

ITS VALIDITY IN DOUBT

DIRECT PRIMARY LAW PASSED BY LATE OREGON LEGISLATURE. For Not Given an Equal Chance With the Rich, and Free Speech Restricted.

SALEM, April 15.—That the Morgan primary election law, enacted by the last Legislature, is unconstitutional, there is little room to doubt. That its provisions are impracticable, its purpose beyond the province of government, and its main object impossible of accomplishment, by its enforcement, is too clearly manifest. That any attempt will be made to operate under its requirements is scarcely to be thought of for a moment. By this act of the Legislature it is provided that "a primary election shall be held in the several election precincts of this state on the first Monday in April, and between the hours of 8 o'clock and 5 o'clock there may be nominated candidates for such offices as are to be filled at the general election next ensuing; that at this primary election may be submitted to the vote of the members of the various political parties, declarations of party principles or policies, and rules of party government and organization; also, at this time, the officers, managers and committees of political parties and delegates to conventions of political parties may be elected."

right to speak, write or print freely on any subject whatever." Section 29 says: "No law shall be passed granting to any citizen or class of citizens, privileges or immunities which, upon the same terms, shall not equally belong to all citizens." Section 28: "No law shall be passed restricting any of the inhabitants of the state from assembling together in a peaceful manner to consult for their common good, nor from instructing their representatives; nor from applying to the Legislature for redress of grievances." Section 22: "This enumeration of rights and privileges shall not be construed to impart or deny others retained by the people."

KILLED BY AN ASSASSIN

MAN MURDERED ON MAIN STREET OF AN IDAHO TOWN. Though in Front of Saloon, No Eye Witness to the Shooting Can Be Found.

WALLACE, Idaho, April 15.—George Fisher was killed in Gem last night by an unknown man. He was on the main street of the town when a shot was fired and he fell under the left eye and passed clear through his head. He was not far from the shooting can be found, although the man was in front of one saloon, and another was directly across the street. Numbers of men were in each of whom heard the shot, but none went out to investigate. Deputy Sheriff Finlay was in his room when he heard the shot. He ran down and was the first man to find the body on the sidewalk. Coming on the heels of the Muller tragedy Saturday night, the murder has caused great excitement, and a feeling runs high, although there is no evidence of connection between this and the labor or marital law troubles. Fisher was a member of the Western Generation. He had been in Gem between one and two years, but never worked there.

FISHING SEASON OPENED

NEVER SO MUCH GEAR IN COLUMBIA ON FIRST DAY. Catches Indicate There Are Few Fish in the River—Six Cents Per Pound is Price.

ASTORIA, Or., April 15.—The fishing season opened at 6 o'clock this morning, and there was more gear placed in the river than ever before on the first day of the season. The deliveries of fish to the canneries and cold storage houses during the day were light, which would indicate that there has been little illegal fishing during the past few days, and also that there are few fish in the river. Reports from up the river are to the effect that the fish are more plentiful there.

KILLED BY AN ASSASSIN

Report of Settlement of Claim of 1770. Hillsboro, Or., April 15.—Early in March there appeared in several Eastern papers the following dispatch: "Washington, March 2.—The Delaware case has at last been adjusted. This claim is based on a loan of \$50,000 made by Jacob DeHaven, of Susquehanna, Pa., to George Washington, at Valley Forge, in 1777. Just prior to the Civil War it was settled, but the outbreak of hostilities in 1861 prevented payment. One of the claimants is Mrs. G. W. Mooney, of Huntington, Ind., whose share is expected to be about \$200,000."

FISHING SEASON OPENED

Water Bailiff Wickman and Deputy Fish Commissioner McCreary made a trip to Westport yesterday and set a large number of salmon traps. A fisherman had caught to await the opening of the season. Under instructions from the Master Fish Warden, the fish were sold to a local dealer here, for 3 cents per pound. The fish were in poor condition, which was the cause of the small price.

TO HAVE AND TO HOLD

A BOTTLE OF DUFFY'S PURE MALT WHISKEY IS THE FIRST REQUISITE TO HEALTH. Good Catches on Opening Day. OREGON CITY, April 15.—Fifteen thousand pounds of salmon were shipped to Portland by rail this morning. They were caught in the Willamette and Clatsop rivers, presumably since mid-March. A steam launch from Portland also carried down a full load this morning. Humber Bros., of Park Place, shipped four boxes, the probable weight being 1200 pounds. The catches were very satisfactory and the quality good.

one objectionable feature. It is provided that delegates to a county convention shall be chosen in no other way than at such election, and this seems to present the most objectionable feature of the law. Let it be assumed, for the sake of illustration, that in South Portland Precinct, the Republicans are entitled to 10 delegates and the Democrats to 10 delegates. The Simon faction of that party presents a slate of 10 candidates and the names of these are printed on the official primary ballots. The Democratic faction presents a slate of 10 delegates and this list also goes on the ballot. A large number of Republicans oppose these two slates by putting up a slate of their own.
