Vegetables were limited, and California Were almost entirely cleaned up. Domes-ser almost entirely cleaned up. Domes-de product, such as rhubarb, lettuce, rad-shea, onions and asparagus, have begun to come in more freely. Potatoes were to come in more freely. Potatoes were strong, and maintained the improvement of last week. Large export to San Pran-cisco was made by last steamer. New po-tatoes have declined slightly. Best grade onlors were steady at last week's advance. The steamer took a quantity to California Sunday in response to the higher price

PORTLAND MARKETS. Grain, Flour, Etc.

With no foreign cables yesterday, local dealers were undecided how to gauge the market for wheat, and business was ac-cordingly on a very restricted scale with quotations nominally unchanged since Walla Walla wheat was 57 cents, but there were reports of 57% and even 38 the bears, and the violent rallies which resulted encouraged the bulls to make cents being paid by some of the interior mills. The cereal is not worth the latter figure for export, even on a much weaker freight market than is now in evidence. This was the only period of the day. No new charters are reported, but the steamship adato, now in port, is said to strength, and Sugar, People's Gas, Texas. offering for wheat loading.

the stock market happenings, the day's events came as a surprise.

Even the most enthusiastic buil has agreed to the proposition that such a rampant speculation as has been going on for weeks past was bound to overdo itself, and be followed by a relapse of corresponding violence. Only the enthusiastic bull has clung to the supposition that the relapse was still remeted and he improvement. Some merchants consider a break probable very soon. One firm was willing to close out on the best Oregon grade below 20 cents. Some dealers apprehend a smaller Alaska consumption this year, and consequently despressing effect, while others are firmly of the online that the market can mainposed date of its occurrence, in the hope that there was time for still another speculative turn. Even the wild and excited market of last week, which was an ominous symptom, left the bulls unprotected

for today's developments.

Tips for a rise in many stocks were still widely prevalent before the opening this morning, and the explanation was offered that Thursday's flurry in call loan rates was due to manipulation by the bears. But the instant the market opened it became evident that the developments since Thursday had induced a widespread determination to sell stocks. Another pal-pable fact was that some of the most powerful operators in the market had already sold their holdings and to profits during the wild excitement of week, and were compactly organized on the bear side of the market this morn-ing. Perceiving the highly vulnetable con-dition of the market, owing to the over-

extension of long accounts, thinly mar-gined and backed by weak resources, the bears fell upon the market with great fierceness and cut a wide breach in prices at the first onslaught. The wide extent of the first declines, which were made by successive drops from 1 to 24 points be-tween sales, invited quick profit taking by the bears, and the violent rallies which market prepared to renew the advance. & Pacific and a number of less important stocks were marked up sharply over last Thursday's level. came from the shorts, and the occasional spasmodical rallies were not held in any case. This was true of the last as of former railies, and aithough prices had not fallen back to the lowest all around, they were again on the down grade in most cases, and the closing was irregular and only slightly above the lowest. The fall reached an extreme 8% in Rock Island, 6½ in Delaware & Hudson, 5½ in Amalgamated Copper, 7½ in Colorado Fuel preferred, and from 2 to 5 points in practically all of the active stocks in the list. Sterling exchange eased off slightly in response to the higher money rate, but the conviction was not altered that a large additional sum of gold will be exported to meet the requirements of the London noney market in connection with the oming government loan. The movement of money to the interior, as disclosed by Saturday's bank statement, was unusually heavy, and would be sufficient if continued to quickly wipe out the surplus of the New York banks, but any considerable stringency in New York would undoubtedly arrest this movement to some extent, although the purely commercial needs for money are likely to be met without regard to distress of purely speculative borrow-

Chicago Grain Gossip. F. G. Logan writes as follows to R. W.

There were no cables today. Foreign market was closed. Ffter the early weak-ness, market turned strong to unfavorable crop news. There are reports of damage by recent frost to the German wheat crop. Complaints continue to come from Texas in regard to the condition of the wheat there, and rain is needed in California. All this, however, induced a free covering of shorts, and a better investment buying. It is the season when crop scares are in order, and when they receive attention. On the other hand, Snow's report in the Orange Judd Calendar, says that the Winter wheat condi-tion is 95.5. He adds that on account of the excessive moisture during March, farm work is a little late.

NEW YORK, April &-There was little interest in the way of new features in metal circles today. The absence of information from abroad, owing to the continued observance of the Easter hollday at that point, exerted a disposition here to trade cautiously. The only change here was in tin, this metal advancing on good local inquiry at \$26 20@25 35, at which figure the market closed very strong for spot goods. The rest of the general list were without quotable change. Domestic iron was quiet at \$9.50@10.50 for plg iron warrants; Northern foundry, \$15.25@16.50; Southern foundry, \$14@15.50, and soft

outhern \$13@15 50. Copper was dull at \$17 for Lake Superior and \$16 621/2 for casting and electrolytic. Lead unchanged at \$4 37%, and spelter quiet at \$3 90@3 95. Bar silver, 5814c per ounce.

Will Marry Austrian Count. NEW YORK, April 8.—The romantic story of the courtship of Miss Marie Sat-terfield, the daughter of Mrs, John Satter-field, of Buffalo, and Franz Josef, Count von Larisch, of Austria, has become known at Allentown, Pa., through friends of the couple, according to a special to the Journal and Advertiser. The prospective bride, who has just reached Philadelphia, met her future husband a year

ago, while touring the Continent. The Count, who is 22, came to America several months ago, proposed marriage and was accepted. The Empress of Austria is his aunt, and when he was baptized the Em-peror stood as his sponsor, became his godfather and gave him his name. A Shocking Spicide.
