be prosecuted from that court within 60 days from the entry of such orders. Moreover, the orers of July 23 granted an injunction in onnection with the appointment of the

As to the claim that the writ of super-sedess of the Circuit Court of Appeals to the Alaska court was void for want of authority to issue it, the Chief Justice

The court below had refused to grant an appeal, and as appeal lay, the Judge of the Circuit Court of Appeals had the power to award it and to grant a supersedeas, and if in his judgment a writ of supersedeas was required under the par-ticular circumstances, the order for it to issue was not in itself void, nor was the process void issued under such order. Governor Rogers both before and after the state convention, and was made chairman of the state advisory committee of for a writ of supersedeas, and to the writ

ern themselves accordingly."

Respecting the claim that so much of the order of the Circuit Judge as directed the receiver to restore the property taken by him was void, the court said:

"The authorities are many that where

SHERIFF IS SUED.

Prisoner Would Recover for Injuries While in Officer's Charge.

VANCOUVER, Wash., March 25.-Henry Superior Court against Sheriff John L. Marsh for \$5000 damages for alleged in-juries sustained while a prisoner in the unty jail. This case is the outgrowth of a suit before a Justice of the Peace about a year ago, in which Lucks was found guilty of unlawfully riding a horse upon a bicycle path, and was subjected to a fine, in default of which he was committed to jail. He alleges that he was locked in the cage of the prison, and thus deprived of taking necessary exercise, and that the jail was not properly heated, by reason of which he contracted lumbago In addition to this, it is said Catron spent and rheumatism. The case is attracting

Alaska Army Supply Freight Bids. SEATPLE, Wash., March 25.-Quarternaster Ruhlen will on Saturday open bids three contracts to deliver supplies for the Alaska military posts by rail and also believed that Judge William H. water routes via Skagway and by the allwater route via St. Michael. contract is for lighterage of all freight the second for the transportation of freight by steamer to Skagway, and thence by rail lines and river boats to ocratic camp, and several of the Forts Egbert, Circle City, Fort Yukon, ful will doubtless take occasion to Fort Hamilton, Rampart City and Fort Gibbon; the third, for the transportation of all supplies from Seattle to St. Michael, and thence up the river by steamer to the following interior points: Koserefski, Kaltag, Nulato, Fort Gibbon, Rampart City, Fort Hamlin, Fort Yukon, Circle City and Fort Egbert. Major Ruhlen's purpose is to determine which of the two routes is the cheaper.

> Convalescent Soldiers Leave. VANCOUVER BARRACKS, March 25 .-The convalencents under the commi Captain James M. Arrasmith, of the Eighteenth Infantry, lately stationed at the Presidio, and Captain Lucius E. Polk, of the Forty-ninth Volunteers, left on the steamer Undine at I o'clock this aftern for the garrisons at Boise, Spokane and Walla Walla. Of the 150 men who arrived Friday, 60 are left at Vancouver

President Acknowledges Invitation. SALEM, Or., March 25.—Governor Geer today received a letter from George B. you, private secretary to Presid

McKinley, acknowledging receipt of the invitation to visit Oregon, and expressing the President's appreciation of the kindness. He says, however, that since the plans for the Western trip have not set-tled, it is impossible, at present, to send

## ROGUES' GALLERY

PORTRAITS OF HAWAIIAN POLIT-ICAL OFFENDERS REMOVED.

Object to Eradicate What Harsh Feelings Remain-Doings of the Legislature.

HONOLULU, March 18, via San Fran-isco, March 25.—Pursuant to the recom-mendation by the Legislature, the photographs of the political offenders against graphs of the political offenders against the old Hawalian Republic and the Hawalian provisional government have been removed from the rogues' gallery in the territorial penitentiary. The likenesses of some of the most prominent people of the community adorned the gallery and the removal will, it is thought, eradicate what little harsh feeling remains as the result of the former political conflicts

The bark Olympic is now 33 days out rom San Francisco. Fears are enterfrom San Francisco. Fears are enter-tained for her safety. Not the slightest trace has been secured of her since her departure for this port.

Forty-five machinists employed at the Honolulu Iron Works went on strike Sat-urday. The refusal of the men caused work in the machine department to close down temporarily. The principal cause of the strike was the refusal of the proprietors of the iron works to recognize only the Hawalian lodge, International Association of Machinists. The members of the new union required that only its members be employed and eight hours was also demanded as a regular day's work. Wages do not appear to enter into the demands of the strikers. The proprietors of the iron works say they will not agree to hire only the new union men. No agreement could be reached, however, so the strike is still in force.

The first appearance in an official capacity of the visiting Mystic Shriners oc-curred the afternoon of the 15th, when the ceremony of installing a new temple here took place. The headquarters of the new temple were established in the Progress block and from this place the Shriners marched through the principal streets of the city to the Capitol building, where they were reviewed by Governor Dole. Thirty-three prominent people of Honolulu were initiated. The visitors expect to re-

turn to San Francisco April 2.

What is regarded as the most important measure which will come before the Leg. measure which will come before the Leg-islature was presented in the Senate Fri-day, March lb, when D. Kanuoh, of the native party, presented the dispensary bill providing for government control of the liquor traffic. The bill differs somewhat from the South Carolina measure. It is not of such length and eliminates the constable, or spy, system. Officers of the department are given public authority, and they alone are expected to carry out the provisions of the act. The other de-tails as laid down by the South Carolina law are observed so far as they relate to the Government owning and controlling saloons, inspecting liquor, selling in bottles and not permitting drinking on the premises where the liquor is sold. The department is to be controlled by a commission composed of three men and an executive officer, who is to be appointed by the Legislature. The right is given to every election precinct to decide whether thereupon issued. The essential point is it will have dispensaries established within that the order of decree below is superseded, and the parties affected must govto vote on this question. In addition to controlling the liquor traffic the bill also controlling the liquor traffic the bill also deals with the opium industry. The sale of opium is authorized in the dispensaries, but only upon a physician's certificate. A Chinese holding a certificate stating that he is addicted to the habit can purchase all the opium he may require. The principal idea of the bill is to reduce the price of liquor as much as possible. The dispensary idea is acceptable to the natives of the islands, and there is a very strong explability that the measure will be probability that the measure will promptly passed.

A bill will be presented to the House this week to prohibit persons afflicted with leprosy or tuberculosis from being admit-ted to the territory. Reports from the Board of Health show that the latter dis-ease has increased in these islands at an alarming rate, and some stringent measure to restrict it must be taken.

The House has served notice upon news-

per representatives to be more careful in reporting the proceedings of the Legis lature and commenting upon them.

Reports from the Island of Hawaii state

that a number of Porto Rican laborers on Okala plantation struck on account of alleged poor treatment from the over-The Porto Ricans claimed they did not receive their wages. All have since secured employment.

Recent experiments with wireless telegraphy seem to indicate that a portion the system in these islands is working satisfactorily. Communication is claimed to be established between the Islands of Oahu, Molokal and Maul and both press marcial massages have been sent

A DOUBLE EXPLOSION.

Serious Accident in a New Pennsylvania Mine.

CONNELLSVILLE, Pa., March,25.-The first mine explosion to occur in the new Klondike region of Fayette County hap-pened today. One man was killed in-stantly, five will die, and 10 are burned and crushed so terribly that it is doubt-

The cause of the explosion was an ac-cumulation of gas in the heading of the Gates mine, one of the new mines opened up this Winter by the American Steel & Wire Company. The dead miner is an Italian, name

unknown. The injured are: Robert Nelson, mine foreman, terribly burned, skull blown open and brain exposed, will die before morning; Gibson Moore, of Dun-bar, burned, not expected to live; David Ramsey, of Adelaide, burned and crushed, not expected to recover; James Wilson, of Olyphant, burned and crushed, no hope for recovery; James Murphy, of New Salem, probably fatally burned; Michael Soloka, crushed and burned; Alex Bullayontis, crushed and arms broken; George Yonkers, badly crushed; Michael Gobie, of Adelaide, crushed and

leg broken. The Gates plant is located just across the Monongahela River from Masontown. When the explosion occurred at 9 o'clock this forenoon a group of 16 miners had gathered in a cross entry about 600 feet from the bottom of the shaft and 50 feet from the face, awaiting the discharge of a blast. The charge of powder was put into the blast as usual and touched off by Michael Goble, the blaster. In the meantime a pocket of gas had accumulated at the face and gradually drifted out toward the heading. The same in-stant the fuse was touched off there was a blinding flash which suddenly filled the entry in which the miners had taken refuge. There were two explosions. The first was so terrific that it Lost River. left the men dazed and stiffened; then there was another rush of air, bringing ern Oregon S

Premier Did Not Commit Suicide. STUTTGART, Wurtemburg, March 25,-There is no truth in the report, printed in a dispatch to the Lokal Anzeiger, of Berlin, from Stuttgart, announcing that

DOING GOOD EVERYWHERE

A Medical Discovery That Effectual-For many years physicians have experimented in vain, seeking a remedy which would effectually cure plies and other rectal troubles, without resorting to a surgical operation. Many remedies were found to give temporary relief, but none could be depended upon to make a last-ing, satisfactory cure,

Within a recent period, however, a new remedy, the Pyramid Pile Cure, has been repeatedly tested in hundreds of cases and with highly satisfactory results. The first effect of the Pyramid Pile Cure is to instantly remove the pain and irri-

tation generally present, and from that time on the cure rapidly progresses, and before the patient is hardly aware of it he is entirely cured. The remedy seems to act directly on the nerves and blood vessels of the parts affected as it comes into direct contact with them and sets up a healthy action, which in a perfectly natural way brings the parts to their nor-

The remedy does its work without any pain or inconvenience to the sufferer, and is justly considered one of the most meriorious discoveries of modern medicine. Piles is one of the most annoying and oftentimes dangerous diseases with which humanity is afflicted. If neglected, it fredevelopa into Fistula or some equally fatal and incurable trouble, where as by the timely use of this simple but effective remedy no one need suffer a single day from any form of piles, unless they want to.

The Pyramid Pfle Cure is perfectly harmless, containing no mineral poisons, and is also very reasonable in price, costing but 50 cents a package. It is sold in drug stores everywhere. The manufacturers of the remedy are the Pyramid Drug Company, of Marshall, Mich., who have placed this excellent preparation be-fore the public only after giving it thorough and repeated tests in the hands of reputable physicians. The results in hundreds of cases have convinced us that it will not disappoint you.

T. Patrick, the lawyer who drew one of the wills in which he is the principal beneficiary, is in the Tombs awaiting trial on a charge of murdering the aged millionaire. The lawyers engaged in the contest include some of the foremost members of he New York bar. Some of them have declined all retainers for the ensuing six emonths. This gives an indication of the anticipated duration of the trial.

SPIES ARE PROVIDED.

Army Secret Service a Great Aid to General MacArthur.

NEW YORK, March 25.-A special to the Herald from Washington says: The United States Government is em-ploying spies to obtain information relative to the plans of the insur-gents in the Philippines. Formal recognition of the employment of spies by the United States is made in the last Army appropriation law. An appropriation of \$2,400,000 is authorized for inidental expenses, among which is "hire of laborers in the Quartermaster's De-partment, including the hire of interpreters, spies or guides for the Army."
This provision has created much comment among military attaches of foreign Governments in Washington. They admit the universal practice of using spies, but they say it is not customary abroad to acknowledge the fact as openly as the Inited States does. The War Department eclines to give any facts concerning the employment of spies, but it is admitted that General MacArthur has a secret service which has been invaluable to the nilitary Government in the Philippines.

Transport Hancock Sails. SAN FRANCISCO, March 25.-The transport Hancock sailed today for Ma-nila, with seven officers and 327 men of the Sixth Cavalry, seven officers and 350 men of the Seventh Infantry, 12 men of the Hospital Corps, four surgeons, two Army officers unattached, and 20 civilian passengers.

New York Dental Parlors

MAIN OFFICE: Fourth and Morrison sts., Portland, Or. HOURS: 8:30 A. M. to 8 P. M.; Sundays, 8:30 A. M. to 2 P. M. BRANCH OFFICE: 814 First Avenue, Seattle, Washington.

and causes thick, glossy hair to supplant the former thin, brittle growth. Newbro's Herpicide

performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbe which is responsible for all scalp discoses. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon comes the pride of the owner. Even on baid spots it soon produces hair ag thick and luxuriant as anyone could

One bottle will convince that it is the only hair restorer that really restorer.

wish for.
